LISTOWEL STANDARD.

FRIDAY, JULY 25, 1879.

TOWN AND COUNTRY.

SIR JOHN MACDONALD leaves for England to-morrow.

Don't forget that Bean & Gee are the only firm in town making shirts to order and guaranteeing perfect fits.

How refreshing in the midst of these dog days to learn that there has been a fall of snow in south-eastern France.

A GREAT variety of forks—pitch, manure, and barley—at astonishing low prices. S. BRICKER & Co.

Oh give me a bed on a chunk of ice,
'Way down in a thousand foot well,
And fan my brow with a threshing machine,
For I'm sick of this hot spell,

A FACT.—Best value in town in machine oils at J. H. Smith's, Wallace street. Farmers, call and see for yourselves. 24

M'ME Sarony's Red Stocking Minstrels and Parisian blondes are billed to appear in Bricker's hall on Monday evening next.

THE Clifford *Arrow* announces that it will take raspberries in payment of subscriptions. Has the editor no fear of the jim jams?

A girl with the most musical brogue imaginable, remarked last evening that "the night is the nicest time o' day during this hot weather."

NEW WHEAT.—The first new load of wheat of the season was sold in the London market on Tuesday. It came from Westminster, and was purchased by Hunt Bros. at $1.70 per cental.

The Boston traveller cheerfully remarks: Thermometer at one hundred in St Louis, cholera at Memphis, sunstrokes in many cities, and misquitoes in Boston—summer has surely come.

THE Guelph *Herald* is responsible for the following:—Jack Burton, artistic tailor of Palmerston, is endeavoring to rival our poet Gay, in the construction of charming rhyme. No use, Jack; Gay can cook your goose.

Under the Weights and Measures Act the Windsor District is to comprise the Counties of Essex, Kent, Lambton, Bruce, Huron and Perth, while London is to comprise the City of London and the Counties of Elgin, Middlesex, Oxford, Norfolk and Brant.

It is said that Vennor has discovered phosphate rock in the township of Joly. And if the rock is not in that township it is somewhere in the Dominion. Vennor may be a little out in his calculations, but what he prophesies is sure to come sometime and somewhere.

A dispatch from Wiarton, July 21st, says that Mr. Fuller, President of the Stratford and Huron Railway, and a party of about 35 gentlemen, left here on the *Prince Alfred* to-night to inspect the harbor of Tobermory and adjacent islands with a view to extending the road through the peninsula as soon as practicable.

MR. MORAN, artist, has recently produced a life-size portrait of our townsman Mr. D. K. Dingman, barrister, which has been exhibited for the past few days in the window of one of the stores in the Campbell block. Our legal friend looks so well in oil that it might prove a delicate matter to decide which was most deserving of the compliment—the original or the picture.

GOING TO SEE BARNUM.—It is quite probable that a great many will go to Stratford on Saturday to see the wonderful showman. The P. D. & L. H. Ry. are offering very cheap fares, a return ticket, including admission to show, costing only $1.25. In addition to the regular trains, a special will leave here at 5 p. m. on Saturday, returning after the evening preformance is over.

MONSTER EXCURSION.—Remember that the grand monster Excursion of the season comes off over the G. W. R. to Niagara Falls on Thursday 31st inst. There is no doubt but this will be the Excursion of the season. Six hours at the Falls with special cheap rates to all the places of interest at the Falls is something the people do not often get. The fair is only $1.50. Train leaves Listowel at 6.39 a. m.—*Advt.*

ACCIDENT AT WYOMING.—While the afternoon train was coming in on Tuesday the conductor saw a man laying beside the track, but it going on a heavy down grade it was impossible to stop the train before reaching him. The axle of the engine struck him on the head and check, and the wheels ran over and cut off his toes. He is badly injured, but may recover. His name is not known, and it is supposed that he was drunk.

BONUS.—An associated press dispatch says: A section of the by-law submitted by the Council of Arran, Elrice and Bruce townships, and Tara, granting a bonus of $50,000 to the Stratford and Huron Railway, was carried on Friday. This makes $400,000 in municipal bonuses voted to build the line to Wiarton and Colpoys bay. Only $50,000 is now required to complete the scheme, which is expected will be voted this and the following month, when the work will be commenced.

SATURDAY EXCURSIONS.—On Saturday last the P. D. & L. H. R. commenced running cheap Saturday excursions to Port Dover. Some twenty or twenty-five of our citizens took advantage of the low rate and spent Sunday at the Port. A ride of 180 miles for $1, and the opportunity of remaining nearly three days at the lakeside, is something unusual even in these days of cheap travelling. For affording relief from the enervating influences of the "dog days," the trip may be safely recommended.

