Dyspepsia

Makes many lives miserable, and often leads to self destruction. Distress after eating, sick headache, heartburn, sour stomach, mental depression, etc., are caused by this very common and increasing disease. Hood's Sarsaparilla tones the stomach, creates an appetite, promotes healthy digestion, relieves sick headache, clears the mind, and cures the most obstinate cases of dyspepsia. Read the following:

"I have been troubled with dyspepsia. I had but little appetite, and what I did eat distressed me, or did me little good. In an hour after eating I would experience a faintness or tired, all-gone feeling, as though I had not eaten anything. Hood's Sarsaparilla did me an immense amount of good. It gave me an appetite, and my food relished and satisfied the craving I had previously experienced. It relieved me of that faint, tired, all-gone feeling. I have felt so much better since I took Hood's Sarsaparilla, that I am happy to recommend it." G. A. PAGE, Watertown, Mass.

N. B. Be sure to get only

Hood's Sarsaparilla

Sold by all druggists. $1; six for $5. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

WINTER AMUSEMENTS.

The Organization of a Local Hockey Club.

Forty Thousand People Witness the Yale-Princeton Football Match—General Sporting News.

THE TURF.

Even betting is now offered in England on Orme for next year's Derby.

Tim Blong, the rider of the famous high-jumping horse Rosebery, is home in Toronto, and will be in the saddle again next week.

Ted Gegg, the 2-year-old colt by Iroquois—Edna B., owned by the Wellington Stables of Toronto, won his first race at Gloucester on Monday, running 4½ furlongs in heavy going in 53⅘ seconds. He will be in the Woodstock Plate at Woodbine next spring.

The Victoria (Australia) Racing Club detective has for some time past been engaged in inquiring into the position of several of the boatmaking fraternity, and as a result 65 of the number who last year held licenses have this year been refused the same. The total number of pencillers registered by the V. C. R., now stands at 213.

Mr. Pepper, of Toronto, has certainly had one man's share of misfortune in a week. Besides losing Rosebery and having his jockeys Willie Wilson and Tim Burt be found on his return home another horse paralyzed and his youngest daughter with a broken arm, all of which happened on Friday and Saturday.

The Windsor Driving Park Association has elected the following directors: Sol. White; P. Hanrahan, W. A. Millard, Joseph McKeand, J. J. Foster, L. A. Alexander, F. Girardot, W. J. Pu[illegible], W. A. Hanrahan. A committee will [illegible] with President Clark over the construction of the street car line to the park.

At Tuesday's sale of trotting stock in New York the highest-priced animal was the 7-year-old brown stallion Mambrino Wilkes, by George Wilkes out of a mare by Todhunter's Mambrino, C. [illegible] Roth, of Buffalo, buying him for $2,700. Mambrino Wilkes is the sire of Balkan, 2:15, and others with fast records. The 4-year-old black pacing gelding Ned Winslow, with a record of 2:15, was bought by H. M. Willis, of East Williston, N. Y., for $2,600.

THURSDAY'S WINNERS.

At Gloucester, N. J.—Sam Illian, Houri, Manhasset, Camelite, and dead heat between Censor and Maid of Arney, Radiant.

At Guttenberg, N.J.—Noondaha, Faux Pas Colt, Mohican, Saunterer, Tie and Bohemian.

SKATING.

Joe Donohue, the crack skater, will not go to Europe this winter.

At the annual meeting of the Canadian Skating Association at Montreal the following officers were elected: President, E. S. Clouston; vice-president, W. Ross; second vice, W. D. Grady, Ottawa; third vice, T. L. Paton; honorary secretary, F. W. Barlow; council, Louis Rubenstein, J. A. Taylor, D. G. Watson, E. Shepherd, C. Gordon, H. V. Meredith, H. M. Acton, J. Vincent, J. C. Crathern.

BASEBALL.

President James Franklin, of the Buffalo Baseball Association says: "If Buffalo can get into the American Association, we will do our best to have a good club. It costs a good deal to run baseball and Buffalo people are not very liberal. Last season we lost $7,000 in cold cash between Buffalo and the other cities."

HOCKEY.

A LOCAL CLUB ORGANIZED.

A large and enthusiastic meeting was held last evening in the Tecumseh House for the purpose of organizing a hockey club to represent the Forest City during the coming winter. The following officers were elected: Honorary president, Capt. D. D. Young; president, J. Cronyn; first vice-president Wolfe Thomson; second vice-president, Ed. Clegg; secretary-treasurer, E. E. Corbett; captain, P. C. Stevenson; executive committee, Messrs. Mills, Macbeth, Shore, Stevenson, Watson. Honorary members, Messrs. C. S. Hyman, W. J. Reid, J. Thomas, C. W. Davis, T. S. Hobbs, Lieut.-Col. Smith, Andrew Durand, George Gibbons, A. B. Cox, H. Fysh, J. W. Little, S. H. Craig and J. W. Jones. The game of hockey has taken a strong hold in London as a winter sport, and judging from the number of clubs organized in other towns in Western Ontario a large number of matches will be arranged, and everything tends to a successful season.

FOOTBALL.

Detroit footballers yesterday defeated the Western Association team 4 goals to 0.

Toronto University defeated Knox College at Association football Thursday by 2 goals to 0.

The Yale-Princeton football match on Thanksgiving Day was won by Yale, 19 to 0. Forty thousand people witnessed it. Chicago defeated Cornell, 12 to 4.

The Canadian-American footballers are now in the middle of their tour in the South of England, and they are now meeting mostly amateur clubs. In the midlands and the north they have been facing the strongest professional teams in the country, organizations corresponding to the professional baseball clubs of America. Thursday's match was against Eastbourne, and the visitors held their own, the game resulting in a draw. Scoring was frequent, eight goals being put through during the match, four going to the credit of each team. The tourists have now played 38 matches, won 10, lost 21 and drawn 7.

A BRUTAL BLOW.

CHICAGO, Ill., Nov. 27.—A local paper says: "Cornell will never play another game against the All-University team," was the positive statement by Assistant Manager Baldwin, of the Cornell team, as he watched a half-dozen of his men carrying the mighty Galbraith from the field yesterday in an almost unconscious condition. Galbraith had been badly hurt in an encounter with Alvord, the left half-back of the Chicago team. "No," said Galbraith, "I don't know who hit me, but whoever it it was struck straight from the shoulder. I was not down at the time, but on my feet pushing ahead. The blow was a vicious one. It was the roughest game I ever played in." Dr. Hitchcock characterized the Chicago's game as unscientific and brutal.

DRAUGHTS.

Mr. J. L. Richmond recently played six games simultaneously against all comers at Ebchester, Eng., play being continued for four hours. He won 24 games and lost 3, other 7 being drawn.

Mr. James Hill, the English draught player, complains that Mr. Wyllie has misconstrued the words of the American champion, Barker, who, he says, does not dispute the Herd Laddie's title, nor will he challenge him, but at the same time will willingly play a match with him if the Herd Laddie so desires.

THE KENNEL.

The celebrated English setter Bohemian Girl has been sold to the Coal Grove (Miss.) Kennels for $1,500.

THE WHEEL.

M. A. Holbein, of England, has lowered his own remarkable record of 336½ miles in 24 hours and established a now world's record of 361 miles 1,400 yards on the bicycle in 24 hours.

LOOKING OVER THE LISTS.

West Northumberland Liberals Gain 165 Votes.

The Tory M. P. for Prince Edward Admits Bribery by an Agent.

The Kingston Whig states that A. Gunn may be a candidate at the Dominion election.

At a meeting of the Liberals of Galt, held Wednesday evening, a unanimous invitation was passed to Hon. Wilfrid Laurier to pay the town a visit during the month of December.

Richardson, the defeated candidate for the Local Assembly for Assiniboia, is spoken of as Hon. Mr. Dewdney's successor should he leave the Cabinet.

The solicitors for A. C. Miller, M.P., have served a notice on C. H. Widdifield, solicitor for the petitioner in the matter of the Prince Edward election petition admitting bribery by an agent sufficient to void his election. A notice was also served abandoning the cross petition against Dr. Platt, the defeated candidate. A large number of prominent Conservatives have been served with subpœnas, and to save their own reputations they forced Mr. Miller to admit bribery.

The charges of personal bribery against F. G. Forbes, ex-M.P. for Queen's county, N.S., have been dismissed. The seat has been declared vacant.

The petition in the Yarmouth, N.S., election case has been set down for trial on April 12, and the petition in the Shelburne case for trial on April 20.

In the Glengarry election petition, Judges Falconbridge and Street on Wednesday gave judgment on motion made by respondent, before the trial judges, to change the place of trial from Cornwall to Alexandria. The learned judges stated they could only enlarge the application formally to the opening of the court at Cornwall. If it be then renewed and consented to by the petitioner they would adjourn the trial to be opened at Alexandria the same afternoon if possible.

