SPOILED HIS SUNDAY SUIT.—The talkative little tailor, whose verbosity and rotundity are alike well known to the suffering public, met with an alarming experience in his trip to Fredericton with the boys on Sunday last. They hadn't much use for him, so they attached a rope to his trousers and dropped him overboard. The little tailor couldn't swim, but he could yell like a two-year old, and his frightful antics afforded the boys amusement for the rest of the day, and the return trip.

Notes.

It was too foggy for the St. John A. A. C. professionals last night.

Howe was twirling, though, and he was unfortunately hit on the right arm with a batted ball.

A. P. Wagg has been released by the Fredericton club.

Sexton, the Boston pitcher, will likely be with the Shamrocks hereafter.

The Worcester Collegians defeated the Monctons yesterday by a score of 13 to 5.

The Monctons have secured the services of a new pitcher, Madden, who has a great reputation.

Aquatic.

Owing to rough weather the races to have been rowed at Dululth on Friday were postponed until Saturday. Gaudaur won the singles easily, with Teemer second and Hosmer third.

At 5.55 the nine racing shells were in line, after several waits to clear obstructions out of the course, and at the shot all started with beautiful evenness. Each spurted at the start, but Gaudaur's swift stroke soon forced him ahead, with the rest bunched close after him and holding their position well. Half way down the course Gaudaur, Teemer and the two at the right bore off outside of the flags, but soon discovered their mistake and kept away again towards the centre. Gaudaur turned first and Teemer second, Hosmer third. They kept the same positions up the course. At the finish Gaudaur came in pulling magnificently, and crossed the line as fresh as at the start. Teemer and Hosmer followed pulling more doggedly. Hanlan came in a good fourth, and the others were bunched.

THE GREAT SUNOL.

Robert Bonner, the owner of Sunol, is delighted with the fine performance of his wonderful filly in making a record of 1.02½ for half a mile. "Looking at her achievement," he said, "I am inclined to alter the view expressed a few days ago about the improbability of her beating Maud S. I now think that, fit and well, Sunol is exceedingly likely to lower the old mare's record for a mile. It has been erroneously stated in several papers that Sunol's 1.02½ is the fastest half-mile record ever made. Maud S., just before I bought her from Mr. Vanderbilt, did a half mile in Chicago in 1.02. She was at that time 6 or 7 years old. I may say that the match with Axtell is practically agreed on and will take place in September. I have heard nothing about Sunol's intended public trial at Buffalo, but I understand that the secretary of the Buffalo track has said that Sunol will trot there on August 7 against her 2.10½ record."

HOOF BEATS.

It is now announced that Proctor Knott has broken down for good, and will never again stand the hard work of training.

A special from Fredericton says that Dave Atherton's King Charles yesterday lowered the maritime province record of 2.30 by trotting a mile in 2.29.

St. John Presbytery.

The Presbytery of St. John met yesterday at St. John Presbyterian church, Rev. D. Fiske, presiding. The delegates from St. Stephen were: Judge Stevens, J. G. Stevens jr. and Joseph Laflin, while Messrs. Jarvis Wilson, John Montgomery, McClelland and Brittain represented the Carleton church. A call from Chipman in favor of Rev. D. McD. Clark was presented. The sum of $550 was the salary guaranteed. It was decided to sustain the call, and to apply for a supplement of $200.

The call from Carleton church to Rev. Godfrey Shore, of St. Stephen, was then taken up. Resolutions passed on July 22nd by the St. Stephen congregation were read, setting forth the regret of that congregation at the translation of Mr. Shore to Carleton, but offering no objections. Considerable discussion followed, the various delegates expressing themselves as in favor of the translation. It was decided that the induction take place on Tuesday, Aug. 12th, at 7.30 p. m., Rev. Dr. Bennet to preside; the sermon to be preached by Rev. Mr. Fullerton, Rev. T. Stewart, of Sussex, to address the people and Rev. Mr. Fotheringham the preacher.

The Indiantown Ferry.

TO THE EDITOR OF THE GAZETTE:—

SIR:—I wish to say a few words in reference to the management of the Indiantown and Pleasant point ferry service.

