HAMILTON NEWS

A PITCH-IN ON THE T., H. & B.

One Train Pulled Up on a Curve and Another Following Dashed Into It.

YARDMASTER HAMMIL INJURED

Wood and Teetzel Regret That They Were Left at Home by the Voters—General News.

Hamilton, Ont., Nov. 11.—(Special.)—There was a pitch-in on the T., H. & B. Railway about five miles east of the city last night. It happened at Mineral Springs Station. A freight hauled up near a sharp curve, and before a brakeman could run back to protect it with a danger light, another train following pitched into it. A number of empty cars were ditched, but no person was hurt. Traffic was suspended for only three hours.

Yardmaster Hammil Squeezed.

John Hammil, yardmaster at the Stuart-street station of the G.T.R., was nearly killed last night by being pinched between cars he was coupling. One of his ears was split in two.

Miss Lizzie Lister, Barton and Johnstreets, was badly scalded yesterday by the upsetting of a dish of scalding water.

The Thirteenth at Church.

The 13th Regiment attended a special service at Central Presbyterian Church this morning for the soldiers who recently returned from South Africa. There was a big turnout and excellent music was rendered by the choir of the church, assisted by the band. Rev. Dr. Lyle preached an appropriate sermon, his text being "Joy and rejoice with you." He spoke of the reasons for Hamiltonians rejoicing. The Canadian soldiers did grand work in cementing the Empire. He also spoke feelingly of the death in the Dark Continent of Patrick O'Reilly of this city.

Wood and Teetzel Feel Sore.

The defeated Liberal candidates, A. T. Wood and J. V. Teetzel, have published a card of thanks to their supporters, which shows how defeat rankles in their breasts. Here is a portion of the "thanks": "While personally we are satisfied with the general result, we cannot but regret that the interests of this growing centre of commerce and manufacturing industry are to be nominally represented by members sitting on the back benches of the Opposition. The regret is deepened by the knowledge that this result was secured by an appeal to the base instincts of ignorance and prejudice. It is in an undisputed fact that during the whole contest the policy of the Government was not once assailed, nor was the least vestige of a policy put forth by our opponents that could be crystallized into law for the benefit of the Dominion at large, or of Hamilton in particular. Surely the sensible people of Hamilton will frown down the party, the newspaper or the man who, to gain a political triumph, would raise a sectional cry of race or religion. Such men and such newspapers are not truly patriotic, but disloyal to the best interests of the Dominion of Canada."

Mrs. Tilden's Funeral.

The funeral of the late Mrs. John H. Tilden took place yesterday afternoon from the family residence, East Main-street, and was largely attended, Rev. W. F. Wilson conducted the funeral services, and the pall-bearers were C. A. Birge, S. H. Kent, W. J. Waugh, E. D. Cahill, W. J. Copp and J. G. Bowes.

The floral tributes were numerous. Several large pieces were received from the employees of the Gurney-Tilden Company, the Gurney Scale Company, the Winnipeg staff of the Gurney Company, the Trustee Board, the Women's Missionary Society, Ladies' Aid and Mission Circule of Wesley Church, and there were also many beautiful wreaths, sprays and arches from a host of personal friends in this city and in Toronto and Buffalo.

It Continues to Grow.

The correct returns from Caistor Township have been received, with the result that E. D. Smith's majority over Sealey is increased to 155. It was thought Caistor would go 50 against Smith. The adverse majority, was, however, only 19. The official count will be given out next Tuesday.

Police Points.

Guy Jones and Oran Hines, at yesterday's Police Court, were found guilty of stealing a pair of gloves from A. R. Kerr & Co.'s store. They will be sentenced tomorrow.

John Anderson, Simcoe-street, was given 30 days for stealing a waterproof coat.

Daniel Crosthwaite and Fred Sennette of Bartonville were fined $5 and costs for being disorderly on a H., G. & B. car last Tuesday night.

Alex. McClelland will be tried on Tuesday on the charge of stealing a bicycle belonging to Joseph Lemarche last May.

Minor Matters.

William Thompson was knocked down on James-street last evening by a horse and buggy, and was painfully injured. He was taken home in the ambulance.

Finest Smoking mixture at Noble's.

Rev. George Extance, former pastor of Immanuel Church, has gone to East Lake, Mich., which will probably be the scene of his future ministrations.

Mayor Teetzel has decided not to enjoy the whole of the month's leave of absence given him by the Council. He started in again as Mayor yesterday.

