225 MEN WANTED TO COMPLETE 55TH

The completion of the 55th Battalion as a unit is now the chief matter of importance in military circles and every effort is being concentrated in an endeavor to bring it about promptly. The strength at present is about 975 men which leaves 225 still wanting. The class of men in the battalion is most desirable and when as a body it is turned out of the preparatory school into the European arena, the quality is there to stand by other attainments—and quality counts. The recruiting still continues throughout the province and it is earnestly hoped that the next two weeks will round the body into shape, and leave an unhampered way for the maturing of whatever plans the military authorities have in view.

SAYS $150,000,000 WILL BE SPENT BEFORE MARCH 1

Finance Minister White Believes War Appropriation Will Not Provide for Expenditure Till End of Fiscal Year—Estimates Special War Taxes Will Yield $1,865,000 by July 1—Big Interest Charges to be Faced.

Ottawa, June 13—The minister of finance, Hon. W. T. White, estimates, in a statement given out tonight, that from information compiled by officials of the department, the special war revenue act passed last session will bring $1,865,000 in revenue up to July 1 next.

Bank note circulation, he states, will bring in $248,000; trust and loan companies, $55,000; insurance companies, $77,000, while stamp taxes generally, including stamps, on negotiable instruments, money orders, letters and post cards, patent medicines, perfumeries and wines will bring in $1,485,000. This makes a total of $1,865,000.

Taxes on railway and telegraph companies will not be ascertainable till later.

Mr. White states that the total amount of interest which will have been paid and accrued by July 1, on account of money borrowed from the British government for war outlays since August 1 last, is $1,160,000.

If the total amount of $150,000,000, already appropriated by parliament on war account, is expended before March 31 there will be an additional amount of interest payable after July 1, approximating $3,150,000. There is every indication, says the minister, that the amounts appropriated will not be sufficient to provide for the war expenditure up to March 31.

The appropriation of two million for pensions made last session is already being drawn upon, and in the opinion of the minister will be insufficient to meet the demands.

Book For Men, Free

8,000 Words, 80 Illustrations

TO MY READERS:

Of the little illustrated advice book described below, which I gladly send free to all men who fill in the coupon. I beg to say that it represents the very BEST information of a private nature which I am able to offer you as a result of over 30 years' observation and study of my subject, during which time I have personally interviewed many thousands of men, young and elderly, single and married, rich and poor alike, who came to me in confidence with their confessions of debility, lost nerve force and failing strength.

It is, reader, this vast and unusual opportunity which has enabled me to compile this very popular and valuable little free book (over a million of which have been sent everywhere to men who wrote me for them), and in a manner to reflect the exact living, breathing experiences and needs of real men who sought information as to the newer ways of self treatment without the use of drugs.

Remember, this book of over 8,000 words and 80 illustrations will come to you by return mail in reply to your request, and in a perfectly plain, sealed envelope, for it is no one's business but your own what the envelope contains. There is absolutely no obligation on your part to buy anything or pay anything, and merely the receipt of this book does not mean in any way that you are to use one of my VITALIZERS (see description below) and, in fact, only a portion of the book has any reference to the VITALIZER at all. Primarily it is a compendium of useful information for private reference, which you and all other men may easily profit by through life.

Therefore, please use the coupon, or, if nearby, I should be very glad to have you call.

SANDEN, AUTHOR.

Manly Men Move the Whole World.

It is a fact, reader, which you and I must recognize and admit, that the whole world admires and is fascinated by strong, vigorous, husky, manly, manhood, and we must also admit that it is this same manhood and this alone which is back of the real leaders and producers in every walk of life. No matter where we go, we find it to be the manly, vigorous, vital fellow who forges to the front, who fascinates men and women of this community, who does the really great things. An unmanly man merely means nature's laws gone wrong, for it is he who halts and hesitates, who takes the back seat, who does not fit into the picture in a way that a manly, vital nature should. And yet, reader, it is my firm belief that any man, no matter what his past, no matter what dissipations or follies may have left their mark upon his physical and mental being, I say to you that such a man, unless there be some unusual reason, may hope for a complete return of his strength, vigor and self-confidence, if he but go about his self-restoration in a natural, commonsense way.

I make a little appliance which we will call a VITALIZER, because I think that is the best word to describe its strange power. I don't want you to think of getting one of these VITALIZERS just now, but I would like you to investigate my claims as to what I believe can be accomplished by almost any weakened man who uses this VITALIZER faithfully for a few weeks. I speak, of course, of him who is willing to give up dissipation and lead a decent, conservative life, not only while using the VITALIZER, but for the future. The other kind of man, the dissipated, can hope for nothing from any treatment, no matter what it may be, hence such a man is eliminated from my consideration.

This little VITALIZER is made to wear upon the body all night. It weighs only several ounces and is no more unhandy than an ordinary belt, yet it generates a great FORCE that I call VIGOR, which flows into your blood organs and nerves while you sleep. Men say it often takes any pain or weakness out of the back in one application, and that 60 to 90 days' use has been sufficient to restore manly strength and to put men in the "never felt better in my life" class. Special attachments carry the FORCE of the VITALIZER to any part of the body, for the use of women as well as men in cases of rheumatism, kidney, liver, stomach, bladder disorders, etc.

Over two hundred thousand of these VITALIZERS have been used or are now being used by men all over the world.

You had better learn more of the VITIALIZER. It is fully described in my free book. If you live near me, why not call and test the VITALIZER yourself.
