**Cows Killed by a Surfeit of Apples and Clover.**

**An Eccentric Farmer Sent to Jail Until His Taxes Are Forthcoming.**

Miss Oliver, a teacher in the Essex High School, is seriously ill of typhoid fever.

Mrs. Frances Matilda Reaume, of Dover, near Pain Court, died on Wednesday at the advanced age of 79 years.

After filling the position for nearly 25 years, Joseph Johns, tax collector of Stratford, has presented his resignation to the council of that city.

Essex claims to have two of the fattest boys in Ontario. Cecil Stone, aged 11, weighs 175 pounds, and Dell Beeman, aged 13, has 165 to his credit.

W. A. Brown, Chatham township, fell from an apple tree Monday, breaking one of his arms and injuring his spine. His injuries are of a serious nature.

Mr. Otto J. Klotz, astronomer of the Department of the Interior, has arrived at Port Stanley for the purpose of establishing an astronomic station in connection with a geodetic survey.

W. A. Parmer, secretary of the Windsor Racing Association, was fined $10 and costs for whipping Jockey Wm. H. Smith. It was shown by the evidence that the jockey was the aggressor.

Town Assessor D. M. Perry, of Woodstock, has completed his rolls. The books show a total increase in population of 40, while there is $10,000 of an increase in the value of property assessed.

Walter Potts, the boy who headed the recent riot in the East Central School, Windsor, has been indefinitely suspended by the Board of Education. Secretary Black reported that the total number of pupils now enrolled is 1,969.

Seven cattle belonging to Mr. Matthew Penhale, Edgeware road, Elgin county, got into an orchard Monday and ate so freely of apples and clover that two died and five others are in bad shape. Dr. Edmunds says he thinks the five ill will get around.

Barton Bros., Mount Dennis, township of York, have lost 180 hogs by cholera, which is now ravaging West York. Others have lost heavily, and the total is a pretty high figure. The health department of York are making strenuous efforts to stamp out the disease.

The death is reported at Mona, Norfolk county, of Mr. William Henry Scarth, a pioneer of Perth county, and father of Ald. Scarth, of Stratford. He went to the Huron district in 1834 and settled in Sebringville. He resided in Perth for 38 years, and moved to Norfolk in 1872.

Mr. John Cullen died a few months ago at his late home, con. 4, Puslinch, supposedly from the effect of a fall downstairs. Suspicions are now aroused about certain circumstances connected with the affair, and the Attorney-General will be asked to have an investigation.

Reference was made in Wednesday's Advertiser to the death of Charles Phillips, 12 years old, residing at 33 Church street, Windsor, who was accidentally shot and killed while out on a shooting expedition with his brother and another youth. The boy's grandfather met his death in a hunting accident ten years ago, when a gun that his son was carrying accidentally went off.

Daniel Ross is a rich, but eccentric, Dover farmer. For several years his taxes have had to be collected by force, and last year he chased the collector off his homestead with a pitchfork. This year Ross ordered him off the place, and the collector promptly obeyed. On Monday High Constable Coogan brought the eccentric farmer into town, and the magistrate ordered him to jail till the collection was made.

In the Assize Court at Chatham on Tuesday the case of Dennee vs. Western Assurance Company was concluded. The action was upon a policy of insurance for $2,000 on a stone and brick building in St. Marys known as the National Hotel, occupied by Mr. Dennee at the time of the fire on April 3 last. The defense of the company was that over-valuation of the premises supplied the motive for the fire, which was undoubtedly of incendiary origin, and that the plaintiff caused or procured the setting on fire of the building. There was at the time of the fire $6,000 of insurance in other companies. Verdict for plaintiff.

The largest telegraph office in the world is at the general postoffice, St. Martin's-le-Grand. There are over 3,000 operators, 1,000 of whom are women.

LIFE SAVED.—Mr. James Bryson Cameron writes: "I was confined to my bed with inflammation of the lungs, and was given up by physicians. A neighbor advised me to try Dr. Thomas' Eclectric Oil, stating that his wife had used it for a throat trouble with the best results. Acting on this advice, I procured the medicine and less than half a bottle cured me; I certainly believe it saved my life. It was with reluctance that I consented to a trial, as I was reduced to such a state that I doubted the power of any remedy to do me any good."

# How It Happened.

**Basis on Which the Telegraphers' Strike Was Settled.**

**Compromise Arranged Through a Conciliatory Board.**

Montreal, Oct. 8.—The C. P. R. Company and the striking telegraphers reached an agreement through a committee of Brotherhood Engineers, Firemen, Conductors and Switchmen, acting as a conciliatory medium between the C. P. R. and the strikers. The basis of the settlement is as follows:

"The men are to go back to work upon the understanding that the general superintendents will be instructed to hear the grievances of the men, and redress them if such are proved to exist. If the men find that the grievances, of which they complain, are not redressed, they may then appeal to the executive at Montreal, which will be prepared to go into the case with the men. In other words, the general superintendents—not the assistant superintendents—will be instructed to discuss with the men the series of rules and regulations, which the latter have drawn, and which Mr. Talt refused at the outset to consider, and to agree to such in so far as they do not conflict with the interests of the company. The men will thus have five superintendents to deal with, all over the system, instead of eighteen assistants. Pending the recognition of the rules and regulations of the order, the men go back to work."