The 13th Regiment will be inspected this week; the left half to-morrow night, the right half on Tuesday night, and the whole on Friday night.

Rev. Dr. Fraser of Knox Church is rapidly improving after the operation for the removal of a growth on his neck, and will probably preach next Sunday.

J. H. Alexander of Toronto will take the part of Marco in the local production of Gilbert & Sullivan's opera "The Gondoliers," at the end of this month.

Pte. W. C. Warren, one of the South African contingent, has been presented with a gold watch by the Young Men's Society of St. John's Presbyterian Church.

Bishop DuMoulin preached in Christ Church Cathedral and St. Thomas' Church to-day, his sermons having special reference to the return of the Canadian contingent.

The Police Commissioners will meet on Tuesday to appoint a Police Court clerk.

STEAMER MONTICELLO WENT DOWN AND 33 PERSONS DROWNED.

Continued From Page 1.

impossible to render them any assistance. I cannot say whether any other boats were lowered. In about three minutes after we left the ship she heeled over on her port side, broke in two and went down, bow first. Just before she sank I saw people clinging to the windward rail.

Last Sight of Harding.

"The last I saw of Capt. Harding he was getting out the port quarter boat. He was perfectly cool throughout and gave his orders in that mild tone with which we were so familiar. He did his utmost to save the passengers and crew when it became evident that the ship could live no longer. No possible blame can be attached to the captain. He was caught under conditions which could not have been foreseen. There were about seven passengers aboard. I don't know who they were.

"After the ship sank we scudded for the land. The small boat made splendid weather till we reached the breakers. As near as I can tell the boat pitchpoled upon the beach. I think Second Mate Murphy was killed when the boat struck. The two ladies were drowned or killed. They remained cool and calm in the boat and did just as we told them, betraying no signs of fear. The next I knew I came up under the boat, and then washed out from under her.

Saved the Stewardess.

The second time I was washed ashore I saw a rock and happened to get hold of the stewardess in the water. The surging sea washed us up, and left us dry, and we got away before the next sea broke. The beach where we landed was very rough, with the sea running very high and breaking with terrific force. It was only by the hand of Providence that we escaped. We walked over to a house, a distance of 200 yards, where we were kindly used and then driven to town. I think it impossible that any of the 33 persons in the boat or on the steamer could have escaped, she sank so quickly."

Hon. Mr. Fielding in Luck.

The Hon. W. S. Fielding, Canadian Minister of Finance, was to have taken passage on the City of Monticello for Halifax, and there were a number of others awaiting her at Yarmouth. Had the disaster occurred as the steamer was leaving Yarmouth, as it was at first reported it did, the loss of life would have been very much greater. Edward Olive, one of the lost, was the purser on the Dominion Atlantic Railway's steamer Prince Edward, a rival boat on the same route. He had gone to Yarmouth to vote for one of the candidates in the general election, and was returning to rejoin his steamer. Acting Chief Steward Nathan Hopkins was on the City of Monticello for this trip only, having gone to relieve his brother, Ashton, who took the week off. Nathan was chief steward on the steamer Yarmouth. Swen Johnson was taking the place of Elisha Cook as quartermaster, and Fred Hanemberg was substituting for his father, Isaac, as cook.

Boat With the Survivors.

The boat with the four survivors was cast on the rocks at Pembroke. John Wilson, manager of the Grand Hotel, Yarmouth, went down there to search for his brother, who is among the lost, but no sign of him or his body was found. There were no traces of any of the bodies, and nothing further could be learned of the wreck. Among those who went to Pembroke was Assistant Manager McGray of the Yarmouth Line, but he had nothing to add to the brief details of the wreck, that were otherwise obtained. The storm has destroyed the telephone line to the coast from Yarmouth, so that further news is not available.

The City of Monticello was purchased by the Yarmouth Steamship Company last year for $30,000, and they kept $25,000 insurance on her. She was built 36 years ago at Wilmington, and 20 years later was rebuilt at New York. She was of 1034 tons burden.

BODIES WASHED ASHORE.

Thirteen Corpses Cast on the Beach Have Been Identified—Hamilton Traveler Lost.

Halifax, N.S., Nov. 11.—The following bodies from the ill-fated steamer Monticello, washed ashore at Chebogue, a point 10 miles from Yarmouth, have been identified as Mr. Fripp, traveler for D. Magee & Sons, hatters and furriers, St. John, N.B.; Chief Steward Hopkins, Second Engineer Poole, A. E. S. Eldredge, Rupert Olive, St. John, N.B.; Baggagemaster Wilson, Owen Johnson, Levi Nickerson, Robert Nickerson, Wynne Van Emburg, Austin Wickens, James Cole, John E. Witmore.

The fact that the trunk of a jeweller has been recovered leads one to suppose that Traveler Coleman, representing Levy Bros. & Co., Hamilton, Ont., was one of the unfortunates.

Chief Engineer Greig (body recovered) belonged to Halifax, N.S.

ANOTHER MARINE HORROR.

Six Lives Were Lost by the Wreck of the Schooner Myra C. Weaver of Boston.

Boston, Nov. 10.—The three-masted schooner Myra C. Weaver was wrecked in Vineyard Sound early this morning, and six lives were lost.

The names of those who perished are: Captain R. S. Van Naman of Philadelphia, aged about 35.

Steward William Peterson, New Orleans.

Charles Magnussen of Bergen, Norway.

John Hejman of Aland, Finland.

Miss Mary Emerson, aged about 23, of Mobile.

Miss Ella De Boe, aged 15, also of Mobile.

Miss Emerson was a sister-in-law of the captain, and Ella De Boe was her niece.

The details of the disaster were learned upon the arrival of the steamer City of Macon, Captain Savage, which rescued the four survivors while on the way here from New York.

Those saved are: First Mate John Kearney of Calais, Me.; Second Mate Rasmus Olsen, and Seamen George Johnson and Axel Oggla.

SNEAK THIEF AROUND CHURCHES

Man Was Seen Trying to Break Into the Catholic Apostolic Church, But Escaped.

A sneak thief was detected yesterday afternoon in the act of forcing his way into the Catholic Apostolic Church, at the corner of Gould and Victoria-streets. A pedestrian noticed the thief using a jimmy on the door, and waited around for developments, intending to capture the man when he got inside. The robber, however, found that he was being watched, and made good his escape.

On Sunday, Nov. 4, a thief entered Broadway Methodist Tabernacle and carried off the collection taken up at the morning service. The following day, while the sexton was engaged in working about St. George's Church on John-street, he encountered a young man who said he had just dropped into the edifice to have a look at the decorations in honor of the return of the soldiers. After the two men had separated the sexton found that the whole place had been ransacked and a small amount of money taken. The caretaker then followed the young man whom he had met in the church, but the thief disappeared in the crowd on Queen-street watching the procession. The police are investigating the thefts.

TO RACE FOR CANADA'S CUP

Royal Canadian Yacht Club Unanimously Resolve to Send a Challenge.

SAILING COMMITTEE SELECTED.

Burgee Will Not Be Altered—Prizes Presented to Winning Yachtsmen.

The annual November meeting of the Royal Canadian Yacht Club, held on Saturday night, was about the best attended in the history of the club. Commodore George H. Gooderham was in the chair, and there were present over 100 members. A strong Sailing Committee was appointed for 1901, it being composed of Messrs. A. E. Jarvis, H. C. McLeod, J. Wilton Morse, J. S. McMurray, E. K. M. Ward, G. E. Macrae and W. H. Parsons.

Several amendments were discussed, which were shelved till the spring meeting. Regarding the proposed change in the club's burgee, there was a discussion, but no one would make a motion to alter the design, so it will stand as it has been for the past extetence of the club.

It was unanimously decided to send a challenge to the Chicago Yacht Club for the Canada Cup, and the written defi will go west to-day, while it will be followed up later by R.C.Y.C. representatives who will be chosen from the Sailing Committee. Nov. 15 is the last day for sending the challenge.

It was announced that the L.Y.R.A. meeting would be held at Buffalo the end of July, 1901, during the Pan-American Exhibition, and that Buffalo would donate $2000 in prizes.

The prizes won during the past season were presented. The Queen's and Prince of Wales Cups, which were won by the Merrythought, were presented to Mr. Jarvis. The Lorne and Lansdowne Cups, won by the Vreda, went to Mr. A. G. Peuchen. The Harman Cup for dingeys was won by Mr. Gooderham's dingey, while Mr. Lyon's Sylvia won the Cosgrave Cup.

AL WEINIG IN TRAINING.

Bicycle Boxer Shows Speed and Unusual Cleverness at the Clean Break Game.

