LOCAL NEWS.

OUT AGAIN.—Geo. E. Fenety, Queen's printer, has recovered and is able to be out again.

ARBOR DAY.—Inspector Bridges has named Friday, the 13th May, as arbor day in his district.

REMOVAL.—Blair & Barry and Geo. A. Hughes have removed their offices to the new Whelpley building over Oak hall.

CALLED HOME.—Mr. Dobson, principal of the school at St. Marys, has been at his home, Kent county, attending the funeral of his father.

N. B. PHYSICIANS.—The late issue of the Royal Gazette contains the names of 187 physicians registered in this province, one of whom is a woman.

APPOINTMENTS.—F. P. Thompson has been elected president of the Fredericton gas company in room of the late Marshal Richey. James Dever has been elected a director.

THEY GOT THERE.—An Italian harpist and a female singer were a source of attention on Queen street yesterday. If they did not strike the heart they reached the pocket every time.

YORK STREET SCHOOL.—Work on the York street school building will begin next week. Mr. Limerick will put on a large force and the building will be rushed on as rapidly as consistent with good work.

DOAKTOWN ABLAZE.—A fire at Doaktown on Monday destroyed the temperance hall, school house, Baptist church and several other buildings. Harvey Doak's residence had a narrow escape and was only saved after strenuous exertions.

AT THE I. S. C.—Major Buchan has been transferred to Toronto, lieutenant Carpenter to London, Ontario; lieutenant A. H. McDonald, of Toronto, and Major Gordon, of Halifax, will take the places in the school there made vacant by these changes.

PROMOTED.—The I. S. C. Sussex goat that led the company on their return to town last summer has been sent for safe keeping to the Indian camps across the river. As a means of knocking the laziness out of Loo the goat cannot be beat, he allows no standing round but keeps all on the move.

ACCOMPANIED THE REMAINS.—John B. Grieves, of the Waverly, accompanied the remains of the Hon. Mr. Turner to his home. He speaks of the universal sorrow expressed all along the route, a token that the deceased member had a strong hold on the affections of the people who knew him.

WHARVES AND MARKET.—R. A. Estey has secured control of the wharfage and anchorage fees at a bid of $543, the market tolls being knocked down to S. Cook at the price of $321. Mr. Cook will have to stir himself to become as popular with the country people as was John H. Perks, the late clerk.

PROHIBITION.—Dr. McLeod, who attended the meeting at Montreal of the prohibition commission on Tuesday, Wednesday and Thursday of last week has returned. Next meeting will be held in the same city in the latter part of May, when reports as to legislation will be brought in by each member.

HORSE DOCTORING.—William McFarlane, of Nashwaaksis, performed a delicate surgical operation on a horse a few days since. The animal belonged to Thos. Clayton, of Gibson. It had a tumor on its side about four inches long by two thick, which was removed. The wound has healed and the horse is well.

RAILWAY STATION.—There is a good force of men at work at the new station here and it will be ready by the middle of June it is reported. The carpenters will then be removed to Gibson, where the old station and tunnel will be torn down and a small building, similar to that at St. Marys, will be erected instead.

CLEANING UP.—A general cleaning time has been observed on the streets and sidewalks and the city is much the better of it. Phœnix square fountain has been replaced and repainted. The lawns and flower gardens all over the town have been got in shape and a general summer appearance is observable everywhere.

MILL PURCHASED.—The Keswick American syndicate has purchased the Lewis Brewer mill and property at Zealand and shipped quite an amount of new machinery from Fredericton to that point on Tuesday last. It is the intention to refit the mill and to do a large manufacturing business. Mr. Brewer will remain in charge.

TOKEN OF ESTEEM.—Jas. Wetmore, jr., of Gibson, on the eve of his departure for Blackville was presented by the members of the bible class of St. Marys church Sunday school with an address and plush shaving case. Mr. Wetmore has been the librarian of the Sunday school for some time and will be much missed by everyone.

ENTERPRISING.—D. F. George and R. A. Estey are wasting no time in getting their lumber shipped. The Mary George was at the Gibson wharf loading with shingles, the wood boat Pursuit has gone with a load as also has the River Home. These gentlemen find a large amount of work for the people and it would be better for the city were there more like them.

