A MOTHER'S TRIBUTE

Mrs. J. Wilson, Guelph, Tells How She and Her Little Ones Were Cured by the Infallible Remedy, Powley's Liquified Ozone.

The Mother Is Cured of Eczema, One Son of Consumption, Another of a Stubborn Stomach Trouble, and the Baby of Congestion of the Lungs.

Mrs. Wilson Is Now an Ozone Enthusiast, and Unites With Other Mothers in Pronouncing Ozone the Greatest Household Remedy in the World To-day.

Guelph, Jan. 30, 1903.

THE OZONE CO., Limited, Toronto, Ont.

Gentlemen,—I have intended writing you for a long time regarding your preparation, Powley's Liquified Ozone. I think it is a grand remedy, as I am certain it has been the means of preventing myself and children from having that dread disease, consumption. We first commenced using it when my dear daughter had consumption in a very advanced stage, but she was too far gone to save her life. How I wish we had known of Ozone earlier, for I am sure if we had she would have been alive to-day. She was much troubled with her stomach, being unable to digest her food, so rapidly became worse. She was sick nearly a year before we heard of Ozone and decided to try it. It helped her and I know prolonged her life, but the disease had reached her bowels and it was impossible to save her. When she was in pain Ozone would give her almost instant relief, and I shall ever feel grateful to it for alleviating my poor child's suffering.

At the time, through overwork in caring for her, I was in very poor health myself, but Ozone built me up and restored my health. Last winter my baby, always a delicate little thing, had congestion of the lungs, and I am sure that Ozone saved her life.

Later I had eczema, when my leg was much swollen and inflamed I took Ozone internally and applied it externally and in a short time all trace of the disease was gone. One of my boys showed every indication of being likely to have consumption, his symptoms being similar to those of his poor sister. Ozone restored him to health and also cured his brother of a bad stomach trouble which the doctors could not help.

I am an enthusiast regarding Ozone and have every reason to be for it did much to relieve the suffering of myself and little ones. As a family medicine it has no equal and I would not feel safe without it in the house at all times. In cases of grippe it is particularly good, giving prompt relief and effecting a speedy cure. I have recommended it to many others, who in turn are now sounding its praises.

Yours truly, MRS. J. WILSON,
12 Pearl Street, Guelph.

Ozone Is a Great Household Remedy For Just One Reason, viz: "It Cures Disease by Destroying Disease Germs Wherever Located."

"For a long time," writes one correspondent, "I was opposed to the use of Powley's Liquified Ozone because I regarded it as a cure-all. That was before I understood Ozone as well as I do now. I could not understand how one remedy could cure so many widely different diseases. I did not know then what I have since learned by experience, that is that Ozone cures disease by destroying the germs that cause it."

No extravagant claims are made for Ozone and Ozone will not work miracles, although some of the cures it effects may appear almost miraculous. The only claim made for it is that it destroys disease germs and that it does speedily and thoroughly.

Doctors, Druggists and Clergymen Endorse Ozone.

The doctors, druggists and clergymen of the Dominion have long recognized the fact that Ozone possesses exceptional merit. The following are samples of the many letters we have received:

DR. SHIER, LINDSAY, ONT.

Powley's Liquified Ozone is a preparation I respect and of which I have seen good results. D. W. SHIER, M.D., Lindsay, Ont.

A. BOYCE, SYDENHAM, ONT.

For a small place like this town the sales of Powley's Liquified Ozone are good and the prevailing opinion of its merits are such that in almost every case the customer comes back for more. One customer received great benefit in a case of lung trouble and gives it great praise. In my own family my wife and daughter, after suffering from a bad cough nearly all last winter, were cured of it early in the spring with one large bottle in a surprisingly short time. ALBERT BOYCE, Druggist.

REV. EDWARD SOFTLEY, GRIMSBY, ONT.

I have pleasure in giving my testimony to the value of Powley's Liquified Ozone, which cured my daughter of nervous debility with insomnia when ordinary medical assistance failed to do so.

I consider it fully entitled to public confidence as a valuable remedy.
(Signed) REV. EDWARD SOFTLEY.

WARNING In buying be sure to get Powley's Liquified Ozone. As a safeguard to your own good health it will pay you to exercise this precaution. Powley's Liquified Ozone is sold only by reliable dealers and is never peddled. Price, 50 cents and $1.00 per bottle.

