Reported Capture of Maceo, the Cuban Rebel Leader.

BASHI BAZOUK ATROCITIES.

Cause of the Failure of the Chinese Loan Arrangement—The Princess of Wales off to Denmark—Gen. Lord Roberts to Succeed the Duke of Cambridge as Commander-in-Chief.

London, June 30.—The Prince of Wales will open the new graving dock at Southampton on July 9.

NO TRUTH IN IT.

There is no truth in the report that the Duke of Aumale, uncle of the late Count of Paris, has been assassinated. He is enjoying his usual health at Chantilli.

CHAKIR'S APPOINTMENT.

Chakir Pasha, first aide de camp to the Sultan of Turkey, has been appointed imperial commissioner in connection with the reforms in Armenia. His official title is Imperial Inspector. He has no executive powers.

MACEO CAPTURED.

According to a report received at Madrid General Antonio Maceo, the Cuban insurgent leader, has been captured by the Spanish troops and consigned to prison pending orders from Captain-General Martinez De Campos.

MURDERED AND BEHEADED.

A despatch from Dudnicza, a town of Bulgaria, situated at 22 miles south of Sofia, says that nine workmen, who were returning from Macedonia, have been killed by Bashbazouks, who beheaded the men and left their bodies by the roadside.

GOING TO DENMARK.

The Princess of Wales and her daughters have planned to go to Denmark at the end of July, and they are expected to remain in that country two months, the guests of the King and Queen of Denmark, the father and mother of the Princess of Wales.

NEW R. C. CATHEDRAL.

Cardinal Vaughan yesterday, in the presence of 8,000 persons, laid the foundation stone of the Roman Catholic Cathedral at Westminster. Among those present were the ambassadors of the Catholic countries, the Catholic Bishops, the Catholic nobility of England.

PRECAUTIONARY MEASURES.

The Prussian Bundsrath decided today to order all swine and cattle imported from infected countries to be quarantined for four weeks before landing, and thereafter to be subjected to five months' veterinary supervision at the various places of these consignments of live stock. Cattle and swine imported from countries where disease among animals is non-existent will be subjected to ten days' quarantine. These regulations will go into effect Oct. 1.

ROYAL HONORS.

The list of honors conferred by the Queen on the occasion of the retirement of the Rosebery Government has been published. Lord Houghton, the retiring Lord Lieutenant of Ireland, and Lord Carrington, the retiring Lord Chamberlain, become Earls. The following are created Barons:—Sir Henry Brougham Loch, recently Governor of Cape Colony; the Rt. Hon. Herbert Gardener, M. P., the retiring President of the Board of Agriculture; Mr. Sydney James Stern, M. P., and Mr. James Williamson, M. P. The Baronets include the Lord Mayor of London and Mr. Leyland, an ex-M. P. The Rt. Hon. Henry Fowler, Secretary of State for India in Lord Rosebery's Cabinet, is made a Knight Grand Commander Order of the Star of India; the Rt. Hon. H. Campbell-Bannerman, the retiring Secretary of State for War, a Knight Grand Cross of the Order of the Bath, and Mr. Giffen, a Grand Commander of the same Order.

AN INFERNAL MACHINE.

A Berlin despatch says:—A wooden case, weighing 25 pounds, arrived on Saturday night at the parcel office in Oranienburger-Strasse, this city, from Fuerstenwald. The case was addressed to the chief executive of the police, Col. Krause. The sender had given the name of Thomas. A liquid trickling from the bottom of the case aroused the suspicions of the officials. The bottom was loosened, when it was discovered that the liquid was benzine. The police were summoned, and they found that the case contained five liters of benzine in seven bottles, joined together with lint and connected with an alarm clock set at 10.30 o'clock. There were also in the case a five-chambered loaded revolver, the trigger of which was connected by a cord with the lid of the case and the clock. Thus at half-past ten o'clock, or upon removing the lid, there would have been an explosion. The police are searching for the sender of the infernal machine.

THE BROKEN COMPACT EXPLAINED.

