CRAMP AND PAIN-KILLER.

THE MOST SUCCESSFUL REMEDY KNOWN For the Cure of all Rheumatic Affections—Pain in the Stomach, Back, Side or Limbs—Stitches in the Back, Side or Limbs—Cramp in the Limbs or Stomach—Darting Pains, Bilious Cholic, Dysentery and Diarrhœa, Colds and Sore Throat, all cases of Local Inflammation—Cuts, Wounds, Bruises, Headache, Toothache, Burns, Scalds, Frozen Limbs, &c., &c.

THIS wonderful Medicine has effected many truly surprising cures in cases of the most alarming complaints. And we say no more than hundreds and thousands who have used it will testify, when we say there is no Medicine designed for that class of complaints, possessing more than a tithe of the power to relieve and cure as this.

We solicit particular attention to the fact that it does not contain a particle of Opium in any form, Neither does it contain Camphor.

It is free from any deleterious article, and cannot, in any conceivable case, injure the patient.

It does not deaden the Life Faculties, nor produce the burning, drying, parching effect so much complained of in the use of other "Pain Killers."

It does not weaken the personal constitution of the bowels, but invigorates and its attendant evils, but is a promoter of digestion and of proper and healthy action of the stomach and intestine canal.

IN ALL RHEUMATIC AFFECTIONS, LOCAL PAINS, &c., it has proved itself the most successful, mere fleeting to cite, even in the most desperate and long standing cases, (See Certificates.) In these cases, the patient should take half a teaspoonful on sugar or molasses.

CRAMP IN THE STOMACH OR BILIOUS CHOLIC. We believe it will never fail to speedily cure. It should be a teaspoonful at a time, on sugar or molasses, or in any manner the patient can make it last, and the stomach and bowels freely bathed. And if in fifteen or twenty minutes the patient does not feel relief, repeat the dose.

DYSENTERY OR DIARRHŒA.

Are specially and easily cured by it. It should be given a teaspoonful at a time, once or an hour or two, or oftener in severe cases, and bathe the stomach and bowels with the same.

EVEN THE CHOLERA.

Which during the past season has swept off such fearful numbers, has been cured by it, not injurious in every case, where it has been early and faithfully applied. In Hamilton, Canada West, Cholera Infantum was found to yield to it. Sold by all Druggists in Canada, and by the Proprietors, in the United States, at 25 cents per bottle.

R. R. R.
THE PROPHECY FULFILLED.

IN the month of August, 1849, we promised to the world that we would produce a medicine that would immediately stop the most severe pangs of pain, and speedily remove its cause.

We proposed to Hospitals, and all other Institutions for the reception of the sick; to Physicians, Surgeons, and all Medical Institutions and Societies, to introduce our Ready Relief for their investigation, and to illustrate its merits and miraculous power over pain upon the patients.

We claimed that it would allay, in a few minutes, the most severe Cramps and Spasms—it would arrest the progress of that dread plague, the Cholera—that in a few minutes it would change the hard, knotty, cold, and lifeless body, to warmth, vitality, and vigor.

That in a few minutes it would relieve the most severe pains in the bowels, that in fifteen minutes it would stop all painful and diarrhœal discharges, and impart a genial warmth in every organ and extremity of the body; that it would positively relieve the most severe and dangerous bilious attacks and nervous head-ache in fifteen minutes, and effectually cure the distressing complaint.

That it would in an instant mitigate the cruel pangs of Neuralgic pain, and permanently cure the excruciating affection. That it would stop the most tormenting toothache in a few seconds.

That it would relieve all Rheumatic pains in fifteen minutes, and cure many Chronic cases of Rheumatism in a few hours.

That it would produce a miraculous soothing and refreshing influence over all pains originating in the Spinal Marrow, Nervous, and Bilious complaints, and that the patient suffering the most excruciating tortures, would feel its soothing influence in a few minutes.

The world was startled at the publication of our discovery. The wise sneers of the Medical Science shook their heads in doubt. The sick and afflicted hoped yet, feared that, like other remedies, it would prove quacker-ery. But by repeated experiments; thousands who were suffering with the most excruciating pains, at once determined to try it; the consequences were, that from all over every village, town, city, within 500 miles of New York, we were in receipt of the most rapturous letters of our discovery' remedy. The people tried it and found it good; the most torturing pains were mitigated, weak nerves were strengthened, those who had been bedridden for years, were suddenly relieved from pain and restored to health. So with the sufferers of Neuralgia, Sick and Nervous Head-Ache, Chill Fever, Diarrhœa, Cramps, Spasms, Cholera Morbus, and, in fact, all painful and distressing Acute complaints, were suddenly relieved from their tortures, and restored to health. Its fame spread from city to city, the people sounded its wonderful virtues far and wide, and ere the earth had run its yearly course,

FIVE MILLION BOTTLES WERE SOLD!