ON A VISIT.—Frank Carr, of Geary, Sunbury county, who has been in northern Wisconsin for the past four years, arrived in this city en route to his home on Friday morning. He met quite a number of the boys from this city and vicinity in that state and says that times just at present are not brisk on account of the extremely low water. He intends returning.

TROTTING TO BE.—Shareholders of the Fredericton trotting park association will hold a meeting at the Queen hotel on Monday evening next, when directors will be chosen for the coming year. The board will hereafter consist of twelve instead of seven, as formerly. Steps will be taken to get up a series of races on the 24th if possible. A full attendance is requested.

BON VOYAGE.—The attorney general and Mrs. Blair left by the eleven o'clock train on Monday for New York, whence they sailed on Thursday for England. A large number of citizens assembled at the station to wish them bon voyage and a safe return. Miss Tabor, a neice of auditor general Beek will be a passenger by the same steamer. The party will be a pleasant one and the voyage at this season should be all that can be desired.

EEL RIVER BRIDGE.—Robert Logan, who has had charge of the Eel river bridge, has returned home, having finished his contract. The bridge is a good one, Mr. Logan being as good a man as could have been selected to build it, being a skilled workman and having done a vast amount of work of that description. The bridge is now open for traffic and those who have crossed it report it one of the best bridges in the upper part of the county.

COVERED WITH DEBRIS.—The work of last winter's ice shove on the Nashwaak was never so plainly seen as at present. The meadows and islands are covered with drift wood and trees, while the sod has been ploughed up and thrown into heaps. It will take many days labor by the farmers to get the fields cleared, so that they will be fit to mow. The Goodspeed flats as well as those owned by Jas. Gibson and N. Price will take some raking.

RIVER DRIVING.—Inch by inch the river is slowly rising and by the regular driving season the streams will be in as good shape for it as ever before. There has seldom been any driving till about the middle of May. Reports from up river are to the effect that the snow has not as yet wasted to any extent and that there will be fair driving when the rains come. There is sufficient water at present to break the brows, so that everything will be ready.

COMIC OPERA.—The Sargent Aborn comic opera company are to give two performances at the city hall, Monday and Tuesday next. The two operas to be given are "The Mascot" and "Olivette." Sargent Aborn's company is the largest that has ever come this way and their performances have been giving great satisfaction in St. John the past two weeks. The advance sale here indicates full houses both nights.

NOT IN IT.—The last issue of the Woodstock Press contains a letter anent the opposition memorial, written by Dr. Atkinson that knocks "Artemus Ward his book" cold. Just think of the gall he displays. Surely his honor, Sir Leonard Tilley, must know as much if not a little more about constitutional law than the doctor. The Press should shave the doctor's head or give him some of his own medicine. Marcus is not in it, politically speaking.

Blaze at Victoria Mills.

There was quite an excitement in town on Tuesday afternoon when it was learned that the dwellings round Victoria mills, better known as Estey's mills, below town, were on fire and the chances were good that the whole village would be wiped out. The mill men and others worked like Trojans to protect the buildings but one after another gave up the task as hopeless. The wind was very strong and the mill building was on fire several times. Mr. Hale telephoned to the city for help and engineer Lipsett with chief Hawthorn of the H. L. and P. Co., and capt. Rutter of No. 4, with a strong force from the central station were soon on their way down. Johnny Orr with the "Alexandra" trotted down in lively shape, the engine appearing glad, so the boys said, at a chance to show that the water works had not completely annihilated it. Two houses occupied by Lem. Blizzard, Wm. Kelley, Wm. Bonner, Mrs. McLean and Andrew McIntyre, were burned but were covered by insurance in Frank I. Morrison's offices. The firemen worked with a will and have won the best wishes of the residents of the place. They were royally entertained by A. J. Hale.

The mill owners, Hale and Murchie, will rebuild at once, the intention being to put up three buildings further back from the road than were the old ones, thus lessening the danger to the mill in case of another fire.

Lumber Trade.

Latest advices in England concerning the trade in lumber are not very encouraging. All the great shipping centres report stagnation in business with here and there a better feeling but not much promise of improvement. There is little doubt that the strikes have had a depressing effect on the sales of lumber. Timber trades journal says:

So far there is nothing at all bright to report as to the state of trade here. When there is business at all it is on old orders not yet completed. With the single exception of house building, there is absolutely no business moving. In the docks it is like a Sunday, more especially in Tyne dock; little or no coal is being shipped, and the river is quite full of vessels laid up for want of employment. Trade is practically paralysed all over the district. So far there is not a rift in the cloud, except that of a very melancholy kind—that great destitution is experienced in certain districts, and this, probably, may work its own cure. Seldom has the position or outlook in these parts been of a more melancholy kind, for one trade effects another.