This ferry is now given free to a company to manage upon condition that they provide a steam ferry, with better accommodation to the travelling public, than given by the row boats. I cannot discover that they have done so, although I have occasion to cross the river every night and morning.

This morning I arrived at Pleasant point ferry landing at 7.35 and I had to wait until 8.25 before the boat went over; or in other words I was an hour all but five minutes, going from Pleasant point to Indiantown. I think I have just cause for complaint, as I consider delays such as this unnecessary. When I enquired of the captain the cause of the delay he quietly said they were coaling up and could not get over any sooner. This work could be done at 9 o'clock in the evening when the boat stops, instead of the bussiest part of the day, when people are going to their places of business, and cannot wait. I do not wish to find fault without just cause, and I think now as the company have the ferry free, and the revenue which used to be derived from it which amounted to from $600 $1200 a year has now to be made up by taxation, we should have better accomodation.

Backed off the Wharf.

While Charles Williams was turning his horse and sloven opposite White & Titus' store on North wharf about 11 o'clock to-day the reins caught in the wagon wheel and the horse became unmanageable and backed off the wharf, falling into the water in the slip. There was a hogshead of molasses on the wagon but this was unloaded in the descent. The tide had only ebbed a few feet so that the water was quite deep and considerable difficulty was experienced by the men who came to the rescue in boats in keeping the animal from being drowned as a result of being pulled below the surface by the heavy wagon. The work of freeing the animal from the harness was watched by hundreds of people along the wharves and when this had been accomplished the horse towed his rescuers to the shore at a rapid pace his mane and tail being held straight in the air by the boatmen.

Once on land the horse was rubbed down by nineteen men with shingles and barrel hoops after which he was mounted by Carl Kemp and given a refreshing run to set his blood in circulation after the cold bath. The sloven and molasses were recovered when the tide went down.

Mr. Timmerman in Woodstock and Fredericton.

Mr. Timmerman, general manager of the New Brunswick division of the C. P. R. was given a reception by the business men of Woodstock last Monday evening at which to several congratulatory addresses he made a happy and encouraging reply. He said that better station accommodations would probably be provided, and that no changes would be made among the local staff who are doing good work. Last evening he was received by the city officials and business men of Fredericton at the Queen hotel. Attorney general Blair and others pointed out the necessity for better train service. Mr. Timmerman said he was deeply grateful for the reception that had been accorded him. He had come among the gentlemen an entire stranger to most of them and they had treated him in the most hospitable manner. Without making any definite statement he thought he was justified in stating that arrangements would soon be made that would probably be in the interest of Fredericton as well as the company. It would always be his chief aim to do what be could to satisfy all parties.

Provincial News.

The lifeless body of Richard Davis, boiler maker, was found floating in a few feet of water near the breastwork at Victoria Park, Charlottetown, between 7 and 8 o'clock last Monday morning. He had been on a spree.

H. M. S. Thrush, with Prince George of Wales on board, is expected in Halifax on Friday. Despatch from Newport says the Thrush is not going there and the plan and arrangements of social Newport have all gone for naught.

John Bingley, of Isaac's Harbor, recently netted a mackerel off St. Peter's Harbor, P. E. I., measuring two feet in length,—the largest ever known to be caught in these waters. The fish was too large to mesh in the net, but after breaking one of the meshes got caught in the space of both and got tangled by the tail.

Dr. R. J. Baxter, aged 44 years, died at Moncton yesterday of heart disease. He was a son of Rev. J. L. Baxter of Picton, and a successful practitioner. His life was insured for a large amount. He was considerably interested in agriculture and owned one of the model farms of Westmorland.

A young man named William Reynolds in attempting to get on board the freight train at Dorchester yesterday morning fell between the train and the station platform. He was immediately taken out from his perilous position, placed on the train and brought to Amherst. One shoulder was dislocated.

The nine year old son of Findlay Mackenzie of St. Mary's road, N. S., met with a horrible death a few days ago. He was leading home a horse, and the rope was tied around his waist. The animal took fright and rushed off at full speed, dragging the child after him till the boy's head struck a stump, which caused the rope to snap and brought instant death to the boy.

