DEATH OF CANON ARNOLD.

An Aged Man of Learning Who Has Done Much in the Cause of Anglicanism in Different Provinces.

Niagara, Ont., Oct. 30.—The Rev. Robert Arnold, A. B., Canon of Christ's Church Cathedral, Hamilton, died at Niagara-on-the-Lake this evening. He was born at Ballynahinch, County Down, Ireland, on May 12, 1806. His earlier training was obtained at the Belfast Academical Institution, where he laid the foundation of a liberal education. Subsequently at Trinity College, Dublin, he took high honors and received the degree of A. B. in 1834. Coming to America, he settled in Halifax, N. S., and entered upon his studies for the ministry, being ordained deacon in December, 1842, and priest on July 1, 1843, by the late Bishop Inglis. In October, 1843, he was nominated rector of St. George's, Parrsboro, N. S., by Viscount Falkland, Lieut.-Governor of Nova Scotia. He subsequently had charge of the parish of Westmoreland, N. S., for a short time, when he was called to Halifax to take charge of the High school, succeeding Dr. Twining as principal. In April, 1848, he became curate of St. Paul's, Halifax, remaining till 1850, when the parish of Sidney Mines and North Sydney, C. B., was organized. He served as rector of Trinity Church in that parish till October, 1859, his duties covering the greater part of the island, and opened several missions, built several churches, organized schools and for some time himself actively taught. Leaving Cape Breton in 1859, for the sake of the better advantages the west seemed to offer his growing family, he officiated as assistant minister of Holy Trinity, Quebec, for some months, and, coming to Ontario, was pastor of Streetsville and Brampton from 1860 to 1870, when he became rector of Fort Erie, retiring in 1888, after 46 years of active service in the church. While rector of Fort Erie he was made Canon of Christ's Church Cathedral, Hamilton. Canon Arnold had always taken a deep interest in educational work in his various parishes and had special qualifications in that direction. On retiring Canon Arnold moved to Niagara-on-the-Lake, where he has since resided. He was married Nov. 19, 1844, to Catharine Octavia, the youngest daughter of William James Murphy of Halifax, N. S., who survives him. He also leaves three sons and two daughters. The funeral will take place on Tuesday afternoon at 2 o'clock.

SECOND DEGREE MURDER.

The Verdict Against Edward G. Haynes for Killing Two Young Women.

Watertown, N. Y., Oct. 30.—The Haynes murder trial, the longest murder trial that was ever held in the County of Jefferson, has come to an end, and Edward G. Haynes, alias George Allen, who, while a soldier in the Ninth Infantry at Madison Barracks, on April 16 last, killed Mary Crouch and Mary Daly, has been declared guilty of murder in the second degree. The trial has lasted eight weeks and was bitterly fought by the attorneys on both sides. At 1 o'clock this afternoon Justice Wright completed his charge to the jury and the jury retired for deliberation. At 6 o'clock this evening the twelve men filed in and announced their verdict. The trial has cost the county $5000.

Business Embarrassments.

The Edwards Trading Company, with headquarters at Thurso, Que., is embarrassed. The company carried on business at South Indian and Maxville, Ont. The South Indian establishment was burned several weeks ago, together with a large quantity of cordwood and lumber, the loss being estimated at $30,000, with insurance only $10,000. The creditors held a meeting in Ottawa and the company seeks an arrangement at 50 cents cash. The liabilities are about $63,000.

Ansley & Co., Port Dover, have offered the general creditors of John Black, general store of Springfield, 30c on the dollar. This offer has not been accepted, the creditors holding out for 60 cents. Ansley & Co. have a chattel mortgage on Black's stock, which was given some time before the assignment was made, and the other creditors are endeavoring to have this set aside unless a satisfactory settlement is arrived at.

The creditors of A. E. Rondot, the Amherstburg retailer who assigned to J. G. Hay of Toronto, are not expecting to get much out of the estate, which on the face of it shows a deficiency of $3452. It is hardly more than two months ago that Rondot, when examined in the witness box on a libel suit he had instituted, claimed a surplus of about $6000. The total liabilities are $24,294. The good assets of the estate are put down at $14,272, and bad and doubtful at $6570. His lawyer has a claim against him for $826, and when he lost his libel suit against The Monetary Times the court ordered him to pay the paper's costs, amounting to over $1000. The heaviest creditors are Thibaudeau Bros. & Co. of Montreal, whose claim is for $29,768.

S. Ackerman, Commercial Traveler, Belleville, writes: "Some years ago I used Dr. Thomas' Eclectric Oil for inflammatory Rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, and every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with rheumatism since. I, however, keep a bottle of Dr. Thomas' Oil on hand, and I always recommend it to others as it did so much for me." ed

BRADSTREET'S WEEKLY REVIEW

Of Trade in the Different Provinces of the Dominion During the Past Week.