Death of Mrs. Mitchell.

The death is announced of Mrs. Mitchell, wife of hon. Peter Mitchell, who has been living for some time in Toronto in retirement. Mrs. Mitchell is a sister of the hon. S. S. Carvell, lieutenant governor of Prince Edward Island, and of Lewis Carvell, Esq., ex-government superintendent of railways in this province. Her first husband was James Gough, a Portland policeman, who was assassinated on Main street about 1849. Neither the assassin nor the motive for the deed was ever discovered. Mrs. Gough's son, Jacob Gough, at one time was a conspicuous figure in New Brunswick politics and led the opposition in the local assembly to the King government. Mrs. Mitchell was a woman of great energy and strength of mind, and in her active life had a large circle of friends. She was a devoted leader in local mission and evangelistic work. There is one child, a daughter, by her second marriage, who lives with her father.

A Choice Situation.

No better site could be chosen for a creamery than the Mouth of Keswick as it affords a cheap power, has good springs in the vicinity and there would be no difficulty in getting the requisite number of cows. Keswick Ridge and the valley up to Zealand station with Stone Ridge, Scotch Settlement and the upper part of Douglas, would furnish more milk than one establishment could care for. In speaking of the exertion of the government to benefit the farmers, the St. Croix Courier editorialy says:

"The provincial government certainly deserve credit for the steps they are taking to encourage and develop the dairying interests of the province. As our readers are probably aware they have made an appropriation of $10,000 for this purpose and, if the money is judiciously expended, most beneficial results should follow.

Business Changes.

There is quite a change apparent along Queen street in business lines. F. B. Edgecombe is to open out the store lately vacated by Thomas W. Smith, which he will occupy as well as his old stand.

The Gleaner has gone up and Miss Williams has opened that office as a milinery store.

C. H. Thomas & Co., have left their old stand and taken up their quarters in Oak Hall, opposite the post office square.

A. F. Morrell has taken half of McCatherin's shop, which he will in future occupy, his old stand will be opened in a few days by Wm. Carten, druggist, late of Davis, Staples & Co.

Howard & Crangle are getting into their new building on Carleton street, the upper flat of which is occupied by the Farmer.

The Gerrymander.

The late gerrymander bill, called the redistribution bill, has reduced the representation of St. John, and has united Queens and Sunbury as one constituency. It was expected that a part of York would be added to Carleton, but as both counties are liberal there would be no benefit derived, and Dr. Colter's election shows Carleton to be decidedly liberal. Queens ranks as strongly liberal while Sunbury is the reverse, therefore it was thought that by uniting these the balance of power would remain in the hands of the conservatives. It would appear as though New Brunswick was not so prosperous as the Sun and journals of a like kidney would make the people believe.

Literary Notes from The Century Co.

A new volume of The Century will begin in May with a number of unusual interest. Three important serial features will be commenced in this number, namely—Senor Castelar's "Life of Christopher Columbus"; "The Chosen Valley," a novel of western life by Mary Hallock Foote; and the series of articles describing the architectural features of the World's Fair, which a well-known architect is to contribute.

The May Century, in addition to the serials now running, will contain complete stories by Thomas Nelson Page and Wolcott Balestier, and a humorous skit by Harry Stillwell Edwards, author of "Two Runaways."

Always on Hand.

Our general friend, Thomas Wheeler, has full control of the bus business between this city and Marysville, Mell having decided to sell out to him and go off the route. Mell was quite popular, but the business would not pay both parties and Thomas was the pioneer. Mr. Wheeler will run a first class line of coaches and all may depend on the very best treatment from Joe and Blanche who will hold the ribbons. Strangers in this city will find the busses at the corner of York street. A ride to the busy town is a pleasure in summer and our citizens should take a trip occasionally if only for health sake.

For Farmers.

