Independent Order Foresters.

Each month's record since the meeting of the High Court for this province was held shows an increase over the corresponding months of a year ago. While the reports from all over the jurisdiction of Independent Forestry are of the most highly satisfactory character, the work is being vigorously pushed forward in every quarter, and it is fully anticipated that the year 1894-5, from present indications, will be the best in the history of the order. Bro. Harry A. Collins, H.C.R. of Ontario, has been busily engaged addressing public meetings in the interest of the order. Among the most successful held by him this week were those at Picton, Newburgh and Aylmer.

High Inspector Bro. C. C. Whale has just returned from Parry Sound District, where he has been holding public meetings and strengthening weak courts. Courts have been instituted during the last few days in the following places: Bartonville, Ont.; Yarker, Ont; Albion, Mich.; Voss, N.D.; Latham, Mo.; Mechanic Falls, Me.; New York, N.Y.; Freetown, P.E.I.; Grenfell, N.W.T.; St. Hyacinthe, Que.; Fowler, Ind.; Cazaville, Que.; Montreal, Que.

Waterworks for Mimico

Reeve Evans of Etobicoke called a mass meeting at Mimico to discuss the advisability of establishing a waterworks system between Mimico and New Toronto. There was a fair turnout of the residents of both places. The following gentlemen spoke in favor of the scheme: Messrs. Young of the Port Dalhousie rubber works, Keith of Toronto, Joseph Barrister and McDonnell of Toronto, Thomas Hassard of the Industrial Home, Mimico. Those who opposed the scheme were Messrs. Crux, F. Hendry, D. Hendry, George Gray and others. Mr. Barret endeavored to introduce a resolution, but the meeting broke up in disorder.

Around Municipal Headquarters.

Chairman Lamb of the Board of Works was yesterday waited upon by a deputation of master plumbers, who advanced reasons against the proposal to place the plumbing inspection under the control of the Medical Health Officer. Whether any change is effected or not it is understood that the staff of the Plumbing Inspection Department will be reduced by the dismissal of two of the present staff.

The Fire and Light Committee will meet to-day at 12.30 for the purpose of opening tenders for the two new steam fire engines and the water tower.

The members of the council assembled in the Chamber yesterday afternoon and selected the seats which they will occupy during the year.

The five-foot connection between the wells at the main pumping stations was finished yesterday. This will enable the two new engines to run daily to their full capacity, with an assured water supply.

A building permit has been granted to George Pears for the erection of two store brick additions and improvements to Nos. 3, 5, and 7 Caer-Howell-street, to cost $3000.

Trade of "Moderate Proportions."

New York, Jan. 25.—Bradstreet's says: General trade in the Dominion of Canada continues of moderate proportions. Toronto professes to find the outlook for business fairly satisfactory, but at Montreal no such prospect is in view at this time, while collections are slow and spring goods are being ordered more slowly than one year ago. Halifax announces some little encouragement in trade circles, with a moderate sorting-up business. Canadian business failures number 38 this week, against 64 last week, 48 in the week a year ago and 42, also, two years ago. Bank clearings at Winnipeg, Hamilton, Toronto, Montreal and Halifax aggregate $18,489,000 this week, compared with $21,159,000 last week and $17,333,000 one year ago.

Every spoonful of Dr. Price's Baking Powder is of full strength till used, because it's absolutely pure.

Guelich Declines to Come

The charge against ex-Ald. J. E. Verral, of conspiring to accept a bribe from Otto Guelich, Detroit, was again called at the Police Court yesterday, when a letter was read from Guelich stating that he did not intend to come to Toronto and give evidence. The Attorney-General will be consulted as to whether it is desirable to issue a commission to secure Guelich's testimony at Detroit. Meantime, the case was remanded for another week.

Thousands Like Her. — Tena McLeod, Severn Bridge, writes: "I owe a debt of gratitude to Dr. Thomas' Eclectric Oil for curing me of a severe cold that troubled me nearly all last winter." In order to give a quietus to a hacking cough, take a dose of Dr. Thomas' Eclectric Oil thrice a day, or oftener if the cough spells render it necessary.

RUPTURE DEFORMITIES

Artificial Limbs, Cratches.

AUTHORS & COX,

135 Church-st., Toronto

This is to certify that I was ruptured, and for eighteen months tried trusses, without benefit. By advice of friends I tried one of yours, which has CURED me ENTIRELY. I was doing heavy work all the time. I am as well as if I had never been hurt, and have been so for the last year. I recommend your truss as the best in use. HERBERT ALLEN.

GRATEFUL—COMFORTING.

EPPS'S COCOA

BREAKFAST—SUPPER.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided for our breakfast and supper a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame.—Civil Service Gazette.

Made simply with boiling water or milk. Sold only in packets by grocers, labeled thus:
