A Move in the right Quarter.—We are pleased to observe the press of the Province taking up the subject of postage on newspapers. The Fourth Estate asks the slight privilege, of exemption from charge on transmission of journals by mail; and in these days of progress and professed liberalism, we venture to pronounce any government which would refuse compliance no less bold than impolitic. Shall it be said that, in the middle of the nineteenth century, the members of the third branch of our legislature, most of whom seek election from motives of self-aggrandizement, shall annually vote themselves four dollars per day each during their Sessions, and that a class of men who do not only devote their time and mental energies the year through, but also embark considerable capital in conducting and publishing public journals, shall be refused this boon, when respectfully demanded?

The tax complained of operates as a restriction on our issues, and deprives us, moreover, of the means of receiving the most valuable of our exchanges, the daily papers of the United States.

The postage payable on an American daily, payable in Canada, being £1 6s. 1d. per year, which with the American postage makes in all £2 1s. 8½d. per annum.—*Kingston, Canada, Argus.*

RECEIPTS FLOUR, GRAIN, &c., AT TIDE WATER.—The quantity of Flour, Wheat, Corn and Barley, left at tide water from the commencement of navigation to the 22d November inclusive, is as follows:—

	Flour brls.	*Wheat bu.*	*Corn bu.*	*Barley bu.*
1848.	2,840,582	2,962,003	2,327,913	1,478,010
1849.	2,893,528	2,486,114	5,031,583	1,302,690
Inc.	53,246	Dec. 475,889	Inc. 2,203,670	Dec. 175,320

By reducing the Wheat to Flour, the quantity of the latter left at tide water this year, compared with the corresponding period last year, shows a decrease of 41,872 brls. of flour.—[Albany Argus.

DESTRUCTIVE FIRE.—Boston, Nov. 27.—A destructive fire occurred at Charlestown, last evening, which consumed Messrs. Heywood & Came's steam mahogany mill, and 8 or 10 other buildings. The loss on the mill is $35,000—$24,000 of which is insured in the Protection and Etna Companies, Hartford. The total loss is not short of $50,000.

The Merrimac House at Lawrence, Mass., was destroyed by fire about 2 o'clock this morning. The inmates had barely time to escape with their lives.

Nothing more clearly shows the rapid increase of population in California, than the size of the mails carried there semi-monthly. The steam ship Ohio took from New-York 15,405 letters, and 18,000 newspapers. This will be increased by additions, at Charleston, Savannah, and New Orleans, and will probably reach 30,000 letters. The Crescent City's mail was also large.

A Californian paper says that in the river Sacramento and its tributary streams the fish are dying by thousands, in consequence, as it is supposed, of the waters being continually disturbed and muddied by the gold diggers.

Real property in the city and county of New York has increased in value, since 1848, sixteen millions of dollars. It was estimated at $239,905,517 in 1848, and $256,217,093 in 1849.

The number of passengers arrived at quarantine, New-York, from 24 April to 19th October, 1849, amounted to 173,924.

The city of Philadelphia, since 1836, has paid $238,000 for the suppression of riots. The late election riot has not yet been paid for.

NOTICE.

A SERMON will be delivered in the Baptist Chapel, German Street, on Sunday Evening next, addressed to Parents and the Children of the Sabbath School, by the Rev. J. D. CASEWELL, lately from England. (formerly Pastor of the 1st Church).—At the close, a Collection will be taken upon behalf of the Sabbath School. Service to commence at Six o'clock, and persons will be in attendance at the door to conduct strangers to seats.—All friendly to Sabbath Schools are respectfully invited to attend.

December 4th.

NEWS FOR THE SICK.

Whitehall, N. Y., July 10, 1848.

Mr. Seth W. Fowle;—Dear Sir—It is with pleasure I write you this certificate, stating my experience in the use of Dr. Wistar's Balsam of Wild Cherry. In November last I was taken with a severe cough. My lungs were much affected, so much that it was with difficulty I could breathe. Hearing of your Balsam, I procured and took part of one bottle; and to my utter astonishment, my *lungs were freed and my cough cured.* I am happy to recommend this Balsam of Wild Cherry to the public as one of the *best medicines* for *cougha* and *colds* I ever used.

WM. SWIFT.