SATCHEL OF THE SATELLITE

He certainly was Gamey.

—o—

The Sullivans weren't losing anything.

—o—

Beware, lest the Eagle Eye gets "on to" you!

—o—

Sherlock Holmes in real life—Mr. Gamey, of Manitoulin.

—o—

Tell me not in house numbering the council had but an empty dream.

—o—

Wonder how all the robin made the mistake of coming so early.

—o—

What a Gamey did put up on those crooked Grits.—Hamilton Spectator.

—o—

One swallow doesn't make a spring neither does one swallow make a jag.

—o—

It was a case of three time and out, Beaume, Sutherland, and then Gamey.

—o—

He may have been from Gore Bay, but he cut the wicked Grits on the bias.

—o—

The water in the river is going down—at the rate of about four miles an hour.

—o—

Be careful how you talk to the editor of the Growler. He is always Savage.

—o—

They thought Gamey was a tool, but he wasn't. He was the man from Manitoulin.

—o—

Mr. Gamey gave the Grits, and Conservatives, too, an interesting session Wednesday.

—o—

It isn't because they like the locality that teams get stuck on Emma street these days.

—o—

That Burdick murder seems to show that Buffalo society covers a multitude of love affairs.

—o—

It is a Maple City Gentleman who calls his dog Paderwaski, because it plays, but doesn't sing.

—o—

A handsome North Chatham butcher says that good land will never be scarce so long as he is around.

—o—

I admire Mr. Gamey as much for the abuse he stood from his friends as for the work he did.

—o—

Mr. Gamey, it affords the Satellite much pleasure to back pedal. He is sorry he misunderstood you.

—o—

What have the ladies of the Home done to the Banner-News man? Have they refused him house room?

—o—

Buy something from the seedmen to improve your lawn and get Mayor McKeough's landscape garden prize.

—o—

Nothing doing—Ald. Edmondson has been in the council nearly three months and Emma street has not been heard from.

—o—

Why does the News man so fiercely attack the clever and careful business women who manage the Home of the Friendless?

—o—

The only thing the police seem to be able to unearth in that Burdick murder is the moral depravity of Buffalo Society.

—o—

I guess J. L. Scott's communication to the City Council re weigh scales must have been referred to the Cemetery committee by mistake, and got interred.

—o—

A blacking firm has presented a box of their shoe polish to every fireman in Hamilton. Those Ambitious City firemen always wore a crude lot. They needed a little polish.

—o—

Ross' idea of restricting the liquor traffic, and of protecting game and fish is to pass a lot of laws and then have the license inspector and the fishery inspector neglect to enforce them.

—o—

The Honest Elector—I don't understand how it is that you rolled up that majority in the House.

Ross et al—Well, hasn't Mr. Gamey just been telling you what it cost us?

—o—

If J. S. R. will forward the Satellite a copy of that doggerel he wrote in praise of Mr. Gamey and grant me permissision to put it in good English, I will, cheerfully, give the alleged ode publicity by having it inserted in this column.

A local band was one day playing in Duntermline when an old weaver came up and asked the bandmaster what air they were playing. "This is the death of Nelson," replied the band master solemnly. "Ay, mon," replied the weaver, "but ye hae gi'en him an awfu' death."—Exchange.

—o—

Ha! Now we have it. It was the manakin with the Eagle Eye that discovered oil "of the consistency of

maple sugar," and coal and gold and other things in Raleigh.

—o—

Supt. Bully of the Bison police China shop, meditating, "The Burdock affair still has us beat.

"I fail to see what more we can do in the case.

"We have put every indignity on every woman Burdock ever knew.

"The fact remains that Burdock was killed.

Burdock's blood em-bitters my life. What more could any patent medicine man ask?"

—o—

The Frenchman came into a Chatham store and asked for four or five shells loaded with B. B. shot "for the goose." He then bought 25 shells loaded with No. 4 and 5 shot. Mr. man didn't mention what he wanted those other shells for, but it looked as if it would be dangerous for ducks to fly his way. And yet, I guess the game warden says there is no shooting of ducks in Dover marsh.

EXPERT SHOTS.

