SALLUST WON STEEPLECHASE

Toronto Jumpers in the Cotton Stakes at Memphis, Three Being Outside Money.

CLOSING DAY AT WASHINGTON.

Precursor in Front at Tanforan, Where Corrigan Won Great Trial Stakes.

Memphis, April 13.—The Cotton Steeplechase, over the full course, was the stake feature at Montgomery Park this afternoon, and a more picturesque contest has never been witnessed at the local track. Ten horses started, with M. J. Maloney's entry, Sallust and Populist, a slight favorite over MacLaren. To a good start, MacLaren went to the front, and, taking the jumps beautifully, led the field for a mile and a half, when he fell over the seventh hurdle. Ellison, on Sallust, was always in striking distance, and, coming on, he won easily by half a dozen lengths. Lady Bird, the favorite for the first race, had no trouble in beating Tom Wallace. Myra Morella was favorite for the second dash at six furlongs, but was never prominent, Alex Pearson winning handily. Marguerite Hageman ran away with the third race, beating Lee King. Annowan, at 300 to 1, closed strong in the stretch and finished third. In the fourth race there were but two contestants—Brigade and the Unknown. Brigade, the favorite, won pulled up by two lengths. The last race was won by Fred Hessig by a head from Higa Jinks. Results at Montgomery Park:

Bennings' Meeting Closes.

Washington, April 13.—The 15th day of the Washington Jockey Club meeting came to an end to-day, when an excellent card of seven races drew a crowd so large that hundreds had to stand. The backers of favorites had a very hard time, for not one first choice was successful.

The main event on the card was the second part of the Bennings Spring Handicap. Eleven were named to go, but scratches reduced the field to six starters, with Sidney Lucas the favorite, and First Whip a strong second choice. In one of the breaks at the post First Whip wrenched one of his plates and fell to his knees. Burns, his rider, was thrown over his head, but escaped unhurt. Just as the horses broke Cassidy dropped his flag, but, seeing what had happened, yelled to the boys that it was no start. Lexington Pirate went to the front and led to the last furlong. He then began to tire so that when the finish was reached he was fourth, Moor winning by a length and a half, with Vulcanite second, Sidney Lucas out a head for the second money. Moor made a track record.

The sport closed the Bennings meeting. Last Cord won the Hunters' Steeplechase. The favorites were beaten in each race. Summaries:

Precursor Won at Tanforan.

San Francisco, April 13.—The Great Trial Stakes at Tanforan to-day resulted in a neck victory for Corrigan, who took up 125 pounds and ran five furlongs in 1.00¾. A field of 18 went to the post, with Sister Jeanie, coupled with her stable companion, Prestano, the favorite. Brunswick bolted when the barrier went up and knocked Phyllis down. Sister Jeanie and Minerva set the pace, but tired. Dominick sent Corrigan thru the field when the stretch was reached, and he won driving from Flora Pomona. J. V. Kirby, who got away poorly, was a good third. Achilles and Jarretierre d'Or were left at the post. The event was valued at $5375. Kenilworth won the special race by a head from Articulate in fast time. The former, with Turner up, was favorite, and, after losing ground after the start by throwing up his head, soon caught Articulate, and led to the wire. Articulate ran a good race. Saintly, a 6-to-1 chance, won the first race by a head. Jockey O'Connor, who became angry because he was fined by Starter Holtman yesterday, declined to ride out any engagement but that of J. V. Kirby to-day. He will leave for Chicago on Tuesday, and ride at Roby before going to New York. Weather clear; track fast. Results:

Queen's Plate Quotations.

Sporting Editor World: I find that the list of Queen's Plate quotations given in The Sunday World, as coming from Messrs. F. H. Haskins & Co., Hamilton, are ridiculously wrong. The mystic figures that stand on the list do not mean what they say against the horse they are quoted, but, for instance, 100 to 20 means for 1, 2, 3, that is, 100 to 1 to win, 30 to 1 for second, and 20 to 1 for third. The paragraph in question the English style was adopted, and in order to bring the figures down, both the 100 and the 20 were divided by five, and the odds reduced as appears to 1. Of course, they seemed absurdly short, and nobody can be sorrier than the writer that an injustice was done to an honorable and liberal firm of bookmakers. POP.

Kinloch Park Changes Hands.

