BEATEN BY TWO RUNS.

ROCHESTER CONTINUES TO WIN FROM TORONTO.

Hamilton Slaughters Buffalo, and the Kings Kind of Extinguish the Stars—The Etes Prove too Much for Oswego—Racing at Chicago and Brighton Beach.

The battle of the giants! That is what the official handbill told the people of Toronto yesterday's baseball game was to be. It's possible the giants were engaged but they can hardly have been feeling themselves, for on the whole it was not what is considered a good game. Toronto, it is true, played in hard luck. Smith, the clever and live baseman, had to go home to Cleveland at noon yesterday owing to the death of his brother. This necessitated a great shuffle. Albert, who is at home at all points in the field was put on third, Curry was put at short, Macklin was placed in his old position on second, and Spill, who is yet lame from the severe strain he received at Rochester, was appointed to left field. Fentz was on duty at first, but his arm is still badly swollen, and his work at bat suffered thereby, although he got two single hits after, a strange thing for him, being struck out the first time. The Rochesters also had to make a change at the last minute. In practice Horner hurt his arm and Bakely was substituted as pitcher. It is possible that "Jack" was scared of breaking his record of games won, but he needn't have been, for the Torontos although they made eleven hits off Bakely didn't slug quite as hard as they usually do, it being altogether exceptional for them to make only singles when they got on to a tosser at all. Veach pitched after the first two or three innings, during which he gave three or four bases on balls, with extraordinary judgment, while Darling caught an almost faultless game. About fifteen hundred people were present.

Uxbridge Defeats Lindsay.

UXBRIDGE, Ont., July 12.—A game of baseball between the Uxbridge and Lindsay teams was played in Lindsay to-day, when the best match outside of the league games was won by Uxbridge. By mutual agreement the game was played in seven innings, Uxbridge scored 11 runs and 16 base hits, Lindsay 3 runs and 9 hits. Struck out—Uxbridge 3, Lindsay 8. Reid and Brazer were the batteries for Uxbridge, Little and Bates for Lindsay. T. Lawrence of Toronto umpired the game.

Fair Balls.

It was not the umpire altogether.

McGuckin has been released by the Hamiltons.

Don't forget that the Rochester-Toronto game commences this morning at 10.30.

Osterhout's left-handed catch in right-field yesterday was exceptionally brilliant.

The New York World says that Sweeney gets $1500 for the remainder of the season from Syracuse.

Manager Bancroft, of Rochester, has engaged a Woodstock man named Jones as change catcher and infielder.

After to-day the people of Toronto will experience two weeks' rest from baseball, no game being scheduled for Toronto until July 28.

At Eglinton on Saturday afternoon Brown Bros.' ball team of this city were defeated by the Pastimes of Eglinton. Score, 41 to 13, with an innings to spare.

Veach has had about his share of work to do this season. Besides the fielding games he has played he has pitched in about 19, of which he has won 11, lost 7 and had one drawn.

Manager Chapman of the Buffalos has started for the East to find some timber to make a club of. The News says a pitcher, catcher and first baseman are practically what is wanted.

Otis Tilden, the man whom the Ham. Spec. said was such a good umpire, has been released. He acknowledged that he was not equal to the task. Mr. W. A. Crofoot of Detroit has been appointed in his stead.

It was forty years on Saturday, June 16, that the first game of baseball ever seen was played at Hoboken by the New York and Knickerbocker Clubs. It took all day to play four innings and twenty runs were made in some innings. In 1868 the first paid players were employed.

You would have been tickled to death to have heard how hard a home enthusiast worked on the grand stand yesterday to prove to two Knights from Cincinnati that it was not our very best team that was playing. One of the Knights slyly slipped a chestnut to the other.

Frank DeKabach, treasurer of the Cincinnati Baseball Club, was fined $5 and the nine Cincinnati players who participated in Sunday's game $2 each before Esquire Diehl yesterday. It is understood that this action was taken by the management to escape heavier punishment in the Police Court on account of the disturbance at Sunday's game.

Syracuse Standard: P. S. Ryder is in the West looking for players for the Stars. He is now in St. Louis. It was through his instrumentality that Sweeney was secured. He is now trying to buy the release of McKinnon, the St. Louis first baseman, and a member of the old Star team. If he is secured Householder will be made a regular catcher of the nine.