AT THE SHAMROCK GROUNDS.—The concert of the City Cornet band at the Shamrock grounds this evening should be well attended. A gold watch will be drawn by the holder of the lucky ticket of admission.

CORRECTION.—In Monday's GAZETTE it was stated that W. S. Saunders was committed for trial for bank robbery. This was an error. It should have read Robert Sanders. Mr. W. S. Saunders is a member of the firm of Saunders Bros. and a highly respected citizen of the enterprising town of Woodstock.

PATRIARCH MILITANT.—During the early part of September, Canton Halifax, No. 24, Patriarchs, Militant, of Waterville, Me., will visit St. John. They will be accompanied by their ladies, and will probably be joined by several other cantons. The excursionists will be entertained by the canton in this city, and without doubt have a highly enjoyable trip.

HANDSOME PRINTING.—Messrs. J. & A. McMillan have just completed in their establishment a letter head to advertise the great International fair which opens in St. John, September 24th. The heading is printed in three colors and has a finely executed view of St. John city and harbor. They have also completed a finely designed envelope to accompany the letter head. The latter is printed in tints.

A BRAVE COUNTRYMAN.—An Italian fortune teller pitched has tent on Water street this morning and was soon surrounded by an admiring crowd. A woodboat sailor, slightly intoxicated, soon joined the throng and began to annoy the Italian. The fortune teller stood the annoyance for some time but at last becoming exasperated he ran at the sailor with his stand uplifted but his prey took refuge behind the crowd and was seen no more until the native of Italy had got at a respectable distance. "Joe" then came forth loudly boasting how many men he had annihilated in his existence.

THE GAZETTE was favored by a call today from Dr. Eli E. Josselyn of the Pennsylvania Hospital, Philadelphia, Pa., who is on his annual outing in the Maritime Provinces. To-day he paid a visit to Dr. Steeves at the Lunatic Asylum, and tomorrow he will proceed to Tusket where he owns two or three islands which he proposes after a time to convert into sheep farms for which they are well adapted. The fishing rights around the islands pay the doctor a fair interest on his investment, and the interest which he takes in his property in that beautiful section of the country naturallly adds to the pleasure which he derives from his visits away down east.

RAISING A SUNKEN SHIP.—About a year ago the Spanish steamer Eduardo, bound from Boston to St. John, went ashore in a dense fog on Old Man's Island, near Lubec, Me. She was a large iron tramp steamer of 1600 tons burthen, 325 feet long, and was bound to St. John to load for England. She was afterward sold by the insurance companies to the highest bidder, and L. E. Lunt & Co. of Portland purchased part of her for the iron and metal that could be saved from the wreck. Several thousand dollars worth of metal has already been taken from the schooner and shipped to Portland and Boston. The wreck lies in about 40 feet of water, which necessitates blowing and raising, dynamite being used. The work is very hazardrous, requiring the services of an experienced diver, and Mr. Bickford W. Brooks of Kennebunkport has been engaged to do that part of the work. Under the most favorable circumstances the work cannot be finished in less than a year.—Bangor Commercial.

A Duke's Vast Domain.

The Duke of Northumberland is one of the largest landed proprietors in Great Britain. To say nothing of his ownings in London, his possessions in Surrey, Middlesex and Northumberland aggregate 200,000 acres, with a rent-roll of $875,000 annum. In Northumberland alone he owns five castles, but it is said that the largest part of his enormous income is derived from his proprietory interest in Drum'mond's bank. The marquis of Salisbury, Premier at present, owns 20,000 acres and as much of his real estate lies in London he is very, very rich.

"Heavens! You have been eating pears and now you have sauerkraut. How will they go together?" "That's for them to settle. I don't bother myself about it."

CLIMO'S WORK should be seen at his rooms by those who desire the finest art effects in photography, 85 Germain street.

W. F. HATHEWAY,
St. John, N. B.
DEAR SIR.
The settlements is Foochow have up to date been very small and the probability is that the pickings of the 3rd and 4th crop will fall considerably short compared with late years. Furthermore the rise in silver must increase the laying down price of teas.
Yours &c.
My Teas now on way from China are First Crop.