Buffalo, Nov. 10.—In the near future Warren Zurbrich, the well-known amateur cyclist of this city will make his debut in the ranks of professional pugilism. He showed great promise in trial bouts. A few weeks ago Al. Weinig's attention was called to Zurbrich, and Al, who is ever ready to don the gloves for a friendly workout, invited the amateur to a little set-to. Zurbrich readily consented, and the pair had a lively tilt. Zurbrich surprised the big fellow by the manner in which he shot in jabs, hooks and jolts, and the youth's skilful ducking and general defence amazed the middleweight. The latter, of course, altho hitting rather stiffly, did not attempt to take advantage of his weight by cutting loose at the lightweight. The bout was a lively one, just the same, and at the conclusion Weinig asked Zurbrich to act as his sparring partner. The lad acquiesced, and he is now working out daily with the big fellow, while the latter is training for his coming dispute with Eph McGee, the Canadian champion. In their bouts at the Athletics' Club, the members are pleased at the skill and speed that Weinig showed in his boxing according to the Canadian clean-break version of Queensberry rules. He has returned to the short jolt, and has improved upon it. He uses his reach for all there is in it. He blocks well, hits frequently and hard, and uses good judgment of distance. If McGee, even with his advantage, beats Weinig, he will be obliged to go a merry clip.

Weinig said last night that Zurbrich would be ready after the first of the year to meet Roxy Kanell or any of the local boys at 135 pounds.

Tommy Ryan Won.

Chicago, Nov. 10.—Tommy Ryan easily disposed of Jeff Thorne of England at the Chicago A.C. to-night. The fight was to have been for six rounds, but early in the third Ryan landed a right cross-counter on the jaw that put the Englishman to sleep. The fight was Ryan's all the way. In the first round he played with Thorne without attempting to do much until the round was nearly over, when he landed a hard right on the jaw that sent Thorne to the floor for the full count. The second round was all Ryan's, and he hit Thorne when and where he pleased, the latter being unable to come back with any effect. In the third round Thorne became ambitious and made several leads at Ryan. The latter ducked the first of them, and shot a counter that ended the fight.

Champion McGee leaves Chicago this evening for Toronto. On arriving here he will go under the charge of his manager, Mr. Obermesser, who has everything ready to finish up the light heavyweight's training, which will likely be done at Joe Popp's academy.

James J. Jeffries, the heavyweight champion, is anxious to meet Bob Fitzsimmons, Gus Ruhlin or Tom Sharkey. He issued a statement Saturday to all three. Fitzsimmons preferred, and posted a forfeit of $2.500 with Al. Smith to bind a match. Jeffries asks these three men or their managers to meet him on Wednesday at the Grand Opera House, and in case all three accept he will fight them in the order named, providing that sufficient time for training is allowed between the bouts.

Joe Walcott has signed articles to meet Joe Choynski at Chicago on November 27. This time their encounter will be limited to six rounds. Choynski expects to knock the Black Demon out. He declares that he was fit when he tackled Walcott before. He will not take any chances this time, he adds, but will be in fine physical trim. There is also some talk of arranging a mill between Walcott and Jimmy Handler. The latter's work of late in the ring has been noteworthy, and his friends are of the opinion that he can beat the colored man.

Alleged Disorderly House.

Inspector Hall and Constable Crowe visited a house at 215 West Richmond-street on Saturday night and arrested Fred. Billinger, Bella Billinger and Bertha Roberts. They are all charged with being keepers or frequenters of a disorderly house. The 12-year-old daughter of Mr. and Mrs. Billinger was also found in the place, and was sent to the Children's Shelter. The police secured information about the house from some cards which were distributed early on Saturday evening to guests at the down town hotels.

Constipated Bowels.

Constipation, or inactivity of the bowels, is probably the cause of more distress and suffering than any other organic derangement. Once the bowels are constipated, the kidneys become clogged, the liver torpid, and the stomach and whole digestive system completely interfered with.

The head aches, there is dizziness, weakness and dimness of vision, pains in the back, sides and limbs, the accumulation of wind and gas on the stomach, pains and fulness in the region of the stomach, and depression and despondency of spirits.

Constipation can never be cured by the use of salts and similar weakening and debilitating purgatives. Dr. Chase's Kidney-Liver Pills not only cause the natural action of the bowels, but so strengthen and invigorate them as to enable them to regularly perform their functions without the aid of medicines. One pill a dose. 25 cents a box, at all dealers', or Edmanson, Bates & Co., Toronto.