St. Louis, April 14.—The Kinloch race track in St. Louis County changed ownership yesterday. A new syndicate of St. Louis and Chicago turf magnates have leased the plant for five years, with the privileges of buying the property at the expiration of the lease. The new organization is to be capitalized at $100,000, which has all been fully subscribed. The people of Chicago represents Chicago capital invested in the new organization. Mr. Perry said to-night that 70 per cent. of the stock in the new racing association had been subscribed by prominent St. Louis patrons of the turf, and that the remaining 30 per cent. is held by three Chicagoans. Mr. Perry further said:

"The president, secretary-treasurer and directors of the new track will be St. Louisans. We will open Kinloch May 11 and will race 90 days under the Missouri Jockey Club rules. The people interested in the new track have secured an option on a piece of ground for another track. This site is located more convenient to St. Louis than even Kinloch. An organization will be formed at once to build a new track on this ground. Then we shall have two Western circuits, one in St. Louis to divide the racing season of the two Turf Congress tracks."

Carter Handicap To-Day.

New York, April 14.—The racing season in the metropolitan district will begin tomorrow and will last until the snow flies. The occasion will be the spring meeting of the Queen's County Jockey Club at the Aqueduct track, and there is every prospect of a successful season. The Washington meeting brought together some of the moderate class of horses, and the Aqueduct season bids fair to have more and better animals to compete for the purses, as many will be tried out there for the richer fixtures at the big tracks. The Carter Handicap will be the chief feature of the day, and a lot of good ones are engaged, many with records of fast time. There has a racing season opened with more promise. The stakes will be higher all the year than in any other season, and the class of horses which will be made to carry for them will be better than in some years. Last year there was a dearth of 3-year-olds, but this season such good ones as Commando, Bellardo, Bean Gallant, Water Color, Garry Herman, King Pepper, Cap and Bells, Lues, Dublin, Criterion, Demurrer, Far Rockaway, Ali Green and Bombert give promise. In the alleged all-aged division are such as Kinley Mac, Idrim, Star Bright, Voter, Unmasked and a host of others who will be ready early. Several fairly good youngsters have been shipped at Washington, and more will appear before many days, some astonishingly fast trials being reported from Sheepshead, Morris Park and Gravesend.

THE REGATTA AT OTTAWA.

Decision of the Canadian Amateur Rowing Association to Go to the Capital.

The Executive Committee of the Canadian Association of Amateur Oarsmen met at the Queen's on Saturday afternoon, Vice-President W. Littlejohn being in the chair and F. Lloyd (Toronto), A. Boyd (Dons), S. P. Grant (Toronto), D. Scott (Ottawa) and Secretary A. C. Macdonell present.

The only business taken up was the granting of the annual regatta. There was granting of the annual regatta. There were several applicants, but as Ottawa was practically promised it last year it was given it this season. Mr. Arcy Scott of Ottawa addressed the meeting and made on behalf of that city the necessary guarantee. He asked that the dates be Aug. 3 and 5, Saturday and Monday, the latter being Ottawa's Civic Holiday. The regatta will be held on the Aylmer course, Lake Deschene. The Regatta Committee consists of Mr. W. A. Littlejohn, chairman; Mr. D. Scott (Ottawa), Mr. A. Boyd (Dons), hon. treasurer, and Mr. S. P. Grant, hon. secretary.

St. Alban's Cricket Club.

The St. Alban's Cricket Club, which was threatened with disunion—so much so that it was not represented at the meeting of the Cricket Association, recently held, when the secretaries of the various clubs arranged their fixtures for the coming season—has happily been placed on a good basis, and will no doubt be much in evidence in cricket this summer. Many of the members, who had contemplated casting in their lot with other clubs, have almost all decided to remain in St. Alban's. The club will no doubt lose a few, but their loss will be fully made up by some new and valuable additions.

A meeting was held last week, when all present expressed unanimous approval of the steps proposed to put the grounds in good condition, also to provide accommodation for visitors. Frank Hamilton, who was secretary, having resigned, R. H. Cameron was unanimously elected to fill the vacancy. Cricketers who wish to identify themselves with the St. Alban's Club are requested to correspond with the secretary, who will be pleased to supply any desired information.

The secretary will be pleased to reserve open dates from other city and outside clubs. St. Alban's have during the past three seasons shown themselves no mean opponents, and prospects are now so bright that a good, strong eleven is a certainty. The secretary's address is 1026 Bathurst-street, Toronto.

