Cockshutt Opens 38th Annual Winter Exhibition At Guelph

Feels Gratified To Find Interest Was Not Diminished Despite Conditions Prevailing in Canada—Western Stock Entered—Prizes Awarded.

[Special to The Advertiser.]

GUELPH, Dec. 5.—"It is very gratifying to know that notwithstanding conditions which prevailed this year there is no dimunition in the interest of the show, but rather the reverse, and that the entries are more numerous than ever before. This, I take it, is an evidence of the fine spirit and courage with which all concerned in the great interests represented here today looked toward the future," said Lieut.-Governor Harry Cockshutt, in officially declaring the 38th annual Winter Fair open here today. He said that although times were necessarily unsettled, when one considered the hopefulness of the people, and the enterprises which characterized Canadians, one need not doubt that a bright and prosperous future was in store for this country.

His Honor opened the fair in the presence of an unusually large gathering of livestock breeders and visitors, hundreds coming to Guelph today so that they will be able to get back home to cast their votes tomorrow.

Judging Tuesday will not commence until late in the afternoon in order that everybody in connection with the fair may have an opportunity of exercising their franchise. The election returns will be received at the fair building over a special wire Tuesday night.

After declaring the fair open, the lieutenant-governor, who was accompanied by Hon. Manning Doherty, examined quite a few of the exhibits. He also addressed the students of the O. A. C. during his stay in Guelph.

Bring Western Stock.

Direct from the International Livestock Show in Chicago, where the exhibit had a remarkable record, arrived last night by express, several cars of fine livestock from the farms of Saskatchewan. This exhibit is in charge of J. M. Robertson, livestock commissioner for Saskatchewan, and breeds and visitors who saw the stock this morning admitted the exhibit is one of the best ever seen here. In competition with the best stock in Ontario here this week, the western entry will be one of the big features of the fair. The shipment includes 28 horses, 16 sheep, 2 cattle, and all are entered in the names of their individual owners. Prominent among the horses in the western exhibit is "Wee Donald," the grand champion Clydesdale of the Chicago show. "Wee Donald" is a Canadian-bred stallion foaled in 1914. He will be seen in competition in the aged stallion class here, in which there are 14 entries, and his showing will be watched with keen interest. The western exhibit also included 9 Percherons, all winners at Chicago, and 7 prize-winning Belgian horses. The cattle exhibit is headed by a Shorthorn bull, from Prince Albert, winner in a class of 50 at Chicago. There are also 16 Oxford sheep.

The western exhibitors made their presence felt as soon as judging commenced in the ring this morning, when their Belgian horses made almost a clean sweep of the prize money in this class. "Pioneer Masterpiece," an aged stallion, owned by A. L. Keith, Drinkwater, Sask., was made champion of his class, while "Cora De Hondcoeht," owned by J. A. Strange, Kerrobert, Sask., was judged champion mare. The western horses were greatly admired, and were said to be the finest Belgians ever seen at the fair.

This afternoon's judging in the arena was confined to Shorthorns, three steer sections, five female sections and two bull sections being passed on by H. M. Pettitt of Burlington, whose placing seemed to give general satisfaction. Most of the classes were well filled, and while general quality was well up to the average, it was outstanding in the female classes, which were never stronger at this show, one of the finest animals seen here being Flower Girl, 16th, a junior heifer calf, which took the female championship for T. A. Russell of Downsview.

A feature of the bull classes was the winning by J. J. Elliott of Guelph of first place in the junior calf class with his nine months old Thornham Regent, a roan sired by Millhill's Comet, imported by Mr. Elliott two years ago at the highest price ever paid for a Shorthorn in Canada, the purchase price being $33,000. Thornhill Regent is the first son of Millhill Comet ever shown in any ring, and he captured five honors in a strong class of 27 entries. The championship of the bull classes went to Lawtontoff (Imp.), a junior yearling, exhibited by J. A. Watt, Elora. In the steer classes which are the big feature of the fat stock, there was a big turnout of well finished animals, which included winners and champions at several of this year's big shows. The championship went to Lookmeover a roan sired by Lancaster Marquis, and Champion at Ottawa summer fair, for J. Leach & Sons, Preston. The biggest class with 20 entries in the ring was won by Standard Supreme, bred and exhibited by G. Amos & Son, Moffatt.

