THE LANGWORTHYS

Revival of the Famous Case in Which Mr. Stead Figured Prominently.

London, Nov. 8.—The famous Langworthy case, which caused a great sensation in England in 1887, has been revived by the death of Mrs. Langworthy, and the suicide of her husband in the Grand Hotel in Paris. The wife was the heroine of the extraordinary proceedings which William T. Stead, to whom she appealed, exposed in the Pall Mall Gazette. Her maiden name was Mildred Long, and she was a teacher in Paris, when she met Langworthy, a wealthy widower, who had inherited £150,000, and to whom the death of his mother and aunt meant immense heritages. His first wife was a sister of the Earl of Limerick. Langworthy met Miss Long in 1882, and married her secretly in a Catholic Church at Caen. He afterward went to South America, in his own steam yacht, the Meteor. He constantly ill-treated his wife, and when he learned she was in a delicate condition of health, he separated from her at Buenos Ayres, declaring their marriage was a sham. Thereupon Mrs. Langworthy returned to her father, and began proceedings against her husband, who declared there had been no lawful marriage between them. The divorce court was obliged to decide the marriage was invalid, but granted her alimony in the amount of £1,200 a year, which was not paid, as her husband fled from the country. Eventually Mrs. Langworthy, almost penniless and in despair, was contemplating suicide, when she saw Mr. Stead, who warmly championed her cause in the Pall Mall Gazette, of wrich he was then the editor. All London, became interested in Mrs. Langworthy's story, and subscriptions flowed in for her assistance. She then brought an action for breach of promise of marriage against Mr. Langworthy, which was settled by the payment to her of £20,000 and the granting of £500 yearly to her child, Gladys. The parties after that disappeared from public view until the tragedy at the Grand Hotel, where Langworthy recently committed suicide. He had apparently been reconciled to his wife, who died shortly before he destroyed himself. Langworthy left a letter in which he said he committed suicide on account of his wife's death.

ORGANIZED PLOT IN PARIS

To Provoke a Riotous Outburst of the People

In Case the Court's Decision Proves Favorable to Dreyfus.

Nicholas Plans a Canal to Connect Baltic and Black Sea.

The British Decide to Assume Control of the Khyber Pass—Emperor William "Doing" Damascus.

London, Nov. 8.—The Daily Chronicle says this morning: We have received information from a reliable quarter of a well-organized plot in Paris in the event of the inquiry before the court of cassation proving favorable to Dreyfus, to foment a riotous outburst in the French capital, to attempt to overthrow the civil power and to assassinate the leading champions of Dreyfus. These reports are confirmed by interviews had with M. Trarieux, former minister of justice, and M. de Pressense, foreign editor of the Temps, as well as others. The police have warned the friends of Dreyfus to change their residences temporarily, or at least to carry revolvers.

COMIC PAPER OFFENDS FRANCE.

Paris, Nov. 8.—The police have seized all of the copies of the last edition of Der Wahre Jacob on the French frontiers. The paper is a comic weekly published in Stuttgart. It printed a cartoon entitled "Die Jagd nach dem Gluecke" (the hunt for fortune), in which France is represented as hunting for a crown, which is regarded as an insult to the republic.

The confiscation of Der Wahre Jacob is the third one of its kind made of German publications since Oct. 1. The other two papers which have incurred the disfavor of the French authorities are Jugend and Die Lustige Blaetter.

THE CZAR'S BIG SCHEME.

St. Petersburg, Nov. 8. — After long consideration of the project, it is reported that the Russian Government is about to commence work on a great ship canal from the Baltic to the Black Sea. The estimated cost is $155,000,000, and the canal is to be completed in five years. In addition to its commercial value, such a canal would be of great worth to the government in affording means for effecting junction of the Baltic and Black Sea fleets independently of the Dardanelles route. The disarmament proposal of Czar Nicholas is believed to have been made to blind the eyes of European nations to the magnitude and importance of this canal scheme.

RUSSIA IRRITATED.

St. Petersburg, Nov. 8. — The St. Petersburg newspapers show great irritation at England over the settlement of the Fashoda affair, and agree in declaring that her conduct will arouse the powers interested in the Suez Canal to open discussions of the best means of preventing the final establishment of England in Egypt. The Nosti says that since the Egyptian question is purely of an international character, it must be solved by a congress of the powers, which can proclaim the neutrality of Egypt under the protectorate of all the powers.

RUSSIAN CROP REPORTS.

