RECORD VOTE BY BOYS PREDICTED

Campaign Waxes Warm as 400 Young Voters Prepare For Election.

With the boys parliament elections but two days distant, no stone is being left unturned by the four youthful candidates whose aspiration it is to represent the boys of London at this provincial conclave. Interest has culminated into unprecedented enthusiasm among the 400 or more boys whose names appear on the voters' list.

The campaign, which has been waxing warm during the past few days, will wind up on Thursday night, when the four candidates will address a mass meeting at the local Y. M. C. A. According to W. H. Spearman, district returning officer, a record vote will be polled in this city on Saturday, when the youthful electors will be given an opportunity to exercise their franchise.

Harry Hookway of the Beaver Tuxis group of the Metropolitan United church, is one of the outstanding boy candidates in London. For six years Harry has been active in boys' work at his local church, and has served with marked ability as treasurer, and for the past two years as praetor of his Tuxis Square. This is the first time he has allowed his name to stand on a public ballot, but his supporters feel sure that he is pre-eminently fitted for the position to which he aspires. He is a follower of the four-fold life, and possesses a forcefulness of personality, together with ability and clearness in public address. The following are a number of the important planks in his platform:

1. That a new service syndicate be established under the supervision of the minister of education to serve and link up the various boys' papers throughout the province.

2. That parliament give sincere consideration to the further establishment of the C. S. E. T. plan as a means of identification between members.

3. That parliament give its hearty support to those units within the C. S. E. T. movement such as boys' work and boys' councils, and pledge its loyalty to the church and its desire to co-operate with the Y. M. C. A. and the C. G. I. T. movements.

4. That under provincial jurisdiction district baseball leagues be operated, it being the primary duty of this body to conduct an elimination series between the district winners to determine the winner of the provincial C. S. E. T. championship, and that a suitable trophy be offered for competition.

5.—That this parliament support the leadership training camp, C. S. E. T. Sunday, and the methods of finance, as in previous years; but appoint a special committee to consider (a) devising a new method of finance, (b) redistribution where necessary.

Reeve McKenney of Aylmer Will Foster New Law at Final Session of 1925 County Council Now in Progress—Warden Anderson Presides.

Special to The Advertiser.

St. Thomas, Nov. 24.—The final sessions of the Elgin county council opened this afternoon in the courthouse, with Warden William Anderson presiding.

Warden Anderson made what is probably the shortest opening address on record.

Amongst the more important things which had been accomplished during the year are the revision of the county road system, which was complete with the exception of road 45 at Port Burwell, the paving of the provincial highway from Talbotville to Shedden, the completion of the Aylmer-St. Thomas highway, the laying out of another road in Bayham township connecting with Wellington street in the village of Vienna.

Warden Anderson also stated that he has it on very good authority that the pavement from Shedden to Wallacetown would be laid next year, being a portion of the provincial highway system, the North Shore trail.

Reeve Oscar McKenney of Aylmer gave notice of motion that he would introduce a resolution at the sessions to make it compulsory for all vehicles travelling the roads of Elgin county at night to carry lights.

UNIVERSITY WILL RUN MOVIE SHOW ONE NIGHT

Western Students Adopt Novel Plan to Replenish Ebbing Finances.

With their finances at a painfully low ebb due to the deficit which they carried over from last year the members of Arts '28 unanimously decided to undertake a project the like of which has never before been attempted at the University of Western Ontario. At a well attended meeting of the year at noon today they decided to buy out the Capitol theatre for $600 for the night of Dec. 10, when Harold Lloyd will be the attraction.

The proposition, which was put up to the year by the management of the Capitol gives the students a free hand in the sale of tickets and they may also use the box office after 7 o'clock on that evening.

Taking into account the seating capacity and the price of admission the year will make about $350 if they get a full house. The chief trouble arises over the guarantee of $600. It was thought that the students' assembly would advance the money especially as Dr. Neville was quoted as saying that he was in favor of the plan, but Cecil L. Snyder, prefect, made the unofficial statement that after discussing the matter with several members of his cabinet he felt sure that the assembly would have nothing to do with it.

