GEN. HUTTON IN WINNIPEG.

He Explains Why He Recommended the Removal of the Dragoons to the East.

Winnipeg, Sept. 28.—(Special.)—Major-Gen. Hutton arrived this morning. Asked as to his attitude on removal of the Dragoons from this city, he said that he wished to express his great sympathy with the military spirit which was prevalent in the city, and it was his wish to meet the views of the citizens in every way in his power. His recommendation to the department last year, which proposed the removal of the Dragoons to the east, was made with a view to utilizing the small instructional force to the greatest possible advantage of the whole Dominion. It was his recommendation to organize a regiment of mounted rifles, composed of two battalions, one in the Northwest and the other in Manitoba. The headquarters of this regiment would be in Winnipeg, and with a permanent staff of instructors, who would be located at Fort Osborne, this would give the city a number of men by no means inconsiderable. Young men at Yorkton are anxious to establish a mounted corps.

The Wheat Deliveries.

Wheat deliveries yesterday were light in comparison with previous days, on account of unfavorable weather. On the C.P.R. lines 150,000 bushels were marketed. The prices were higher than any day since the commencement of the crop movement. The top price paid was 60 cents at Gretna.

Indignation at the Portage.

The Portage Graphic says there is great indignation in that town over the C.P.R.'s refusal to be reasonable with the Northern Pacific Railway in crossing matters.

MRS. RHEINER'S AWFUL DEED.

Attempted to Kill Herself and Her Three Children—Two of the Little Ones Dead.

Detroit, Sept. 28.—Mrs. Clara Rheiner, aged 34, of this city, last night attempted to murder her three children and commit suicide. She gave the children morphine, slit her own wrists, and then turned on the gas in the room they were in. When discovered, two of the children, Harold, aged 3, and the baby, aged 14 months, were dead. By hard work the eldest child, Eller, who was 7 years of age, and Mrs. Rheiner were resuscitated. Mrs. Rheiner failed to cut the arteries in her wrists and the physicians say she will recover.

It is believed that Mrs. Rheiner is insane. Her husband has not been found since the crime was discovered, and she says that he has not been at home for three days.

MRS. HILL'S SUDDEN DEATH.

Was Being Taken From the Ambulance to Grace Hospital When She Expired.

Great excitement was occasioned in Grace Hospital yesterday afternoon by the sudden death of a woman who had only just been removed from the police ambulance stretcher. The patient was Mrs. Bella Hill. Medical Health Department. The woman had been ill some time, and refused medical attendance until, it is said, she simply wasted away.

Mrs. Hill, who was 38 years of age, lived at 116 West Adelaide-street. Her husband, Fred Hill, a stonemason, has been away from home for several weeks in different places, where he was employed, and returned home only a few days ago.

The hospital physician notified Coroner J. M. Cotton, and he issued a warrant for an inquest to be held to-morrow afternoon. A post mortem examination of the remains will be made to-day.

WILL WATER RATES GO DOWN?

City Treasurer Coady Gets out a Statement for the Information of Council

WHICH SHOWS DEFICIT FIGURES.

Mayor Shaw Reminded of a Promise Made to the Chosen Friends —Civic Gossip.

City Treasurer Coady has prepared a statement of the Waterworks expenditure, revenue and debenture issues during the years 1871 to 1898 inclusive, for the benefit and guidance of the special committee appointed for the purpose of seeing if the water rates can be reduced.

A Little Bit of History.

According to the statement, it appears that during the years 1871 to 1877, while the waterworks were under commission, there was a deficit of $2,026,134.01, but debentures were issued to the amount of $1,599,713.32, which reduced it to $426,420.69. In the year 1878 the city took over control of the system, and at the end of 1898 the total deficit reached the sum of $4,219,019.11. This, however, is offset by an excess of $58,694.15 for the years 1897-8. During the time from 1871 down to 1898, $4,033,287.32 worth of debentures were issued, and so far there has been redeemed $100,000 worth. The total deficit of combined receipts, revenue and debenture issues under and over total expenditure is $865,667.53, and the excess, $738,629.89.

Granted Them a Room, Too.

Mayor Shaw, in an address of welcome to the Grand Council of the Canadian Order of Chosen Friends, which held a convention here last March, said he hoped the next Grand Council meeting would take place in Toronto, in which case the city would be prepared to place a hall of meeting at their disposal, free of charge, in the new City Building, which would be completed before that time. In connection with that statement, Dr. W. F. Montague, the grand recorder for the society, writes to His Worship, saying he has read articles in the daily papers, and from them he gathers that there will be some doubt about the city giving them the hall, and, as the Council decided to meet again in Toronto on account of the Mayor's kind offer, he trusts nothing will prevent him from carrying out his word.

The writer evidently overlooks the fact that an election takes place between now and next March.

They Protest Also.

The Federated Council of Building Trades of Toronto is the latest labor organization to protest against the reduction in numbers of the representatives of the Trades and Labor Council on the Technical School Board. In a letter, the secretary, L. J. Malone says he echoes the opinion of over 2000 laboring men, and suggests that if the Trades and Labor Council's representatives are reduced from five to three they be allowed to have two represent them.

They Dump Refuse in the Bay.

A petition, signed by E. A. Macdonald and 13 other citizens, was received yesterday by the City Clerk, protesting against the dumping into the bay of 2000 tons of sewage daily. This, they say, is a violation of the Medical Health Act, besides being dangerous to the public health.

Rushing the Contracts.

City Engineer Rust has instructed the contractors who were awarded the tenders to commence work on the following:

Concrete walks, James-street, east side, from Queen north, to W. R. Payne; Bay-street, west side, King to Queen, to Gardner & Co.; Wilcox-street, both sides, Huron to Spadina, to Gardner & Co. Brick pavement—Pearl-street, York to Simcoe, to Dominion Paving Company. Cedar block—West Lodge-avenue, Marion-street to a point 145 feet north, to Dominion Paving Company. Asphalt pavement—Crawford-street, Queen-street to bridge, to Constructing and Paving Company; Bernard-avenue, Avenue-road to Bedford-street, to Constructing and Paving Company; Churchill-avenue, Dovercourt-road to 715 feet east, to Constructing and Paving Company.

More Permits Granted.

A permit has been granted to Alexander Manning for the erection at the corner of Queen and Terauley-streets a five-storey office building, at a probable cost of $100,000. E. J. Lennox will be the architect, and E. Gearing the builder.

J. Slean was also granted a permit for a two-storey stone and brick store at the southwest corner of Bloor and Major-streets, to cost $2500; and Charles N. Candee, for a two-storey brick and stone house on the west side of Park-road, near Crescent-road, to cost $4800.

Notes.

The assessment returns for Ward 4 will be completed by Saturday.

There will be a meeting of the Board of Control on Saturday morning at 11.30 o'clock.

The Court of Revision will meet in the City Hall on Monday to hear appeals against assessments in Ward 3.

The W.C.T.U., by meeting in the City Hall, have deprived their friends, who went to the expense of fitting up a hall on Elm-street for their reception, of $10, which they would have got for the two days' convention. The city was also put to an expense of about $10 for chairs, etc.

A despatch to the Associated Press from Smyrna, Sept. 20, said that a disastrous earthquake had occurred that morning at Aidin, a town on the Mender, 81 miles southeast of Smyrna.

TEN THOUSAND TO VICTORIA.

A. E. Ames Gives a Liberal Donation for the Support of the University.

A special meeting of the Board of Regents of the Methodist Church was held yesterday afternoon in the senate room of Victoria University, Rev. Dr. Carman in the chair.

Those present were Rev. Dr. Henderson, Dr. Carman, Senator Kerr, Dr. Potts, Dr. Parker, J. W. Flavelle, M. Walker, Dr. J. S. Ross, Mr. C. C. James, Deputy Minister of Agriculture; Dr. H. Wilberforce Aikins, Dr. Burwash, Rev. E. A. Chown, Hon. S. C. Biggs, Dr. Maclaren, A. E. Ames, Dr. Withrow, Dr. Griffith.

On motion of Dr. Potts, seconded by Dr. Griffith, J. B. Graham of Dundas was elected to fill the vacancy on the board caused by the death of Senator Sanford.

On motion of Dr. W. H. Aikins, seconded by Senator Kerr, Dr. R. A. Reeve was made a member of the board in place of Dr. Graham, deceased.

The chancellor made a verbal report from the alumni re the Twentieth Century Fund. The whole question of the increase in the endowment of the university was discussed and a resolution was carried committing the board to a definite proposal.

It was moved by A. E. Ames and seconded by C. C. James that the chancellor of Victoria University be requested to devote his time and energy for the next three months, exclusively, if possible, to the presentation to the Methodist church at large of the present condition of university affairs, with a view to securing the amount of money necessary to put Victoria University in a better and sounder financial position, and that, with the chancellor, J. W. Flavelle, A. E. Ames, W. E. H. Massey, George A. Cox and Dr. Potts be a committee.

The success of the endowment seems assured, as was evidenced at this meeting. A subscription of $10,000 towards the fund was subscribed at the meeting yesterday by a member of the board. The World learned on the best authority that the generous donor was Mr. Ames.

The proposal to raise $200,000 additional endowment was then heartily endorsed.

The Demon Dyspepsia—In olden times it was a popular belief that demons moved invisibly through the ambient air seeking to enter into men and trouble them. At the present day the demon, dyspepsia, is at large in the same way, seeking habitation in those who by carelessness or unwise living invite him. And once he enters a man it is difficult to dislodge him. He that finds himself so possessed should know that a valiant friend to do battle for him with the unseen foe is Parmelee's Vegetable Pills, which are ever ready for the trial. ed