N. B. Remember, it is Dr. Wistar's Balsam of Wild Cherry, with the signature of I. BUTTS on the wrapper, that performs such cures.

[From the Boston Daily Times.]

☞ A certificate has been handed to us for publication, and as the case is one of a very remarkable character, we comply with pleasure. Certainly, well tested cases of cures of severe diseases by the use of a particular medicine, should be made known to the public for the benefit of others similarly afflicted.

None genuine without the written signature of I. BUTTS on the wrapper.—For sale by S. L. TILLEY, King Street, St. John, N. B.

MARRIED.

On Tuesday, 27th ult., by the Rev. F. Coster, the Rev. R. D. Palmer, Missionary at Springfield, King's County, son of the Rev. Dr. Palmer, Vicar of Yarcombe, Devonshire, to Ellen Jane, daughter of the late Thomas Langsford, Esq., of Exmouth, in the same County.

In this City, on the 7th ult., by the Rev. Mr. Dimock, Mr. William O. Thorpe, of Cornwallis, to Miss Catherine Amelia Oulton, of Cape Tormentine, N. B.

On Thursday evening, by the Rev. W. Donald, Mr. Edward J. Brass, to Miss Margaret L., daughter of the late Capt. George Rusland, of this City.

On Thursday the 8th ult., by the Rev. William Harrison, Mr. John V. Dykeman, of Carleton, to Miss Cynthia E., third daughter of Mr. Gilbert Purdy, of Indian Town.

On the 1st inst. by the Rev. E. D. Very, Mr. Robert Smith, to Miss Sarah Louisa Masten, all of Portland.

At the Parish of Hampton, King's County, on Saturday, 24th ult. by the Rev. W. W. Walker, Mr. George Christie, Mail Contractor between St. John and St. Andrews, to Charlotte, daughter of the late Mr. William Tilton, of Musquash, Parish of Lancaster.

At Edinburgh, on the 24th ult., by the Rev. George Conventry, B. D., Henry Fitzgerald Jarvis, Esq., M. D., second son of the Hon. the Chief Justice, to Frances Stewart, second daughter of David Walker, Esquire.

DIED.

On Tuesday evening, after a lingering illness, Mr. Christopher Brown, Cabinet Maker, in the 35th year of his age, leaving a disconsolate widow and two children to mourn their irreparable loss.

On Wednesday evening, after a short but very severe illness, Miss Mary A., only daughter of Mr. John Bogan, aged 21 years.

At Carleton, on the 24th ult., after a lingering illness of seven months, Mr. Beach P. Seely, aged 42 years, leaving a wife and seven children, and a large circle of friends to mourn their loss.

At Westfield, King's County, on the 27th ult., Thomas Albert, only son of Mr. James E. Fanjoy, aged one year and nine months.

GALWAY, Nov. 10.—The Charlotte, Fowles, from Saint John, which grounded on Milton Island, on the 4th inst., is still ashore there, and if the weather becomes moderate may be got off; an effort will be made in a few days.

DEAL, Nov. 10.—The Duke of Wellington, Thomas, which sailed this morning for St. John, N. B., has put back with loss of bowsprit, &c., having been in contact, off the South Foreland, with the Conservative, Crawley, for Mauritius, which vessel continued on her voyage, with but trifling damage.