On Saturday a match took place between the Hamilton and Dundas Rifle clubs, six men a side. The teams tied, and in the shoot-off Hamilton tied by one bird.—Hamilton Spectator.

The rifle club, evidently, were shooting birds. The Spectator would have conferred a favor had it told us whether they killed the birds with the rifle or the club.

—o—

THE MANAKIN WITH THE "EAGLE EYE."

Yesterday The Planet devoted two-thirds of a column in a dishonest endeavor to narrate a joking incident which occurred in connection with the bulletin board of the News. A practical joker thought the opportunity too good to waste so wrote a clever bulletin on the Gamey incident and hung it on the board. The bulletin was allowed to hang for a few moments before the eagle eye of a member of the staff got on to it, but the stupid and silly Planet made a big item out of it both untruthful and misleading, etc., etc.—Banner.

"Ha!" said Foxy Quiller, as he penned the scathing, scornful, scorching, denunciatory words, "I did it with massive brow, stupendous intellect and eagle eye." And, drawing his little stature to its full cubit measurement, he glued his Eagle Eye "on to it." And the bulletin evidently shrivelled up and disappeared instanter.

The Dinner Pail

Of the American working man is generally well filled. In some cases it is too well filled. It contains too many kinds of food, and very often the food is of the wrong kind—hard to digest and containing little nutrition. As a consequence many a working man develops some form of stomach trouble which interferes with his health and reduces his working capacity.

Where there is indigestion or any other indication of disease of the stomach and its allied organs of digestion and nutrition, the use of Dr. Pierce's Golden Medical Discovery will almost invariably produce a perfect and permanent cure.

Mr. Thomas A. Swarts, of Sub Station C, Columbus, O., Box 103, writes: "I was taken with severe headache, then cramps in the stomach, and my food would not digest, then kidney and liver trouble and my back got weak so I could scarcely get around. At last I had all the complaints at once, the more I doctored the worse I got until six years passed. I had become so poorly I could only walk in the house by the aid of a chair, and I got so thin I had *given up to die*, thinking that I could not be cured. Then one of my neighbors said, 'Take my advice and take Dr. Pierce's Golden Medical Discovery and make a new man out of yourself.' The first bottle helped me so I thought I would get another, and after I had taken eight bottles in about six weeks, I was weighed, and found I had gained twenty-seven (27) pounds. I am as stout and healthy to-day, I think, as I ever was."

Dr. Pierce's Common Sense Medical Adviser, paper covers, is sent *free* on receipt of 31 one-cent stamps to pay expense of customs and mailing *only*. Address Dr. R. V. Pierce, Buffalo, N. Y.

Do You Wake Up In The Morning Feeling Tired And Miserable?

Paine's Celery Compound

Will Restore Lost Energy And Give You That Vim, Snap And Srtength That You Should Possess In Springtime

If you wake up in the morning feeling tired and miserable, let us assure you that nature is warning you of dangers; you have commenced to drift on the rocks and shoals of disease. Overwork, worry, harassing cares, or it may be excesses, are producing their dire effects. Your nerves feel the shock and strain first. You should thank Heaven that you have nerves to warn you of approaching dangers.

Thousands in the glorious springtime who rise up each morning tired, wearied and miserable, stand in need of Paine's Celery Compound, the marvellous medicine that frees the body from acid blood and morbid waste material. Paine's Celery Compound at the same time strengthens the three great organs, the stomach, the liver and kidneys. When this good work is accomplished, the nerve fibres are made strong and vigorous and the whole system reinforced.

A few bottles of Paine's Celery Compound used this month will save you much suffering and anxiety later on. The results given by Paine's Celery Compound are assuring and happy. Your reward will be a perfect and unhampered action of a clear and healthful brain and nervous system, pure blood will course through the body, you will have sweet and refreshing sleep and permanent good health.

The man who permits himself to become garrulous often is compelled to eat humble pie.

Recently a family moved here from Toronto. The children, a little boy and his sister, were playing on St. George street and got separated, one being on each side of the street. Having come from Toronto, where the streets are crossable, the little boy attempted to rejoin his sister on the other side the road. Half way over, the little fellow stuck in a mud puddle, sinking to his waist. The small lad was very much frightened. His cries of distress attracted Herbert Murray, who rescued the boy from his position of peril.