In every town in Maine, New Hampshire, Vermont, Rhode Island, Massachusetts, Connecticut, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, Ohio, Michigan, Wisconsin, Illinois, Indiana, Kentucky, Tennessee, Missouri, Louisiana, Mississippi, Alabama, Georgia, Florida, Carolinas, Georgia, Alabama, and Louisiana—in every town in each State it has made friends, and received its encomiums.

TO THOSE WHO KNOW NOTHING OF IT.

If you are unacquainted with the virtues of Railway's Ready Relief, and if you reside in either of the States mentioned above, we refer you to the Druggists, to Physicians, and the People. Take a bottle of it to any skilful Physician, let him test it, we will risk its reputation on his opinion.

A drop has frequently cured the most tantalizing Tooth-Ache.

Thirty drops, taken three times per day, will cure Sour Stomach and Debility.

Ten drops, taken every ten minutes, will cure Diarrhœa.

Thirty drops has, in fifteen minutes, stopped the Sick Head-Ache.

Sixty drops, taken every twenty minutes, has cured Cramps, Spasms, &c.

Thirty drops has, in fifteen minutes, cured Tic Doloureux.

Thirty drops has, in twenty minutes, stopped the pains of Vomiting.

Twenty drops has, in fifteen minutes, cured Wind on the stomach.

Three drops has, in fifteen minutes, cured Cholera Morbus.

Its application externally has stopped the most painful Rheumatic affliction, and cured Sprains, Strains, and Burns.

Three applications has cured the Salt Rheum.

Three applications has cured the Scald Head.

Three applications has cured Pimples and Blotches.

Six applications has cured the most painful Swelling.

Six applications, in twenty-four hours, cured Curved Spine.

One application, in 15 minutes, cured the Lumbago.

SOLEMN TRUTH.

Reader, do not regard the statements on account of the above assertions, we state only what it has done, what we know it will do. Prove it, if you suffer pain, give it a trial, and, we avow for it, you will become a firm friend of our speech and Ready Relief.

Price of Railway's Ready Relief, 25 and 25 cents per bottle.

BEAUTY.

Complexion richly tinted with the bloom of health, with skin as pure and fair as persian marble—

Luxuriant tresses dancing gracefully over the swan-like neck.
No dark repulsive spots, to mar the pleasing picture,
Or to cast dull shadows over the sparkling features.
Or to cast dull shadows over the sparkling features.
Composed of the most delicious, rare and fragrant gums, Of extracts, oils, and rarely esteemed
Of flowers, roots, trees, and oriental plants,
Possessing wonderful virtues over skin diseases.
TO THE COMPLEXION IT IMPARTS BEAUTY,
By cleansing the skin from all eruptive matter,
Makes clean the pores, gives action to the capillaries,
By which all poisonous humors are ejected—
And a healthy action to the skin restored,
Its touch is gentle as the zephyr breeze,
It makes the skin soft, sweet and smooth,
Strong and beautiful, the cheek of youthful vigor—

SWAIM'S
CELEBRATED PANACEA,
FOR THE CURE OF
INCIPIENT CONSUMPTION,
Scrofula, General Debility, White Swelling, Rheumatism, Diseases of the Liver and Skin, and all Diseases arising from Impurities of the Blood, and the Effects of Mercury.

SWAIM'S PANACEA has been for more than thirty years universally esteemed in this country and in Europe for its extraordinary cures—for the certificates of which reference is made to the directions and books (which may be had gratis) accompanying the Panacea. Some of the most desperate and long standing cases of disease, which give the particulars of cases two, fifteen, and twenty years, where the patients had been almost eaten up with Scrofula, and were deemed incurable by Physicians, have been received within the last year, in private practice, and have had the singular fortune of being recommended by the most celebrated physicians of the day, as the most efficacious medicine.

Prepared only by Wm. Swaim, Jr., Chemist, Philadelphia, and sold by all the respectable Druggists in the United States.

CAUTION TO THE PUBLIC.

Persons wishing to obtain the genuine SWAIM'S PANACEA and SWAIM'S VERMIFUGE, should be careful to observe that the name

SWAIM

is spelled correctly on the bottles and labels, or they may be imposed on by medicines made in imitation of them by a person bearing a somewhat similar name, will call, and be supplied with the genuine article.

