Murderous Assault.—We have been informed that Mr. McKeil, of Long Reach, was recently way laid by two men named Weldon, and so severely beaten as to cause his death a few days since. We further learn that the cause of the outrage was in consequence of Mr. McKeil having given information against the W's. for some transgression of the laws. The guilty parties have been arrested.

Collision on the Mersey.—The Coroner's Jury which sat at Liverpool on the 15 dead bodies, caused by collision of the steamers *Sea Nymph* and *Ramler*, have given in a verdict of Accidental Death, with a deodand of £500 on the Sea Nymph; the jury considering that the want of a proper look out on board that vessel was the cause of the fatal calamity.

War Office, May 19.—60th—Brevet Lieut. colonel Sir Edward Brackenbury, from half pay unattached, to be major, vice Brookes, promoted; Captain Sir Edmund Stephen Thomas, Bart., to be major by purchase, vice Sir E. Brackenbury, who retires; Lieut. Alex. Magnay to be Captain by purchase, vice Sir S. Thomas, Bart.; Ensign Frederick Wentworth Bennett to be lieutenant by purchase, vice Magnay; Charles Duncan Cameron, gent., to be ensign by purchase, vice Bennett.

In the ball which crowned the spire of the tower of the old market house at Breslau, just taken down have been found a plate of copper, highly gilt, and bearing inscriptions of the date of 1571; a large quantity of coins, gold, silver, and copper, of 1541, and a box inclosing receipts for the price of all the materials furnished for the construction of the tower, and the salaries of the workmen employed; as well as a record on parchment, stating that the tower was built by a farrier of Breslau, named Olads wich, in conformity to a judgment of 1570, which condemned him to erect it as the expiation of a murder by him committed.

Discipline in the United States Army.—As the steamer Brownsville was near Natchez, on her way down this morning, before day break, with about three hundred volunteers from Tenessee, two of the soldiers got into a quarrel, and were ordered to desist by one of the officers. Not being obeyed the officer immediately shot down one of the parties, who is to be interred in the Natchez Burying Ground to day. Some of his comrades have remained to give him burial. The officer who committed the sad deed passed down with the company, and will be subject to trial, we suppose, according to the usages of the army.—*Concord Intelligencer.*

Warline.—The *Montreal Courier* says:—"The Burthopeside is now discharging her cargo of ammunition and military stores, the long expected muskets for the Militia were partly unloaded yesterday. There are several other vessels in with stores, and our wharves show quite a military appearance, with immense piles of solid and hollow shot, gun carriages, &c. Among the shot we noticed a large quantity of 64 lb. balls. The gun carriages appear to us of a new construction,—are very solidly made, and provided with slides. The Ottawa, at Quebec, brought one thousand packages for the Ordnance store keeper there. The Hirundo in this port has on board 42 heavy guns, 16 carriages, 150 boxes shot, 247 casks cartridges, 14 cases empty do., 2000 cannon shot, 450 shells, and 2 chests tools.

Two parties of artillerymen are now engaged in unloading the stores on board the *Burthopeside* and *Hirundo*. The whole of the lower hold of the former is filled with cannon of heavy calibre, and a large quantity of shot and shell. Several barges are being loaded with 32, 55, and 62 pounders, for Kingston where they will be mounted on the new fortifications, and will form a most formidable armament. The unloading of these guns, the heaviest of which weigh 66 and 72 cwt. each, is slow and laborious work. The fittings for the guns are complete, even to the handspikes.

Among the arms unloading are a quantity of Cavalry Carbines, on an improved principle.

We understand that after to day, no persons will be allowed upon the Island of St. Helena, without an order from the Ordnance Department. This, we are told, is in consequence of the construction of certain works for strengthening its defences, which are about to be commenced.

A number of the trees which interrupt the line of fire will be cut down, but we are glad to learn that the report that the whole are to be destroyed is not correct.—*Ib.*

To Correspondents.—We received Mr. Dunn's communication respecting the Alms' House, this morning, too late for insertion this week. We intended to have closed our columns to the insertion of any thing further on this subject, after the publication of "An Episcopalian" in the present number, considering that the public have heard quite sufficient of the matter, and that no benefit could possibly arise from further correspondence. It is our wish, therefore, that both parties should withdraw any intended communications; we shall use our own discretion as to publishing them.

Wesleyan Academy,
MOUNTALLISON, SACKVILLE, N. B.

VOTE OF THANKS
TO THE LEGISLATURE AND THE SUPPORTERS OF THE ACADEMY.

IT being considered necessary that the Committee should place on record their views of the kindness of the supporters of this Institution, Legislative and otherwise, the following Resolution was unanimously passed, and ordered to be signed by the Chairman and Secretary of this meeting:

"The extensive aid which the Wesleyan Academy, Mount Allison, has derived since its establishment from various friends and from the respective Legislatures of the Provinces of New-Brunswick and Nova-Scotia, having been made a subject of conversation at a recent meeting of the Committee of Management, held at Sackville, N. B., it was deemed just and right that the high sense which the Committee entertain of the very liberal feelings thus practically evinced, should be more extensively known,—

"Thereupon unanimously *Resolved*. That this Committe are deeply sensible of the kindness and liberal support which have been manifested both by Individuals, and the Provincial Legislatures of New-Brunswick and Nova-Scotia, by their numerous Donations and annual Grants to this Academy, as a Wesleyan Institution, and hereby tender their sincere and cordial thanks to the individual parties and Legislative Bodies, for the same; and the Committee cannot but think that it will be a source of gratification to the individual and public supporters of this Institution, to learn, from this official meeting, that great prosperity has attended, and still marks this seat of learning; and that there is thus afforded practical and satisfactory proof that this their liberality has been well directed."

(Signed) ENOCH WOOD, *Chairman.*
ALEX. W. McLEOD, *Secretary.*

☞ The next Term of the above Institution will commence on Thursday the 6th day of August, and continue nineteen weeks.