W. W. Hubbard, of Oromocto, secretary of the provincial farming and dairying association, has lectured at Harvey Station, Canterbury Station, The Barony and Millville during the week. On the 2d of May he will be at Nashwaak Village, on the 3rd at Stanley, and on the 5th at Blissville, Sunbury county. Mr. Hubbard is well up in the dairying business especially and should have a large attendance at his lectures. Farmers and their wives will get much information and the lecturer will be pleased to give all information in respect to building and operating creameries and cheese factories.

Freighters.

The David Weston arrived on Tuesday afternoon from St. John. The frowns that covered the faces of the hack drivers when they found nothing but boxes and barrels cannot be described. The steamer made her first trip as a freight boat. Certain strings of red tape put on by the dominion cabinet had to be cut as the law respecting metallic life boats has been amended.

On Friday morning the boot left here for St. John and it appears that satisfactory arrangements as to passengers and freight have been made as the fare for passengers is one dollar while the freight bills are about the same as last year.

READY AND WILLING.—His honor, the lieutenant governor, has been pleased to grant license to the Rev. Thomas McDonald, pastor of the Baptist church, North Lake, to solemnize marriage. Those who have been waiting for this will please be on time.

CLEAN CURTAINS.—Why will you take the trouble of doing up lace curtains when you can get them done at Carvell's laundry for forty cents per window, and perfect satisfaction guaranteed.

LOST.—Out of a parcel somewhere between College Road and Lottimer's shoe store last evening, a ladies kid button boot, patent leather tiped, for the left foot. The finder will be rewarded by leaving it at Lottimer's shoe store.

THE SILENT DEAD.

To be Seen no More on Earth Forever.

Isaac Greenlaw, one of the pioneers of Howland Ridge, was buried on Wednesday afternoon last at the Millville cemetery, Rev. J. Prosser and F. B. Trafton attending the services.

The remains of Mrs. Lavinia Tracey, relict of the late Silas Tracey, were interred on Wednesday at the Mouth of Keswick. The deceased was a daughter of Mr. Benjamin Hawkins and was much esteemed by the residents of Bright. She was in her fortieth year. Her death occurred on Monday. A very large number attended the funeral.

Mrs. D. Casey, a respected resident of George street, this city, passed away to her rest on Wednesday morning. Cause of death, congestion of the lungs. She had been ill for a long time and death was a release from her sufferings. She had reached eighty years of age. The funeral took place on Thursday afternoon at half past two, many attending the obsequies.

Miss Margaret Jamieson, who was widely known in the city and vicinity, died on Saturday morning last at the residence of D. M. Campbell, King street. She had been a sufferer for many years from a severe type of neuralgia. She was found lying on her bedroom floor about eight o'clock in the morning dead. It is supposed that she had got up, perhaps, to call some one, when she died. The interment took place on Monday morning, the Rev. Mr. McDonald officiating.

Although dangerously ill, yet it was thought by many that the Hon. Gaius S. Turner would recover from his serious illness, yet he took a bad turn on Sunday and died at half past two on Monday morning. Mr. Turner was one of the representative men of Albert county, being largely connected with that county's political, mercantile and social interests. He was born on the 12th August, 1838, and in 1876 was married to Miss Lucy E. Styles, who survives him. In the general election of 1878 he was elected to the local legislature, and re-elected in 1882. In the following year he was called to a seat in the present executive. In 1889, having resigned his seat, he was again elected. During his severe illness Mrs. Turner never left his side. The remains were taken to the 3.35 train on Monday afternoon and thence carried to his late home at Harvey Bank, Albert. Hon. Jas. Mitchell, Wm. Wilson, speaker White and Thos. Colter, M. P. P.'s, followed the remains of the late statesmen to the train. Much sorrow is expressed here for the widow thus suddenly bereft in the midst of strangers.

MASONIC.

A Grand Gathering of the Brotherhood at St. John.

The grand lodge, A. F. and A. M., of New Brunswick, met at St. John during the week, having the largest gathering of delegates that ever were present at a similar meeting. It was decided to change the law in respect to holding the annual convention at St. John and the next will be at Moncton. Among the Fredericton officials were D. D. G. M. Fowler, G. S. B. Whitman Brewer, and G. S. James Hawthorne. The reports showed the finances to be in a good condition.

