JUDGES' REPORT.—We find the assortment of harness larger than in former years, and of an excellent quality. The leather is good, but not so large in quantity as at former Exhibitions. The assortment of whips is excellent, and very creditable to the manufacturers. The silver-plated gig and carriage hames, manufactured in Hamilton, are an excellent article, and ought to be encouraged. We would recommend two classes in future, for oak and hemlock-tanned-leathers.
