A LOCAL BUDGET.

His Lordship Bishop McEvay will administer confirmation at St. Michael's Church, Ridgetown, next Sunday.

—At a special meeting of the Aylmer council on Tuesday evening, the franchise and agreement with the London, Aylmer and North Shore Electric Railroad was passed unanimously.

—At the meeting of the Stratford public school board on Wednesday, a vote of thanks was tendered the McClary Manufacturing Company, of this city, for a gift to the domestic science department of a handsome range.

DINED RETIRING OFFICERS.

Mr. Dan Bowen, the retiring treasurer, was given a dinner by the members of the County Club last evening. Mr. Bowen has in the past done much to make the club the successful institution it now is, and the members determined that he should not retire from the position of treasurer without taking with him some mark of their esteem. The dinner last night was a very happy affair. Mr. Jack Carling succeeds Mr. Bowen as treasurer of the club.

PRAISE FOR LONDON SINGER.

The Hamilton Morning Post, referring to a concert in the Wesley Methodist Church, in that city, Tuesday evening, says: "Chief among those who assisted the orchestra was Miss Rosada Taylor, a charming young soloist from London. Miss Taylor is a very young singer, but possesses a contralto voice of rare quality and richness, and with experience, promises to become a vocalist of note. Her solos were rendered with artistic taste and individuality and presenting an exceedingly attractive platform appearance, Miss Taylor was enthusiastically applauded and recalled for her numbers.

WAS WITH U. S. ARMY.

The Port Huron Times thus refers to a former Londoner: "Bert James, son of Mr. and Mrs. Isaac James, of this city, has arrived home from the Philippine Islands, having been mustered out on May 2, in San Francisco. It is four years since young James left Port Huron, and his parents and friends were pleased to see him. He enlisted at Grand Rapids in the Thirty-Fifth Regiment and served eighteen months in the Orient. Bert is in good health, and has increased in weight, since entering the service of Uncle Sam. He says he was not sick a day while in the Philippines, but was in the hospital for ten days on account of being bitten in the face by a bug of some kind. He was nearly blind during the time. He has had all the soldier life he wishes."

TORONTO LONDON OLD BOYS.

At a meeting of the London Old Boys' Association, of Toronto, Wednesday evening, the following officers were elected: President, Atwell Fleming; vice-presidents, H. McBride, Edward Owens, Joseph Davis; secretary, J. E. Thompson; treasurer, J. Hickson; executive committee, Messrs. Mack, Duff, Gowanlock, Cockburn, Minton, Begg, Cameron, Jewell, Stone, Findlater, Miller and Dignam. The honorary presidents were re-elected. The arrangements for the annual excursion to London were left in the hands of a committee, who will fix a date for the event, probably in July or August.

VOCAL AND PIANO RECITAL.

A well-attended and thoroughly enjoyable recital was given in the recital hall of the Conservatory of Music last night by vocal pupils of Miss Belle Brown and piano pupils of Miss Jennie Steele, A.L.C.M. The performers acquitted themselves with credit, and fully sustained the reputation, both of their instructresses and the Conservatory as an institution. The programme was:

"Send Down Thy Blessing"....Wamelink
Mr. Philip Barter.
"True Till Death".....Gatty
Miss Bessie Lacey.
"The Miller and the Maid".....Marzials
Miss Alie Dickison.
Piano—"Autumn".....Chaminade
Miss Vida Campbell (Belmont).
"Asleep in the Deep".....Petrie
Mr. Thos. Nichol (Westminster).
(a) "Gaily Chant the Summer Birds.. .....De Pinna
(b) "The Gypsies".....Dudley Buck
Miss Margaret Gunn.
"The Ould Plaid Shawl".....Haynes
Miss Louise McDonald (Petrolia).
Piano—Polonaise, A major.....Chopin
Miss Gwendolyn Anthistle.
"Love in Springtime".....Arditi
Miss Inge Anundson.

Mr. William Spence.
"May Morning".....Denza
Mrs. Gillies.
"King of Eternity".....—
Mr. Philip Barter.
"Ave Maria".....Schubert
Miss Nellie Burnip.
Piano—Overture, "Midsummer Night's Dream".....Mendelssohn
Misses Jean and Madge Dearness, Miss Mary Boake and Miss Steele, A.L.C.M.

IMPROVING THE STREETS

Proposals Laid Before the Board of Works

By the City Engineer—Grading, Graveling, Curbing, Repairing and Other Operations Mapped Out.