Mr. Peter Ryan, a director of the Toronto Baseball Club, desires The World to contradict its statement, founded on what was considered first-class authority, that a meeting was held Friday night to consider Veach's conduct in the first inning of the game at Hamilton on Thursday last, when Peck-a-boo was so disastrously [illegible] Mr. Ryan says the directors have done [illegible]

They won eight stakes with Tremont, two with Inspector B., one with Winfred, two with Pontiac, one with Brambleton, one with Tom Martin and divided one with Miss Woodford. Capt. The international quoiting tournament for the championship of America commences to-day at the Heather Quoit Club grounds, in rear of 256 Front-street about 10 o'clock a.m. The best players of the United States and Canada have entered.

Toronto and Guelph meet to-day on the Bloor-street cricket ground for their first encounter of the season. The Toronto team will be composed of the following: A. G. Brown, R. R. Boulton, A. Burke, G. B. Behan, A. H. Collins, F. S. Dickey, W. W. Jones, G. W. Marsh, E. C. Sandiee, W. W. Vickers, and J. Winslow. Wickets will be pitched at 10.30 o'clock.

An effort is being made to get up a sensational race to be run at San Francisco next winter. It is proposed to give about $25,000, and it is expected that this will attract such horses as Miss Woodford, Troubadour, Modesty, Barnum, Joe Cotton, Bersan, Lizzie Dwyer and others, from the East. Of course, all the celebrated Californians would take part. The distance has not been determined, but a dash of two miles has been spoken of.

Four members of the Louisville, Ky., bicycle club on a tour through Canada to Niagara Falls have ridden from Detroit to Hamilton on the roads. The party is made up of H. Shimpeler, F. Shimpeler, C. L. Monsch and W. M. Raible, and they form a very lively southern quartette. Owing to the poorness of the lake shore road they took the boat from Hamilton to this city, where a detachment of the Wanderers met them and after a dinner showed them the town. After supper a large party of Wanderers entertained the visitors and conveyed them around and sailed them over to the Island and back. Next morning some 15 club riders took the tourists and bicycles to the Island and the entire party enjoyed a run along the lake shore. An early dinner was partaken of and the party left for the Falls on the noon train, after expressing themselves as more than pleased with their treatment by the Wanderers.

The inquest at Belleville over the body of John Pentland, the man who tried to murder Mrs. Mack and then killed himself, resulted in the jury bringing in a verdict of suicide to escape the consequences of his crime. Mrs. Mack is improving.

None Better.

—There is no more wholesome or delicious fruit on earth than the wild strawberry, and there is no more effectual remedy for Cholera, Dysentry, Cramps and other summer complaints of infants or adults than Dr. Fowler's Extract of Wild Strawberry. 246

—Worms derange the whole system. Mother Graves' Worm Exterminator deranges worms, and gives rest to the sufferer. It only costs twenty-five cents to try it and be convinced.

—West's Liver Pills remove that sallowness from the complexion by restoring the digestive organs to a healthy action. All druggists.

An Annoying Error.

Miss Chamberlain of Cleveland, or Chamberlayne, as she calls herself in London, with her mother and sister were fellow-passengers of Mr. Beecher on the Etruria. There was an appalling error in this passenger list that caused the young beauty much annoyance. The list read "Miss Chamberlayne, two daughters and a maid."

—A lady writes: "I was enabled to remove the corns, root and branch, by the use of Holloway's Corn Cure." Others who have tried it have the same experience.

The Eagle Steam Washer.

The name of the above washing machine is quite familiar to thousands of people in Canada and tens of thousands in the States and all over the world in fact. When any household article has gained such popularity as this valuable washer has it must have a combination of qualities not found elsewhere. First, it is a great saving of labor both as regards time and strength a child of 14 years of age being able to use it, the simplicity of its operation requiring no tact. Secondly, the saving of the clothes, which is a great consideration, no rubbing and scrubbing on a washboard, and it washes, steams and bleaches all at the same time. Thirdly, its size is no larger than an ordinary stove boiler and yet its capacity for a family washing is fully met. A great saving of fuel is also an essential feature of its value, as no matter how or under what circumstances clothes were washed they could not be done with so little fuel as this valuable machine requires, and this is a great consideration as regards the price of coal and wood, and saving the heating of your houses in summer. To put it all in a few words, this great invention will save labor, time, soap, clothes, mending and often health and life. The value of the Eagle washing machine may easily be determined if the public will only read the testimonials in Toronto alone, showing the immense sale of the machine, the high estimation in which they are held, and the great satisfaction they are giving. The price is low and within the reach of all, rich and poor being able to avail themselves of its value, and no household is really complete without one. Messrs. Ferris & Co., manufacturers and patentees, have their offices at 87 Church-street, Toronto, where they will be glad to show any and everyone this valuable household prize. x

A Novelty in To-day's Procession.