TROON, Nov. 12.—Arrived, ship Helen Thomson, of Ayr, from St. John, N. B., in 22 days, all well—reports that on the 5th Nov., lat. 54 N., lon. 20 23 W., came up with the brig South Stockton, of Newcastle, late Wicker's, waterlogged. The circumstances are as follows:—The brig left Quebec, 5th Sept., for Newcastle. On Oct. 11th, the brig was running in a heavy gale of wind from the westward; at 3 P. M., the master judged it necessary to heave the ship to, which he did under the close reefed maintopsail; at midnight they tried the pumps, and found her to make her usual quantity of water; at 4 A. M., they again tried the pumps, but could not get her to suck; all hands were immediately called, but still she gained upon them. They then sounded her, and found eight feet water in her hold. In this dilemma they considered it vain to pump longer, but rather began to prepare for the worst. They put a considerable quantity of provisions, water, and other articles in a large house, which the vessel had on deck, which just having succeeded in doing, the vessel suddenly careened over on her beam ends, and washed the master and a boy overboard. She then hove the deck cargo off, carrying away the topmast and rudder, and sweeping the decks of everything, house and all, and afterwards she gradually began to right. The mon now took to the tops, and made a cover of canvas around them, to save them as much as possible from the severity of the weather. In this state they remained eleven days without subsistence, excepting a very small quantity of water, when one of them died; they were under the necessity of eating a small portion of their companion. They continued dropping one by one till they were all dead but Robert Hogge, chief mate, and Henry Leslie, second mate, who sustained themselves by eating small portions of their companions, and drinking their blood. They were in this deplorable situation twenty-five days, when, on the 5th Nov., the Helen Thomson, in company with the barque Ganges, came up with her, it then blowing fresh gales at N. N. W., with a heavy sea running. The Helen Thomson succeeded in putting out a boat, and bringing the sufferers on board in a very exhausted state. Everything was done for them that prudence could suggest, and which would tend towards their recovery. The chief mate recovered very fast, but the second mate still remains in a very poor state of health, having very sore hands and feet, from which he will take a considerable time to recover.

Corporation Creditors.

A DIVIDEND of TWO AND A HALF PER CENT. upon the several Bond Debts of the Mayor, Aldermen, and Commonalty of the City of Saint John, for the Half Year ending the 1st day of December, instant, will be paid to the respective Creditors, at the Chamberlain's Office, on the production of the Bonds or other Securities held by them. Dated this 1st day of December, 1849.

Mechanics' Institute.

THE Lecture Season of the above Institution will commence on Monday evening, the third of December next, when Professor Johnston, so justly celebrated in the scientific world, has kindly consented to open the Session.

The Directors have much pleasure in stating that the following talented and well known gentlemen have consented to lecture during the Season:—

Professor Johnston; Rev. Messrs. Casewell, Lawson, Cooney, Wishart, Thomson, Elder, Knight; Drs. Dow and Kennedy; Messrs. M. H. Perley, G. N. Smith, Duval, McLardy, Fouris, Miller and Walters.

The Directors are in correspondence with a number of other Literary Gentlemen, from whom they expect to receive assistance, whose names, with the subjects of the Lectures, will be published so soon as the arrangements are completed. They have also procured the services of Dr. Dow, the popular Lecturer on Anatomy, who will deliver a course of three Lectures before the Members of the Institute at an early period.

The GESNER MUSEUM, which has now for the most part, become the property of the Institute, will be opened for exhibition to Members and their Families, during each Lecture evening, from 7 to 8 o'clock.

From the Entertainment given by Signor Britz for the benefit of the Institute, and the liberal patronage of the public at the Pictorial and Horticultural Exhibition held at the Hall in September last, the Directors have accumulated a large amount, which they have applied to the extension of the Library by the purchase of a number and variety of standard and interesting works, which are expected to arrive and to be ready for distribution in a short time.

An additional number of popular newspapers, published in Great Britain and the United States, have been subscribed for to be used in the Reading Room, and every pains will be taken to render the coming Season attractive and attractive.

The Board of Directors flatter themselves that on no former occasion has the Institute been opened under more auspicious circumstances, and they trust that the exertions made will be appreciated, and that the Institute this season will receive the cordial support of its members, and the patronage of the public generally.

The Library will be opened on Monday and Friday Evenings, from 7 to 8 o'clock; the Reading Room from 7 o'clock to half-past 9, every evening in the week, Sundays and Sundays excepted.

Members' Tickets, 15s.; to admit to the Lectures and Museum the Member and two Ladies, with the privilege of the Reading Room and Library.

Non-Members' Tickets, to admit to the Lectures for the Season, 10s.; Ladies', Youth's and Apprentices' Tickets, 5s. each. Admission to one Lecture, 1s. 3d.

No Tickets transferable. It having come to the knowledge of the Board that Lecturers have heretofore felt great inconvenience and annoyance from the numerous applications made for free Tickets: To relieve them from such importunities, and to compel all persons desirous of attending the Lectures to pay their fair share for such a limited number of Tickets will be placed at the disposal of the Lecturers for distribution among their immediate friends.

Members and others may obtain Tickets by application at the Institute any evening during this week.

W. HUTCHINSON, Jr.