The president stated that at the last annual meeting the association numbered 2475 members, and that during the year this had been increased by about 300. During the year they had lost by death 34 members, which was an unusually large number. But, notwithstanding this fact, they carried forward a larger surplus than ever.

LONDON'S DEATH LIST.

Former Treasurer of Middlesex County and the Oldest Italian Resident Have Passed Away.

London, Nov. 10.—A telegram was received from Chicago this evening, announcing the death of Mr. Adam Murray, for many years treasurer of the County of Middlesex and one of the pioneers of London. Mr. Murray was in his 88th year.

One of the oldest Italian residents of London, John Benenati, died this morning after an illness of some duration. He was one of the best-known Italians in Western Ontario, having lived in London for about 25 years. He first kept a fruit store under the old Holman Opera House on Richmond-street, and after the Grigg House was built, he kept a fruit store next to it up to six months ago, when he retired. He was naturalized as a British subject many years ago.

Woodstock Veteran Dead.

Woodstock, Ont., Nov. 10.—Death carried away an old British officer here to-day in the person of Captain William Higgins, late of Her Majesty's Rifle Brigade, "Prince Consort's Own." Deceased was in his 75th year and in the course of that time he has had a varied military career. He is a survivor of the first and second Kaffir wars and also of the Crimean war. He was born in Ireland and during the late years of his life he has made his home in Woodstock. He leaves a large family. The funeral will be held on Monday.

LITTLE BOY MAY DIE.

Charlie Kennedy Was Run Over by an Ice Wagon While at His Play.

Eight-year-old Charles Kennedy, who lives at 59 Elm Grove-avenue, met with probably a fatal accident on Saturday evening while playing with his little brother near his home. Charles had hidden himself in a doorway, and suddenly he made an attempt to cross the street, in running he did not see an approaching ice wagon, and fell directly in front of the vehicle. The wheels of the wagon passed over the little lad's chest, fracturing three ribs. He was removed to his home. Dr. W. H. Harris of West Queen-street was summoned and he dressed the boy's injuries. It was found that the broken ribs had penetrated the lungs, causing severe hemorrhages.

Yesterday there was no change in his condition.

HAMILTON STEAMER ASHORE.

The Arabian, Owned by J. B. Fairgrieve, Driven High Up on a Michigan Sandbank.

Whitefish Point, Mich., Nov. 10.—The Canadian steamer Arabian was driven ashore on Whitefish Point in the gale today. She struck the beach about eight miles west of here, and being without cargo, went high and dry. The crew were rescued with the aid of one of the life-saving crews, and are now all right. The steamer does not appear to have been badly damaged, as the place where she struck is sandy. Tugs will be sent from Sault Ste. Marie to her rescue when the wind goes down. The sea to-night is very heavy. The steamer is owned by J. B. Fairgrieve of Hamilton, Ont. She measures 770 gross tons, and was built in 1882. Her dimensions are 178 feet keel and 31 feet beam. She is valued at about $50,000.

IN CUTTING COUPLES ASUNDER.

At All Events That is the Charge, and Recorder Goff Has Taken Hold of It.

New York, Nov. 10.—The authorities are vigorously probing into the matter of an alleged divorce mill, which was brought to public notice by the arrest yesterday of Attorney Henry Ziemer, Frank Wilson, Miss Mary H. Thompkins and Mrs. Byrde C. Herrick.

It is asserted that Lawyer Ziemer arranged divorce cases so that a decree could be obtained on evidence given by Miss Thompkins and Wilson, and that Mrs. Herrick was one of the persons who profited by this evidence, which was gotten up for the occasion. Ziemer and Wilson spent last night in the Tombs in default of $5000 bail. They are still protesting their innocence.

Search Warrant Issued.

Recorder Goff this afternoon issued a warrant for search of the offices occupied by Ziemer. He also issued a warrant for the arrest of W. Waldo Maison, in whose office Ziemer had a desk. Maison has not yet been found. The raid revealed the fact that the ramifications of the alleged fraud reach all over the country, and even to England, Puerto Rico and South America. Documents show that the conspirators had handled thousands of cases within the last three years, and that money had poured into them in a steady stream. On an average $70 was paid for each decree, and in some cases as high as $250.

The raid was directed by Assistant District Attorneys Unger and Gordon.

Hundreds of Letters.

Ziemer's desk was forced open first. It contained hundreds of letters from men and women all over the country regarding the progress of their suits. In Maison's desk were a large collection of the same nature, along with three or more specially-prepared blanks of inquiry.

