Ayer's Cathartic Pills,

For the relief and cure of all derangements in the stomach, liver, and bowels. They are a mild aperient, and an excellent purgative. Being purely vegetable, they contain no mercury or mineral whatever. Much serious sickness and suffering is prevented by their timely use; and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the safest, surest, and best of all the *Pills* with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleansed by *Ayer's Pills*, and stimulated into action. Thus incipient disease is changed into health, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar coating makes them pleasant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution, or diet, or occupation.

Full directions are given on the wrapper to each box, how to use them as a Family Physic, and for the following complaints, which these *Pills* rapidly cure:—

For *Dyspepsia*, or *Indigestion*, *Listlessness*, *Languor*, and *Loss of Appetite*, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For *Liver Complaint* and its various symptoms, *Bilious Headache*, *Sick Headache*, *Jaundice* or *Green Sickness*, *Bilious Colic* and *Bilious Fevers*, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For *Dysentery* or *Diarrhœa*, but one mild dose is generally required.

For *Rheumatism*, *Gout*, *Gravel*, *Palpitation of the Heart*, *Pain in the Side, Back, and Loins*, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For *Dropsy* and *Dropsical Swellings*, they should be taken in large and frequent doses to produce the effect of a drastic purge.

For *Suppression*, a large dose should be taken, as it produces the desired effect by sympathy.

As a *Dinner Pill*, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

Watchmaking in Switzerland.

[From the Swiss Times of May 30th.]

WE have already drawn attention to the annual meeting of the Society of Arts held on the 23rd current, under the presidentship of M. Th. de Saussure, and are now able to furnish some further details.

Professor Soret, in delivering a most interesting report, passed in review the operations of the Industrial section, in reference to Commerce, laying great stress upon the competition that has taken place in the manufacture of chronometers. This competition was instituted with the object of testing the workmanship and precision of chronometers turned out by Genevese manufacturers, and none but those adopted for pocket use were admitted. They were deposited in charge of the authorities at the Observatory, and underwent the most searching ordeal possible to be applied to pocket instruments of this class. The jury specially retained to decide the difficult question as to whom to award the palm of excellency unanimously decided in favor of Messrs. J. M. Badollet & Co. This firm having carried off the sole prize by exhibiting a chronometer which fulfilled in the highest degree every condition required, crowned their first success by gaining honorable mention for two other chronometers. The allusion to this triple honor was received with enthusiastic applause, and Professor Humbert, President of the Fine Arts Section, closed the meeting with a happy and humorous dissertation upon subjects connected with this department.

Mrs. George Waterbury's

CELEBRATED DINNER PILLS!

A sure remedy for Indigestion, and all bilious and Liver Complaints. Made by her daughter, Mrs. E. H. Lester.

THE above Pills having stood the test over forty years, and being prepared with great care and study, nothing cheap or impure being tolerated in their composition, are perfectly safe to administer to the most delicate constitution. They never reduce the patient; no cessation from business or any unusual change is ever necessary. They never render any one more liable to take cold, containing no dangerous drug, they act as kindly on the tender infant, the most delicate female, and infirm old age, as upon the most vigorous and athletic system, exercising the most healthful influence on the whole system, invigorating the debilitated organs, building up the flagging nervous energies, imparting vigor to body and mind, and bringing every faculty into healthy play.

To Females, from the peculiar affections that attend them when they are arriving at maturity, and also at the decline or "change of life," they are the best remedy and assistant that can be used.

What may seem almost incredible is the astonishing rapidity with which they cure diseases hitherto considered incurable.

Numbers of our first-class families keep them constantly on hand, for the various ills of life, and rely on them implicitly.

They are sold with the understanding that they exceed their recommendation, and are the best Household Medicine extant.
