MISS BEALS IS "IT"

The Lucky Farm Winner Takes Charge of the Bad Men of the New Town.

Wichita, Kan., Aug. 7.—Miss Mattie Helen Beals, the Wichita telephone girl who drew second choice of farms in the new Kiowa and Comanche country, has accepted new honors. She will become city marshal of the new town of Lawton, to take the place of Bat Carr, the present officer. Mr. Carr was relieved of his gun because he wanted to start too many fights and run the new town in a wide-open manner.

A delegation of citizens waited on Miss Beals, and tendered her the place. There is a good salary attached. As she has to remain on her farm fourteen months she accepted the place after some hesitation. She hopes to tame the outlaws and bad men without having to shoot any, although she will go well armed at all times She will suppress all gambling houses if possible.

Miss Beals and Bat Carr met Monday evening. Just to test her nerve he fired several shots. She returned the fire, the story goes, and shot his hat off. After this little exchange of compliments the two shook hands and promised to be friends.

TAKES EFFECT ON SATURDAY!

General Strike of the Amalgamated Association of Steel Workers

Ordered by President Shaffer---One Hundred Thousand Men Directly Interested.

GREATEST STRIKES OF LAST FIFTEEN YEARS.

[Detroit Free Press.]

1886—K. of L. vs. M. P. R. R.; 150,000 men interested; men lost.

1892—Amalgated Association of Iron and Steel Workers vs. Carnegie Company; 10,000 directly involved; men lost.

1894—Amalgamated Railway Union vs. Pullman Company; 100,000 stopped work; men lost.

1897—Union Mine Workers vs. all bituminous coal operators and many anthracite; 110,000 men out; men won.

1900—U. M. Workers in Anthracite territory vs. coal operators; 112,000 called out: men won.

1901—Amalgamated Association of Iron and Steel Workers vs. Steel Trust; 100,000 directly involved; (?).

Pittsburg, Pa., Aug. 7.—A general strike order from President Shaffer was mailed to all the vice-presidents of the Amalgamated Association last night, ordering the men out on Aug. 10, unless there is an adjustment of the differences in the meantime. The strike will affect all the Amalgamated men employed by the National Steel Company, Federal Steel Company and National Tube Company.

President Shaffer says the manufacturers have had sufficient notice. He does not anticipate any settlement before the strike goes into effect. The men are ordered out after the last turn on Aug. 10. The order will throw idle about 12,000 union men and about 60,000 in the mills who are connected with the Federation of Labor, and who are not organized, but who will have no work by reason of the strike of the skilled men. Altogether 100,000 men will likely be idle.

The order, it is said, also calls out the men at the furnaces owned by the United States Steel Corporation who are not members of the Amalgamated Association, but who are connected with the American Federation of Labor. Not only are the federation men in the mills and furnaces directly involved, but there is an ominous threat that structural steel workers will refuse to handle the corporation steel in building operations.

NO FALTERING.

Pittsburg, Aug. 6. — The call to the men of the three companies in the mills of which the Amalgamated Association is expected to be generally and promptly responded to on Saturday night.

The attitude of the men of the United States Steel Corporation, so far not affected by the strike, has been carefully canvassed since the futile efforts to arrive at terms of peace in New York last Saturday. Most of the nine vice - presidents of the different districts have been among their men, and their reports have reached headquarters. In a general way the tone of these reports indicate that the men will support the stand of their officials. President Shaffer said tonight: "We want no one to come out with us unwillingly. If our people are not in full sympathy with our fight, we would rather they would remain at work. They will not be asked to decide hastily. They will have until Saturday night of this week to think it over. When they finally do decide they will come out prepared for battle. There will be no faltering, no indecision, no ignorance in action, but a unity of purpose and a determination to stand for their rights."

THE FEDERATION.

The attitude of the Federation remains uncertain and the president of the Amalgamated Association is unwilling to discuss it, although support has been proffered by officials of the Federation.

By Monday of next week the Amalgamated Association expected to show its hand in an unexpected quarter. The officials decline to even intimate what this means, but promise that there will be developments of an interesting character by that time. In this connection it is said that upwards of 90 per cent of the men employed are union men at heart.