The greatest curiosity on the continent is going to follow the Pythian parade to-day through the streets of Toronto, consisting of a horse standing the highest in height of any in America. It is perfectly quiet, and may be put in any position, and will remain gentle. It is the only horse ever known who never showed vice of any kind. It will stand without a *weight*—and never move. It eats little, always has a shiny coat, and never shows fear at music or a big crowd, and it will appear to-morrow in a handsome new set of harness made by the Canadian Harness Company, 104 Front-street east, Toronto. 246

On The Rise.

—"Leaves have their time to fall," says the poet, but wild strawberry leaves are on the rise just now, being utilized in such enormous quantities in making Dr. Fowler's Extract of Wild Strawberry—the infallible remedy for cholera morbus, diarrhœa and other summer complaints. 246

A Solace and Comfort.

The above may be derived by all consumers of the aromatic weed by smoking Goldstein's mixture or cut plug brands. In Bad Humor.

—"A year ago my head was covered with sores, and the eruption covered my face also, and spread even until the backs of my hands were sore. I became weak and ill. Finding no cure I tried Burdock Blood Bitters. Two bottles perfectly cured me." Statement of Miss Minnie Stevenson, Cocagne, N. B. 246

—Nearly all infants are more or less subject to diarrhœa and such complaints while teething, and as this period of their lives is the most critical, mothers should not be without a bottle of Dr. J. D. Kellogg's Dysentery Cordial. This medicine is a specific for such complaints and is highly spoken of by those who have used it. The proprietors claim it will cure any case of cholera or summer complaint.

A Wise Precaution.

—During the summer and fall people are liable to sudden attacks of bowel complaints, and with no prompt remedy or medical aid at hand, life may be in danger. Those whose experience has given them wisdom, always keep Dr. Fowler's Extract of Wild Strawberry at hand for prompt relief, and a physician is seldom required. 246

An Apology.

It must be on account of the Knights of Pythias visiting Toronto, the tremendous rush of business come on. We always try to get through on Saturday 12 o'clock p.m., but last week were defeated, and apologize to our customers. Our business has increased enormously lately, our "goods and prices" are telling a tale; we have increased our staff and can guarantee *now* just the same bargains as ever and the prompest delivery. Order by telephone and get your goods "as quick" from Wiggins & Lewis' grocery and liquor store, cor. Queen-street and Doverecourt-road. 246

—No person should go from home without a bottle of Dr. J. D. Kellogg's Dysentery Cordial in their possession, as change of water cooking, climate, etc., frequently brings on summer complaint, and whenever nothing like being ready with a sure remedy at hand, which oftentimes saves great suffering, and frequently valuable lives. This cordial has gained for itself a wide spread reputation for affording prompt relief from all summer complaints.

—Scientists inform us that we may expect a visit this summer from the terrible scourge, cholera. West's Pain King is the remedy to keep. Always ready for a sudden attack. 25c. All druggists.

A Fortunate Escape.

—Mrs. Cyrus Kilborne, Beamsville, Ont., had what was supposed to be a cancer on her nose. She was about to submit to a cancer doctor's treatment, when she concluded to try Burdock Blood Bitters internally and externally, a few bottles of which entirely cured her. 246

—Hard and soft corns cannot withstand Holloway's Corn Cure; it is effectual every time. Get a bottle at once and be happy.

Off Work.

—"I was off work for two years suffering from kidney disease, and could get no relief, until advised by a friend to try B.B.B. I was cured by two bottles, and consider it a miraculous cure." The above is the substance of a communication from Wm. Tier, of St. Marys, Ont. 246

—The cheapest medicine in use is Dr Thomas' Eclectric Oil, because so very little of it is required to effect a cure. For croup, diphtheria, and all diseases of the lungs and throat, whether used for bathing the chest or throat, for taking internally or inhaling, it is a matchless compound.

—Life saved at midnight by the timely use of West's Pain King. Do not fail to always keep it in the house for attacks of colic, cholera, cholera morbus, cramps, flux, dysentery and all kindred diseases, always very sudden. Be prepared, 25c. All druggists.
