VETERANS WANT LAND

Some South African Veterans Who Are Not Included in the Volunteer Bonnty Act Organize to Have Act Amended.

During the past week two enthusiastic and largely attended meetings have been held of men who took part in the South African war, and who are not entitled to participate in the land grant under the volunteer Bounty Act of 1908. An association has been formed to be called the "Imperial South African Veterans' Association." The object of the association is to seek to have the above act extended so that all men of the Anglo-Saxon race who took part in the South African War and who are not already entitled to participate in the land grant, and who were residing in Canada at the time the said act came into force, shall be included in its provisions. Lord Milner and Lord Northcliffe, who have been staying here and the newly elected members of the Dominion government for this city, have expressed their sympathy with the proposed amendment. Mr. Shelford Grimwood, 3 Metcalf Street, Toronto, has been appointed president of the association, and is also acting as organizing secretary for the Dominion, and as soon as all the names of the men living in Canada are to hand, a deputation will wait on the government at Ottawa.

FUNERAL OF MAYOR COOK

Prince Albert, Oct. 29.—The funeral of the late Mayor R. S. Cook took place today and was one of the largest in the history of Prince Albert. A memorial service was held at the city hall at noon, the building being all draped in black. Ald. Andrew Jones presided, and Bishop Newnham, Rev. Colin Young, Rev. T. M. Marshall, J. E. Bradshaw, M. P.P., ex-Mayor William Cowan, R. Young and J. F. Betts all paid tribute to the late mayor's great work in the development of the city. The funeral service was held at St. Alban's pro-cathedral by His Lordship Bishop Newnham, assisted by Revs. A. D. Dewdney and McLean Goldie. The city band, council and fire brigade preceded the hearse, which was followed by the board of trade, Masons, Foresters, St. George's society, civic employees and citizens.

HON. THOS. GREENWAY EXPIRES SUDDENLY

Well-known and Highly Respected Manitoba Man Dies at Ottawa--Was Member of the Railway Commission and for Years was Premier of Province of Manitoba.

Ottawa, Oct. 30,—Hon. Thomas Greenway, who has been ill for some time, died unexpectedly at seven o'clock this morning. The end came suddenly for Mr. Greenway's condition was not considered serious. He had been indisposed for some time and had taken to his bed but it was expected that he would be about again shortly.

Winnipeg, Oct. 30.—The news of the sudden death of Hon. Thos. Greenway was received here with profound regret as it will be through the entire province of Manitoba for which he did so much and for which he labored so earnestly. The regret is shared by all shades of politics. Mr. Greenway had been suffering for some time from a severe attack of asthma, and was thought to be improving but this morning he took a turn for the worse and passed away quickly. It is understood that the immediate cause of death was heart failure. Mr. Greenway's body will be brought to Crystal city for interment.

"A man of resolute will, and clear sound judgment, who has proved by his steady, strong and consistent course in his adopted province, that he has the qualities of a successful political leader," so wrote J. S. Willison, now editor of the Toronto News, of the late Thomas Greenway and all who followed the public course of Mr. Greenway were forced to admit its truth.

The late Mr. Greenway was a son of the late Thomas Greenway, and his wife Elizabeth Heard. He was born in Cornwall, Eng., on March 25 1838 and came to Canada with his parents in 1844. His education was received in the public schools of Stephen County, Huron, Ont., where his father had taken up land. He was afterwards a general merchant in Centralia and after his election as reeve of the township in 1867 he acted in that capacity for 10 successive years.

Turning his attention to politics, Mr. Greenway was an unsuccessful candidate in South Huron for the House of Commons, but on the sitting member being unseated he was elected by acclamation for the riding in Fedruary 1875, and he went to Ottawa as an independent. He sat in the House until the close of the third parliament in 1878, when he declined renomination. In the same year he moved to Manitoba where he acquired an 800 acre farm near Crystal City. This place he cultivated successfully and on it raised some of the finest shorthorn stock ever seen in the west.

In Manitoba Mr. Greenwgy got into politics and at the general elections in 1879 he was returned by acclamation for the riding of Mountain as representative in the legislature. In 1887 he was made leader of the opposition and upon the resignation of the Harrison government in January 1888, he was entrusted with the formation of a new government. His government was successful at the polls and Mr. Greenway was made premier.

At the time of his first appeal to the people as leader of a government, Mr. Greenway took a firm stand for provincial rights and demanded increased subsidy for the province with the acquisition of the public lands or its equivalent, that the province might be placed relatively in the same position as the other provinces of the Dominion. He promised the people to use every legitimate influence to remove the excessive burdens laid upon the people by way of contribution to the Dominion exchequer, and to treat with the utmost liberality those who might desire to build railways through the province. After he became premier measures were placed on the statute book perpetuating the English language and declaring it to be the official language of Manitoba, and doing away with separate schools and making the system absolutely non-sectarian. It was this latter measure which gave rise to the passing of the remedial bill and the subsequent downfall of the Tupper government in 1896.