Flew From Berlin to Toronto.

The following members of the homing pigeon fancy had a race Saturday from Berlin to Toronto, a distance of 62 miles: Harry Taylor's Baldy, 1, 3 hrs. 10 min.; George Bailey's Red Eye and William Gould's Harmony, tied for second place, 3 hrs. 12 min.; Mr. Lewis Smart and Mr. Rennie also flew.

SURE STOP.

My brake is always dependable. I call it the New Departure because it uses steel wearing surfaces instead of fibre. Old style coaster brakes use fibre. My brake is of steel. Fibre soaks up oil, but steel does not. My steel brake will always stop your bicycle, because there is no trace of oil on the steel friction drum. It is really the only safe brake to get on your wheel. I know it is the best coaster brake in the world.

The Canada Cycle Co. do not wish to fit my New Departure Coaster Brake on their wheels, but other good bicycle makers will put it on for $5 extra, or your local repair man will put my brake into your old wheel. My brake takes standard spokes on both sides. It is the only bicycle coaster brake that does. I have a booklet about my new brake. Write for it.

THE FINAL BOUTS DECIDED

Three Boxing Championships Stay in Toronto, While Four of Them Go Outside.

DECISIVE WORK BY VIVIAN AUSTIN.

Rochester and the West End Y.M.C.A. Divide the Honors in Wrestling Contests.

115 lbs.—William Harrison, R.C.B.C.
125 lbs.—E. Moylan, Riverside A.C.
135 lbs.—Vivian Austin, Ottawa A.C.
145 lbs.—S. B. Thompson, Hamilton F.B.C.
158 lbs.—J. McBriarty, Shamrocks, Montreal.
Heavy—J. McBriarty, Shamrocks, Montreal.

—Wrestling.—

135 lbs.—Meanwell, Rochester A.C.
145 lbs.—F. Neilson, West End Y.M.C.A.
115 lbs.—A. Edmonds, National B.B.C.

The boxing championships were brought to a successful conclusion Saturday night in the rink. The attendance was 2100, being the record in numbers for Toronto boxing entertainments. The three lighter class medals were won by Toronto entries, while the honors for lightweights and up went outside. The tourney showed Vivian Austin head and shoulders above all the candidates, and he might be an even-money proposition in a catch-weight contest with McBriarty, the new heavyweight champion. To further complicate matters, our own Jack Scholes would surely start favorite in a bout with the Ottawa phenomenon. Austin's work on the three nights was clean and decisive. On Thursday he stopped Fellows in short order. Bremner was knocked out on Friday in the first round, and on Saturday, in the first round, he jolted the right to the jaw of Hern, who had previously put another lightweight to sleep. Little Hewitt is, perhaps, the cleverest of the lot, and the victory of the Toronto L.C.'s candidate was the most popular of the tournament.

The bantams put up the cleverest and fastest bout of the evening. Hewitt's work and style were the better and cleaner of the two and he got the decision.

Paddy Holland, the laughing Irishman, and Nolan of Montreal came on for the preliminary of the 145 lb. bout, which was a slugging match from the start. Nolan attempted to knock the smile from Paddy's face, but that was impossible, altho he nearly closed both eyes. Nolan was the aggressor throughout, and got the decision, which was popular with the crowd.

Harrison was too much for Ainsthorpe in the 115-lb. bout, and put his opponent down in the first round. Ainsthorpe came up gamely in the second, but only lasted about a minute.

Moylan and Somerville put up a slugging match in the 125-lb. class. Moylan was the aggressor and put Somerville down and almost out in the second round by a left swing on the jaw. Somerville failed to respond for the third round.

Hern rushed matters in the early part of the first round, and seemed to be making things very interesting for the Ottawa man, but Austin soon took his measure and put him down with a right to the body. Hern came back for more in the second, and got all he wanted in about 15 seconds, Austin putting him down for keeps, with another right on the jaw.

J. J. Smith defaulted to McBriarty of Montreal in the 158-lb. class. In the heavyweight contest, McBriarty had things pretty much his own way. Fields won out in the early part of the contest, but did no damage. Towards the finish Fields tired from his own exertions, and McBriarty punched him almost at will.