London, Nov. 8.—The Russian minister of agriculture has issued the following crop reports, 1898: Wheat, winter, 17,164,000 quarters; wheat, spring, 33,423,000 quarters; rye, 86,982,000 quarters; oats, 73,540,000 quarters; barley, 38,795,000 quarters; corn, 5,184,000 quarters, against 1897, final, wheat, winter, 11,314,000 quarters, spring, 24,355,000 quarters; rye, 72,741,000 quarters; oats, 62,499,000 quarters; barley, 27,567,000 quarters; corn, 6,004,000 quarters. Includes Poland Caucasus.

UNDER PROTEST.

London, Nov. 8.—The Madrid correspondent of the Daily Mail says: "Spain will sign the peace treaty under protest."

The Spanish premier, Senor Sagasta, was questioned as to whether it was a fact that the Spanish Government had addressed a note to the powers, asking the latter if they would support Spain in protesting against the intentions of the United States towards the Philippine Islands. He replied that such a note has not yet been dispatched.

THE KAISER'S NEW BATTLESHIP.

Berlin, Nov. 8.—The trial trips of the new battleship Kaiser Frederich III. at Wilhelmshaven have been pronounced very satisfactory by the naval authorities. This war vessel is the first one completed of the series of five first-class ironclads which, in compliance with the new navy bill, are to be ready in 1902. Her maximum speed is eighteen knots.

It is announced that the Princess Henrich of Prussia will positively sail from Genoa on board the North German Lloyd steamer Prince Heinrich on Nov. 15. She will go direct to Kiautsau, where she hopes to celebrate Christmas with her husband. This report contradicts the rumor that she would relinquish the visit on account of the political complications in the far East.

DOING DAMASCUS.

Damascus, Nov. 8.—Emperor William and Empress Victoria Augusta arrived here last evening from Beyrout, after an interesting journey over the Lebanon mountains. The city was illuminated and gaily decorated in honor of their arrival, and they had an enthusiastic reception from the populace.

CABLE NOTES.

Members of the Spanish cabinet assert that there will be three or four more sittings of the peace conference at Paris.

The Bank of Spain has advanced to the treasury 60,000,000 pesetas for current expenses.

Emperor William is expected to visit Cadiz on or about Nov. 20.

The force detailed to guard the United States has arrived in Pekin.

The British steamer Manchester City, from Shields, for Montreal, previously reported with disabled rudder and ashore at Cromarty Firth, has been floated.

France is trying to buy warships from the South American countries. The resentment against England is increasing daily.

The Greek cabinet has suspended, its members considering that the exceptional circumstances under which they assumed office have ceased to exist.

TRADE WITH GREAT BRITAIN

Heavy Increase in Old Country Purchases From Canada.

Progress of the Arbitration With Venezuela.

What Terah Hooley Tells—Salisbury on Ritualism—A Big Pebble—M. P.'s Daughter Joins a Circus.

London, Nov. 8.—The board of trade returns for October show the following increase in imports from Canada compared with the same month in the previous month: Wheat, £46,000; flour, £61,000; peas, £14,000; corn, £35,000; bacon, £16,000; butter, £91,000; cheese, £56,000; eggs, £6,000. Live cattle, horses and sheep show decreases. The increases aggregate £325,000, or nearly £1,600,000 for one month.

ARBITRATION.

St. Petersburg, Nov. 7.—The Russian Official Gazette reports progress in the Venezuelan arbitration under Prof. Martens. Both Great Britain and Venezuela communicated historic documents and charts to support their respective claims in March last. The British case comprised eight large volumes and an enormous atlas, while the Venezuelan case comprised four volumes and an atlas. These conditions of the arbitration opened in August, when the English Government sent in a counter-argument, in answer to its opponent's argument. The members of the arbitration committee have received up to the present 2,200 documents in English, Spanish and Dutch, covering four centuries. The Official Gazette says that, judging from the material thus far presented, the dispute is the most difficult ever submitted to international arbitration. The two governments must furnish the arbitrators their final conclusions or printed argument by December. This will close the preliminary stage. The court will hear verbal arguments in the spring at Paris.

SALISBRUY ON RITULALISM.

London, Nov. 8.—Lord Salisbury has made the following pronouncement against ritualism in the English Church: "I sympathize deeply with the protest against the ritualistic proceedings carried on in some churches, though I trust that the number and importance of their illegal practices are much exaggerated. No one ought to have any office in the church who is not prepared to stand by the church of England Prayer Book as it is."

WHAT HOOLEY KNOWS.

