Power Behind the Boat

Here is a complete outfit you can carry with you anywhere. Clamp it on your rowboat, dory, skiff or canoe and travel 1 to 9 miles an hour. On lake, bay or river you have a power boat for commerce or pleasure and your investment is extremely small.

THE DETACHABLE ROW BOAT MOTOR you buy must bear the O. K. that gives you confidence. Ferro motors may justly claim this confidence because they have all the good points embodied by experienced experts who have built up Ferro power and reputation in the engine world.

The results you get are due to a finished product.
