Estey Found Not Guilty

After being outside for an hour, the jury brought in an unanimous verdict of not guilty last night in the trial of Wesley H. Estey, charged with misappropriating funds to the amount of more than $7,000 of C. A. Clark's money. The case was heard before His Honor Judge Armstrong in the county court and has been going on for some time.

A great deal of interest was taken in the outcome. Mr. Estey, who was in Boston, chose to come to St. John and give himself up voluntarily rather than have any suspicion left to cloud his name. He has been here for some time and will return, free of all blame, to his former position in the States where he handles the weekly pay-roll of the United States Rubber Company.

J. A. Barry was for the defence and C. H. Ferguson for the crown.

ROTHESAY RED CROSS

A total of $9,454.90 passed through the books of the Rothesay Red Cross Society. The amount was declared yesterday at the annual meeting. The following officers were elected: Mrs. John Thomson, president (re-elected); Miss Muriel Robertson, secretary-treasurer, (re-elected); executive, Miss Allison, convenor of the tea committee; Mrs. Thomas Bell, convenor of the purchasing committee; Miss Pitcher, Mrs. Malcolm MacKay, Miss Fannie Domville.

An excellent report was read by the secretary, Miss Muriel Robertson.

The receipts were $9,454.90; expenditures $9,292.43.

The expenditures include a $3,000 motor ambulance, which was given to the Canadian Red Cross, and cash donations of $3,755.18 sent to various hospitals or given in answer to appeals.

A total number of 7,559 garments have been made during the year, including 1,500 pairs of socks.

The sum of $100 was voted for hospital supplies. It was decided to have a system of pledges for the coming year by means of which the members will promise a certain amount of work.

The tea was in charge of Mrs. Allan Daniel and Mrs. J. B. Robertson.

IN THE POLICE COURT YESTERDAY AFTERNOON

At yesterday afternoon's session of the police court Magistrate Ritchie struck a fine of $200 against Frank O'Brien, arrested on a liquor charge.

In the matter of an assault on Norman McLeod, the court remanded both McLeod and Cecil Livingstone and William McAnulty. Wesley McDade was brought up for having liquor in the street. He was remanded. Walter Thompson was charged with assaulting his wife. Mrs. Thompson said that there had been a quarrel and Thompson had thrown dishwater at her and pulled her around by the hair. He had also thrown a lamp at his mother-in-law and kicked her down stairs. A fine of $40 in the case was allowed to stand on condition that they "turn over a new leaf."

A Significant Fact—More infants are successfully raised each year on Borden's Eagle Brand Condensed Milk than all other so-called "infant foods" combined—a statement fully corroborated by the thousands of unsolicited testimonials received annually from physicians and grateful parents. Three generations are testifying to the merits of Eagle Brand.

"If there is a comparative crop failure in 1918 as in 1916, from all that we can judge there will be starvation of millions of people. This will apply of course to the crops of all the world," said Dr. J. W. Robertson, chairman of the advisory committee of food control, who was in the city last evening. Continuing Dr. Robertson said: "If we can get a bigger surplus of production in Canada we will help increase the supply of the world. A grave situation is facing us and it behooves every man to give this a prime place in thought and action."

Dr. Robertson and R. E. Armstrong of the board of trade are calling a public meeting to be held at the Seamen's Mission tomorrow afternoon at 3 o'clock for the purpose of further organization for food control work in this city. In the meantime they will go to Fredericton tomorrow where they will meet a conference of representative men and women of the province, and food control matters will be discussed.

He can't fight —and he can't work —and he can't grow

"THE Russian Revolution was a food riot," says Mr. Hoover. Soldiers can't fight without food. Shall our troops be paralyzed for lack of food? Napoleon said, "Soldiers fight on their stomachs." Are we going to halt our army?

"BREAD is more important than munitions," says Dr. Wiley. The man who makes our shells must be kept hearty—or the shells will stop coming. Every worker in the country must be well fed or our fabric of business cannot last.

ABROAD the children are hungry. Three years ago that seemed impossible. This year we must send twice as much grain as we can normally spare. And if this demand keeps up, *and our waste continues*, how long before your child will starve?

Unless—You Save the Nation's Food Supply

OF course you want to do your share. Your only problem is where to get your facts. Five hundred thousand women have asked themselves the question and today have found the answer.

They have found it in September GOOD HOUSEKEEPING where you will find how *you* can save for *your own* family. You will find it in "Making the Most of the Perishable Vegetables". In "The Family Balanced Ration" by Carl Vrooman, Assistant Secretary of Agriculture. In "Eat More Corn Meal", and "Time to Pickle and Preserve". In "Early Fall Meals from the Garden," in "Soy, the Coming Bean," in Good Housekeeping's "Tested and Approved Recipes" for every day in September. In Dr. Wiley's article, "Something for Every One to Do".

Literally it has taken years to edit this September issue—years of experiment, investigation and patient effort—to give you now, when you most need it, a service that no other magazine has been privileged to render.
