THE MARKETS.

Revised Every Monday for the Weekly Sun.

COUNTRY MARKET.

The market is generally steady. Considerable Ontario beef is still coming in and meets with much favor from buyers. Meats and poultry are steady, with mutton a little firmer. Buckwheat meal is in rather small supply and a little higher. Butter sells at all sorts of prices. On Saturday choice dairy pound rolls, such as are put up by a few well known dairies, sold at retail as high as 28c. There is no difficulty in disposing of a first class article, but there is too much poor stuff at any time. Celery is getting a little scarce. Some early hothouse vegetables are on sale now.

FISH.

There have been further arrivals of smoked fish, but little else. Dry fish continues firm, but trade generally is rather dull. The upper province trade is very dull, all markets there being heavily stocked. The Lenten trade does not pan out as well as was hoped for, but fortunately stocks generally here are not large. The re-imposition of the duty on fish by the Spanish West Indies will adversely affect provincial trade. A few gaspereaux have been taken along shore. The lobster catch is almost nil.