Bradstreet's summary of trade in Canada for the past week, to be issued to-day, reads as follows:

British Columbia.

Victoria, Oct. 30.—Sales in general merchandise are reported fully up to the usual standard, and orders for early spring delivery, contracted for by local dealers, far exceed those for same season of several years back, and a strong confidence is felt of a large business being done. Export lumber trade continues quiet, the demand from foreign ports being light. Collections are reported satisfactory.

Manitoba

Winnipeg, Oct. 30.—Grain movement from farmers' hands has again increased this week in consequence of advanced prices. Boots and shoes, clothing, mits and gloves and winter staples are moving well. Sorting orders in this line are now coming in. Weather continues open and plowing is being proceeded with with energy. Exports of cattle are large, but are detained somewhat owing to shortage of cars. Grocery stocks are now fairly well replenished, prices being about the same as previous week. Clearances, $3,121,577.

Maritime Provinces.

Halifax, Oct. 30.—Trade during the past week has been without special features. There has been a fair amount of activity, and country remittances are quite up to expectations. The weather conditions continue very favorable. Business at St. John, New Brunswick, has been rather dull; the lumber trade is practically at a standstill so far as new business is concerned. The market is well supplied with produce and prices rule low. At Prince Edward Island potato digging is about done. The crop has been fair and quality quite up to the average. Prices also fairly good.

Ontario.

Toronto, Oct. 30.—Mercantile business in Ontario is stimulated by the free movement of grain at good prices, following the large sales of dairy produce that have been made in the past few months at most remunerative figures. The outward flow of grain, particularly wheat, is more active than in years past, and sellers are getting higher prices than obtained since 1892, except in occasional end-season furries. Retail trade in the Province is reported to be getting more active. Bank circulation now stands at high-water mark, and is still increasing. Bank clearings for the week were unusually heavy, totaling $7,678,413, as against $6,196,270 the corresponding week last year, and $6,041,007 in the corresponding week, 1895. The month's clearings will be heavy—the largest on record for September. Loan companies' managers are in good spirits over the outlook. Payments are being well met, and "good timber," that has been on their hands for years past, is now turning out well. Land is easy to sell at advanced figures, particularly good wheat or grazing land in Ontario or Manitoba. Call loans are steady at 4 per cent.

Quebec.

Montreal, Oct. 30.—The mild and open weather for the week has seriously retarded orders and in many instances retailers have hardly broken into fall and winter drygoods and clothing. There is, however, a healthy undertone to trade. Collections are reported satisfactory, and farmers are receiving fairly good prices. Some little excitement has occurred in the flour trade; prices have advanced, but buyers are somewhat scarce, and sales are chiefly for current requirements. Sugars are in fair demand, while the distribution of Japan teas is active and prices firm. Hides continue active and in good demand, and the tone of the market is firm, but sales for leather have not shown up well during the week. Iron and hardware in fair demand. Trade in paints and oils continues good; there have been some minor changes in value, but on the whole the market keeps steady. The cheese market is lower and weak, but up to the present the makers have had a very fair year. Montreal securities have shown up well during the week; some serious drops have been almost recovered. Money abundant, and call loans continue to be made at 4 per cent., and in some instances a trifle lower.

Quebec, Oct. 30.—Wholesale and retail drygoods merchants complain that the recent mild weather has had a depressing effect upon their sales. Local flour dealers report a good demand from buyers, and the market has closed firm, with a strong tendency to rise. A fair demand is reported for groceries. Boot and shoe manufacturers continue to have their hands full.

HENRY GEORGE THE SECOND,

It is Claimed, Will Stand a Better Show Than His Father.

New York, Oct. 31.—Charles O'Conor Hennessy of the Henry George Executive Committee said last night: "Henry George, who is now the living candidate, will be elected Mayor of New York. I feel more confident of his election than I ever felt in the election of Henry George, who is dead. The death of the great philosopher and friend of humanity has evoked such tributes to the grandeur of his character as to fix his place in history as one of the greatest men this century has produced. No human tongue can speak of him in eulogy too great to be true, and yet I dare say, with a full conception of the meaning of my words, that the Henry George of to-day is, in point of the purity of his character, the broadness of the love he bears humanity, the depth of his hatred of injustice, a prototype of Henry George, who is dead. The Henry George of to-day I have known intimately as a friend for many years, and I feel that if the people could know him as a broad-minded, educated, able man, there would be no doubt whatever that he would get at least 100,000 votes more than any other man in the field. I believe before election day that a great tidal wave of sentiment will rise and sweep Henry George into the position of power and responsibility which the people would have given to his father."

Chairman Abbott said the above sentiment expresses the opinion of the whole Executive Committee.

THE CHILD SWALLOWED ACID.

Sad Case of Death in the House of John Armstrong of Egremont Township.