Analysis of the Water of the Georgian Spring.

I have made a careful quantitative analysis of a quantity of this Water sent me by the Proprietor of the Spring, Captain Kains. It is a Saline Water, containing earthy Chlorids, with portions of Bromids and Iodids, thus resembling the Pleasant Water, from which it differs chiefly in the presence of a portion of Sulphates, which are not often met with in Waters of this class in the Province. It has a specific gravity of 1008.78, and contains in one pound avoirdupois, the affixed quantities of the following substances:—

	Grains.
Chlorid of Sodium	68.22690
Chlorid of Potassium	.72600
Chlorid of Calcium	.31603
Chlorid of Magnesium	3.45982
Bromid of Magnesium	.02016
Iodid of Magnesium	.01904
Sulphate of Lime	1.35044
Carbonate of Lime	2.68600
Carbonate of Magnesia	2.54016
Carbonate of Iron	Traces
Silica	.14300
	76.87015

T. S. HUNT,
Chemist to the Geological Commission.

Office of the Geological Survey,
Montreal, May 26, 1851.

Having compared T. S. Hunt's, Esq., analysis of the Mineral Water of the Georgian Spring with the analysis made by him of the Pleasant Spring Water, I may mention that the Water of the Georgian Spring contains no traces of the presence of the Sulphates, with the addition of Sulphate of Lime, differing however in some respects as to quantity.

I have delayed giving my opinion of the efficacy of the Georgian Water, in order that an opportunity might be afforded me of speaking more confidently of the advantages to be derived from its employment. I have witnessed beneficial results from its use, as an aperient, diaphoretic and diuretic, and also in allaying the distressing gastric derangement attendant upon the early months of pregnancy. I have no doubt that the Georgian Spring Water will be found equally beneficial in the cure of Rheumatism, Scrofula, and Dyspeptic complaints, on any other Mineral Water met with in the vicinity of this city.

Mr. W. E. Bowman:

SIR,—With pleasure I give you my opinion of the Georgian Spring Water, of which you are Agent. Being induced by its superior qualities, as shewn me in the Analysis furnished me by T. S. Hunt, Esq., Chemist to the Geological Commission, to give it a fair trial in many cases, both in my public and private practice, and I have not been disappointed in the result. I have found about of the most valuable of Mineral Waters that I have ever prescribed. I consider it highly advantageous in both cases of Rheumatism, Dyspepsia, and many other diseases requiring Tonics, Alteratives, or Laxatives. In Cases of pulsion of the Bowels, caused by Sedentary Habits of Old Age, it will be found extremely useful, and if judiciously administered, it is likewise a most valuable remedy for Costiveness, accident to women. I have also proved many disorders of the stomach, and I have found the most happy effects from its employment in allaying the insufferable thirst of Fevers, producing beneficial results from its Tonic and Laxative action, and I have no doubt that it will be found equally useful in removing and assuaging that extreme thirst in hot weather, which, by gratifying with ordinary drinks, so debilitates and exercises people generally.

RECEPTION OF GUESTS.

VISITORS may rest assured the arrangements will be such as to insure every satisfaction—and that INVALIDS will be particularly attended to.

PRICES OF BOARD FOR THE SEASON OF 1851:—FIVE SHILLINGS PER DAY, or FIVE POUNDS PER MONTH.

Caledonia Springs, 2nd June, 1851.

(Extract of a letter from P. J. Lacroix, Esq., of Montreal.)

I beg to state that in July, 1849, I went to the Springs for the purpose of testing their efficacy in a case of the most violent Rheumatism, under which I had been suffering for several years previous. After remaining at the Springs for about three weeks, and making free use of the Waters, my limbs were entirely relieved from all pain, and my health perfectly restored. Several of my friends, to whom I have recommended the Springs, assure me that they have experienced immediate relief from the use of the Waters of the Caledonia Springs, and to be most efficacious in cases of Rheumatism.

To the proprietor of the Caledonia Springs.

MONTREAL, 4th June, 1851.