The board of works met last night, and considered local improvements. The chair was occupied by Dr. Cl. T. Campbell, Ald. Winnett being busily engaged at the reception to the National Council of Women. The other members of the committee present were: Ald. Olmsted and Parnell, Secretary Bell and Engineer Graydon.

Engineer Graydon reported that with the consent of the committee he proposed to go on with the following improvements:

Curbing Wellington street, Dundas to Queen's avenue, breaking up present roadway, patching with gravel, and re-rolling, cost $150.

Curbing Bruce street, from Edward to Cathcart street (with continuation to Wortley road, if possible), breaking up present roadway, grading it down, graveling and rolling, cost $300.

Curbing south side of Queen's avenue, Elizabeth to Ontario street, cost $140.

Curbing and graveling Adelaide street, King to York, cost $150.

Graveling Adelaide street, Lorne avenue, to Dundas, cost $150.

Breaking up Waterloo street, Dundas to York street, graveling and rolling it, cost $100.

Curbing north side of Evergreen avenue, from Wharncliffe road, to Sare property, cost $50.

Grading, graveling and rolling Waterloo street, Simcoe to Gray, cost $125.

Curbing St. George street, from Mill street to creek, cost $50.

Graveling Emery street, cost $75.

Laying 43-inch tile across Waterloo street at Pall Mall street, in place of old wooden bridge, cost $300.

In discussing these items, Ald. Olmsted inquired if stone or concrete curbs would not be superior to wooden ones. Both Ald. Parnell and the engineer were of opinion that their greater cost would prove a barrier to their general adoption, as property-owners would not feel like paying 22 cents a foot for a curb without a gutter, or 38 cents per foot with a gutter.

The engineer wrote, drawing the attention of the committee to the fact that the space between the tracks of the street railway on unpaved streets is not being kept properly filled with gravel. In this condition the road gets flat and water collects in rainy weather. Although the engineer has written several times to the management, no move has yet been made to remedy the condition of affairs.

Appended to the engineer's letter was a communication from Mr. C. E. A. Carr, manager of the London street railway, in which the latter states that the tracks were laid according to the grade furnished by the city engineer; that the company protested both verbally and in writing against the grade, and that if any change is to be made now it must be at the expense of the city.

Ald. Parnell moved that the matter be left with the chairman and Ald. Olmsted for a report.

Engineer Graydon wrote recommending a gravel roadbed for Prospect avenue, in lieu of the present cedar block pavement. The matter was laid over. He also recommended the construction under the local improvement act of a plank walk on the south side of Dundas street east from Wilson avenue to the cement walk in front of Mrs. Barrett's property, as the present walk is dangerous. The property holders on the street will be notified, and given a chance to petition for a cement walk.

Sufficiently signed petitions for cement walks on the south side of Queen's avenue between Ontario and English streets, and the north side of Becher street, between Wharncliffe road and the Ridgeway, will take the usual course.

The opening of tenders for Wellington street and Wharncliffe road sewers was laid over.

Tumorous Growths.

Any lump or growth is liable to become cancerous and endanger life, if neglected. Tumors and cancerous growths completely disappear after treatment with our new constitutional remedy. It does away with plasters and dangerous operations. Send two stamps to Stott & Jury, Bowmanville, Ont., for full particulars.

PROMISING OUTLOOK FOR THE FUTURE.

Indications of Activity Among Members of Board of Trade.

Work of the Retiring President Praised—His Retiring Address—Election of Officers and Committeemen.

An important meeting of the board of trade, at which the retiring president, Mr. James Mattinson, delivered his annual address, and the election of officers and committeemen took place, was held last night in the board rooms. To the members who were present, President-elect Hunt said that he would soon call the council together, to consider the question of how best to revive interest in the board, and make it the force that it should be. At present, it is in a better position than it was two years ago, when Mr. Mattinson became president. Owing in no small degree to his activity, it has enjoyed unusual prosperity, and, while he was burdened at the outset by a debt of $500, he leaves his successor a small surplus.

The splendid prosperity of the country, with the glorious future before it, were matters most interestingly dealt with by Mr. Mattinson in his retiring address. As illustrations of the country's progress and prosperity, he referred to the steady growth of the dairy and agricultural exports, until they had reached $20,000,000 worth of cheese, $5,500,000 of butter and $13,000,000 of ham and bacon; to the fact that in 1892 Canada handled 5,000 hogs per week, while in 1900 the figures had swelled to 45,000, an increase of 900 per cent in nine years. The president also touched upon the various questions acted upon by the board in the past year.

