How the Semi-Centenary of Knox College Will Be Celebrated.

With the opening of the session of 1894-5 Knox College enters upon the fiftieth year of its existence, and it is proposed to celebrate the semi-centenary by a series of special services of an academic and public interest extending over two days.

A carefully-prepared circular has been issued setting forth the history and work of the institution since its inception, and making a plea for increased contributions and larger liberality on the part of Presbyterians towards the college. An effort will be made to extinguish the mortgage debt of $26,500 at present resting on the buildings. A committee has been appointed to canvass the friends of the college for the amount.

ADVERTISING PAYS

When You Advertise a Superior Article—A Local Instance.

A short time ago—but a few weeks, in fact—Mr. T. H. George, the well-known Yonge-street wine merchant, was entrusted with the wholesale agency for East Kent ale, the famous product of Holliday's brewery. Until that time the ale, although the best in Canada, was comparatively unknown. Now, however, it is the best known ale in the city, and its fame is rapidly spreading throughout the province, the sales doubling every week. Judicious advertising always pays, especially when, as in the case of East Kent ale, the article advertised is of high quality.

Toronto Junction.

On the afternoon of the 12th a lad named Myles Mahoney was acting in a disorderly manner in the park at the Junction when Mayor Bond interfered. The lad's father, Michael Mahoney, yesterday laid a charge of assault against the Mayor, and the case will be ventilated before Magistrate Ellis.

A reception was tendered the Rev L. W. Hill by the congregation of the Annette-street Methodist Church on Thursday evening. Dr. Gilmour presided. An address of welcome was delivered by Mrs. Gilchrist, president of the W.C.T.U.

The Presbyterian Sunday school picnicked at Island Park yesterday. There was a good attendance and a pleasant day spent.

At a meeting of the Executive Committee on Thursday the report of the auditors for the past six months was received. It will be presented to the council on Monday evening next.

Public Library.

The Public Library Board sat just eight minutes yesterday afternoon and then adjourned until September.

Miles Vokes was in the chair. John Taylor, J. Kerr, Frank Somers and H. T. Kelly were also present.

An invitation to join the Canadian Institute and the city in inviting the British Association for 1897 was received. One hundred and seventy-six new volumes of books were ordered.

Accounts amounting to $1403 were ordered to be paid.

Snow in July.

Editor World: Allow me to add my mite to the notice in to-day's World of “snow falling at White River on June 4,” etc. On the 13th of July last year I was in the morning on a lake known as Rice Lake, just over the height of land, about three days' journey from Biscotasing, when we had a very heavy fall of snow—a regular storm. The same day, on Saskitawski Lake, 13 miles further north, I dug new potatoes of fair size from an Indian garden containing, perhaps, half an acre.

Cheap Trips To Hamilton.

Hamilton and return only 50c every Wednesday and Saturday afternoon by steamer Macassa, leaving west side Yonge-street Wharf at 2 p.m.; return leave Hamilton 5.30 p.m., arrive Toronto 8 30 p.m. This line of steamers run close to the shore, giving their patrons the benefit of the beautiful scenery between Toronto and the Ambitious City. Any person desiring a pleasant outing should take this trip. Boat calls at Oakville both ways.

Death of Dr. Baldwin.

Dr. William Augustus Baldwin died early yesterday morning at his late residence in Deer Park, North Toronto. Although he had been absent from Toronto nearly 20 years, since his return in 1892 his genial, kindly and unassuming bearing had already endeared him to everyone in his neighborhood. His funeral takes place this afternoon. He was a lifelong and consistent Conservative.

The Toronto Ferry Company's Attraction.

Amusement Director Conner of the T.F. Company will give two special performances to-day for the benefit of their patrons. D. H. McDonell, “The Wizard of the Wire,” will perform in the afternoon in the same suit of civilian clothes as worn by him during his first crossing of the Niagara River, July 26, 1893, and in the evening he will ride his bicycle over the wire cable. Albert Waltz, the skater, will also appear at each performance and the Queen's Own Band will furnish the musical program both afternoon and evening.

Saturday Excursions.

If desirous of taking any of the popular Saturday afternoon excursions across the lake, secure your tickets or family books at W. A. Geddes, ticket agency, 69 Yonge-street. Local or through tickets issued to any point. The popular Merchant' Line steamers leave on Tuesdays and Saturdays, at 4 p.m. for Kingston, Brockville, Prescott, Cornwall and Montreal; and Saturdays at 7 a.m. for Pt. Stanley, Toledo and Cleveland. All tickets of this line include meals and berths.

Poisoned By His Tights.

Charles Marlowe, who gives his address as 631 17th-street, Detroit, Mich., and who is employed as a clown at the Wild West show now performing at Hanlan's Point, was removed in the ambulance to St. Michael's Hospital, a sufferer from blood poisoning. He bruised his leg a few days ago while acting in the show and the wound became poisoned by the wearing of colored tights.

New Y.M.C.A. Appointments.

Two good appointments are just announced by the new Y.M.C.A. board. A popular young drummer, Mr. David A. McKillop, is to be the new assistant secretary, and Mr. J. E. Badger the new physical director. The latter is a capable man of experience and training in gymnastic matters.

Fever and Ague and Bilious Derangements are positively cured by the use of Parmelee's Pills. They not only cleanse the stomach and bowels from all bilious matter, but they open the excretory vessels, causing them to pour copious effusions from the blood into the bowels, after which the corrupted mass is thrown out by the natural passage of the body. They are used as a general family medicine with the best results.

For England.

The Allan Line has reduced the first cabin rates to Liverpool. The Numidian will be the next steamer and will leave Montreal on Saturday, 21st, at daylight. Passengers go on board the night before.

