FRANK GATINS FOR MANAGER.

Des Moines Likely to Elect Former Toronto Shortstop.

Newark, Oct. 12.—Newark rooters fear that Frank Gatins, shortstop of the Newark Eastern League team, will be elected manager of the Des Moines club of the Western League for the season of 1905. A large contingent of Gatins' friends at Des Moines is working hard in his interest, and a decision is expected in the matter at a meeting of the directors of the Des Moines club, to be held to-night. It is known that Gatins will be nominated for the position, an dup to date he is conceded the strongest man in the field for the place.

Gatins was drafted from the champion Milwaukee team of the Western League by Manager Burnham of Newark, at the close of last season, together with Third Baseman James Cockman.

Gatins has been a valuable acquisition to the Newarks, and is on the club's reserve list for next season. His playing has been consistent all season, and he leads the Eastern League players in stolen bases. Gatins' home is in Johnstown, Pa.

These Shareholders Want Something

Philadelphia, Oct. 12.—To satisfy judgment notes, aggregating $30,000, the Philadelphia National League Baseball Club will be sold at sheriff's sale. Action has been brought by Arthur E. Newbold, as trustee for the stockholders.

President Potter of the club said to-day that the action of Newbold is founded upon certain loans made by him and others to the club, amounting to about $30,000. As the stock of the company is fully paid, no assessments could be levied, and, the past season being profitless, the club could not repay its loans.

Additional loans would be necessary to continue next season, Mr. Potter said.

First Yarn by Star Umpire.

Rochester, Oct. 12.—Frank (Silk) O'Loughlin, one of Rochester's several indicator handlers, has arrived home from Chicago, after having finished a very successful season with the American League, with which organization he has now been three years, says this morning's Democrat and Chronicle. He is looking rugged and healthy, and one would imagine that he had just returned from a fishing or hunting trip in Canada.

O'Loughlin has with him a gripful of anecdotes that he acquired during the season just closed. Silk had but three real arguments with players during the season, and, as he was the arbitrator, he wasn't the one that got hurt. On the whole, things broke exceedingly well for him.

With a glass of untasted ginger ale before him as an inspiration, he entertained a coterie of fans until after midnight. One of the anecdotes he got rid of during the season was to this effect:

President Johnson of the American League had been requested to assign an umpire for the annual Army-Navy baseball game, played early in the season at Annapolis. Johnson sent Silk. During the progress of the game the West Pointers got three men on bases. The batter connected for an infield hit, and there was a force at the plate.

The captain of the West Point team was coaching at third base. He ran up to O'Loughlin, and, all excited, managed to ejaculate an emphatic "What?"

"Sh! Sh! Do you have to touch a batter in this league on a force-out?" mildly inquired the arbitrator.

"Oh, I beg your pardon, sir." The West Pointer saluted and the incident was over.

Silk will make his home here during the winter, as usual. His contract with the American League has still another year to run, and in 1905 he will be found calling 'em over for the champions and the would-be champions.

LADIES PLAY GOLF IN RAIN CHICAGO OUT OF CONTEST

Pittsburg Candidate Won Handicap Prize, Miss Dod Finishing Thirteen Down.

Philadelphia, Oct. 12.—Unfavorable weather conditions prevailed to-day for the second day's play in the women's golf championship of the United States, on the links of the Merion Cricket Club at Haverford. Torrents of rain fell and a cold wind blew across the course, seriously impeding the play. Considering the weather, however, good golf was witnessed. As a result of the day's play, Chicago is eliminated from the contest, and the championship now lies between New York, Philadelphia and Boston. New York has Miss Louise E. Vanderhoef, Mrs. Sanford and Miss Georgianna Bishop; Philadelphia's hopes lie in Miss Frances C. Griscom and Miss F. N. Ayres, while the Boston representatives are Miss Pauline Mackay, Miss Margaret Curtis and Miss K. C. Harley.

Miss Griscom was responsible for the defeat of Miss M. Higgins of Chicago, and her victory was due to her good short game, which landed her the championship a few years ago. She took the lead at the first hole and held it thrnout, winning by 2 up and 1 to play.

Mrs. Caleb F. Fox of Huntingdon Valley was defeated by Mrs. Sanford in the only extra-hole match of the day. Mrs. Sanford played a superb uphill game and won mainly thru the poor putting of her opponent.

Miss L. Vanderhoef and Miss J. A. Carpenter of Westward-Ho, last year's runner-up, had as caddies two of the best professionals in the country, and neither contestant lacked skilled advice. Miss Vanderhoef started poorly, losing the first four holes. She failed to decrease the lead at the turn, but squared the match at the fourteenth hole and won out by 2 up.

Miss Mackay, in defeating Miss Louisa A. Weisl of Brookline, displayed the same form that gave her the victory over the British champion yesterday. At the turn the pair were all square, but Miss Mackay won by 3 up and 2 to play. The surprise of the day was the defeat of Miss F. C. Osgood of Brookline by Miss Harley. The Brookline player was badly off in her play, and her sister, who caddied for her, begged her not to play. Miss Harley went out in 46, and, after being dormie 7, won by 6 up and 4 to play.

Miss M. Eownes of Pittsburg won the prize offered by Clement A. Griscom in the 18-hole handicap against bogie, with a handicap of 7. Miss Charlotte Dod, the English champion, was placed at scratch, and finished 13 down.

Eastern League Meeting.

The Toronto baseball delegates at the emergency meeting of the Eastern League, held in New York City on Oct. 11, returned yesterday. Montreal alone was unrepresented. At the meeting the business was mainly preparatory for the National Association meeting on Oct. 25, 26 and 27.

The Toronto delegates urged the raising of the salary limit from $2400 to $3200 per month. This was agreed to, and a committee was named to compel clubs to abide by the rule. An auditor will likely be appointed to examine the books of each club, and in this way the Eastern League will be able to know what clubs are exceeding the salary limit. This amount must include the manager's salary.

The meeting decided to enforce the rule that each team shall not consist of more than 15 players after June 1. This rule, like the salary-limit rule, has been entirely disregarded in the past.

No action was taken regarding the farming of players to other teams in the league.

It is reported that Barney Dreyfus of Pittsburg is trying to get hold of the Toronto Club. It will be remembered that Pittsburg parties purchased us after a former bad year, that was even worse than the season just closed.

Toronto Whist Club.

The play in the Toronto Whist Club last week was most even, four pairs tieing for top score. The open competitive game will be held each Friday night. On Saturday night next, the first of a series of five night competitions, open to members only, will commence. For each of these series suitable prizes will be offered for the winning pairs. The second competition will commence on Nov. 19 and will be completed on Dec. 17. The third and fourth series will be announced later. In these competitions, a pair must play four nights of the five to qualify. A substitute will be allowed on one night only. The scores will be "buried" until the close of each competition.

It has been decided to award a medal to the player making the highest aggregate score during the season. Scores made on both Fridays and Saturdays will count and no player will qualify unless he has played at least 25 nights. This competition will commence on Friday, Oct. 14. Any ties will be adjusted in the discretion of the committee on the basis of the greater number of nights played.

The mixed pairs competition will commence on the first Monday night in November and continue for six weeks. Prizes will be awarded to the winning pairs. A pair must play five of the six nights to qualify, and a substitute will be allowed for one night only. Those desiring to enter this competition should notify the secretary as soon as possible. The executive hopes that every member will co-operate heartily in making the season a success. Short talks on whist tactics and system are being arranged for.

Basketball.

A movement is on foot among some of the various athletic associations in the city with a view to organizing an intermediate city basketball league, to be managed upon the same principle as the Central Y.M.C.A. Senior League of last winter, and playing home and home games. The idea of the promoters of this league is that in throwing it open to city clubs, and playing home and home games a greater interest would be taken in basketball. A meeting will likely be held in the near future to talk over such a project, and any clubs that are interested might kindly communicate with the secretary, All Saints' Athletic Club.

Eight Classes for the Amateurs.

There will be eight classes as usual in the autumn city amateur boxing championships that take place in the Mutual-street Rink next month, opening night Nov. 17, as follows:

Skiff Sailors Meet Saturday.

Tickets, $1, may be procured from any of the executive committee: H. F. Darrell, 8 Colborne-street; W. Foy, Leader-lane.

2 p.m.—Macklem and De Veaux v. Taylor and Kelly (doubles).

4:30 p.m.—C. Burns v. Hall (handicap); R. Burns v. Kelly (open).

Shamrocks v. Capitals To-Day.