REBUILDING.—We are pleased to notice that Mr. Wm. Milne has decided to rebuild his planing factory. Part of the material is already on the ground, and Mr. Sutherland has a large number of hands at work upon the new structure, which will be similar to the building destroyed by fire. It is to be up and ready for the machinery in a few weeks' time. Such commendable enterprise on the part of Mr. Milne should be heartily appreciated by our townspeople, more especially as that gentleman is not at present a resident of the town. We trust that he will find a thriving and profitable business the reward of his energy.

SIDEWALK building has been carried on to a considerable extent lately, the result being that many of the streets, in town which hitherto were devoid of such conveniences, can not boast of new plank walks. While other sidewalks may be needed, the attention of the Board of Works is called to the immediate necessity of doing something with the walk on the south side of Main street in front of the new blocks now in course of erection. Its present condition is decidedly dangerous, and no time should be lost in having it repaired. Until this is done, its unsafe state should prevent it from being used.

FOR BRITISH COLUMBIA.—On Saturday morning last Mr. A. D. Campbell of this town, and Messrs. A. J. Street and J. K. Nelson, of Wiarton, left here for British Columbia. Through tickets were furnished them by John Livingstone, jr., town agent G. W. R. We understand that Messrs. Street and Nelson intend turning their attention to the milling business, for which there is said to be a good field in the Pacific province. Since the abatement of the "Manitoba fever," the tide of emigration seems to be turning towards British Columbia. The "golden west" no doubt possesses alluring attractions, and to those who do not scruple at hard work, but make up their minds to apply themselves diligently, there is a fair prospect of their doing well. We learn from private sources, however, that there are at present many new arrivals in the chief centres of the province who are idle for want of employment, and as living is very expensive, their position is not by any means an enviable one. As fortunes are evidently not awaiting every adventurer who may seek them on the "other side of the rockies," it might be well for those who hold such Nutopian notions to reflect a little before rushing thither.

TEMPERANCE.—The Temperance meeting held on Monday evening in the Congregational Church was well attended. Able addresses were delivered by Revds. Dr. Fowler and H. Cooper, and by Mr. B. Rothwell and a Mr. Burton, a gentleman from Toronto. Rev. Mr. McGregor, who occupied the chair, also contributed to the speaking. The tone of all the addresses was marked with a commendable liberality, and was calculated to promote the cause of temperance much more effectually than the denunciatory style too frequently pursued on such occasions. The success attending this meetiug will doubtless encourage a continuance of such general gatherings on behalf of the cause of temperance.

KNOX CHURCH SOCIALS.—The first of a series of socials in aid of the improvement fund of Knox Church was given on Friday evening last at the residence of Samuel Davidson Esq., Wallace street. The attendance, the enjoyment, and the proceeds were highly satisfactory. Something over $20 was realized. On Tuesday evening a social will be given at the residence of Jno. Binning, Esq. The town band is to be present, which will be a pleasing feature of the entertaining programme. Mr. Binning has a very fine lawn for a social gathering, and no doubt, should the weather be favorable, there will be a large turnout on Tuesday evening next. A collection will be taken in aid of the Church fund. The public are invited.

DAMAGED.—The extent of the damage done by the gale which passed over this section on Tuesday week was greater than at first reported. The Congregational Church in this town was subsequently discovered to have been considerably damaged, the western gable of which was blown in so far that it is a matter of wonder that it did not tumble. Had the wall, which is a 13 inch one, came down, the whole interior of the church could not have escaped from being wrecked. Fortunately the brick work, although driven in so far as to lean most threateningly, hung together until sufficient mechanical force was brought to bear to shove the wall back into its former position. As it is, the wall must have been somewhat weakened by the severe strain which it received.

TORONTO TEA STORE.—Messrs. McMillan, Duncan & Co. have taken possession of their new premises in the Masonic Block, and have "their house set in order" in a most attractive style. The firm now occupy the finest store, without exception, in this town, and it is doubtful if its equal can be found outside of the cities. Their apartments, which include a ground floor of some 80x18 ft., and a commodious room on the first floor, are finished and fitted up in a manner that is conducive to convenience and at the same time decidedly pleasing to the eye. The large stock of goods which the firm display with such excellent taste, in the windows, upon the long rows of shelves, and in all parts of the building, both on the ground floor and up stairs, presents another attractive feature. Messrs. McMillan, Duncan & Co. are to be congratulated upon the creditable appearance of their establishment throughout, and we trust that prosperous gales may ever attend the enterprising firm who have launched the "Toronto Tea Store" upon the mercantile wave.