The final revision of the Dominion voters' lists for the electoral district of West Northumberland has just been concluded before Judge Ketchum, revising officer. The Liberals are jubilant over the great gains they have made in the new lists. The municipality of Haldimand leads the van with a net Liberal gain of 66. In this township they struck off 79 Conservatives and added 8 Liberals, while the Conservatives struck off 18 Liberals and added only 3 Conservatives. The net Liberal gain in Hamilton township is 47, there the Liberals struck off 61 Conservatives and added 5 Liberals, while the Conservatives struck off only 19 Liberals and added one solitary man who had been removed from the list on the preliminary revision by mistake. In Cobourg the Reformers make a net gain of 54, striking off 85 Conservatives and adding 9 Liberals, while the Conservatives struck off 40 Liberals and added no one. The net gain in Cobourg, Haldimand and Hamilton is 167. From this is to be subtracted a net gain of 2 for the Conservatives in Alnwick, leaving a grand total of 165 to be added to Hargraft's old majority.

The Woodstock Meeting.

WOODSTOCK, Nov. 27.—Mr. James Anderson, of this town, chairman of the recent Political Union meeting, has written the following letter: "I have read in the Globe of Nov. 25 an account of the meeting held here to discuss the future of Canada, and beg to state that the majority against political union with the United States, was not twelve to one as stated, nor anything like it. Indeed, to say that the meeting was about equally divided would be much nearer the truth. As chairman of the meeting I so decided."

An Irish-American Warning.

NEW YORK, Nov. 27.—At the conference of representative Irish-Americans held here yesterday in accordance with a resolution adopted by the council of the Irish National League the report presented by the Committee on Platform was adopted. The report warns the people of Ireland that "they can receive no further support, moral or financial, from this country until they call a halt in the war of factions and reunite the forces now engaged in the work of self-destruction, and formulate a union based upon a clearly-defined, moderate and reasonable expression of Ireland's demand for home rule and a policy of independence of all English parties; that such a definition should include a Parliament with full power over all purely Irish affairs, and an executive responsible to the Irish Parliament, and having the appointment of the judges and magistrates and the control of police.

Pale, weak and emaciated women and girls would soon disappear from the land if all would use Dr. Williams' Pink Pills, a specific for their peculiar troubles. Try them and be convinced. 7u xt

ONTARIO AND THE WORLD'S FAIR.

Steps Taken to Have Canadian Interests Well Represented.

Resolutions Adopted by the World's Columbian Exhibition Committee for Ontario—Suitable Candidates for Commissioners.

TORONTO, Nov. 26.—The World's Columbian Exhibition Committee for the Province of Ontario met in the rooms of the Agricultural and Arts Association yesterday afternoon. Members present: Ira Morgan, J. C. Snell, Edmonton; Albin Rawlings, Forest; Robert Vance, Ida, president of the Agricultural and Arts Association; R. Gibson, Delaware, president of the Shorthorn Breeders' Association; John Jackson, Abingdon; Mr. N. Awrey, M.P.P., Binbrook, and F. W. Hodson, London, Ont.

Mr. Awrey, the chairman, called the meeting to order. After much discussion and deliberation the following preamble and resolution were unanimously adopted and addressed to the Board of the Agricultural and Arts Association.

Whereas the members of the World's Columbian Exhibition to be held in Chicago in 1893 will in all probability be the greatest aggregation of live stock and agricultural products that has ever been brought together on the American continent it is of the utmost importance to this Province that a good representation of its products should be made on that occasion. The selection of Chicago, the great live stock emporium of the world, as the place for holding the exhibition is one especially favorable to the interests of Canadian stockmen, as the demand for our improved stock is mainly from the great Western States and Territories, and in making preparations to exhibit at Chicago our stockmen will be taking their stock right into its natural market. Canada has long been, and is likely to be in the future, the principal breeding ground from which the farmers and breeders of the United States look for first-class animals to replenish their herds and flocks, and this exhibition will afford an opportunity which may not occur again in a century to demonstrate to the world the facilities of this country to produce animals of the highest merit as to breeding, quality and vigor of constitution, as well as our ability to exhibit in all departments products unexcelled for excellence; be it herefore resolved that in order to carry our efforts to a successful issue the following recommendations be adopted:

1. That the Dominion Government be asked to provide for all expenditures in connection with the transportation, care and maintenance of all the exhibits from the time of shipping until the return of the same.

2. That the Dominion Government be asked to provide for the insurance of the live stock from time of shipment to return.

3. That the Ontario Government be asked to appoint a Provincial commissioner who shall devote his attention to securing a complete exhibit in every department and who shall represent the Province at Chicago.

4. That the Ontario Government be asked to appropriate at least $19,000 to be offered as prizes to live stock and poultry from this Province, the above sum to be divided among the various classes in the same proportion as at the last Provincial Exhibition.

5. That the Ontario Government be asked to confirm the appointment of sub-commissioners elected by the board, one for each of the following classes, namely: Horses, cattle, sheep, hogs, poultry, agricultural products, horticultural products and the dairy, who shall select the exhibits to represent their various departments, said sub-commissioners to be selected either from this board or some one of the existing live stock associations. All expenses incurred by the sub-commissioners in their duties be paid by the Ontario Government.

6. All entries to be made through the secretary of the Agricultural and Arts Association on forms provided for the purpose.

The members of the committee were very enthusiastic and unanimous in their work. All the gentlemen present regretted very much the fact that they were not allowed to recommend as commissioner one of the gentlemen present. That gentleman was the chairman of the committee, Mr. N. Awrey. Some of the members were quite determined to move a resolution recommending the Ontario Government to appoint this gentleman, but he steadfastly refused to have his name brought forward, and insisted that the Ontario Government be left free to select their commissioner where they pleased. Notwithstanding, the prominent gentlemen present were unanimous in their opinion that Mr. Awrey should be appointed. He possesses in a marked degree the qualities to make a successful commissioner. His executive abilities are very good, one of the prime requirements in filling such a position. Unlike many political men he is eminently fair-minded and honorable. Though extremely gentlemanly his inclination to handle "boodlers" without gloves is well known. He is a man of strong convictions, possessing the moral courage to carry out these convictions. The farmers of the Province have long recognized him as a man worthy of trust. He has for several years ably represented a rural constituency in the Local Legislature, and for three years he has represented the large district in which he lives on the Board of Agricultural and Arts Association, and for the last two years he has been president of the Central Farmers' Institute, representing upwards of 10,000 farmers. Before the appointment of the Hon. John Dryden to the Department of Agriculture, Mr. Awrey was spoken of by many as a suitable man for the position. There is no doubt that his appointment as chief commissioner to represent this Province at the great fair soon to be opened would be received with great satisfaction by the farmers of Ontario and by the people at large. The appointment of sub-commissioners is also an important task, none but practical and honorabe men who possess such executive ability should be selected. Mr. Richard Gibson, of Delaware, in all probability will be appointed to one of these posts. He is eminently fitted for the work, having had ample practical experience in all live stock matters. For many years he was vice-president of the Dominion Shorthorn Breeders' Association. Last year he was unanimously elected president. For years he has been a prominent member of a similar American association, and by it he was appointed, together with two American gentlemen, to represent the Shorthorn interest before the officials of this great exhibition. Immediately after this the officers issued a circular requesting all American live stock associations to send delegates to confer with the Exposition officials. From among these eighteen persons were selected as an executive. Immediately after this Mr. Gibson was again appointed by the American Shropshire Association to represent their interests before the executive, where he was granted voting and other privileges equal with the members of that body.

Mr. J. C. Snell, of Edmonton, Ont., also will probably be appointed a sub-commissioner. This gentleman is very widely and favorably known by fine stock breeders, not only in Canada, but throughout the United States. His appointment would be most favorably received.

Mr. Robert Beith, M.P., of Bowmanville, so well known as the importer of many of the best Hackneys and Clydesdales in Canada, is another probable nominee.

CURIOUS STORY

Regarding an Alleged Vatican Emissary in Salisbury's Household.

LONDON, Nov. 27.—A curious story has just been made public to the effect that the Vatican has had an emissary in the household of the Marquis of Salisbury. This intelligence comes from a lady who was recently a guest at Hatfield House, the residence in Hertfordshire of the Prime Minister. A letter written by the lady referred to says:

"The last time I was staying at Hatfield house I was struck by the face of the man who was employed in the capacity of major domo of the establishment. The features of this man haunted me as those of some one whom I had seen before. While trying to remember where and when I had seen him I looked at the man rather frequently. He noticed me observing him, and seemed somewhat disconcerted. Suddenly, I remembered where we had met before, and he instantly saw the recognition in my countenance. It was in the Vatican, over a part of which place, while on a visit, he had conducted me, garbed in the robes of an Italian priest. He used fluent English in describing to me the various things of inserest, which he pointed out during our tour of the building, and appeared to me to be a most affable man. When I had discovered the identity of my former guide, I at once resolved to tell the facts to Lord Salisbury at the first opportunity next morning, but found upon arising the following day that my quondam friend had decamped during the night, taking all his belongings with him. The news of the sudden disappearance of the major-domo caused considerable confusion in the Premier's household. I told the marquis all I knew about the matter and he appeared to be very much put out by the intelligence which I imparted to him, but had little to say in regard to the strange occurrence. The members of Lord Salisbury's family, however, thoroughly discussed all the facts of the case, and the conclusion arrived at by them after everything had been considered, was that the missing major domo was a Jesuit agent, and that he had insinuated himself into the Premier's family for the purpose of discovering secret matters concerning the Vatican."

VERDICT FOR $6,000

Against the Toronto Street Railway Company.

TORONTO, Nov. 27.—At the Assize Court to-day the sealed verdict returned by the jury last evening in the case of Osgoodby vs. the Street Railway Company was opened and the answers to questions were found to attribute negligence on the part of the company's employes. The plaintiff was awarded $6,000 damages.

In the action of McPherson against Bryce the plaintiff was awarded $200 damages for malicious arrest.

A GOAT FIGHT

Results in the Death of Twelve People—The Stage Gave Way.

SAN ANTONIO, Tex., Nov. 27.—J. R. Coleman, an American engaged in business at Guanajuto, Mexico, brings particulars of an accident which took place in that city on Sunday, resulting in the killing of twelve people and the serious injury of nine others. Several hundred people had assembled in a bull fighting arena to witness a fight between two goats, when a part of the amphitheater gave way. The heavy timbers fell on the crowd, crushing men and women beneath their weight.

Monument to Theodore Parker in Italy.

FLORENCE, Nov. 27.—There was unveiled in the old Protestant cemetery here in the presence of a select body of American and English residents the new headstone at the grave of Rev. Theodore Parker, which was erected with subscriptions collected by Theodore Stanton among the distinguished European and American admirers of the celebrated Boston divine.

A THING OF BEAUTY.

Did You See It in a Dundas Street Window—Some Things That May be Seen and Procured in That Vicinity.

My!
How lovely!
Isn't it pretty?
What a beautiful costume!

And many other delighted exclamations to the same effect from the lips of a number of ladies caused a reporter last evening to stop in front of a store window at 202 Dundas street. The object of general admiration was a dress of the richest material and most artistic workmanship. The color was maize, which is becoming a very popular shade, and with white faille trimmings and pearl fringe the garment was certainly very beautiful.

"By their fruits shall ye know them" is a truism of wide application, and as this elegant dress is the product of Mr. A. Rolfe's establishment, it reflects on his dressmaking department very creditably. Mr. Rolfe says that under Miss Loane's capable supervision this branch of his business has attained rare success. He has a large staff employed and orders are briskly coming in.

In the same window may be seen a charming display of evening goods artistically arranged, Faille silks, pongora, China silks, embossed velvets, chiffon trimmings, gimps, beaded fringes, evening gloves, silk and kid, in all shades and many other novelties to delight the eye and gratify the purchaser. Mr. Rolfe opened out in March and his trade has been steadily growing ever since. There are reasons for this. His stock is entirely new; he carries nothing but the best quality of goods; his assistants are experienced, efficient, courteous and obliging, so that customers who come once come again.

Remember the place—202 Dundas street.

Monthly Prizes for Boys and Girls.

The "Sunlight" Soap Company, Toronto, offer the following prizes every month till further notice, to boys and girls under 16, residing in the Province of Ontario, who send the greatest number of "Sunlight" wrappers: First, $10; 2nd, $6; 3rd, $3; 4th, $1; 5th to 14th, a Handsome Book; and a pretty picture to those who send not less than twelve wrappers. Send wrappers to "Sunlight" Soap Office, 43 Scott street, Toronto, not later than 29th of each month, and marked competition; also give full name, address, age and number of wrappers. Winners' names will be published in Toronto Mail on first Saturday in each month. 8tf t

At exhibitions in 1891, K. D. C. has been awarded a silver medal and five diplomas—the highest awards for any medicine.

Pigs farrowed in the fall can be kept growing steadily all winter, and can be made ready for market by the latter part of spring or early summer.

We have no hesitation in saying that Dr. J. D. Kellogg's Dysentery Cordial is without doubt the best medicine ever introduced for dysentery, diarrhœa, cholera and all summer complaints, sea sickness, etc. It promptly gives relief and never fails to effect a positive cure. Mothers should never be without a bottle when their children are teething.

When colts are shivering in the open air, with their backs bowed and heads down, such negligence is costly, to say nothing of the cruelty.

Give Holloway's Corn Cure a trial. It removed ten corns from one pair of feet without any pain. What it has done once it will do again.

Be a well man, a free man, a happy man by taking K. D. C.—the great restorative for all stomach disease.