EFFECTS OF STRIKE FELT NEAR BY.

Niles, Mich., Aug. 6. — The effects of the big steel strike are being felt here. Today the Merrill Stevens Company, manufacturers of railroad cattle guards, were compelled to shut down their local plant, being unable to secure raw material. A large number of men are thrown out of employment.

TO WIPE OUT LABOR UNIONS.

Chicago, Aug. 6. — While union molders were walking the streets because their employers refused to pay them $3 a day, these same employers voted today to replace them with non-union men, who are to receive wages of $4 50 and $4 75 a day.

The decision of the manufacturers to pay the higher rate to non-union men was reached at a meeting of the local organization of the National Founders' Association.

In voting to pay the scale announced the members of the National Founders' Association have taken the first step in a fight for the extermination of the machinists' and iron molders' unions. This fight will be waged with great intensity, and Chicago will be the city from which the efforts of the manufacturers will be directed.

New York, Aug. 6.—The officials of the United States Steel Corporation and its subsidiary companies in New York are elated over the reopening of the Hyde Park mill. They regard its opening as a signal victory.

RAILWAY EXTENSION

Road Seventy-Five Miles Long Through Bruce and Huron.

Grand Trunk earnings, July 22 to 31, 1901, $793,310; in 1900, $700,389; increase in 1901, $92,921.

The Clergue syndicate is negotiating for an extension of the Manitoulin and North Shore Railway through Bruce and Huron counties to Kincardine.

Mr. A. W. Campbell, roads commissioner, has gone to Temiscamingue to lay out a system of main roads for the settlers there.

An extension of the Manitoulin and North Shore Railway, now in course of construction between Meaford and Sudbury, is proposed for Bruce and Huron counties. Negotiations to this end are proceeding between the Clergue syndicate and the representatives of some of the municipalities affected. The extension would be about 75 miles, and would run between Park Head, a station between Owen Sound and Wiarton, and Goderich, passing through Southampton, Port Elgin, Underwood, Tiverton and Kincardine. This is a district at present unconnected by rail.

Wm. Glasneur, of Jamesville, was arrested, charged, on the information of his life, with attempting to burn their house, in which a family of young children were sleeping

$100,000 DAMAGES

Maj. Boynton Wants a Fortune From the Maccabees—Result of Article Published in Official Organ.

Port Huron, Mich., Aug. 7.—As the outcome of the rupture between the officials of the supreme tent, Knights of the Maccabees, and Major N. S. Boynton, the so-called "daddy" of the order, which resulted in the major's deposition at the recent convocation of the supreme body, a $100,000 damage suit will be commenced against the administration of the order by Mr. Boynton. The basis of the suit is to be the article published in the last issue of the Bee Hive, the order's official organ, justifying the supreme tent's action, and charged the founder of the order with having been a disturbing factor in the order. The article was reproduced in the Port Huron Times, and that paper, it is said, will be made defendant to a second suit, in which damages are placed at $25,000.

BOERS ARE TO BE CARED FOR!

Secretary Chamberlain Says They Will Be Reinstated on Their Farms.

Government's First Duty Is to Loyalist Refugees---The Native Question Difficult and Delicate---Lyttelton May Replace Kitchener.

London, Aug. 7.—The House of Commons last night discussed a vote of £6,500,000 as a grant in aid of the Transvaal and Orange River colonies. Sir William Vernon Harcourt and others severely criticised the government's measures.

Mr. Chamberlain, replying, said he quite agreed that the government's first duty was to the loyalist refugees, and he declared that money would not be spared for that purpose.

"It is also a matter of imperial policy," continued the colonial secretary, "to give the necessary support to those of our enemies who come into our hands. One million of the vote is for extra rolling stock. A large sum will be devoted to reinstating the Boers on their farms and an experiment will be made in the direction of agricultural settlements.

"There is no intention of confiscation. We have had offers of land at reasonable prices, and a portion of the vote will be devoted to the purchase of such lands, with a view of enabling men who volunteered for the war to settle when the war is over."

Mr. Chamberlain dwelt at great length upon the native question which he described as "most difficult and delicate."

He declared that anything in the nature of slavery ought not to be permitted, that a revision of the "cruel and arbitrary native labor laws" was necessary and that although the natives must be taught to work they should have just and humane treatment.