"The board of conciliation," said Mr. Pierson, "gave a promise to the company that the terms of the settlement—that is, the exact terms—should not be made public. In a general way, it may be said that we have been promised that our grievances will be discussed by the superintendents. Failing redress from them, we can go before the executive. This is just what we have been contending for all along. I do not want to say that we have whipped the company, and I hope the company will be equally moderate in any statements they make. But last winter we spent three months and thousands of dollars trying to get to this point, which we could not reach. That is to say, we wanted an arrangement either that we could go before the subordinates, satisfied that they could, and would, render us justice, or failing action on their part, that we might proceed to lay our case before the executive. This is what we are now going to do, through the intervention of the board of conciliation."

Both parties accepted the good offices of this board, and both parties are satisfied with the result.

Toronto, Oct. 8.—The strikers appear perfectly satisfied with the result reached by the board of conciliation, having every confidence in their officers in their settlement. They received a telegraphic circular from Mr. Pierson as follows: "Strike declared off. Go back to work and assist the company all you can in moving the traffic." Mr. Price and Mr. Williams are convinced that the men have not gained anything in their action: Mr. Williams said: "I am inclined to think that the only concession made is that those men who have been replaced will be taken back, provided they have not been guilty of gross misconduct. Of 106 operators on the division controlled from Toronto, 23 had been replaced by new men, and these are all who will be affected by the order of reinstatement. Of the men who went on strike, but who offered to return before the settlement, all have already been reinstated, except two men at Owen Sound."

## BIT HER TONGUE.

**A Hurrying Man Causes a Child's Death.**

New York, Oct. 8.—Four-year-old Edna Farson was sitting in her little rocking-chair on the stoop of her parents' house, when a man hurrying by knocked her over. The child ran into the house bleeding from the mouth, her teeth having cut through her tongue. The mother took her to the nearest hospital, where the child was put under ether, an operation being necessary, but she died in a few minutes.

## TACKLED THE WRONG MAN.

**New Jersey Footpads Caught a Red-Hot Tarter.**

Lodi, N. J., Oct. 8.—Constable James Coe was hurrying along the dark and lonely road from Passaic on his bicycle. Near the cemetery two men jumped in front of him and ordered "Hands up." Coe ran into them, struck the nearest into the ditch, and then jumped on the other chap, who flashed a big knife. The constable smashed his wrist with a shot and then hit the man who had crawled out of the ditch with his revolver. Both were completely knocked out, and the plucky constable marched them ahead of him to the Hackensack jail.

**Nothing Hunts Out Corns**

Like tight boots. Corns are very small affairs, but apply to them a pair of tight boots and all other concerns of life sink into insignificance. Tight boots and Putnam's Corn Extractor (the great and only sure cure for corns) may go together, and comfort will be their partner; but don't fail to use Putnam's Corn Extractor. Frauds, cheap, poisonous, and dangerous substitutes, are in the market. Beware of them. Putnam's Painless Corn Extractor. Polson & Co., proprietors, Kingston.

SLEEPLESSNESS is due to nervous excitement. The delicately constituted, the financier, the business man, and those whose occupation necessitates great mental strain or worry, all suffer less or more from it. Sleep is the great restorer of a worried brain, and to get sleep cleanse the stomach from all impurities with a few doses of Parmelee's Vegetable Pills, gelatine-coated, containing no mercury, and are guaranteed to give satisfaction or the money will be refunded.

**Piles! Piles! Itching Piles!**

SYMPTOMS—Moisture; intense itching and stinging, mostly at night; worse by scratching. If allowed to continue, tumors form, which often bleed and ulcerate, becoming very sore. Swayne's Ointment stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. All druggists, or by mail, 50 cents. Dr. Swayne & Son, Philadelphia. ## RAILWAY RUMBLINGS.

**C. P. R. Earnings in September—G. T. R. Arrangements in Detroit.**

There is a car famine in Ohio.

The traffic receipts of the C. P. R. for the week ending September 30 were $509,000; for the same week last year, $588,000; decrease, $79,000.

The Grand Trunk has completed arrangements with the Detroit Railroad Elevator Company so that grain going to New England will be transhipped from lake boats to its rail line at Detroit hereafter. This arrangement is similar to the one with the elevators at Port Huron, and is to relieve the Grand Trunk line running east from Sarnia. The first boat chartered for the new route was the Egyptian. The traffic will give employment to a large number of men this winter. This arrangement will probably be permanent, as the Grand Trunk's business is largely increasing under the management of Mr. Hays. The grain will be brought from Chicago in steamers and consorts stored in the elevator, and run out into cars as fast as possible.

## BIKES DID IT.

**A Couple's Third Elopement Succeeds—Raced the Irate Father.**

Unadilla, N. Y., Oct. 8.—Darwin B. Teeter and Miss Alice Reed have beaten "the old man" at last. They had the clergyman waiting; met in a store; mounted their bikes; raced the irate father, beat him, and were married before he caught up. The couple eloped twice before, but Mr. Reed overtook them.

## A MONTREAL FAILURE.

Montreal, Que., Oct. 8.—John Maclean & Co., wholesale millinery, have assigned, at the instance of J. N. Greenshields, advocate, who has been appointed provisional guardian. The liabilities of the firm are placed at $175,484. The Merchants is a creditor for $65,000, notes drawn; A. F. Gault, $23,500; Alex. Stewart, $14,500; Greenshields & Greenshields, $2,000. The other Canadian creditors are for small amounts. The other creditors are scattered over England.