Mr. Greenway entered the Dominion parliament some time ago and was a valuable member of the house. He it was who knocked out the Oliver pre-emption bill by his opposition when the measure first came before the house and by his success in this his standing in parliament may be judged.

In September he was appointed to the Board of Railway Commissioners for Canada upon the enlargement of the scope of the commission, and it was hoped that he would become a valuable member of the board.

CONSUMPTION'S STARTING POINT

Lies in Weak, Watery Blood. Dr. Williams' Pink Pills Make the Blood Rich and Red.

Bloodlessness is the starting point of consumption. When your blood is thin and watery your whole health declines. Your face grows pale and your heart jumps and flutters at the least exertion or excitement. You are always weak and wretched and lose interest in everything. This is the point from which you may easily step into that hopeless decline that leads to consumption and the grave. What is actually needed to bring back health and strength and energy is the new rich blood Dr. Williams' Pink Pills actually make. In all the world there is no other tonic medicine like them, and all who feel weak and easily tired should take these pills at once, and regain new health.

Miss Ada Burke, The Range, N.B., says: "I feel that I cannot say too much in favor of Dr. Williams' Pink Pills. In March 1907, I was attacked by whooping cough which clung to me for several months, and when the cough disappeared I was left weak and run down. All summer I was ailing, but when the autumn came I seemed to be completely worn out. For a whole month I never moved outside the house, and could scarcely walk about the house I was so weak. I had no appetite, my color was a greenish yellow. I had severe headaches and would be almost breathless at the least exertion. I took several bottles of medicine, but it did not help me, and then my mother got me three boxes of Dr. Williams' Pink Pills, when I had used them I was much better, and by the time I had taken another three boxes I was again enjoying the best of health, with a hearty appetite, good color and renewed energy."

If you want new health and new strength try Dr. Williams' Pink Pills a fair use of this medicine will not disappoint you. Sold by medicine dealers or by mail at 50 cents a box or six boxes for $2.25 from the Dr. Williams' Medicine Co., Brockville, Ont.

A large number of the veterans of the South African war, who by the volunteer bounty act advertised in this paper, are entitled to "South African Scrip," are selling out their rights at prices ranging from $375 to $450, the usual course of procedure, being a cash deposit to bind the bargain and the balance when the warrants for the land are issued. These are being issued at the rate of 250 per day. Numbers of American farmers are picking up these snaps.—Carlyle Herald.

MRS. LAKE DEAD

Mother of R. S. Lake M.P. and Gen. Lake Died at Grenfell on Saturday--Remains Taken East for Interment.

Grenfell, Sask., Oct. 31—Mrs. Lake relict of the late Col. Lake, one of the earliest pioneers in this country and mother of R. S. Lake, M.P. died here today, aged over 80 years. Mrs. Lake had been ill for some time and her death was not unexpected. Her death has cast a gloom over the district as she was one of the most highly respected ladies of the community. The body will be taken to Quebec for interment. Mrs. Lake was also the mother of Gen. Lake inspector general of the Canadian militia, who it is stated, is about to join the Imperial forces.

SECURES STEAMERS

Grand Trunk Pacific to Secure Steamers to Run Between Vancouver and Prince Rupert —Compete with C.P.R.

Victoria, B.C., Oct. 28.—Messrs. Foley, Welch and Stewart the contractors who are engaged in building the Grand Trunk Pacific eastwards from Prince Rupert across Northern British Columbia, have announced their intention of acquiring the steamers Thistle and Transit, which will remain on the Vancouver-Prince Rupert run all winter. Next summer the vessels will likely be turned over to the railway company, which will establish a regular steamship route between this port and the northern terminus of the line, thus inaugurating a strenuous competition with the Canadian Pacific which now practically monopolizes the trade.

NEED TWO THOUSAND MEN

Victoria, B.C., Oct. 28.—Contractors at work on the Grand Trunk Pacific in British Columbia are in need of two thousand men, and as an inducement for these to go north, fares will be advanced from any point east as far as Winnipeg. Work on the Grand Trunk Pacific in this province will be pushed forward with utmost rapidity during the winter months.

Ottawa, Nov. 3.—The Baptist Union of Ontario and Quebec closed this evening, formal business characterized the proceedings. Rev. J. B. Kennedy of Toronto, dealt with social and moral reform, pronouncing in favor of woman suffrage. He branded as "mud pie politics" the methods used by political parties in the recent campaign, and said they, as a church, ought to labor to turn out of office any party guilty of any questionable transactions. Some said that the other party would be equally guilty if in power, but they would have punished one party at any rate. He declared it a shame that in Quebec there were more municipalities under local option than in Ontario.