BOERS WELL CARED FOR.

London, Aug. 7.—The war office has received the following cablegram from Lord Kitchener: "Major Hamilton Goold-Adams (resident commissioner to the Bechuanaland Protectorate) who has inspected the refugee camp in the Orange River Colony, reports that the people are well looked after, and are completely satisfied with all that we are doing for them. There has been a bad outbreak of measles at Kroonstadt, where the male refugees have presented a most loyal address. The peace movement is spreading fast in all the camps."

LYTTELTON MAY REPLACE KITCHENER.

London, Aug. 7.—The Times, giving prominence today to the announcement that Lieut.-Gen. Neville G. Lyttelton will accompany Lord Milner on his return to South Africa on Saturday, says that possibly means that Gen. Lyttelton is to replace Lord Kitchener, who will take a rest.

TO GUIDE THE DUKE.

Cape Town, Aug. 6.—Premier Sir Gordon Sprigg, in reply to a protest from Port Elizabeth against the withdrawal of a portion of the police force of that place for duty at Cape Town during the visit of the Duke and Duchess of Cornwall and York, states that he is pledged to his majesty's government to take extraordinary measures for the protection of the royal party during their stay here.

BOERS LOSE HEAVILY.

London, Aug. 6.—Lord Kitchener telegraphs the war office from Pretoria as follows: "Since July 29 the columns report 48 Boers killed, 19 wounded, 220 prisoners taken, and 57 burghers surrendered. One pom-pom, 141 rifles, 8,660 rounds of small-arm ammunition, 182 wagons, and a large number of horses and stock were captured. The casualties on our side are included in all that were reported separately during the past week.

"Viljoen has been driven across Oliphant's River, Kekewich and Allenby are moving against the Boers in the Magaliesberg. The British, under Scobell, have inflicted heavy loss on the Boers under Lategan, who has been operating in Cape Colony."

An announcement in the Times that Lieut.-Gen. Lyttelton will accompany Lord Milner to South Africa on Aug. 10 seems to lend color to the recent report that Gen. Lyttelton will be Gen. Kitchener's successor. He is considerably the senior of any general officer now in South Africa.

A dispatch from The Hague says: "It is stated here that the members of the arbitration tribunal of the peace conference will take the initiative in protesting against the speech of Joseph Chamberlain, the British colonial secretary, in regard to the employment of Kaffirs in the war in South Africa."

Dorain has successfully engaged Commandant Smith and Col. Gorringe has driven Myberg northwest of Kissingen, where he captured 86 horses and some prisoners.

TO VISIT THE "PAN"

President McKinley Likely To Be There About Sept. 1—Efforts to Secure the Presence of the Duke.

Buffalo, Aug. 7.—The directors of the Pan-American Exposition have decided to ask the exhibitors of the various buildings to co-operate with the newspapers of this and other cities in giving wider range of publicity to the exhibit features of the exposition.

Two events of surpassing importance, the visit of the president, and later of the Duke and Duchess of Cornwall and York, were discussed by the board. No date has been fixed for the visit of the president. A committee, including President Milburn and Director-General Buchanan, will go to Canton tomorrow night to make arrangements for the visit of the president. President's Day will undoubtedly be on or about Sept. 1. The Duke of Cornwall Niagara Falls about Oct. 9, at which and York and his suite are expected at time it is expected that he will consent to have his itinerary changed slightly so as to include the exposition, for a visit of a day or two.

DEATH CAME SUDDENLY.

Toronto, Aug. 7.—Mrs. T. S. Paton, who lived at 106 Shuter street, died very suddenly last evening. About 6 o'clock Mrs. Paton was sitting talking to a friend. The friend noticed that Mrs. Paton was taking no part in the conversation, and on going over to where she sat, discovered that she was unconscious. Dr. Pollard was hastily called, but he was unable to do anything, and about 7 o'clock Mrs. Paton expired. The deceased lady was about 60 years of age.

THE TURQUOISE

is very fashionable just now. We have a choice selection of rings in which this stone takes the first place. In some diamonds or pearls are set with the turquoise, and the effects are charming. We use azure turquoise—the color will not change.