He was tendered a vote of thanks, and several eulogistic speeches were made by members of the board, all of whom highly appreciated Mr. Mattinson's endeavors to place the board on a firm basis.

OFFICERS AND COMMITTEES.

The officers and committees of the board for 1901-02 are as follows:

President — Mr. C. B. Hunt (acclamation).

Vice-President — Mr. John R. Minhinnick (acclamation).

Secretary - Treasurer — Mr. J. A. Nelles (acclamation).

Auditor—Mr. John Bowman (acclamation).

Board of Examiners — Messrs. J. I. A. Hunt, John Sutherland, W. J. Saunby, John Cameron, J. A. Carrick.

Western Fair Representatives — Messrs. John Bowman, A. B. Greer, James Mattinson, J. R. Minhinnick, W. J. Reid and J. W. Little. Messrs. Little and A. M. Smart were a tie. Mr. Little is vice-president of the fair board and Mr. Smart is chairman of the finance committee. However the choice of the board of trade does not affect Mr. Smart's position at the Western Fair board for this year.

Board of Arbitration—Messrs. A. O. Graydon, W. J. Saunby, C. W. Leonard, T. H. Smallman, W. C. Allen, John Pringle, D. S. Perrin, J. H. Ginge, C. S. Hyman, John McClary, J. A. Carrick, A. St. L. MacIntosh.

Council — Messrs. John Campbell, P. W. D. Brodrick, John Bowman, J. W. Little, G. D. C. O'Grady, F. G. Rumball, A. B. Greer, John McClary, R. D. McDonald, W. J. Reid, James Mattinson, W. M. Gartshore.

FINANCE AND OTHER MATTERS.

The annual financial statement showed receipts of $510 for members's fees, and $21 78 the cash balance. Disbursements included $250 for rent and $200 for secretary's salary. Assets are placed at $468 and liabilities at $62 50.

The "Old Home" Society of Boston, Mass., sent a circular intimating the fact of their existence and the purpose they have of organizing the 207,000 Canadians in Massachusetts into a body of excursionists to their "old home." Similar circulars had been sent to all the boards of trade in Canada, and indorsation was asked for. The London board will very cordially indorse the idea.

Mr. James Slater was elected a member of the board.

WILL HOLD A REGATTA IN AUGUST.

London Rowing Club Arranging Aquatic Sports for Hot Month.

Bowling Tournament Opens July 23—Items of Interest About the Club's Green.

Judging from present indications, the London Rowing and Bowling Club has just entered upon a season which promises to eclipse all former years in the history of the organization. The adding of 57 new names to the membership roll, which last year totalled 132, the large number of applications for admission, and the energetic manner in which the season's work is being taken up by officers and members alike are all circumstances that assure the prosperity and success of the club.

A visit to the house and grounds of the club at the forks of the river, shows that both are being greatly improved. A section of land about 125x70 feet, at the west end of the lower bowling green, has been acquired. It has been leveled and sodded, and is now being put into condition for use as a tennis court. This will enable the original portion of the lower green to be used only for bowling, and it can thus be put early into condition for the annual tournament. Half of the upper green has also been resodded. The club now possesses what is probably the finest bowling green in Canada. On the upper green there is room for five rinks to play, while the lower green will accommodate fourteen rinks in addition to the space occupied by the tennis court. A new flagpole, 63 feet in height, has been erected. The wire fence around the grounds will be covered with Virginia creepers or other climbing plants, which will add greatly to the beauty of the place.

TOURNAMENT JULY 23.

The annual meeting of the executive committee was held on Monday night, at which the following committee was appointed to make all arrangements for the annual bowling tournament: Jas. Mattinson, J. H. Brown, J. S. McDougall, M. J. Kent, C. M. R. Graham and E. Weld. The tournament opens July 23 at 2 o'clock, and it is expected to equal, if not exceed in success the former events of its kind. The increased interest being taken in bowling this year, is evidenced by the fact that in addition to the tournament annually held at Seaforth, similar events will be held by the Mitchell club and the Granites, of Toronto. These, however, will not interfere with the success of the one in London, which will continue to be the leading bowling tournament in Ontario.

ABOUT BOATING.

With improvements in the river consequent upon the completion of the Springbank dam, renewed interest is being taken in the club's boating department. A new platform has been added to the club house. Other improvements have been made to the building, and the club's various crafts are being put into shape for the summer. An energetic committee, with Col. John Macbeth at its head, has been appointed to arrange a regatta, to be held some time in August.