Nearly all of these letters were marked with the amount their client had forwarded, and Messrs. Unger and Gordon took all the papers they could find regarding the cases of Hopper and Herrick, on which it is hoped to base the indictment.

Mrs. Herrick's Statement.

Mrs. Herrick was taken to the District Attorney's office, where she made a statement, telling all she knew of the affair.

Unger refused to make public the details of Mrs. Herrick's statement, but said: "Mrs. Herrick's statement shows the extraordinary condition of affairs in our laws and courts."

He said that the effects of fraudulent acts of persons involved would be far-reaching. All the divorce decrees procured by the bureau thru its criminal methods can be set aside, either by motion of court which granted the decree, or by application of the party to the attention who had been imposed upon. In cases of subsequent marriages by those who had used the bureau, the results are likely to be embarrassing.

Will Go to Grand Jury.

Mr. Unger said that the case would be placed before the grand jury on Monday, so that warrants would be speedily issued. This action is taken so that extradition papers can be readily secured for those who have already escaped, and may be subsequently found in other States.

Some Instances Cited.

A number of divorce cases are cited where Wilson, under different names, gave corroborative testimony of wrongdoing, and it was his frequent appearance in such cases, and his being recognized by a court stenographer, that led to the arrests.

Miss Thompkins declared to-day that she had known Ziemer only a few weeks, and had appeared for him in only two cases. From this it is inferred that the bureau employed other women in fooling the courts.

The Modus Operandi.

The charges are that the scheme was operated thus: An advertisement appeared in the papers which read: "Divorces quietly: desertion, non-support, insanity, separation papers, accident, breach of promise. Consultation free; confidential. Attorney Maison, 220 Broadway."

It is said that when a patron answered an advertisement, he or she was assured that by agreeing to collusion, an absolute divorce could be obtained. In the case of a woman, she was told that a co-respondent would be produced at the referee's hearing, who would swear to a statutory violation with the unsuspecting husband. A male witness would also be produced to clinch the evidence.

When the applicant was a man, the man and woman perjurer changed places, the man swearing to the criminal act with the defendant, and the woman appearing as a servant or seamstress or chambermaid, who was conveniently about to furnish conclusive evidence of the unfaithfulness.

FRANCE'S DREAM OF CANADA.

A Paris Correspondent Excites Quebec Province With Talk of Reconquest.

Montreal, Nov. 10.—A sensation has been caused here by an article in The Avenir written by Henri A. Moreau, a newspaper man from Paris, who is making a trip through North and South America. The edition of the paper containing the article was not half large enough to supply the demand.

"There is no doubt," Moreau writes, "that the political horizon in Europe is darkening daily, and France and England, those two old enemies, are bound to meet again in battle shortly.

"From such a battle France would come out victorious.

"Then the Canadians will again see the French arms ascend the St. Lawrence and soon the tri-color flag, hoisted at Quebec and Montreal, will cover with its victorious folds the reconquered French territory. For a long time France has dreamt of reconquering this Canada.

"A number of Canadian journalists approve of a future independence for Canada, but this superb ideal is only a dream. Impossible of realization, because there exists a Monroe doctrine. Suppose that such an independence were reached, it would be impossible to keep it, and I have no doubt that many of those who advocate it are remunerated liberally from the Secret Service Fund at Washington, for it must not be forgotten that McKinley's politics represents the maximum of imperialism, and that the United States do not think they could pay too dearly for the annexation of Canada.

"There are only three ways—to remain English, to become French or to become independent, but in reality be annexed by the Yankees.

"To me it seems there is nothing for it but to let the Canadian people keep careful watch and to let them turn at the first sign of danger toward France."

SAD CASE OF AN OLD MAN.

Robert Roberts, Shipped to Toronto by His "Friends," is in a Pitiable Condition.

Among the prisoners at the Court-street station last night was a destitute old man named Robert Roberts, who the police say is slowly starving to death, he being unable to take anything but liquid refreshment, owing to a cancerous growth in his throat. Besides being in a critical condition from the ravages of the malignant disease, Roberts is suffering from exposure to the cold. The old man sought the assistance of Police Constable Rehurn yesterday afternoon after he had stepped from a train at the Union Station. He claimed that he had been placed on the train at Callander without money by his "friends," who told him that as soon as he arrived in Toronto he would be admitted to one of the hospitals. The police will endeavor to have the old man taken to a hospital to-day.