Thompson of Hamilton and Nolan of Montreal came together in the 145-lb. final, and made a slashing bout. Thompson was the aggressor thruout, and was right on top of the Montrealer all the time. Nolan fought back all the way, but landed very few blows, as Thompson's defence was almost perfect. Thompson got the decision.

Edmonds and Somers were the first pair of wrestlers on the mat. They wrestled two full hours without a fall, when Somers by Edmonds in 1½ minutes. Edmonds weighed 118¼ pounds and Somers 106.

Meanwell of Rochester, a 125-lb. man, went into the 135-lb. class against Aldridge of Toronto. Aldridge forced the work, but Meanwell was too clever, and won the fall with a half Nelson in 2:15 4-5.

Guthrie of Peterboro and Neilson of West End Y.M.C.A. had a great argument in the 145-lb. class. Guthrie was the stronger of the two, and had the upper hand of Neilson all the time, but the Torontonian was cleverer, and the Peterboro man could not secure a fall. After two six-minute bouts and one three-minute bout without a fall, Referee Harrison sent the men to their corners and awarded the contest to Neilson on account of his clever work.

The gymnastic exhibition every was a success, and the Argonauts are to be congratulated on their successful direction. The medals were presented to the winners in the ring after the contests, the runners-up securing the gloves.

The Edmonds was overweight. W. H. Somers agreed to meet him for the 115-lb. wrestling championship, the result being a fall for Edmonds by a half Nelson in 1½ minutes.

Gossip of the Turf.

The Seagram string of thorobreds will be shipped from Waterloo to-night, and will arrive in Toronto to-morrow morning. They will be taken to the Newmarket track and put in training for the races.

The track at the Woodbine is in good shape, and the horses now stabled around there are galloped on it each day. Yesterday the Gates' lot, the Davies' string, those from Duggan's and John O'Neill's Oakville Maid were all galloped along.

Wrieads will sympathize with Mr. and Mrs. C. N. Gates in the loss of their 2-year-old daughter, that occurred yesterday at their home on Mercer-street. Mr. Gates has been with his charge of a dozen thorobreds at the Memphis track the past month, and was telegraphed the sad news yesterday. He will arrive home to-day.

THE LACROSSE SCHEDULE

Toronto Plays Capitals at Rosedale—First Match on Late Queen's Birthday.

PLAYING TIME 90 MINUTES.

Point St. Charles Left Out—Clubs Must Furnish List of Players in May.

Montreal, April 13.—The annual meeting of the Senior Lacrosse League was commenced here this afternoon. President Pittaway of the Capitals presided, and all the clubs in the league were represented—Shamrocks, Montreal, Nationals, Toronto and Capitals. The whole of the afternoon was taken up with a discussion of a number of amendments to the playing rules. The principal amendments adopted were as follows:

The playing time will be 90 minutes, with a five-minutes' rest after every game of five minutes and over.

In games under five minutes there will be no rest, but a change of goals. The players will not leave the field. All players must be reported, each club being obliged to furnish before May 20 a complete list of the players that the club intends to play during the season. Each club will appoint six members, who will constitute a Board of Referees, from whom the referee will be chosen by the president when the clubs cannot mutually agree upon a referee. A record will be kept by the president. The penalty for fouls shall be ruling off for 10 minutes. The proposal to abolish the field captains was not considered.

There will be no change in the composition of the Senior Lacrosse League this season. The application of the Point St. Charles Club for admission was refused. The motion for their admission failed to secure a majority, Montreal, Shamrocks and Nationals voting for their admission, and Capitals, Toronto and Cornwall against it. The league will accordingly continue to be a six-club league. A. G. Pittaway of the Capital lacrosse Club was re-elected president of the league. SHOWED LACK OF CONDITION

Toronto Lost Two Games to the National Leaguers of Philadelphia.

FIRST BASEMAN CARR IN GAME.

New York Won From Rochester—Clymer Made Home Run for Buffalo Against Toledo.

Philadelphia, April 13.—Toronto opened a two days' session on the local grounds today, and the Canadians presented a fairly strong team to give practice to the National Leaguers. They, however, showed lack of condition to such an extent that the locals had no difficulty in winning without much effort. Donahue opened the game in the box for the Phillies, and gave evidence of his arm being ready for use as soon as called upon. He gave way to White in the fifth, and pitched well while he was in the box. Orth took a turn in the last three innings, and just sailed straight, speedy ones over, which completely mystified the Canucks. The score:
