A DAY'S BUSINESS RECORD.

FLOUR EXAMINERS APPOINTED TO ATTEND THE MONTREAL MEETING.

The Esplanade Difficulty Again—Toronto Stocks Active—Montreal and New York Stocks—Money and Exchange—Home and Foreign Grain Markets—Provisions.

The council of the Toronto Board of Trade met yesterday and appointed J. F. McLaughlin, J. N. Peer, and Wm. Stark as a delegation to attend the meeting of the Dominion Flour Examiners to be held in Montreal on October 25th for the purpose of fixing flour standards for the year.

The coal trade section of the Board of Trade met yesterday afternoon, but did not do anything in reference to settling the winter price of coal. The matter was mentioned only incidentally. The question before the meeting was, how would the ratifying of the agreement between the railway companies and the city of Toronto, in reference to the Esplanade, affect the coal dealers' interest? It will be remembered that a meeting of the Board of Trade considered the same question in the early part of last summer. The question was, however, shelved by some property owners obtaining an injunction to prevent the City Council from ratifying the agreement. The Canadian Pacific Railway now, however, has acquired the property held by these property owners, and it is probable that the ratification will be pressed. The coal trade section is to have another meeting about it soon.

We have received from Messrs. Latham, Alexander & Co., bankers and commission merchants, 16 and 18 Wall-street, New York, a copy of their book on "Cotton Movement and Fluctuations" for this year. Fluctuations in prices both in Europe and America are shown for a number of years back; daily and weekly receipts of cotton at the ports are given, and also the amount of shipments from every cotton producing country during the year. A review of the year's trade follows the preface, and a letter from Ellison & Co., Liverpool, on the cotton trade, is an important feature. The price of the book per copy is $2.

It was stated in some of yesterday morning's papers and the evening papers of the preceding day that the Dominion Bank had purchased a property on the corner of College-street and Spadina-avenue on which to build another branch bank. The Dominion Bank have not bought the property. The bank officials are not disposed to pay $600 a foot, the price named, for a site in this locality.

A COMPARISON OF TAXES.

A PAMPHLET FROM THE ANNEXATION COMMITTEE.

Toronto's Rate Less than that of Parkdale—A Comparison of Assets and Liabilities—Other Significant Facts and Figures.

A pamphlet has been issued by the annexation committee of Parkdale citizens, in which the financial standing of Toronto and Parkdale is compared. The figures are taken from official sources and are therefore reliable.

As to assets: Toronto has valuable real estate in addition to other sources of revenue, which yield a total of $80,000 per annum. The yield from her waterworks is not included, as Parkdale too may be said to have a revenue from that source. Thus it will be seen that Toronto has $80,000 of an income where Parkdale has not one cent. This income will pay the interest on $1,600,000 of Toronto's debt, at a 5 per cent. rate, so that in comparing the debts of the two places $1,600,000 may be deducted from Toronto's.

Now the liabilities: Total debts, including local improvements:

	Toronto.	Parkdale.
General debenture debt	$2,360,000	$303,038.64
Local improvement debt	2,130,000	200,521.51
Total to October 14, 1888	$11,460,000	$569,560.15
Less amount paid by income	$ 1,600,000	
	$9,850,000	$569,560.15
Burden per head	71.40	123.80

An objection is raised to putting in the comparison the local improvement debt, and although to include it is a proper way to find out the burden incurred by Parkdale as a separate municipality, another comparison is given without it, that shows the burden of general debt to the present date to be per head, in Toronto $55.80, and in Parkdale $80.26. In these calculations the last official returns of the populations of the two places are taken, which give Toronto's 138,000, and Parkdale's 4800. It is also shown that during the last two years, while Toronto's debt has increased 20 per cent., Parkdale's has increased 75 per cent.

The fact that while Toronto's general rate of taxation is 14½ mills while Parkdale's is only 12 is pointed to as conclusive that the taxation of the town is lighter than that of the city. But this is not the case, for Toronto's rate includes many expenditures which are not included in Parkdale's. Toronto's general rate includes the main lines of her drainage system, 25 per cent. of the cost of local improvements, but Parkdale's does not. In other words Toronto actually took from the pockets of her citizens, according to the last published official statements, during the year ending January 1, 1887, $1,289,395.07, or a total for all purposes of 15 mills, while Parkdale for the same period collected $21,466.29, or a total for all purposes of 12 mills. This makes it perfectly clear that Parkdale tax-payers were taxed 3 mills heavier than Toronto.

CAN'T SLEEP!

Sleeplessness and fearful dreams are the earliest and surest signs of brain exhaustion. In healthy sleep brain force is being stored up to meet the next day's demands. But nowadays the brain is asked to do so much that it is unable to control the mind, and at night the worries, troubles, and work are as present as during the day. Hence the brain has not time to recuperate its energies. The proper medical remedies are sedatives, nerve tonics, laxatives, and regulators of the general functions. Coca and celery are the sedatives and nerve tonics demanded, and in Paine's Celery Compound their pound combined. Full benefit is obtained. effect is official Italsocontains, in scientific proportions the best remedies of the materia medica for constipation and kidney and liver disorders. This is a brief description of the medicine which has brought sweet rest to thousands who tossed in sleeplessness from night to morning, or whose morbid dreams caused them to awake more tired than ever. All nervous, sleepless, debilitated, or aged people will find vigor and perfect health in the great nerve tonic, Paine's Celery Compound.

FIREPROOF BUILDING MATERIAL.
The Rathbun Company of Deseronto are now manufacturing and have for sale all kinds of fireproof building material. Their Porous Earthenware or Terra Cotta is recommended by Architects and Insurance Companies as unexcelled for protection against fire. Weighs one-third that of brick, mortar adheres to it without the use of lath, it may be nailed, sawed and worked with carpenters' tools, it takes the place of wood or brick for outer or inner walls and floors, is about the same cost, insures immunity from fire, dampness and vermin, giving warmth in winter and coolness in summer, lowers insurance, decreases the cost of the building.
Persons re-building old structures or erecting new ones are solicited to consult their architects or write us direct in reference to this new material. 63

ENGLISH MAILS.—A mail for England via New York will be closed at this office every day, excepting Sundays and Wednesdays, at immediately from 6 to 7 p.m., and will be despatched to England by what the New York Postmaster may consider the most expeditious route.
On Thursdays a supplementary mail for London, Dublin, Liverpool and Glasgow, will be closed here at 9 p.m., for the Cunard steamer sailing on Saturday, but to insure catching the steamer the 6 p.m. mail is recommended.
The Canadian mail via Quebec will close here on Wednesdays at 6 p.m.

OTTAWA WATER WORKS.
TO MACHINISTS.
Sealed Tenders, addressed to John C. Rogers, Esq., Chairman of Water Works Committee, will be received by Registered Letter only, mailed before noon of Wednesday, October 24th, 1888, and endorsed "TENDERS FOR MACHINERY," for the work required in the construction and erection of the proposed fourth set of Pumping Machinery in the Pump House Building, Ottawa.
Specifications and drawings can be seen at the Water Works Office in Press House, Peel's Bridge.
An accepted bank cheque, payable to the order of the City Treasurer, for the sum of One Thousand Dollars, must accompany each tender. This cheque will be forfeited if the party declines the contract, or fails to complete the work contracted for, and will be returned in case of non-acceptance of the tender.
All tenders must be on the forms furnished, with all blanks properly filled in and signed with the actual signatures of tenderers and their securities, or they will be ruled out as informal.
The Corporation does not bind itself to accept the lowest or any tender.
By order,
ROBERT SURTEES,
Manager C. W. W.