Montreal, Oct. 12.—Shamrocks go to Ottawa to-morrow to play the second and final game of the post-season series with Capitals. So far the two teams have played three games, the Shamrocks winning two and the Capitals one. The champions have a lead of five goals, to overcome which is necessary for Capitals to win the prize offered.

Woodbridge Went Over the Don.

Quite a mixup is going on in the C.L.A. this week, and yesterday Woodbridge took a fruitless jaunt to the Broadview Institute grounds, over the Don. They were at various times instructed or invited to play in Brampton or Toronto, to settle their dispute with the Young Torontos. Manager O'Neill was acting under final telephone orders to meet Sudbury and allow Brantford to settle with Woodbridge, but President Frank's order to Woodbridge must have miscarried, hence this trip yesterday over the Don.

Varsity Athletes at Work.

In spite of the rainy weather the Varsity track presented a very busy appearance yesterday afternoon, when some 35 or 40 of her track athletes went thru their daily training stunts in preparation for the annual games, which take place on the Varsity field on Friday afternoon next.

The interest which has been worked up in track athletics at the university is remarkable and it is not an unusual occurrence to have 50 or 60 men working out at one time. Toronto's victory over McGill last fall has meant a great deal to the local association and the prospects of being able to pick an even stronger team to meet the eastern college in the annual meet this year are very bright. Gurney's loss will be severely felt, but Worthington, who won the Y.M.C.A. championship, and Lyall Moore may be depended upon to look after the short distance events. McLeod and Warriner will be available for the pole vault and Bricker, a promising dental student, looks like a valuable man. Gillis and Percy Biggs will compete in the weight events and Fairity and Jennings will also probably make their presence felt. The fight for the faculty championship is arousing a good deal of interest and at present seems to be very uncertain. O.A.C. of Guelph are an unknown quantity and may follow Woodstock's example in the interscholastic meet and carry the trophy to the western town. The entry list is already the largest yet received and entries are still coming in. The reserved seat plan is at H. A. Wilson's, West King-street.

Arrangements were completed yesterday afternoon for the big student parade which will take place before the annual games on Friday afternoon next. The various colleges will assemble on the lawn at 1 o'clock and with Casey Baldwin, the well-known football captain, in charge, will proceed along College to Yonge, thence to Bloor and thence to the athletic field. The students are taking every interest in the affair and are racking their brains for original ideas in an effort to win for their college the honor of making the best showing in the procession. All the college marshals will be mounted and fully 200 will also be in evidence. The procession will probably be enlivened by band music and, judging from the enthusiasm which has already been worked up among the students, the occasion promises to be a great success.

Sporting Notes.

Harry J. Martin, in a game with Rev. R. N. Burns at Lambton on Tuesday, played over the course in 79, which equals the amateur record for the season, made by Geo. S. Lyon. Mr. Martin went out in 38 and in in 41.

It is announced by the Victoria Club that there will be skating at their rink this season, the same as in former years, so that there is now sure to be a Bank Hockey League, located, as usual, in the Victoria Rink, which is at present occupied by the W. J. Gage Company, but the firm's lease expires in time to get ready for skating.

Sam Harris, manager of Terry McGovern, announced yesterday that, in view of the result of Monday night's fight at Philadelphia, he is prepared to match McGovern with either Young Corbett or Jimmy Britt for the featherweight championship. McGovern, who formerly held the title, was twice defeated by Corbett, and the latter in turn succumbed to Britt, who now holds the championship.

All players of the Alerts B.B.C. are requested to turn out to practice on the Don Flats, west side, not later than 4 o'clock, this afternoon, to get in trim for their final game with the Alps on Saturday: Burridge, Burns, Wright, Christie, Spence, Laing, Dunsmore, Halliburton, Gibson, Murphy, B. Chandler, A. Chandler.

MONTREAL HOCKEY CLUB CAPTAIN.

Hooper, Injured in Game Winter Before Last, Died on Tuesday.

Montreal, Oct. 12.—Archie Hooper, captain of the Montreal Hockey Club last season, died at his home in St. Lambert yesterday afternoon at 5 o'clock.

Mr. Hooper had been under medical care since July. He had been in the Royal Victoria Hospital for a period, and was then removed to his home, where death occurred.

Hooper received an injury in a game a year ago last February, and it is presumed that this had resulted in disease, which ultimately caused death. Last season Hooper played in all the games in which the Montreal team was engaged, and his services had been instrumental in aiding the construction of a new team. The formation of the Wanderer Club, consequent upon the desertion of Montreal players, had compelled the directors of the Montreal Club to reorganize the team with junior material. Archie Hooper was the only one of the old guard to remain faithful to the winged wheel, and was given charge of the team. He was but 23 years of age.

Hooper was proficient in many other sports and had been a leader in St. Lambert affairs. He was a good hand with the paddle and was sure and safe in a canoe. During last summer he was a participant in an adventure from which he escaped after being in a position of extreme peril for some hours. With a companion he had undertaken to sail a newly-purchased craft from the Royal Yacht Club's property at Point St. Charles to St. Lambert. When but a short distance from the shore a squall caught the boat and heeled her until she finally went completely over. The mishap was noticed from several quarters, and assistance despatched. The work of rescue fell to a couple of fishermen, who had been angling near St. Helen's Island. The young men were taken aboard, but not until they had been thoroly chilled by long exposure in the water.

Hockey in the East.

Montreal, Oct. 12.—The Canadian Amateur Hockey League will meet for organization two months earlier than usual this year. There will be a meeting Saturday night, and it is proposed to accept the challenge thrown out by the Federal League and fight for the premier place in the hockey world. The league will commence with Quebec, Montreal, Shamrocks and Victorias.

Curling Clubs Re-organize.

At the annual meeting of Bobcaygeon Curling Club the officers were elected as follows: Patroness and patrones, Mr. and Mrs. M. M. Boyd; president, Rev. W. G. Smith; vice-president, C. Logie; chaplain, Rev. W. J. Creighton; secretary-treasurer, George W. Taylor; managing committee, Messrs. Welsh, McIntyre, Read, Bottom; skips, same as last year, viz., Read, McIntyre, Bottum, Logie, Van Norman, Davis.

At the annual meeting of the Thistle Curling Club of Hamilton, the following were the officers for the coming year: C. W. Cartwright, president; James Thomson, vice-president; W. H. Davis, secretary-treasurer; C. W. Cartwright and C. S. Scott, representatives to Ontario Curling Association; D. B. Dewar, Dr. Wardell, J. Y. Osborne, Dr. Olmsted and F. R. Martin, committee of management; S. Balfour, Dr. Malloch and C. S. Wilcox, committee to select skips; J. D. Biggar and P. A. Kerr, auditors; Rev. Dr. Fletcher and Rev. Canon Forneret, chaplains. William Vallance and T. C. Haslett spoke very feelingly about the loss the club had sustained thru the death of John Crerar and A. Gartshore. A resolution was passed congratulating Miss Florence Harvey on again winning the ladies' golf championship.

Granite Curling Club nominations take place on Oct. 22, and the annual meeting and election of officers on Oct. 29.

Wargrave's Czarewitch.

London, Oct. 12.—At the Newmarket second October meeting to-day, the Czarewitch Stakes (of 25 sovereigns each, with 500 sovereigns added, for 3-year-olds and upwards, distance 2¼ miles) was won by Wargrave. Rondeau was second and War Wolf was third. Twenty horses started.

$135,000 for Seven Horses.

New York, Oct. 12.—The dispersal sale of the entire stud of the late William C. Whitney was continued last night in Madison-square Garden. Four stallions were sold and the rest of the brood mares, and the prices realized were so uniformly good that the sale can well be ranked as one of the greatest ever held in this country. If anything, the bidding was more spirited than on Monday night, and so keen was the competition for Meddler and some of the illustrious matrons that the auctioneer had little more to do than repeat the bids as they came from one side of the ring or the other. The best prices were:

Meddler, Mattie Corbett	$51,000
Yankee, J. E. Madden	21,500
Morningside, H. P. Whitney	15,000
Ondulee, J. R. Keene	14,000
Snowy Corrie, J. R. Keene	14,000
Yorkville Belle, S. Paget	10,000
Leonora Loring, E. R. Thomas	9,500
Total, seven horses	$135,000

Straight Trade for New Orleans.

New Orleans, Oct. 12.—Work is progressing rapidly on the course of the New Orleans Jockey Club, the turf organization that will operate in opposition to the Crescent. Accommodations for 600 horses will be completed before the end of the year. The club will make an additional purchase of grounds south of the "farther turn." The object of this is to secure territory upon which in the near future they can construct a straightaway chute for the running of races for 2-year-olds. Such a chute could be added to thetrack for a sum which would look small as compared with that already expended in the establishing of the plant, and it would serve to popularize the track with owners who desire to get their baby race horses in form as early in the season as practicable.

Dufferin Races Postponed.

The Dufferin Driving Club have postponed their races, scheduled for yesterday, until Monday, Oct. 17, on account of wet weather.

Athletic Combination.

Manager Kyle is taking out an athletic combination, starting eastward, that should make good. He has some good men at boxing and wrestling partner, T. Brooker, W. Leathers, expansionist, and Gale, bag puncher, and Anderson and Baird, magic boxers.

Football Kicks.

The Y.M.C.A. Rugby team will hold a practise to-night at 7 o'clock, on Varsity cricket field.

Captain Kilisly requests all players of the Victoria II. to turn out to practise to-night, in Jesse Ketchum Park, at 7 o'clock, as the team to play the St. Michael's on Saturday will be picked.

The All Saints city juvenile football team will practise Tuesday and Friday evenings, at 6 o'clock, at Sunlight Park. All members are urgently requested to attend both practices.

Manager Clegg requests all players of the Victoria II. to turn out to practise in Jesse Ketchum Park to-night.

The officials for Saturday's important match between Peterbo and the Torontos, on the Varsity athletic field, were appointed yesterday. The teams mutually agree upon Dr. W. B. Hendry and Dr. A. B. Wright for referee and umpire respectively. There will not be any change in the line-up of the Torontos from last Saturday. Housser will again play centre-half and Clark full-back.

Parkdale Collegiate Institute on Tuesday defeated Technical High School team, at Exhibition Park, in a High School Rugby League game, by the score of 15 to 1. The half-time score stood 0 to 0.

A club to notify the boys of the Milton Football Club has been organized with the following officers: George Hume, hon. president; J. D. McGibbon, president; A. G. H. Luxton, vice-president; Low Prentiss, secretary-treasurer; Charles B. Lewis, manager; George Lees, captain; R. Purce, O. D. Bradt, W. E. Wilson, J. B. Armstrong, with the captain and manager, managing committee.

Pitcher Can't Win With Bad Team.

"The team that supports him has a great deal to do with the record that a pitcher makes," said Mike O'Neill, the clever twirler of the St. Louis Nationals, during a fanning bee. "McGinnity and Mathewson are hailed as the two greatest pitchers the game has ever known, because they have won so many games for New York this season; but the fact remains the same that if they had been in the hands of a less shrewd manager than John McGraw, they might have been regarded as only ordinary twirlers this season. It is only two or three years since both Mathewson and McGinnity performed in an ordinary manner so far as securing victories is concerned. Time and time again I have seen one or other of them hammered all over the lot, and lose game after game, principally because they lacked intelligent and well-hitting support. In those days they were supported by players who did not possess the intelligence to study the opposing batsmen, and the result was that hits that should have been eaten up went safe. At the bat the team that supported them was equally deficient in good qualities, and the result was a dearth of runs. The combination made the pitchers look like ordinary twirlers instead of the stars that they are now, with a brilliant team behind them. Take your own Frank Hahn, for instance. He has not made a good winning record this season because he has not had proper support. I myself have lost a majority of my games, yet my opponents have not averaged three runs to a game in which I officiated. Support has everything to do with a pitcher's record, but the general public seldom sees it that way."

Survivors of Pelee Disaster.

Many inhabitants of Martinique have become treasure hunters, and spend much time in digging in the ruins caused by the eruption of Mont Pelee, in the hope of finding gold and other treasure lost at that time.

New Labor-Political Party to Formulate a Policy.

The new labor party held a committee meeting in The Toiler office last night and disposed of some of the preliminary business in connection with the formation of the party.

It is realized that it is too late for the party to take any part in the Dominion election, but an effort will be made to have it in working order for the provincial campaign.

The platform has not yet been announced, but it is thought that it will include municipal ownership, and that an amalgamation will be effected with the municipal party.

Roentgen's Big Chance.

Professor Roentgen, who discovered the marvelous rays which now bear his name, has refused immense sums of money offered him by American publishers for a book on what he himself modestly styled "a new kind of ray." The 60, he carries his years gallantly and looks more like a man who has led a healthy outdoor life than one who has spent the whole of his manhood in investigating strange physical problems.