Corns cause intolerable pain. Holloway's Corn Cure removes the trouble. Try it and see what an amount of pain it saves.

THE CITY'S BALANCE SHEET.

How the Finances Stood on December 31 Last Year.

The annual report of the City Treasurer for 1893 was issued yesterday. It extends over 300 pages and is complete in every respect. The city's direct assets are estimated at $12,000,000, a large amount of which is revenue-producing.

The total receipts from all sources, exclusive of loans from banks during the year, were $5,842,915.

The disbursements, exclusive of sinking funds, etc., and cash on hand, aggregated $5,835,668.

Taxpayers contributed $2,987,349.

The city received from the Toronto Railway Company percentages totaling $72,234 and mileage fees amounting to $56,340, a gross total of $128,574.

The Waterworks Department yielded $461,189 and the sale of general license privileges $24,216, liquor licenses $35,575.

The principal items of disbursements were: Charitable and other grants $101,675, debentures redeemed $295,008, Esplanade improvements $255,520, Fire Department $157,684, interest $885,954, Police Department $230,718, schools $485,531, street lighting $132,632, Works Department, construction, maintenance $1,431 471.

Killed His Fox Terrier.

Dr. McCully appeared before Squire Wingfield and Ald. Macdonald yesterday afternoon to answer to the charge of cruelty to animals. The complainant is Alexander A. McDonald, the owner of the dog killed by the defendant.

A number of witnesses swore to seeing Dr. McCully strike the dog with a hoe, and a veterinary surgeon valued the dog at $400. It was a fox terrier.

The case was adjourned until Monday to allow the Doctor an opportunity to produce witnesses for the defence.

YOUNG GIRLS

entering womanhood ought to have just the special help that Dr. Pierce's Favorite Prescription can give.

They need to be started right. The “Prescription” aids and promotes the proper functions, corrects the delicate weaknesses and derangements that might become chronic, establishes regularity and health, lessens pain.

They want a nourishing, supporting, strengthening tonic such as an experienced physician has especially prepared for the female system, in the “Prescription.”

In every “female complaint” and weakness, and in all nervous conditions, if it doesn't benefit or cure, the money will be returned.

Miss MAGGIE JACKSON, of *Barbreck, St. Landry Parish, La.*, says: “I was lying sick for some time with female complaints, and all the medicine my friends gave me did me no good. Death was approaching; all my friends had given me up to die. I heard of your wonderful medicine, and I bought two bottles of it, and before I had taken the last, I got entirely well. I am still enjoying good health, and expect to praise your medicine every where I go.”

“THE TRIUMPH OF LOVE
IS HAPPY FRUITFUL MARRIAGE.

Every Man Who Would Know the Grand Truths: the Plain Facts: the New Discoveries of Medical Science as Applied to Married Life, Who Would Atone for Past Errors and Avoid Future Pitfalls, Should Secure the Wonderful Little Book Called “Complete Manhood, and How to Attain It.”

“Here at last is information from a high medical source that must *work wonders* with this generation of men.”

The book fully describes a method by which to attain full vigor and manly power.

A method by which to end all unnatural drains on the system.

To cure nervousness, lack of self-control, despondency, etc.

To exchange a jaded and worn nature for one of brightness, buoyancy and power.

To cure forever effects of excesses, overwork, worry, etc.

To give full strength, development and tone to every portion and organ of the body.

Age no barrier. Failure impossible. 2000 references.

The book is *purely medical and scientific*, useless to curiosity seekers, invaluable to *men only who need it.*

A despairing man, who had applied to us, soon after wrote:

“Well, I tell you that first day is one I'll never forget. I just bubbled with joy. I wanted to hug everybody and tell them my old self had died yesterday and my new self was born to-day. Why didn't you tell me when I first wrote that I would find it this way?”

And another thus:

“If you had dumped a cartload of gold at my feet it would not bring such gladness into my life as your method has done.”

Write to the ERIE MEDICAL COMPANY, Buffalo, N.Y., and ask for the little book called “COMPLETE MANHOOD.” Refer to this paper, and the company promises to send the book, in sealed envelope, without any marks, and entirely free, until it is well introduced.

Manufacturers of Surgical Appliances, Trusses, Artificial Limbs, etc. Crutches.

The following is a letter from a Clergyman of the Church of England: I have worn one of Messrs. Authors & Cox NEW ERA TRUSSES for nearly a year, and have much pleasure in saying that I firmly believe they are the very best on the market. They are exceedingly easy and comfortable, and, although possessing no under strap, never under any circumstances get out of place, and can be worn day and night for a week at a time without any inconvenience whatever. They never interfere in the slightest degree with the movements of the body, and after a few days their presence is entirely forgotten by the wearer. No greater boon in regard to surgical appliances has, I am persuaded, been conferred on suffering humanity. 6

Schwartz, Dupee & Co. wired Dixon: Wheat opened higher on reports that the extreme heat of the past few days in the Northwest had resulted in great damage to the growing crop. The strength, however, was only temporary, and broke half a cent on selling of a line for local account. The volume of business throughout the session was light, though larger than that of yesterday. The bulk of trade was local. New York reported over 30 loads taken at the seaboard for export. About 200,000 bushels was reported here and 250,000 at Duluth. The tendency of the market seems to be toward a lower range, but its actual condition is rendered uncertain by the tenor of influence of crop reports as they come in. The railroads are getting in better shape and liberal receipts of new wheat will doubtless appear next week. Our market is nearly 5 cents above St. Louis. The continued dry hot weather in the West reported this morning, caused a higher opening for corn. September sold as high as 43½c, but at the close declined ⅛c from the top on reported rains in Nebraska. Receipts showed an improvement. Cables were firm and higher. Russian and Danubian crop prospects were reported unfavorable.