DEAR SIR,—In compliance with your request, I have much pleasure in giving you my opinion of the extraordinary efficacy of the Waters of the Caledonia Springs, so long and highly appreciated by the Public, based upon the experience of your twenty-five years' experience, and observations of your good self, in cases innumerable, of those as they have been by a number of your friends, afflicted with the most violent Rheumatic affections and the different forms of disease to which the human frame is liable. I consider them invaluable. Few persons, except those who have suffered from this dreadful malady, can justly appreciate the blessing of relief, which I have often seen persons martyrs to this disease, (myself for one during ten years,) which baffled all medical skill, to experience, on their return to Canada, resort to the Caledonia Springs walking on crutches, and others than could not walk at all, were cured by protracted sufferings, and their general health disordered and broken down by confinement and want of exercise (with unspeakable joy) their crutches, and with health, strength, appetite, and activity perfectly restored. Among the much results are, the Sulphur Springs in particular, as well as the Saline Springs in general, are most efficacious in other diseases, such as Lepra, generally called Salt Rheum, and other affections of the skin; in a variety of Dyspeptic Complaints, Chronic Affections of the Liver and Kidneys; and I am sure that a great number of those cases that have the Spring water in their dwelling, but not completely restored, would have been cured by a more extended use of the spa. That these Waters have saved so many diseases as a specific, seems to be generally admitted, and so much respectable testimony to this effect has already been laid before the Public, that to say more would be superfluous.

H. MOYER,
Member of Royal College of Surgeons, London.

To John L. Wilkinson, Esq.,
Proprietor of the Caledonia Springs.

MONTREAL, 19th December, 1849.

DEAR SIR,—I have to state that I consider the use of the Caledonia Waters a very valuable curative agent in the treatment of many forms of disease. Circumstances in my practice enable me to grant you a favorable Certificate with more than usual propriety, many of my own Patients attend the effusory, and derived great benefit from the use, of the Waters. Of all diseases that have come under my notice, in which a perseverance in the use of the Baths and Waters promises the most beneficial results, Chronic Rheumatism ranks the first. Many of the cures in this disease have been truly astonishing. I met with a case of sciatica, where the individual, a delicate female, had lost summer, where the individual, a delicate female, had been suffering severely for more than nine months; she had completely lost the use of her hands, and could only walk a few steps with great pain and difficulty. After a residence of six weeks at the Springs, she returned free from pain, and strong enough to walk a considerable distance without fatigue. I have also found the Waters efficacious in Dyspeptic and Urinary Complaints, in Chronic Secondary Syphilis, and some of the forms of Cutaneous Disease.

In conclusion, allow me to add, from a personal visit to your Establishment, that (independently of the acknowledged virtues of the Waters) it has long been my best wish to see the improvement of the place, and the comfort and continuance of your Boarders, justly entitled you to a large share of public patronage and support.

I remain, dear Sir, yours very truly,
C. W. CAMPBELL, A.M., M.D.,
Lecturer on Surgery, McGill College.

To the Proprietor of the Caledonia Springs.

☞ A FRESH SUPPLY of the above WATERS has been received at the Depot, which can be had at the Counter, or sent to order to any address in town or country. Price of the Water very moderate.

SCROFULOUS AFFECTIONS, &c.

In all those distressing and prevalent cases, there is no question regarding the efficacy of this Medicine, as testimony of Physicians of this city, writes as follows:—

Dr. Sherwood's Galvanic Embrocation, I regard as the most efficacious of all remedies for Scrofulous affections. One of my children, a daughter of 5 years old, was afflicted with a Scrofulous Tumor, which resisted Scrofulous Ointment, which had continued its ravages nearly two years, various remedies were tried but without effect. The disease exhibited itself in several deep-seated ulcers. The discharge from which was accompanied with a fetid smell. As this crisis, I commenced the treatment with Sherwood's Galvanic Embrocation—the only remedy used in connection, was a decoction of Burdock and Cascilla, and conquered the disease and a complete cure was effected.

BRITANNIA
LIFE ASSURANCE COMPANY,
No. 1, Princess Street, Bank, London.
CAPITAL—ONE MILLION STERLING.
Empowered by Special Act of Parliament, 4 Vict., Chap. 9.

REDUCED RATES OF PREMIUM—HALF CREDIT RATES OF PREMIUM.

THE great and decided success which has attended this Institution, has induced the Directors to REDUCE the RATES originally required in British North America, to the ordinary European Rates. The result of such Reduction is to enable parties to avail themselves of the important benefits to Life Assurance at much lower Rates of Premium than those of any other Assurance Company transacting business in Canada.

The Directors have also resolved to extend to British North America the advantages afforded by the HALF CREDIT RATES OF PREMIUM which have been so highly approved, and are so generally adopted by Policy Holders in the United Kingdom. The most liberal conditions are likewise offered to the Assured in the limits to which they may proceed by sea or land, to other parts of North America without affecting their Interest in their respective Policies.

ERASMUS R. FOSTER,
Resident Director.
