HAMILTON HAPPENINGS

WILL KEEP BOOTH OPEN TILL ALL REGISTERED

Hamilton Election Officials Will Have to Work Nights—Death of S. O. Greening.

HAMILTON, Aug. 31.—(Special.)—As a result of the complaint in regard to the congestion at the Trolley-street registration booth last night, Judge Snider and E. W. Thomas, chairman and clerk, respectively of the registration board, this morning investigated conditions at the booth, and Judge Snider instructed the officers in charge that they are to remain at the booth every night while registration continues, as long as is necessary to enroll the names of all voters who are in the booth when closing time comes at 9 o'clock. This will materially facilitate registration in this district, and if the judge's instructions are followed there is no doubt that all who desire to do so will be able to get their names on the lists. About 200 voters succeeded in having their names enrolled tonight at this booth, which will probably stand as a record for any one booth in the city. Registration yesterday reached about 1500 names, 1000 less than the number expected.

S. O. Greening Dead.

S. O. Greening, head of the B. Greening Wire Works Co., and son of the founder of the business, died this morning at his residence in this city, 188 Jackson-street west, after a two weeks' illness, which was caused by the recurrence of a previous ailment for which the deceased underwent an operation a year ago, and which it was thought had been cured. Mr. Greening was 64 years old and was born in Manchester, England, coming to this country in 1856, with his father. He was first vice-commodore of the Royal Hamilton Yacht Club, first vice-president of the Canadian Automoobile Club, and a member of the Thistle and Hamilton Clubs, and of the lodge of Strict Observance, A., F. and A. M. He was also a member of All Saints' Episcopal Church, where the funeral services will be held at 3.30 Saturday afternoon. The deceased is survived by a widow, one son, H. B. Greening, and three daughters, Mrs. N. S. Braden and Misses Hattie and Edna Greening. Thomas B. Greening of Toronto is a brother of the deceased.

CHEATING THE CUSTOMS

American Lumbermen Undersell Canadians in Western Provinces.

VANCOUVER, Aug. 31.—A sensation was caused to-day at a joint session of coast and mountain sawmill men of British Columbia, when it was alleged that American competitors have taken advantage of the absence of the duty on rough lumber to sell thousands of carloads of dressed lumber in the prairie markets, without paying duty, as required by the Canadian customs tariff.

Custom officers, it was alleged, overlook proper classification of imported dressed lumber and continue to wink at devious methods declared to be in vogue. A strong protest will be sent to Ottawa.

Figures prepared by experts were submitted. They showed that American sawmill men have not only invaded Vancouver and Victoria markets, but are actually underselling British Columbia competitors in Manitoba, Saskatchewan and Alberta. During June and July exports from the United States to the four provinces totaled 40,000,000 and 30,000,000 feet respectively.

WARLIKE PREPARATIONS

BRUSSELS, Aug. 31.—The Belgian Government continues actively engaged in completing the armament of all the garrisons on the German and French borders. Several trains have been dispatched with ammunition and guns from the Liege arsenal to Namur, Liege and Verviers. All the forts are being inspected.

At Antwerp the engineer corps are transporting all campaign material from Tete de Flandre to the Antwerp side of the Schedt.

The Belgian newspapers explain the activity by the statement that the talk of European hostilities has advanced the Belgian war ministry to the unprepared condition of the Belgian army and defences.

Day's Doings in YORK COUNTY West Toronto North Toronto East Toronto

NORTH YORK CONS: ARE MIGHTY HOPEFUL

Outlook Good for Mr. Armstrong—North Toronto Committee Meetings—Suburban.

Matters political in North York are warming up and from the way things are shaping it will not be long until tropical conditions prevail. While each of the parties are working hard, the greatest enthusiasm animates the Conservatives and everything points to the redemption of the riding at the next general elections.

Each and all of Mr. Armstrong's meetings have been marked by the greatest cordiality to the young Schomberg farmers, that at Pefferlaw on Wednesday evening, when Mr. Armstrong, J. D. McKay and others spoke and the other on the same night in King City, when W. T. White of Toronto and Mr. Armstrong were present, being veritable triumphs.

Everywhere the splendid addresses of Mr. Armstrong, his earnestness, his straightforward and manly course have won him scores of friends, politically opposed, but drawn to him by his fearless and outspoken condemnation of wrong. It is this feature of the campaign in North York to-day almost more than anything else which makes for Conservatory victory.

While friendly, Mr. Robinette's meetings have lacked the attendance, the enthusiasm and the pulling together which in every battle for half a century have marked the political contests in the historic old riding. Open defections there are, too, men prominent in the agricultural, commercial and manufacturing interests of the riding, and there will be scores of others, tho they are saying little about it. None of Mr. Robinette's meetings have developed the strength, either along organization or political lines, which was looked for. The campaign in North York is in the hands of "Feather" Aylesworth, son of the ex-minister of justice.

Newmarket and Aurora are the pivotal centres on which hinges the final decision in the matter, for while the Conservative candidate is immensely stronger in the rural districts than three years ago, the big manufacturing interests in the two towns practically dominate the situation. While the Conservatives are saying little, it is a well known fact that they will be infinitely stronger in these two centres than at the last election.

On the part of the Conservative candidate the next two weeks will see a big effort similarly on the part of the Toronto lawyer. At Aurora on Tuesday night next, Sept. 5, Sir James Whitney, the prime minister, will speak, and at Newmarket on the evening of Sept. 13 the Hon. Clifford Sifton will be the leading speaker. For the former meeting arangements have been made with the Metropolitan Railway for a special service after the meeting as far south as Bond Lake and north as Newmarket. When Hon. Mr. Sifton speaks there will be late cars running as far north as Jackson's Point and Sutton and as far south as Aurora.

