Poetry, &c.

THE DAYS OF OLD.

Tell me of olden days,
The grand and shadowy past;
Sing me those antique lays,
That make my heart beat fast
The present seems a theme,
Too sad, too stern, too cold;
The future but an empty dream
Oh speak of days of old!

I love those legends, grey
With venerable years;
They have a power to sway
My mood to smiles and tears.
They sweep my spirit's strings
As winds a lyre might sweep,
And waken bright imaginings
From their oblivious sleep.

Trace thou the ancient page
Of mighty word and deed,
When statesmen pure and sage,
Sought only honor's meed—
When love of home and hearth
Was sacred held as breath—
When virtue gave to glory earth,
And triumphed over death.

Oh! sing of courtly days,
When the woman's gentle hand,
Decked her hero's bays,
And clasped his shining brand
When rose the harmonies
Of bard and troubadour
Oh these are stirring memories,
That thou canst well restore.

And if too much I live
In that long vanished time,
Thou canst at least forgive
An error half sublime.
For thou like me hast learned,
That in the past alone
Reality may be discerned,
The perfect truth be known.

The beautiful grounds and mansion at Bordentown, New Jersey, belonging to the estate of the late Joseph Napoleon Bonaparte, ex-King of Spain, have been sold at auction, for the sum of $30,500. Mr. Thomas Richards, of Philadelphia, was the purchaser. It is said that the buildings alone cost $60,000. The paintings, sculpture, furniture, &c. sold at much lower rates, some articles being sold for half their value. The paintings brought from $10 to $1050. Two lions and a fawn by Reubens sold for the largest sum. "Nativity of our Saviour," by Raphael Moenigs, brought $1000; the portrait of a dog by Hackerts, brought $210. The picture of Napoleon crossing the Alps, by David, the proprietor refused to put up unless the sum of $6000 was bid for it. As no person present was willing to bid that sum it was passed, and will be sent to Europe.

A lady well known in the fashionable world was walking down Regent Street, and every body was staring at her new shawl. Presently her husband discovered a large ticket, on which was written, "Very chaste—four guineas." The Ticket had been left on by the shopman.

According to the book of Japhet, recently published, Naomah, the daughter of Enoch, was 780 years old when she was married to Noah. This is an example that should give courage to the ancient maids of the present day.

Did you ever make a purchase in a linen-draper's shop without being asked, "What is the next article?"

An urchin remarked that the principal *branch* of education in his school, was the *willow branch*; the teacher having used up nearly a whole tree.

The electric current travels along the wires of a railway telegraph at the lightning speed of 288,000 miles in a second of time!

To most men experience is like the stern-light of a ship, illuminating only the track it has passed.

Haller says that a single house-fly will, in one season, produce 20,080,210 flies.

The Queen of Spain is learning to drive six in hand.

TESTIMONY FROM

FRANCE AND PRUSSIA
TO THE MERITS OF
SANDS' SARSAPARILLA.

THE fame of this preparation is not confined to the limits of our own country, but by its powerful agency in arresting and curing disease, has won its way successfully into different countries in Europe, as the following unsolicited testimonials from individuals of the highest respectability shows in the most conclusive and satisfactory manner. The same happy success has attended its use there, which has *always* marked its course where ever adopted, and diseases have yielded to its health-restoring influence which Medical Men of profound skill had pronounced incurable. The most potent simples of the vegetable kingdom are united in this preparation, and the combination is such that one modifies and improves the other, and under the name of *Sands' Sarsaparilla*, is presented a compound differing entirely in its character and properties from any other preparation, and unrivalled in its operation on the system when laboring under disease. Its approval by Physicians and men of Science, and the uniform success which has marked its use, furnishes proof sufficient to convince every candid and discerning mind of its great superiority and value.

LEGATION UNITED STATES,
Berlin, Prussia, April 8, 1846.

Messrs. A. B. & D. Sands:

Gentlemen—Having seen your Sarsaparilla used in this City with great effect in a severe case of Scrofula, I have been requested to order three dozen bottles, which please send, on the payment of the enclosed draft on Messrs. Hinchin & Unkhart with the *least possible delay*. I am inspired only by a feeling of philanthropy, in begging you to publish this unasked testimony to the value of a medicine which, widely as it is known, is not known as it ought to be.

I am, gentlemen,
Respectfully yours, &c.
THEODORE D. FAY.

The following is an extract from a letter received from Mr. Mace, whose wife had been afflicted with a scrofulous affection of the nose, which baffled the skill of the first physicians in France, it commends itself to the attention of all.

RENNES, DEPARTMENT OF ILLE & VILAINE,
France, July 17, 1845.

Messrs Sands:

The Sarsaparilla sent has been received, and the great benefit my wife has derived from its use upon a short trial, as well as the high recommendations we have received, gives us great hopes of being able to cure with this medicine a disease that the most celebrated physicians of France have not been able to effect. My wife is fully determined to continue its use until a perfect cure is effected, and fearing what we now have will not be sufficient, please send us some more without delay, and be assured, gentlemen, we shall take pleasure in making known its great virtues to our friends and the public; and I doubt not that it will soon be extensively used here, and all over the world, and that many afflicted sufferers will hail with joy the knowledge that there is a vegetable preparation sufficiently powerful to eradicate their diseases. I have the honor to remain,

Yours respectfully,
J. MACE,
No. 1, Rue Louis Philippe.

The following is an extract from a letter received from Mrs. Bevan, who had been afflicted for several years with Scrofulous Ulcers, Dyspepsia, &c. and recently with an affection of the Throat and Chest.

BALLYSHURG, Va. Dec. 13th, 1845.

Messrs. A. B. & D. Sands.—Before I commenced using your Sarsaparilla, my sufferings were almost past expression; my throat was completely ulcerated, I had a dreadful cough, and there were frequently weeks together that I could not speak above a whisper; and besides, the inflammation from my throat extended to my head, so that my hearing was very much impaired. After taking the Sarsaparilla a short time, my health improved, and my throat is now well; I am as free from cough and tightness of the chest as ever I was, and can hear quite distinctly. My throat has been well about three months, the cure of which has been effected entirely by the use of your Sarsaparilla. Your friend, LOUISA R. BEVAN.

For further particulars and conclusive evidence of its superior value and efficacy, see pamphlets, which may be obtained of Agents gratis.

A NATURAL REMEDY

Suited to our Constitutions, and competent to the cure of every curable disease, will be found in

WRIGHT'S INDIAN VEGETABLE PILLS
OF THE
NORTH AMERICAN COLLEGE OF HEALTH.

THESE extraordinary Pills are composed of plants which grow spontaneously on our own soil; and are therefore better adapted to our constitutions, than medicines concocted from foreign drugs, however well they may be compounded; and as the INDIAN VEGETABLE PILLS are founded upon the principle that the human body is in truth,

SUBJECT TO BUT ONE DISEASE.

viz: corrupt humors, and that the said medicine cures this disease on

NATURAL PRINCIPLES,

by cleansing and purifying the body; it will be manifest, that if the constitution be not entirely exhausted—a perseverance in their use, according to directions, is absolutely certain to drive disease of every name from the body.

When we wish to restore a swamp or morass to fertility, we drain it of the superabundant waters; in like manner, if we wish to restore the body to health, we must cleanse it of impurity.

The Indian Vegetable Pills will be found one of the best, if not the very best, medicines in the world for carrying out the

GRAND PURIFYING PRINCIPLE,

because they expel from the body all morbid and corrupt humors, the cause of disease, in an easy and NATURAL MANNER, and while they every day

GIVE EASE AND PLEASURE,

disease of every name is rapidly driven from the body.

CAUTION.

The citizens of New England are respectfully informed that in consequence of the great popularity which the above named Indian Vegetable Pills have earned by their astonishing goodness, a gang of counterfeiters are now industriously engaged in palming on the unsuspecting, a valueless and perhaps dangerous medicine, under the name of Indian Vegetable Pills.

This is to inform the public that all genuine medicine has on the boxes