Grand secretary Robinson's report of the business of the grand royal arch chapter, showed the transactions and affairs of his office for the official year ending. The receipts were $155.50, including $153.80 dues. All the chapters have made their returns in full to Dec. 31, '91, which show the following work:

Number exalted	25
Number died	7
Withdrawn	9

The total on the roll was 394 as follows:

St. Stephen chapter	79
New Brunswick chapter	74
Carleton chapter	69
Union chapter	57
Botsford chapter	54
Woodstock chapter	31
Fredericton chapter	30

Gibson and St. Marys.

One of Isaac Peabody's children has been seriously ill, but is now out of danger.

John Culligan, who has been seriously ill, is gaining in strength and is in a fair way of recovery.

John Gibson has about all the lumber now landed here necessary for a new schooner, which will be begun in a short time.

Rev. Mr. Parsons baptized four converts on Sunday afternoon last, there being a gathering of people at the water side of almost a thousand.

James Wetmore, Charles Yerxa and John Yerxa have removed during the week. They were all pleasant people and their going is a loss to the village, but other villages will be benefited.

A fire at Babbit's mill on Sunday afternoon was extinguished by Geo. Sherwood before it had time to do damage. It is thought that a loafer had dropped a match in the sawdust.

The last of the winter entertainments, under the auspices of the C. of England, took place in their hall on Tuesday evening last. The program consisted of tableaux, charades, vocal and instrumental music. Refreshments were served. It was highly enjoyable.

WHERE TO GO

If You Want a Stylish Suit of Clothes.

C. H. Thomas & Co. have taken possession of their new store, Oak Hall, and have stocked it with a most complete assortment of mens' furnishings in all lines. Everyone in the city should visit the store as it is a credit to the town, and our country readers and their friends will find good goods at fair prices and a chance for selection such as they have never had before. Everything is so arranged in Oak Hall that a customer can see just what he is buying, he can buy to suit his size or his pocket and he may depend on getting the best article in the class called for.

This firm makes a speciality of ready made clothing including every article of apparel that a man requires for any day of the week, whether for church, business, the heavy work of the farm, the lumber woods or on the river. You can make no mistake if you visit Oak Hall, opposite post office square, Queen street. The Messrs. Thomas have been in business in this city for many years and they can be recommended.

Funeral of Dr. Odell.

The funeral of the late Dr. Odell was one of the most representative if not the largest seen here for some time. The remains reached this city from Newport, R. I., on Monday afternoon's train when the procession formed, the interment taking place at the old burial ground. The pall bearers were Colonel Maunsell, Judge Fraser, Sir John C. Allen, Andrew Inches, Edward Wilmot and J. Henry Flair. The York medical society attended in a body. Old friends of the departed physician from the neighboring county attended. His Honor, Sir Leonard Tilley, was present. Among others were ex-wardens Barker and Murray. T. H. Colter, M. P. P., of Keswick, was also in attendance. Dr. Odell was better known to the older residents of the city than to the younger, but all vied in paying the highest marks of respect to the dead. There were many floral tributes presented by friends as the last token of love they could offer to the memory of one who had their highest esteem.

Knots that Have Been Tied During the Week.

One of the social favorites of the Nashwaak, Miss Isabel McBean, was married on the 22nd inst., at Lower Durham, to Samuel Johnson, who has lately returned from the Canadian north west. The ceremony was performed at the residence of the bride by the Rev. T. L. Williams, who has a happy knack of doing such things and is therefore in demand. The contracting parties have the best wishes of a host of friends, including THE HERALD and many of its readers. Congratulations.

Miss Alina Everett, daughter of Shepherd Everett, Kingsclear, was married on the 27th inst. to William True of Jacksontown, Carleton county. There was a large list of invitations issued and about all accepted, so that the ceremony was graced by a large assemblage. The Rev. Mr. Knight of Gibson, assisted by the Rev. Mr. Gough, performed the ceremony.

Marysville Notes.

J. R. McConnell paid a visit to St. John during the week.

Prof. Hatt's university survey party passed through this village and have got up river about nine miles.

The Peniac logs have been cut and the mill is about idle, owing to the lowness of the water preventing the drives from getting down.

The Baptist church is being built. Rev. Mr. Nobles, of Gibson, has taken the matter up in earnest and assisted by several at Marysville has the funds collected for the building. E. Good has taken an active hand. The Reformed Baptists has also laid the foundation for a neat little church. Rev. Mr. Parkinson, of St. Marys, will begin his church building in a few days. These will be a great addition to the beauty of the town.

Negro Kidnapped.

