CHICAGO MARKET.

RALLY NOT CARRIED FORWARD TO THIS MORNING — PROLONGED ARGENTINE MOVEMENT GIVES AMERICA A POOR SHOWING IN LIVERPOOL — SMALL CASH DEMAND FOR WHEAT.

Chicago, Oct. 12.

The rally of yesterday's market towards the close was owing, it is thought, to a round amount reported as having been taken for export, but the rally has not been carried forward to this morning's market Weakness prevailed in the openings and earlier sales on account of the small cash and speculative demand. Outside of covering of shorts the buying power was small and was represented by Schwartz Dupee & Co. The principal steady seller from the opening was Logan. Almost total abrence of transactions in October option would seem to indicate that the long interest was shifted from September into the December option. The three cents of increase in price per bushel thus made is a considerable payment as a carrying charge, yet the shifting forward to December option has been a general movement on the part of the long interest Bullish as this is, and as several well known facts are there has not been absent one strong bearish argument, Liverpool receipts of 498,000 centals for three days, of which barely one third came from America. The receipts ..e facts and bearish facts they are. They have been possible because the movement from the Argentine is this year more prolonged than usual. While Russian and Danubian reports are more favorable. Bulls, however, are strong in their position that holders of exportable surplus like Canadian grain men who have 50 millions for this purpose, will not give up this surplus without better prices.

At Liverpool wheat was cabled as being ⅜ higher, corn ⅛ higher with demand steady and prices firm a d some hesitancy pending foreign advices.
