Ayer's Hair Vigor,

For restoring to Gray Hair its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *It soon restores faded or gray hair to its original color, with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.

Prepared by Dr. J. C. Ayer & Co., Practical and Analytical Chemists, LOWELL, MASS.

OSBORN

First, as Usual!!

THREE years in succession, The Osborn was awarded at the Great Central Exhibition Guelph, 1874, the first prize for Family Sewing Machine, and second prize as Manufac uring Machine. The new patent shuttle makes the Osborn unrivalled. In this Shuttle there is not the annoyance that is experienced in all other Shuttles; there are no holes in the Osborn Shuttle, and the thread can be put in its place in an instant. The Tension is self-regulating, which cannot be approached for smoothness.

BEFORE YOU PURCHASE TRY THE IMPROVED OSBORN.

"44" PAT. FEB 17 1874

A NEW THING AND A GOOD THING

THE invention of the paper collar was of a positive benefit to the world, furnishing as it did, a neat, clean, and most economical article of apparel. But it never did answer all the purposes for which it was designed, owing to the frail nature of the material. The problem has been to make a cloth collar as cheap as paper that would last longer and could be made always fresh and bright. The new "44" collar, now upon the market, fills these requirements perfectly. It is made entirely of cloth, three thicknesses being used; it so closely resembles the finest linen that it might be sold anywhere for linen; and, no matter how much it may be soiled, it can be cleaned and made as bright as ever by the application of a damp sponge or cloth.

From Yesterday's Second Edition.

THE CARLETON FIRE.

The flames burned at Sand Point until they had no more to feed them. Had there been any more blocks of houses to the southward, they must also have been totally destroyed. As it was there was nothing between the block and the mud flats, and the fury of the fire had no other object on which to spend itself.

The following is the Assessor's valuation of the houses destroyed at Sand Point: Wellington Ring, $1,800, insured. Widow McDougall, $1,600; not insured. Wm. Black, $1,200. Hugh A. Glasgow, two house, $1,000. Joseph Coram, estate, $1,600. James Thompson, $1,000. H. Adam Glasgow, store, $1,200. J. C. Littlehale, two houses, $1,800. The smaller buildings will amount to $1,000 more.

Mr. Littlehale is insured for $1000 in the Royal Canadian. Mr. Emery, who lived in one of the Ring housses, has $2000 in the Liverpool and London and Globe. Mr. Thompson has $400 and the Coram estate $800 in the same office.

The occupants of the houses lost much by breakage and there was the usual amount of stealing carried on.

Messrs. E. G. Dunn & Co. are insured principally in Bangor. Mr. Jewett is not aware of the amount, as Mr. Dunn has usually attended to these matters. Even if the amounts were known the actual extent of the damage cannot at once be ascertained.

The Prince of Wales was owned by Allan Bros., and had been insured for $2,000. The policy is said to have expired Wednesday, and was not renewed. The boat was about 15 years old, and the hull was of little value. The machinery is not seriously damaged.

The origin of the fire is unknown. It is thought by some to have originated from a spark which came from the chimney of Salter's mill. Others allege that it must have been the work of an incendiary. It is a fortunate circumstance that there were no houses immediately to the southward of the pile, and that the mill was preserved from destruction.

The heat was so great that the houses on the opposite side of the street required to be kept constantly wet. The fireproof paint on the roof of Allan Bros. foundry was so heated that it scaled and fell off in large flakes like sheets of thin iron.

Messrs. Adams & Thompson had only been a short time in business. They had not much stock on hand and succeeded in saving the planing machine. They are insured for $1500.

An elderly man was knocked insensible by Glasgow & Black's sign falling on his head. He was taken into a neighboring store and soon revived.

Large crowds visited Carleton during the morning, and the ferry boat was filled at every trip. Around the fire the smoke was suffocating, and progess was very difficult during the latter stages of the conflagration.

Among the stock destroyed in Adams & Thompson's planing mill was a quantity of finished ship material belonging to the estate of the late W. S. Calhoun.

The Sand Point block could have easily been saved had there been a water supply, and the people are very indignant at the unprotected state in which the town has been left. They claim that $20,000 was paid for a reservoir, which has proved itself a failure, and to its inefficiency they bitterly ascribe the disasters of Thursday.

The total amount of property destroyed is not less than $50,000, and the destruction was effected in about two hours.

Wednesday afternoon a sailor named Wm. O'Neil escaped from the jail yard and was not recaptured.

Mr. Gibson, it is said, talks of a suit for false imprisonment, against Captain Jones.

More Fires.

A second alarm of fire from box 31 was given this morning. A small spot under the floor of the cellar of Mr. J. N. Wilson's new house, on Elliott Row, unnoticed last evening, having broken out again. The fire was speedily extinguished.

At noon an alarm was sounded from box 12, the roof of a building in the rear of Wilson's soap factory, corner of Peters and Waterloo sts., having caught fire. It was extinguished without the aid of the engines. The damage was slight.