CIVIC HOLIDAY.—Friday, the 8th August, is the day appointed upon which to hold the annual Civic Holiday of this town for the present year. A meeting for receiving proposals from the Railway Companies and for selecting a suitable point for an excursion was held in the Council Chamber on Wednesday evening, at which there was a number of citizens present. Mr. W. R. Tiffin, of Palmerston, and Mr. D. L. Caven, of Stratford, were also present upon invitation, to represent the Great Western and Grand Trunk Railways respectively. The feeling of the meeting was divided between Southampton and Goderich, a considerable majority of those present, however, being in favor of the latter place. The very liberal offer of the Grand Trunk Co'y to convey excursionists to Goderich and back again for the sum of 50c. for adults, and 25c. for children, was accepted almost unanimously. The Railway Co. promises to provide first class accommodation, and as the train will leave here at 6 a. m. and remain at Goderich until 6 p. m., our townspeople, and all who choose to join with them, will have a very good opportunity of taking in the sites of Goderich and its surroundings, which are generally acknowledged to be the most attractive on the Canadian side of Lake Huron. We understand that our municipal fathers purpose accompanying the excursionists, and the Listowel band will also go along. The extremely low fare, in connection with the many other attractions, should cause a general turnout upon that occasion, and we have no doubt that the excursion will be extensively patronized. Full particulars will be announced by posters and otherwise.

ENTRANCE EXAMINATION.—Out of the 63 candidates who presented themselves at the recent entrance examination for admission to the Listowel High School, no fewer than 37 have been successful, as is shown by the accompanying list. Listowel Public School pupils have sustained the reputation of the school in a manner which is creditable to themselves and to their excellent teacher, Mr. Rothwell, 25 out of the 29 candidates from the Listowel school having succeeded in being promoted into the High School. The list is yet subject to revision by the High School Inspectors, but it is not probable that its complexion will be changed. It may be presumed that a good percentage of those who have succeeded in gaining admission to the Listowel High School will remain, in which event that institution will receive a large addition to its roll, and its usefulness will consequently become of much more importance than heretofore.

OUT OF THE FIRE!

LISTOWEL WOOLEN MILLS.

MR. BROOK desires to inform his customers that the wool in his charge at the time of the fire has been saved, and that all orders will be filled with the least possible delay. He has effected arrangements whereby he will be able to continue the business as formerly, and all orders left at his office on Wallace street, for

Roll Carding, Carding & Spinning

will receive prompt attention.

He also desires to inform his customers and the farming community generally that his stock of

CLOTHS, FLANNELS, ETC.,

was saved, and will be exchanged for wool as formerly. Orders are solicited.
B. BROOK.
Listowel, June 12, 1879. 20

FARM AND BRICK YARD

FOR SALE OR TO LET.

The Farm being lot No. 34, in the 1st con. of Wallace, contains 90 acres, 75 cleared and in good state of cultivation; balance good hardwood timber. There is a good frame house and frame barn on the premises; good fence; young orchard of choice fruit; well watered; convenient to schools, churches and markets; situated on the gravel road one mile west of the flourishing town of Listowel. Will be sold on reasonable terms.
Also a first-class Brick Yard, with steam engine and brick machine of Woodstock make, capable of making from 10,000 to 12,000 bricks per day. The brick yard adjoins the above farm, and contains 4 acres, with frame dwelling house and stable, and all necessary apparatus for brick making; the strata of clay is of excellent quality and about 30 feet in depth—a rare chance—will be sold cheap. For full particulars, call and inspect the premises, or address
DANIEL HAMILTON,
21 Listowel P. O.

ADMINISTRATOR'S
Notice to Creditors.

The Creditors of

Thomas Sellens,

(the younger) late of the Town of Listowel, in the County of Perth, Jeweller, deceased, who died on or about the thirtieth of July, 1878, are requested, on or before the 1st Day of August, (next) 1879, to send, by letter, post paid, to E. W. SCATCHERD, of the town of Strathroy, in the County of Middlesex, Administrator of the Personal Estate, Rights and Credits of the said Thomas Sellens, deceased, their names and surnames, addresses and description in full, particulars of their claims, statements of their amounts, and the nature of the security (if any) held by them; and immediately after the 1st day of August next, the assets of the Estate of the said Thos. Sellens, (the younger) deceased, will be distributed among the parties entitled thereto, having regard only to the claims of which notice shall have been given, and the said Administrator shall not be liable for the assets so distributed, or any part thereof, to any person of whose claims notice shall not have been received by the said Administrator.
This notice is given in pursuance of Chap. 107, Sec. 34, Revised Statutes.
E. W. SCATCHERD,
Administrator.
Dated at Strathroy, this 29th day of May, A. D. 1879. 19B
