...of the Water of the Georgian Spring.

I have made a careful quantitative analysis of a quantity of this Water sent me by the Proprietor of the Spring, Captain Kains. It is a Saline Water, containing earthy Chlorids, with portions of Bromids and Iodids, thus resembling the Plantagenet Water, from which it differs chiefly in the presence of a portion of Sulphates, which are not often met with in Waters of this class in the Province. It has a specific gravity of 1008.78, and contains in one pound avoirdupois, the affixed quantities of the following substances:—

	Grains.
Chlorid of Sodium	66.29057
Chlorid of Potassium	.72809
Chlorid of Calcium	.71003
Chlorid of Magnesium	3.45983
Bromid of Magnesium	.02016

And are intended to arrive in Montreal the same evenings, in time for the Quebec Boats, at Seven o'clock.

IN addition to the Ports above named, the Boats will call at the other important LAKE and RIVER PORTS.

☞ After the 20th day of September, the Boats will discontinue to call at Lewiston, and make Hamilton the Port of departure, at 7½ o'clock, on the mornings of Mondays, Wednesdays, and Fridays.

The establishment of this Line will enable the Merchants of Canada West to remain throughout the business day in Montreal, and to reach their homes almost as early as if they had gone by the Mail Line at noon, and connecting, as the Boats will do, with up and down Express Trains at Ogdensburgh, they will afford direct conveyances for Passengers and Freight between the Canadian Ports and the Eastern States.

It is deemed unnecessary to dwell upon the advantages of First Class Steamers passing direct from the head of Lake Ontario to Montreal, and *vice versa*, over those of Lines that involve a transhipment (on the downward trip) at an unseasonable hour in the morning.

In compliance with a generally expressed wish, on the part of the public, a separate charge will be made for meals.

☞ The Line will be commenced by the *HIGHLANDER* leaving Montreal on TUESDAY, the 26th instant; the *CHAMPION* on THURSDAY, 28th; and the *MAY FLOWER* will be out next month.

Not to mention the attainment of various other College honors by many of them, from twelve to fifteen obtained fellowships at the University; among whom were Dr. Busse, author of a Greek Grammar, &c., &c., Dr. Peacock, Dean of Ely, Archdeacon Thorpe and Musgrave, and the Archbishop of York.

JUDSON'S
CHEMICAL EXTRACT OF

CHERRY AND LUNGWORT,
FOR THE CURE OF
Coughs, Colds, Hoarseness, Spitting of Blood, Night Sweats, Asthma, Liver Complaints, and
CONSUMPTION.

THE most strongly marked and developed cases of Pulmonary Consumption, where the lungs have become diseased and ulcerated, and the case so utterly hopeless, as to have been pronounced by Physicians and friends to be past all possibility of recovery, and at times thought to be dying, have been cured by this wonderful remedy, and are now as well and hearty as ever. It is a compound of medicinals which are peculiarly adapted to, and essentially necessary for the cure of

COUGHS AND CONSUMPTION.

Its operation is mild, yet efficacious; it loosens the phlegm which creates so much difficulty, relieves the cough, and assists nature to expel from the system the diseased matter by expectoration; producing a delightful change in the breathing and chest, and this, after the prescriptions of the very best medical men, and the inventions of kind and sorrowing friends and nurses, have failed to give the smallest relief to the Consumptive sufferer.

THOUSANDS OF CONSUMPTIVE

persons have been deceived repeatedly in buying medicines which were said to be *infallible* cures, but which have proved only palliatives; but this medicine is not only a palliative, but a *cure for ulcerated lungs*. It contains no deleterious drugs, and one trial will prove its astonishing efficacy better than any assertions or certificates in curing Consumptions and all diseases of the lungs, such as *spitting of blood, coughs, pain in the side and chest, night sweats, &c., &c.*

About 1000 certificates of almost miraculous cures, performed by this medicine, from some of the first Doctors, Clergymen, and Merchants, have been sent us for this medicine, but the publication of them looks too much like a Quackery, (we shall show them to any person calling at our office.) This medicine will speak for itself and enough in its own favor wherever it is tried.

Caution.—This medicine is put up in a large bottle, and you must find the name of Comstock & Brother, Proprietors, New York, on the splendid wrapper around the bottle. All orders must be addressed to Comstock & Brother, No. 8, John Street, New York.

CARLTON'S POUNDER OINTMENT.

CARLTON'S RING-BONE CURE,

For the cure of Ring-Bone, Blood Spavin, Bone Spavin, Windgalls, and Splint—a certain remedy.

CARLTON'S CONDITION POWDERS FOR HORSES AND CATTLE.

The changes of weather and season, with the change of use and feed, have a very great effect upon the blood and sinuous fluids of horses. It is at these changes they require an assistant to nature to throw off any disorder of the fluids of the body that may have been imbibed, and which, if not attended to, will result in the Yellow Water, Heaves, Worms, Boils, &c. All of which will be prevented by giving one of these powders, and will, at any time, cure when any symptoms of disease appear, if used in time. They purify the blood, remove all inflammation and fever, loosen the skin, clean as the water, and invigorate the whole body, enabling them to do more work with the same feed. The action of these powders is direct upon all the secretive glands, and therefore have the same effect upon the Horse, the Ox, the Ass, and all Herbiverous animals—all diseases arising from, or producing a bad state of the blood, are speedily cured by them. Remember and ask for CARLTON'S CONDITION POWDERS, and take no *others*.

CARLTON'S NERVE AND BONE LINIMENT FOR HORSES,

and for the cure of all diseases of man or beast that require *external* application, and for *contracted cords* and *wounds, strengthens weak joints, and is also used for sprains, bruises, galls, swelled legs*, sores of all kinds on Horses.

CARLTON'S articles for *Horses* and Cattle are prepared from the recipe of a very celebrated English Farrier, and will cure, in ninety-nine cases out of one hundred, any of the above complaints. They have been used by *Farmers*, Liverymen, Stage Proprietors, and others, with the most marked and decided success.

CAUTION.—None can be genuine unless you find the name of J. Carlton Comstock on the wrapper of each article.

CARLTON'S LINIMENT FOR THE PILES, &c.

It is now used in the principal Hospitals, and in the private practice in our country, by an immense number of individuals and families, first and most certainly for the cure of the PILES, and also extensively and advantageously to baffle crudity unless where its effects are wished—generally in the following complaints:—

The testimony of hundreds who have used it is the Judge, is "It also like a charm." It is warranted to please any person that will try it.