The last two weeks of the campaign will witness a tremendous influx of cabinet ministers invading the riding on behalf of T. C. Robinette, practically every member of the late administration taking a hand in the fight with the exception of the prime minister and one or two others. It is intended to make a whirlwind finish and between now and Sept. 21 the good people of North York will have a plethora of perfervid orators.

At Schomberg on Sept. 9 the Roman Catholic picnic, an annual event always looked forward to with interest, will be addressed by Hon. Mr. Aylesworth, J. A. M. Armstrong, T. C. Robinette and T. H. Lennox. On Friday night, Sept. 1, in Aurora, Hon. Mr. Aylesworth, Hon. A. G. MacKay and the Liberal candidate in North York will orate, and some time next week Hon. William Paterson, one of the inventors of the reciprocity treaty, will talk in Newmarket. A lot of other big guns are booked for later dates.

WEXFORD.

The members of Zion Church, Wexford will hold their anniversary services Oct. 8 and 9.

NORTH TORONTO.

NORTH TORONTO, Aug. 31.—(Special.)—At the meeting of the parallel roads and property committee to-night, the members drafted a circular letter to be issued to the electors in connection with the two money bylaws to be voted upon on Saturday, Sept. 9. The one bylaw asks for the authorization of the issue of debentures for $20,000 to complete the parallel roads, and it is necessary that this bylaw should carry otherwise council would be compelled to apply to the lieutenant-governor-in-council for permission to levy this amount out of the general taxes, as The judge ruled that these roads have to be completed as the electors sanctioned the bylaw. The other bylaw calls for $25,000, of which $15,000 will be compensation to the Cemetery Trust for lands to be expropriated to continue the east parallel road to a successful issue and $10,000 for the building of approaches and to grade the road.

At the meeting of the board of works, also held to-night, Mr. Stockdale of the General Trust Co., presented a plan sub-dividing the Snider farm into building lots. The plan was approved of with one or twominor changes.

A motion was carried that all surplus earth from the sewers be utilized for widening streets or sidewalks where necessary, and a copy of this resolution will be sent to engineer T. Aird Murray.

Engineer James was instructed to compel the Union Bank of Canada, who is erecting a building on the corner of Yonge-st. and Sherwood-ave., to keep far enough off the street line so that the eaves do not project over the sidewalk.

The engineer was instructed to open up the lane south of Broadway-ave. and east of Evelyn-ave. as far as the town limits, the lane being registered already. No building can be erected on said lane as the town bylaw forbids erecting buildings on streets of less than 50 feet in width.

Town council meets on Tuesday evening next, a regular meeting for the transaction of general business.

Margaret Henrietta White has served a writ on her husband, William J. C. White, Wm. T. White and Mary White, to set aside a certain document executed by her on or about June 30 of this year, in respect to her interest in certain lands in the Town of North Toronto, on the ground that her signature was obtained by duress. Mrs. White, in the meantime claims alimony at the rate of $15 a week.

North Toronto Conservatives are cordially welcomed to an organization meeting at the town hall, on saturday night next, at 8 p.m. Mr. Arthur Hawkes, who is Conducting a campaign, thru the province to the British-born, will give an interesting address. Other speakers will also be present. 56

WEST TORONTO.

WEST TORONTO, Aug. 31.—(Special).—On Saturday evening Louis F. Heyd, Liberal candidate in South York, will address the electors in the West Toronto College of Music on West Dundas-street.

Progress on the new C.P.R. station, near the corner of Dundas-street and Weston-road, seems to be slow. Work will not be completed in order that it may be opened as contemplated, on Monday. The carpentering work and paiting is finished, but a lot of cement work is still unfinished.

The Conservative and Liberal committee rooms for West Toronto in South York are located, one on the south and the other on the north side of Dundas-street, a distance east of Keele.

The Standard Manufacturing Company are putting up a new building on the southwest corner of Royce-avenue and Lansdown.

The Suburban Railway Company had a succession of vexatious delays yesterday, due to cars leaving the track. The traffic between here and Weston was intermittent and hundreds were inconvenienced. The Weston Board of Trade was formed for the very purpose, among others, of securing better transportation facilities for people in the town, but so far as known do not seem to have accomplished very much. The interminable waits on that road are proverbial.

The city commissioner's department are giving West Toronto might scant ceremony in the way of sprinkling the streets. Clouds of dust are flying around w henever the wind is high.

EAST TORONTO.

EAST TORONTO, Aug. 31.—The meeting here in the Y.M.C.A. Hall tonight in support of Louis Heyd, K.C., Liberal candidate in South York, was fairly well attended, but by no means taxed the seating capacity of the hall. There were about 150 electors present and F. K. Brown was chairman.

Mr. Heyd, apart from the chairman's introductory remarks, was the only speaker, and covered practically the same ground as in his North Toronto address the night before. He expressed a willingness to meet W. F. Maclean in joint debate.

Two Men and a Dog

After considerable squabbling in the lice court yesterday morning, Col. Denison ordered Gordon Ford to hand over a little poodle to Joseph McElroy, to whom the dog ran when it was loosed from a chain. The dog made no bones about entering the court, and was not in the least vexed when taken from the man who put up a bluff that it had been presented to him by a lady three weeks previously.