Colantha Mercena Beulah, a four-year-old Holstein cow, sired by Prince Colanthus Aberkirk, exhibited by A. E. Cornwell & Son, Norwich, proved first in the dairy test, which concluded on Saturday night, figures of which became available late this afternoon. Her score amounted to 275.605 points, secured on the strength of a yield of 267.2 pounds of milk, averaging 3.11 butter fat, and 8.403 per cent solids, not fat, in a three days' milking test. Compared with the winner of last year's test, also a Holstein, the Cornell cow's total points was 17 behinds. Of the ten high cows in this year's test, the Holsteins took eight prizes, two Ayrshires finishing sixth and tenth. The first six cows in general standing were:

Colantha Mercena Beulah, 275.605 points.

NERVOUS BREAKDOWN

COULDN'T SLEEP NIGHTS

To those on the verge of a nervous breakdown the following symptoms present themselves: nervous headaches, a feeling of depression, fitful, disturbed, restless and unrefreshing sleep, often troubled with frightful dreams, avoidance of crowded places, dread of being alone, horror of society, etc.

When the nerves become affected in this way the heart generally becomes affected, too, and on the first signs of any weakness of the heart or nerves, flagging energy or physical breakdown do not wait until your case becomes hopeless, but get a remedy that will at once quieten the nerves, strengthen the heart and build up the entire system.

This you will find in

MILBURN'S HEART AND NERVE PILLS.

Mrs. M. Damgand, Young's Cove Road, N. B., writes: "I was bothered very much with my heart and nerves; had nervous headaches and dizziness, could not sleep at nights, and my appetite was all gone. I was on a nervous breakdown when a neighbor told me to try Milburn's Heart and Nerve Pills. This I did, and before I had the second box used I was better and would advise anyone who has nerve trouble to take them."

King Feels Sure Liberals Will Be Victorious in All Canada.

NEWMARKET, Dec. 5.—(By Canadian Press staff correspondent.)—Declaring that he felt better now than at the opening of the campaign some ten weeks ago, Hon. W. L. Mackenzie King, leader of the Liberal party, started out this afternoon for the final drive in the constituency of North York. He addressed meetings today at Mount Albert, Pine Orchard, Aurora and Newmarket.

Speaking of prospects in North York for himself and in the entire Dominion for the Liberal party, Hon. Mr. King was optimistic. "Splendid reports have been reaching me from all sections of Canada," the Liberal leader stated, "and in Ontario, which is recognized as the chief battleground, there is every indication that the Liberals will do far better in the polling tomorrow than they had anticipated a short time ago."

Mr. King declared he was satisfied that the voting in North York tomorrow would result in a victory for him.

MEIGHEN ATTACKS LIBERAL IN KENT

Believes County Needs Protectionist Member At Ottawa.

WALLACEBURG, Dec. 5. — (Canadian Press Staff Correspondent.)—The Temple Theatre here was crowded to the doors when Premier Meighen spoke in support of W. A. Hammond, government candidate in Kent County, this morning. The constituency was represented in the last parliament by A. B. McCoig, who is running again as an Independent Liberal. D. R. McDiarmid is the Progressive candidate. John S. Fraser of Wallaceburg was chairman of the meeting. He welcomed the premier on behalf of the mayor and council of Wallaceburg. A. B. Carscallen welcomed him on behalf of the board of trade and chamber of commerce.

Mr. Hammond was the first speaker. He said that his opponents had learned that it didn't pay to be a free trade candidate in Kent County, consequently they had shifted from their original free trade ground to that of protection, he said.

J. E. Armstrong, government candidate in East Lambton, declared that the policy of the Progressives and also of the Liberals meant free sugar in Canada. He asked if the people of Wallaceburg wanted to drive their sugar refinery over the border.

"I have always wondered why the county of Kent, of all counties of Canada, ever sent to Parliament a man who was not positively, unequivocally in favor of a protective tariff," said Premier Meighen in opening his speech. Of all counties in Canada, Kent required protection. He asserted that Mr. McCoig was extremely reckless in his public assertions, making his appeal to passion and prejudice."