London, Nov. 7.—The examination of Ernest Terah Hooley, the company promoter, in bankruptcy proceedings, was resumed today. The court was crowded with people, including many ladies and a number of persons were unable to obtain admittance. During the day, Hooley made a number of curious statements, one being that he gave Lord Churchill £35,000 to induce the latter to sell an estate to a Mr. Ducros. But he could not explain why he gave the money, and later he could not remember what a check for £6,500 was for. When shown a pencil note on the counterfoil, reading: "For introducing Lord D.," the bankrupt said it meant Lord Deerhurst. He could not, howeved, remember the circumstances. Later, Hooley said the gold communion plate which he presented to St. Paul's Cathedral cost £1,504, and he added that he gave £39,000 to charity last year, and that his living expenses were from £10,000 to £12,000 yearly. The examination was then concluded and the case was adjourned for a week.

THE BIGGEST PEBBLE IN ENGLAND.

Northwich, Nov. 8.—A boulder of extraordinary size has been unearthed on the farm of R. F. Horton. It measures nearly thirteen feet in length, eight feet in breadth, and six feet in depth, and weighs agout 40 tons.

M. P.'S DAUGHTER JOINS A CIRCUS.

Birmingham, Nov. 8.—Mrs. Dudley Smith, a dashing young woman, who is the daughter of the late George Kynoch, member of parliament for Aston, made her debut this week in the arena of the Birmingham circus. Mrs. Smith has been known as an amateur equestrienne for a long time, having ridden at agricultural shows and at various races. Her friends, however, are shocked over her determination to become a professional circus performer.

OUR CLOSEST FRIEND

The New York Times Calls for an Anglo-American Alliance—Great Britain's Invincibility.

New York, Nov. 7.—The New York Times today says: Mr. Henry Norman's cable letter to the Times of Sunday put before the people of this country a vivid picture of the tremendous enginery of war which Great Britain is able to marshal for the defense and support of her policies abroad.

That invincible sea power is impressive on paper as we know it in naval annuals. It is infinitely more oppressive when we see it massed, equipped, and dispatched to its stations.

This power is our closest friend among all the nations of the earth. Its interests, particularly its interests in the far East, are interests it has in common with us. A union of influence and effort would afford a sure protection to those interests. They will be far less easily and surely confirmed and protected by independent effort.

It passes comprehension how President McKinley could have committed this nation to a policy of colonial enterprise in the far East without first coming to a close understanding with the great power whose alliance with us would have been a guarantee of peace, the open door and industrial progress throughout that joint sphere of influence and beyond.

Indian Government Will Control the Famous Defile.

Siam Waking Up—Japan Has a New Ministry—The Khalifa.

SIAM WAKES UP.

London, Nov. 8.—Siam is awakening and is endeavoring to advance along the path of civilization. Mr. Rivet-Carnac, accountant-general of Burmah, is going to take charge of her finances. Several European officers in the Indian police have been borrowed to reorganize the constabulary, and a Siamese representative is in Hindustan studying the educational system in vogue there, with the view of its adoption.

JAPAN'S NEW MINISTRY.

Yokohama, Nov. 8.—Field Marshal Yamagata Artimo has formed a ministry to succeed the cabinet of Count Okuma Stagaki—the first party cabinet in the history of Japan—which took office on June 28, and resigned on Oct. 31, owing to differences over the question of filling the portfolio of minister of instruction. The Yamagata connected with any of the political parties.

IN A TIGHT PLACE.

Cairo, Nov. 8.—Khalifa Abdullah, the defeated dervish leader, is hard pressed on the frontier of Kordofan, southwest of Khartoum, by natives friendly to the Anglo-Egyptian expedition, and it is believed that his capture is imminent. Ali Snioff is already a prisoner, and is being brought to Khartoum.

THE KHYBER PASS.

Simla, Nov. 8.—The Indian Government have decided to take the Khyber Pass from under the control of the Afridis, owing to the rupture by the latter of their agreement, and will in future hold the pass itself. The allowances will be continued, and the government will maintain a militia recruited from the Afridis and other clans, but commanded by British officers. By the agreement of 1881 the right of the Afridis to the pass was acknowledged, and they received $30,000 in lieu of plunder from caravans and travelers. Now the tribe will receive this sum in lieu of the pass. The forts in the pass were formerly garrisoned by levies furnished by the Afridis, but paid by the British. The loss of the pass will be a bitter pill for the tribe. A strong fort will be built at Lundi Kotal.

ZORRA BOY KILLED.

Woodstock, Ont., Nov. 8.—A sad fatality took place on the farm of Robert Couke, three miles north of Embro, on con. 4, Friday. Mr. Couke was drawing turnips, and had his little boy, aged 6 years and 5 months, out with him. He put the boy on the wagon, but the little fellow seems to have lost his balance and fell to the ground. He was carried towards the house, but died before it was reached. Death resulted from concussion of the brain.