Mount Forest, Ont., Oct. 30.—Yesterday afternoon the wife of John Armstrong, a farmer residing in Egremont, about 7 miles from here, having had occasion to leave the house for a few minutes, was horrified on returning to find her one and a half year-old baby very ill. Everything possible was done for the child, but it died in a short time. It appears that during Mrs. Armstrong's absence her 4-year-old daughter, by means of a chair which she had placed on a table, had taken down from a shelf where it was left a small bottle containing carbolic acid, which she gave the baby to drink, with the results stated.

Before making final arrangements for your intended trip this winter, be sure and ing the Mecca in Toronto for travelers, passengers from all parts of Canada wir give us a call. This office is fast becoming and writing for tickets, for all of which there must be some good reason. Why not trade with us and find that reason out for yourself? We consider it no trouble to answer questions. We are now making every preparation for Southern travel this winter, and would urge intending passengers to give us a call and get our rates. Always, remember, our rates are surprisingly low. S. J. Sharp, 65 Yonge-street. Telephone 2030.

Miss Hale Fell Dead

Belleville, Ont., Oct. 30.—Miss Mary Jane Hale, aged 27, fell dead while at work last night. Her father, William Hale, died suddenly eight years ago.

WHEAT MARKETS STRONGER

Large Export Demand Causes a Bullish Feeling.

CABLES WERE LITTLE WEAK

Bank Clearings at Toronto for October Were Exceptionally Heavy.

Canadian Stocks Fairly Active and Higher on Saturday—Wall-street Dull But Generally Strong—Decline in New York Gas—New York Bank Statement Favorable Last Week—Money Markets Unchanged—Provisions Firmer at Chicago—Lard is Lower in Liverpool.

Saturday Evening, Oct. 29.

Lard is 6d lower in Liverpool.

Cheese is 6d lower in Liverpool.

Liverpool wheat futures ⅛d to ¼d lower and corn ⅝d to ¾d lower.

Cash wheat in Chicago closed 1c higher at 97¾c.

Dec. wheat on curb 97¾c.

Puts on May wheat 94½c, calls 96⅞c.

Puts on May corn 30¼c to 30⅜c, calls 30⅝c to 30⅞c.

At Toledo clover seed closed at $3.35 for October.

Estimated car receipts of grain at Chicago for Monday: Wheat 175, corn 565, oats 230.

Receipts of wheat at Minneapolis and Duluth to-day 1118 cars, receipts for past week 6326 cars, against 6180 for previous week and 7928 for the same week last year.

Argentine shipments of wheat were nil this week.

English farmers' deliveries of wheat the past week were 60,000 qrs. and the average price 32s 10d.

Exports at New York to-day: Flour 518 barrels and 8494 sacks; wheat 70,027 bush.

Receipts of hogs at Chicago to-day 20,000, or 3000 less than expected. Official Friday 37,275; left over 5000. Estimated for Monday 44,000. Market fairly active and weak to 10c lower. Heavy shippers $3.25 to $3.70.

Hog packing in Chicago from the opening of the season to date 4,060,000, as against 3,984,000 the corresponding period of last year.

Cattle receipts at Chicago to-day 500, market quiet and unchanged. Sheep 1500: market steady.

Exports of wheat and flour at Atlantic ports for the week amount to 5,911,391 bushels, as against 5,552,171 bushels last week. Exports of corn 1,589,193 bushels, as against 1,177,543 bushels last week.

The export movement in wheat from America, aggregating more than 70,000,000 bushels within thirteen weeks, is unprecedented, and points to a decided appreciation of the statistical strength of wheat by European importers than by many American traders.

Among the Australian news afloat was that the drought had killed 50,000 sheep and thousands of cattle. The wheat crop prospects there are very poor. In the past five years the wheat crop has ranged from 24,000,000 bushels to 43,000,000 bushels. The export ranged from 8,000,000 bushels to 15,000,000. Last year they imported over 1,000,000 bushels. This year they will probably have none to export.

Bank Clearings at Toronto.

The October clearings of the banks in Toronto were the heaviest on record. This is a very good showing, and indicates activity in trade and commerce. The total clearings for the month were $35,736,464, or nearly $2,000,000 more than in July, the next heaviest month.

Following are the figures of monthly bank clearings at Toronto for three years:

	1897.	1896.	1895.
January	$31,117,314	$33,095,563	$27,961,535

HIGH-CLASS Scotch Tweed Suitings

We have created an intense interest in Toronto with our specialties in Scotch Tweed Suitings. To quote such low prices as $20, $22.50 and $25 for garments of such decided excellence is sufficient to attract any careful buyer. They are the richest goods you ever had the opportunity of seeing, and it is only by our unrivalled buying facilities these handsome suitings have been brought to Canada. Bear in mind there is only one suit length to the pattern, in many instances.

SCORES' GUINEA TROUSERS, SPOT CASH $5.25, ARE WORTH $8.00 A PAIR.