Hyde Park

HYDE PARK, Dec. 5.—Following preparatory service Friday afternoon in the Presbyterian Church the Sacrament of the Lord's Supper was dispensed, both services being conducted by the pastor of the church, Rev. J. MacKillop, B.A., when one new member was welcomed into full membership.

A few cases of petty thieving have been reported this last week in the vicinity of Hyde Park. The barn of John Winter, concession 3, was entered, and a valuable thoroughbred Holstein calf was taken out and butchered at the back of the buildings. The same night twelve hens were taken from George Arnitt's barn near Hyde Park village, and six hens from Mr. Robb's pen. A few nights later it is supposed the same gang seized a pig from the pen of W. Wyatt, concession 4, near the Proof Line, butchered it, and made good their escape.

Montreal Voting List Has 300,000 Names

Montreal Dec. 6.—With over 300,000 Montreal people entitled to vote, returning officers expected that the voting proceeding in this city today to conclude the general election campaign will easily eclipse all records.

While the list of electors has been made much longer than ever before by the inclusion of the women voters, election statisticians are arguing that a keener interest has also been evident among male voters in this election than any since 1896.

Some pessimistic returning officers have announced that it may not be possible for everybody to record their votes on account of the congestion that will ensue at the polling booths during rush hours. The interest in the campaign brought to a close today has been well maintained. On the whole the struggle has been conducted with conspicuous moderation on both sides, though in the Westmount-St. Henry constituency interrupted meetings have been common.

A good deal of betting has been going on in the last few days of the fight, large sums being put up, particularly by partisans in the St. Lawrence-St. George constituency, where Hon. C. C. Ballantyne, minister of marine, and H. M. Marler, Liberal, are running. Bets as high as $1,000 at even money have been made on the result of this particular election.

ALBERTA GOVERNMENT GETTING DOWN TO WORK

EDMONTON, Dec. 5.—With the election by acclamation of the seven cabinet ministers, the Alberta Government now has a clear way ahead of it, and, according to Premier Greenfield will at once address itself to such of the public business as may have been waiting for final action by the cabinet leading up to the initial question of the legislature.

The house will be called to meet shortly after the middle of January.

JOY REIGNS IN GREAT BRITAIN

Continued From Page One

collapsed, and the compromise achieved in Mr. Lloyd George's sombre little home in Downing street after a night-long struggle seems likely to be chronicled as the most momentous event in the history of Anglo-Irish relations.

Requires Ratification.

While the agreement must still be submitted to the Dail Eireann and the British Parliament for ratification, there was a disposition in all quarters in London this morning to regard the outlook as of the brightest. The agreement reached binds both sides to recommend it to their parliaments.

It is a formal, detailed and conclusive document, and its terms prevent the necessity for further negotiation.

Should the Dail Eireann agree to the document—and a disagreement is not looked for, as it meets satisfactorily the points raised by the Sinn Fein—it will be embodied in a bill to the British Parliament, which is expected to be called in special session to consider it.

Will Form Government.

Meanwhile a provisional government will be formed in Southern Ireland. The agreement does not require Ulster's assent to make it effective. Ulster is given the option of contracting out within one month after the passage of the act, but if she exercises that option she must submit to a boundary commission and receive no more powers, financial or otherwise, than she has at the present.

While the agreement has been sent to Sir James Craig, the Ulster premier, an unfavorable decision from him will not prevent the scheme from maturing.

On the question of allegiance a form of words was found which satisfied both the government and the Sinn Fein. The recognition of Ireland as an independent state is said to be clear.

Principle of Trust.

The principle at last adopted by the government is said to have been that of trusting Ireland fully, and giving her power of decision without hampering her by conditions.

It is also understood that an arrangement satisfactory to the Sinn Fein was reported regarding control of Irish ports by the navy.

The agreement was signed on behalf of the government by Lloyd George, Austen Chamberlain, Lord Birkenhead and Winston Spencer Churchill, and on behalf of the Sinn Fein by Arthur Griffith, Michael Collins and Robert C. Barton.

Irish Paper Claims Peace Principles Fair

Dublin, Dec. 6.—The Freeman's Journal, commenting on the agreement reached in London, says that Ireland needs no assurance that the peace terms are in harmony with the principles for which she stands. Ireland was aware from the first, the newspaper says, that these principles contained no menace to the real interests of Great Britain, and that this fact appears at last to be clear to the British statesmen.

Ireland has given the strongest of all proofs of her will for peace, it adds, and she looks to Mr. Lloyd George and his colleagues to do their part in insuring that the opposition of a "fanatical minority" shall no longer prevent a peace with honor.

Craig Receives Copy of New Proposals

London, England, Dec 6.—Premier Sir James Craif of Ulster has before him the further proposals for an Irish peace settlement, which he announced last week he must receive by today or declare the peace parleys at an end.

An agreement was reached by the British cabinet members and Sinn Fein delegates at an early hour this morning, and a copy of the modified terms, which are subject to the action of the British Parliament and the Dail Eireann, was immediately dispatched to Sir James by special messenger.

The agreement, after a session which lasted more than three hours, came as sudden and unexpected justification of the feeble hopes expressed last night following a day of conference during which it was at one time understood that the negotiations had definitely broken down, and that only questions of continuing the truce in Ireland remained to be considered.

New Formula Found.

Nothing has thus far been learned as to the exact modifications in the government's terms, but it is inferred that some formula concerning questions of allegiance to the crown, to which the Sinn Feiners have hitherto refused to acceed, has been discovered. It is pointed out that the Dail Eireann cabinet refused the government's terms only three days ago, and that the modifications must indeed be promising from the Sinn Fein point of view for their delegates to present them to their parliament.

Avoids Ulster References.

Whether the question of the unitl of Ireland was similarly solved can only be surmised at present. There was no reference to Ulster, or partition, in the official statement issued at Mr. Lloyd George's official residence in Downing street, where the conferences were held. When the conferees left the prime minister's residence all seemed too weary to talk or even to listen to the reporters' inquiries. The Irish representatives would not give the slightest information and the British ministers declined to say more than to admit that there was an agreement.

The new developments came so late that only three or four editions of the morning newspapers carried the announcement, and in these the news appears in company with reports and comments on the situation written hours previously. These said that the position was as grave and anxious as ever except for the fact that the conversations were still in progress.

Ulster Fears British Pact With Sinn Fein

BELFAST, Dec. 6.—Official circles today showed a disposition to reserve comment on the reported Irish agreement until the terms became known. Political leaders, however, are said to regard any compromise between the British and Sinn Fein delegates as defeat for Ulster.

The views of the parties to the peace negotiations, they say, are so irreconcilable that it is difficult to imagine that what would appear right to the Sinn Fein would be regarded as satisfactory to Ulster. The question being asked in Belfast this morning is: "Where do we come in?"

Particular significance is attached to the statement that the agreement is to be embodied in bills to be submitted to the British Parliament and the Dail Eireann. If Ulster wished to make changes, it is asked how they would be dealt with, under this plan.

The first successful overhead trolley line was installed in Richmond, Va., in 1887.

GRAIN

Chicago, Dec. 6.—Opening: Wheat—Dec., $1 12⅜; May, $1 15⅜.

Corn—Dec. 47⅞c; May, 53¾c.

Oats—Dec., 32⅛c; May, 38¼c.

Chicago, Dec. 6.—Whea prices showed firmness today in the early dealings. Prospects of a three-year respite for Germany from cash indemnity payments was given bullish construction. Bulls made capital, too, of reports about negotiations for a tri-party treaty to limit navies. Opening quotations, which varied from ⅛c off to ½c higher, were followed by slight further gains, and then a moderate reaction.

Corn lacked support and continued weak.

Oats hardened a little.

PROVISIONS

Chicago, Dec. 6.—Higher quotations on hogs gave strength to provisions.

TORONTO STOCKS

Toronto, Dec. 6.—A 5-point advance by City Dairy common was the only feature that marked the dull session on the local stock exchange this morning. Maple Leaf, at 116, was 1 point higher than yesterday, but otherwise prices were unchanged or fractionally lower. Government bonds also tended lower, with dealings light, except in the 1934 issue.