The breakdown of the Russo-French-Chinese compact, entered into through the recent Chinese loan raised in Paris and guaranteed by Russia, was due to the representations of the British Minister at Pekin, backed by the influence of Sir R. Hart, controller of the Chinese customs. As long as Mr. Hart remains in China his influence will be well nigh all-powerful in questions involving the customs at least, and any attempt to control them for the benefit of Russia or any power would be futile. Mr. O'Connor, the British Minister, was empowered to promise the support of English and German financiers in promoting a loan of £40,000,000 or £50,000,000, in which the capitalists of Paris, St. Petersburg and Amsterdam would be offered a share, and in connection with which no convention of Governments was intended. London, Berlin and Frankfort financial firms have already practically negotiated the loan through the Chinese envoys.

LORD ROBERTS THE MAN.

In its issue to-morrow the Chronicle will say that it is rumored that the Marquis of Lansdowne, the new Secretary of State for War, intends to make General Lord Roberts Commander-in-Chief of the army, ignoring Field Marshal Lord Wolseley, whom Mr. Campbell-Bannerman, the late War Minister, intended should have the position. The Chronicle says that it is no small shock to find that Lord Rosebery, instead of hurling a political thunderbolt at the hereditary House, has created four new Peers.

INCONSISTENT ROSEBERY.

The Post and Graphic will to-morrow remark upon the illogical creation of Peers by a Government upon whose programme the political extinction of the House of Lords is prominently inscribed. The Daily News will say that it must not be hastily assumed that Lord Rosebery has suddenly became inconsistent, and hints that the peerages just conferred were promised prior to his speech at Bradford against the House of Lords.

ACCEPTED A PEERAGE.

Sir Henry James, who becomes Chancellor to the Duchy of Lancaster in the new Minstry has accepted a peerage.

FATALITIES AT A FIRE.

Worcester, Mass., June 30.—A second alarm was sounded at 5 a. m. for a fire in the three-story frame building, 10 Brackett court, occupied as a rag shop and mattress factory by the Hubley Manufacturing & Supply Co. The fire was on the second and third floors, and is supposed to have originated by spontaneous combustion. Hose No. 4 was at work on the third floor when the building collapsed on account of the heavy weight on that floor, and the entire company was carried to the first floor, a distance of 30 feet. Deputy Chief Engineer G. S. Coleman and Henry H. Ham, of Hose No. 9, clung to the ladder, but it broke, and they tumbled to the first floor in the crash. Lieut. J. J. Boyle and Foreman W. J. Brigham, of Hose 4, were killed and buried in the debris. The injured includes Deputy Engineer George S. Coleman, Capt. W. N. Avery, Hose No. 4; John P. Casey, Fred. H. Bassford, Capt. E. N. Sweet, H. H. Sweet and Lieut. Howick, Ladder No. 3. The fire loss will amount to about $10,000.

THE EPWORTH LEAGUE.

Chattanooga, Tenn., June 30.—At the afternoon tent service yesterday of the Epworth League these were included in the programme:—Devotions, Rev. G. W. Kirby, B. A., St. Catharines, Ont.; "Fruits of Godliness," Rev. R. N. Burns, B. A., Toronto, Ont. The report of the committee on resolutions was presented by the secretary. The resolutions as offered were adopted section by section in the order read. Section 1 recommended that the next biennial session of the International Conference of the Epworth League be held in the City of Toronto, Ont. After the selection of the meeting place had been ratified with great demonstrativeness by the conference, Rev. S. V. Crews, League Secretary for Canada, arose, and thanking the conference for its consideration, lauded the cause of Toronto to the skies.

FUNDS FOR IRELAND.

New York, June 30.—An important meeting of the city council of the Irish National Federation of America was held to-day at Cooper Union. The object of the meeting was to formulate a plan by which funds can be raised for the Irish Parliamentary party, which is under the leadership of Justin H. McCarthy. There was a full attendance of delegates, and Vice-President Fennel, who presided, said the meeting was called to meet the emergency on the other side.

EXTRADITION OF THE GRAYS.

Jacksonville, Fla., June 30.—Extradition papers for Thos. Gray and wife, charged with the murder of David Scully, 70 years of age, near Cobourg, Ont., were approved yesterday by Governor Mitchell, and Gray and his wife passed through here today frim Ocala, where they had been arrested. They were in charge of a deputy sheriff, who left with them on the Clyde Line steamship for New York. Five small children accompany the accused.

A REMEDIAL BILL

Reported to be Now in Course of Preparation.

A BUREAU OF EDUCATION,

With Power to Establish, Carry on and Maintain Schools in Manitoba—Also to Chose Text Books, Subject to the Approval of the Church—The Schools to be Under Provincial Government Inspection—Members of the Dominion Government Not Bound to Support the Measure—The Question Not a Party One.

Ottawa, June 29.—(Special.)—The Manitoba Remedial Bill is now being drafted by Sir Charles Hibbert Tupper, Minister of Justice, so it is currently reported. The Remedial Bill now being drafted will be more sweeping than expected. It proposes to establish a bureau of education, possessing all the powers necessary for the organization of schools. This will carry with it the right to construct, establish, to carry on and maintain these schools as well as the choice of text books, subject to the approval of the church. To the Provincial Government is conceded the right to inspect the schools and to conduct teachers' qualifying examinations.

In this connection additional point is given to an interview with Mr. Weldon, M. P., which appears in the Citizen to-day. He is a lecturer on constitutional law in a Nova Scotia University, and so may be presumed to know what he is talking about. He is one of the most careful men in the House, in his language never making a statement except in the most explicit terms, so that he cannot be misunderstood. In the course of the interview he says:—"So far as I have been able to ascertain the overwhelming weight of professional opinion favors the view that the promulgation of the remedial order in no way pledged the Government or any member of the same to support a remedial law in Parliament. The Government are not bound by having issued a remedial order to introduce a remedial law, nor should they take control of such a measure in Parliament, and for these reasons the members of the Government are well-known to be divided on the merits of Separate schools. Those members of the Government who are in the minority on the question will most unjustly be put in the wrong before their constituents and the country. If the Government stakes its life on the passage of such a law it will attract to its support the bulk of the Catholic vote, and it will repel the bulk of the Protestant vote. The country then will see this deplorable condition:—Two great parties divided by a religious line. Furthermore, the Government have no special competence to deal with the matter of school law. They have no Minister of Education and no departmental staff to favor them with details and impart knowledge. The further result of making this a party question will be to deprive of nomination or to defeat at the polls a number of the most worthy members of Parliament."

Col. Dersonnens, commanding the military camp at Richmond, Que., has been turned down by the Militia Department. The Y. M. C. A. have gained a signal victory. Hon. A. R. Dickey, Minister of Militia, wired the Colonel yesterday instructing him not to interfere with the holding of services of any character after the volunteers have performed their duties. Mr. Budge, Y. M. C. A. Secretary at Montreal, some time ago wrote the commanding officer, asking for a tent at Richmond camp for Y. M. C. A. purposes. The religious work there, it was intended, should be performed by the Sherbrooke Y. M. C. A. Mr. R. J. Farrell, Secretary of that branch, wrote to the Department yesterday complaining that on the 25th inst. he was refused such permission by Col. Dorsonnens, who added that he would not permit anyone to speak from the Bible, but would allow temperance work to be carried on. As a result, Hon. Mr. Dickey interfered. The Y. M. C. A., however, will have to supply its own tent. It has conducted services at every camp in Canada for years, and hitherto there has been no complaint.

LOOKS BAD FOR FITZ.

Syracuse, N. Y., June 29.—The most damaging evidence against Robert Fitzsimmons in his trial for manslaughter was given this morning by Dr. David M. Totman, a local physician, who attended Cornelius Riordan at the time of his death, and who afterward assisted in the autopsy. In response to a hypothetical question put by the district attorney the doctor testified that, in his positive belief, Riordan came to his death through ruptures of various blood vessels caused by the blow which Fitzsimmons struck.