Our Andover correspondent writes us to the effect that on Thursday night, 22d inst., three kidnappers, said to be John and James McKinney and Eben Hopkins, of Fort Fairfield, Maine, came to Tilley settlement, Victoria county and seized a colored man named Ben. Robinson and took him across the line. They said he had set fire to buildings in Aroostook. He was sent to Houlton jail. It appears they had no papers either American or Canadian, and the outrage is commented on very severely. It is not known as yet what steps will be taken but the matter has been laid before the minister of justice.

BATH ROOMS.—Don't forget that the bath rooms at Carvell's laundry are still running.

Two Daily Trains to Montana and Pacific Coast.

On and after April 3d, trains on the Northern Pacific Railroad will run as follows: Train Number Three will leave St. Paul 9:00 A. M., daily, running through to Spokane, Seattle, Tacoma and Portland via Butte, Montana. Train Number One will leave St. Paul 4:15 P. M. daily, running through to Spokane, Seattle, Tacoma and Portland via Helena, Montana. Both trains carry complete equipments of Pullman first-class sleepers, tourist sleeping cars, free colonist sleepers, day coaches and dining cars.

Through Pullman and tourist sleeping cars will leave Chicago 10:45 P. M. daily, via Wisconsin Central Line, for Montana and the Pacific Northwest. First class vestibule sleeper will leave Chicago 6. P. M. daily, via C., M. & R. Ry., for Butte, Spokane, Tacoma and Portland. These through sleeping cars afford the best of accommodations and enable travellers to avoid all trouble or delays from change of cars en route.

The dining cars on the Northern Pacific Line continue to meet with favor with the traveling public. No efforts are spared by the company to make this an attractive part of the service. With the superior accommodations now offered, tourists, business men or settlers will find the Northern Pacific Line the best route to Minnesota, North Dakota, Manitoba, Montana, Idaho, Oregon, Washington, British Columbia, Alaska and California.

Montana, Eastern and Western Washington folders, "Wonderland" book, Sportsmen's Guide, Yellowstone Park, Broadwater Hot Springs and Alaska folders for the season of 1892 are now out of press. Any of these publications will be mailed free on application to General or District Passenger Agents, Northern Pacific Railroad, or to Chas. S. Fee, G. P. & T. A., N. P. R. R., St. Paul, Minn.

GOOD WORK DONE.—If you want a clean collar or shirt nicely done up you will have to go to Carvell's laundry for it every time.

C. H. THOMAS & CO.

Fredericton, April 30, 1892.

MORTGAGE SALE.

To William C. Graham, in the Parish of Northfield, in the County of Sunbury and Province of New Brunswick, and all others whom it may concern:

NOTICE is hereby given that under and by virtue of the power of sale contained in a certain indenture of mortgage bearing date the eleventh day of May in the year of our Lord one thousand eight hundred and eighty-eight, and made between the said William C. Graham and Ruth S. Graham, his wife, of the first part, and John Z. Currie, of the city of Fredericton in the County of York, doctor of medicine, of the second part, and duly recorded in Book E2, pages 474, 475 and 476 of the Sunbury County Records, there will, for the purpose of satisfying the moneys secured thereby, default having been made in the payment thereof, be sold at Public Auction at Phœnix Square in the said City of Fredericton at twelve o'clock, noon, on MONDAY, the ninth day of May next, the lands and premises mentioned and described in the said indenture of mortgage as follows:

"ALL that certain piece or parcel of land situate, lying and being in the Parish of Northfield, in the County of Sunbury, and bounded as follows: On the northeast by land owned by Henry Syphet; on the southwest by land owned by Thomas Stone; on the northwest by land owned by Joseph Parks, and on the southeast by land owned by James Miller, containing fifty acres, more or less, saving and excepting out of the aforesaid piece or parcel of land a part bounded as follows: Beginning at the upper line of the Newcastle Stream at a fir tree and running down across the said lot a distance of five hundred and forty feet to a little cedar tree; thence north forty-five degrees west until it meets the highway road leading from the main road near Noonan's Mills; thence following the said road in a northerly direction until it strikes the southerly side line of land owned by Hiram Sypher; thence following the said line in an easterly direction to the place of beginning." Together with all and singular the buildings and improvements thereon and the privileges and appurtenances to the said premises belonging or in any wise appertaining.

Dated the eighth day of April, A. D. 1892.