"To gamble with the money which is placed in our hands would be unfair to the other years," he said.

Prof. R. E. Freeman told the meeting that he considered the project a good business proposition and referred to the success of similar ventures in other universities. He, however, was doubtful about the proper method of getting the $600 guarantee.

It was finally decided that this matter would be left to the members of the executive to work out and it is thought that it will be taken up with an insurance company.

At present there is very little money in the Arts '28 treasury and with the soph shuffle to be financed in the near future the year executive were forced to look about for some means of raising money and it was decided to put the above plan before the members of the year.

THOUSAND BLACK FOXES PASS THROUGH MONTREAL

Montreal, Nov. 24.—Half a million dollars' worth of silver black foxes, to the number of 1,099, have passed through the city since Sunday last, destined to widely-scattered points between Boulogne and Havre, France, on the one hand and the state of Oregon on the other.

What presages a new era in the silver black fox industry in Europe is seen in two special shipments of foxes to Havre and Boulogne, France, respectively, one of which breaks all previous records in numbers shipped to European points, comprising 121 crates containing a total of 239 animals. They are from the world-famous fox ranches of Prince Edward Island.

Baldwin Shuns Meighen's Lead

Associated Press Despatch.

London, Nov. 24.—In the house of commons today, a labor member asked whether the government was prepared to recommend to parliament that Great Britain should not again be committed to war without the approval of the people, given in a general election. Premier Baldwin replied in the negative. The questioner then asked whether Premier Baldwin was prepared to follow the lead given in this matter by the leader of the Conservative party in Canada. The premier replied that Canada was in a different position from Great Britain. The matter ended there.

FOUR BANDITS ARE HELD AFTER RAID IN SALOON

Special to The Advertiser.

Detroit, Nov. 24.—Four men were held today in connection with a holdup at the saloon of Andrew Popp, 8340 Burdeno street, in which two men were wounded and a third was felled with an axe blow.

All the suspects have confessed to participation in the robbery attempt, police said. No loot was obtained. The prisoners gave their names as Fred Tomrency, Anthony Hojec, Oliver Owens and John Meyers.

The bandits admitted smashing in a door of Popp's saloon with an axe, felling Andrew Mochari of that address, with a blow from the same implement, and shooting Popp in the arm. A second man, who suffered a minor flesh wound, was not found, but was reported to have gone home.

The British government has suggested this to France, and while no reply has yet been received it is believed probable that all parties will agree.

BECK ENDOWMENT FUND IN TORONTO NOW $40,193

Toronto, Nov. 24.—The reports of the team captains at today's luncheon of the campaigners for the Beck memorial endowment fund added $16,332.05 to yesterday's subscriptions, making the total $40,193.05. Chairman John O'Connor, in his brief talk before the announcements were made, told of having just come from speaking at a luncheon where 400 employees of the Canadian General Electric Company were lunching in as fine surroundings as those of the room at the King Edward, where the campaigners had met.

"I never felt so humble and so grateful as I did in facing those people." He referred feelingly to the work of Sir Adam Beck, whose development of hydro power had created the demand for this great mass production. "So I bowed my head then as I do now," he concluded, "in deep gratitude for the man who made possible these surroundings and working conditions.

"He was one who could have amassed enough to have given this endowment many times, but instead of following self-interest he devoted his life to the service of others."

Banquet Guest Pays Ransom

By REGINALD SWEETLAND
Special Cable to The Advertiser and the Chicago Daily News.

Hangkow, China, Nov. 24.—A novel way of collecting funds for military purposes has been demonstrated by Marshal Wu Pei Fu, formerly dictator to the central government, now trying to recuperate his military prestige in the Yangtse valley. Wu forced a Chinese banker to pay $250,000 before being permitted to leave a banquet the marshal arranged in the banker's honor. The banker was held hostage until the funds were paid. A million dollar loan was first demanded, then altered to the lower cash payment.

MONEY WELL SPENT ON NURSES' HOME

Plans of Proposed Building Show Great Economy Has Been Exercised.

The bylaw for $225,000 which comes before the citizens on Dec. 7 will complete the nurses' quarters ready for occupancy.

The piece of property between the children's hospital and medical school will be purchased and a tunnel, similar to the one now about completed under the hospital proper, will be carried under Ottaway avenue to the new home. This tunnel will make possible the use of the present hospital kitchen and heating plant, as well as provide a closed thoroughfare for the nurses between the wards and the home.

The plans are open for inspection by the public and stand as a model of economic housing conditions. It is not proposed to lavish one dollar of the citizens' money upon unnecessary ornamentation.

The plumbing covers the minimum requirements of the provincial board of health; and the popular comment of those who have examined the plans has been one of amazement at the completeness of the building for the sum of money involved.

Annie MacMillan, it is alleged, took the baby from a department store to her home on November 6. It was returned by her parents to Mr. and Mrs. Muldoon on November 8.

Radial Car Goes On Rampage; Demolishes Competitive Gas-Pump

Canadian Press Despatch.

Amherstburg, Nov. 24—Several people miraculously escaped injury when the radial car from Windsor, while rounding the Liberty Theatre corner here, this morning, left the rails and dashed across the street and over the curb. No explanation could be given for the accident, as the car was proceeding slowly at the time.

In its dash, the car struck and entirely demolished the gasoline pump standard belonging to Russell Brownlee which stands in front of his service station at the corner. Generally one or two motor cars are standing at this point, but luckily today no autos were in the vicinty, and no one was near the pump.

Considerable damage was done to the front end of the car, which was in charge of Motorman A. Higgins and Conductor Donnelly, both of Amherstburg. The accident tied up traffic on the line for more than an hour while the car was being replaced on the rails. There were several passengers aboard the car at the time, but aside from a shaking up, they were not injured.

Two Witnesses Held For Perjury

Justice Logie Stops Trial To Order Arrests.

Canadian Press Despatch.

Windsor, Nov. 24.—Norman McDonald and Edward West, both of Windsor, were each halted in their evidence by Justice Logie at Sandwich, this morning, and ordered held on charges of wilful and corrupt perjury, with a suddenness that resulted in J. H. Rodd, K.C., and T. Gerald McHugh, counsel for the defence, abandoning the case rather than submit to such a procedure.

This incident, which created something of a furore among the legal luminaries in court, occurred during the civil action against Louis Jones by Earl Carruthers to recover damages resulting from injuries received in an automobile accident in Sandwich, in 1922.

Washington, Nov. 25.—The legitimate consumption of whiskey in the United States has settled down to a steady outflow of approximately two million gallons a year. This is the whiskey dispensed through drug stores on doctors' prescriptions. There is virtually no other "leak" in the bonded whiskey under government supervision. Bootlegging in genuine "red" liquor virtually is a thing of the past.

BISHOP OF WALL STREET IS NEAR DOOR OF DEATH

Street Had Grown To Love Episcopal Missioner With Noon-Hour Service.

New York, Nov. 24.—Wall street paused in its hectic operations yesterday long enough to breathe a sigh for the passing of one of its most incongruous institutions—divine services on the curb in front of the subtreasury building.

"The Bishop of Wall Street," a venerable frock-coated figure whom all the street had come to love in 25 years of association, is dying. And with him will pass, all the street is convinced, the daily service conducted so long for the special benefit of the bulls and the bears. In any event, there can never be another "bishop."

Wall street gave the title of "bishop" to the Rev. William Wilkinson in jest many years ago. But as he stuck through the years the street came to have more and more respect for Mr. Wilkinson, and in the end agreed that the title had been well bestowed.

Mr. Wilkinson spent the earlier years of his life as a missionary among lumberjacks of the middle west, but concluding that Wall street needed exhortation worse, he came to New York. He was financed for a time by the New York City Evangelical committee. Then Trinity church made the "bishop" its missioner.
