YORK COUNTY AND SUBURBS

Irving Lee, Charged With Embezzlement, Remanded by Magistrate for a Week.

FIELD DAY CELEBRATION TO-DAY.

Matrimonial Agency Still Receives Its Mail, in Spite of Recent Police Visit.

Toronto Junction, Nov. 1.— The case of Irving Lee, who was charged by George Robinson with embezzlement, came up before Police Magistrate Ellis in this morning's court and was remanded for a week.

The field day celebration of the Junction Public schools is to be held to-morrow afternoon, and extensive preparations are being made to make the event successful. A long list of races has been prepared, the prizes for which are on exhibition in Mr. J. G. Wright's drugstore window. The various companies compete in drill for the silk flag presented last year by Mrs. Rice to Company No. 1, Annette, and picked teams of girls play a match of basket-ball. The Imperial Band has been engaged for the occasion.

The authorities have evidently been unable to prevent the mail coming to the Matrimonial Agency from being delivered, for the concern is receiving it again.

EAST TORONTO.

Residents of this locality are greatly incensed at the vandalism that they allege is rampant, and they complain that no effort has been made by the local authorities to put a stop to it. A few weeks ago an incendiary fire took place at the shed at the back of Morton's Hall. A few nights ago a resident on the Kingston-road complained about the panel of his front door being smashed in by a brick, and last night 40 panes of glass in the stained window of the Baptist Church on Gerrard-street were destroyed by stones thrown by lads after dark on Hallowe'en. The vandals had full sway. They also lighted a bonfire on the baseball grounds, and went so far as to burn gates before the eyes of one of the councillors.

Mr. Fred Handy, the marble mason, takes up his residence in his newly-erected house on the Kingston-road, Norway, next week.

Henry Dunn, an employe of the W. Harris Company of the Danforth-road, met with a painful accident yesterday. He had taken his horse to Larsen's blacksmith shop, and had mounted it to return to his home, when the horse threw him, breaking his right leg above the ankle in two places. He was conveyed to his home, and Dr. Webster was called and set the limb. This will incapacitate Mr. Dunn for the next five or six weeks.

Mr. Everett Hoy, from Flesherton, Ont., has been visiting Mr. Samuel Wilson. Some little time ago Mr. Hoy was run down by the Grand Trunk Railway and lost his left leg.

Frederick Schmidt, George Ading, Charles Lavender, and Walter Maxwell went yesterday for one day's shooting in the neighborhood of the Rouge, and returned in the evening with a bag of 13 rabbits, 2 brace of partridge and a few squirrels. This was considered an extraordinary day's shooting, considering the distance from the Centre of Toronto to the hunting grounds, which is under fifteen miles.

NORTH TORONTO.

Mr. J. C. Rutherford, principal of the Davisville Public School, has purchased a brick house on the south side of Davisville-avenue, just opposite the school, the price paid being $1695.

Mr. John Fisher, accompanied Mr. J. W. Clarke, Township of York clerk, on his hunting trip yesterday. They left for Bracebridge last night, and will be away a couple of weeks.

The Board of Works met last evening at the Eglinton Town Hall, under the chairmanship of Councillor Armstrong. The committee opened tenders for machine oil, the Queen City Oil Co.'s tender being recommended for acceptance by the Council. The Commissioners pay sheet for labor, etc., amounting to $172.13, was recommended for payment. The bridge on Victoria-avenue was reported to be in an unsatisfactory condition, and the committee will call the attention of the Council to it. The water meters in the town were under discussion, not being altogether satisfactory, and a remedy will be found. Mr. Councillor Brownlow reported the result of a public meeting of ratepayers of Balliol-street, and presented a motion passed at that meeting asking the Council to lay a 4-foot tar and gravel side walk from Alberta Crescent to the second concession on Balliol-street, the cost of the same to be apportioned to three-fourths on the south side and one-quarter on the north side. This motion was seconded by Mr. H. Lawrence, who was, until the meeting, one of the chief opponents of the tar and gravel road. The report was recommended to the Council. The petition of W. G. Ellis and others received some months ago asking for the co-operation of the Council with that of the Township of York for the opening up of Avenue-road north from Upper Canada College to Eglinton-avenue, was revived and discussed. On the Mayor's suggestion a recommendation was forwarded to the Council, asking that any efforts of York Township Council in this direction might be supplemented by the town of North Toronto.

The painting of the Moore Park bridge is now nearly finished, the work done in it being very satisfactory.

Mr. Miles Vokes, president of the Vokes Hardware Co., returned to live in the city yesterday after a year's residence at Victoria-avenue, Eglinton.

The York Township Council will meet on Monday next at the Eglinton Town Hall.

The Rev. G. A. Hudson, pastor of the Davisville Methodist Church, will preach to-morrow evening at the Newtonbrook Church, the occasion being the harvest thanksgiving services.

Dr. Richardson is to-day taking the last opportunity of seeing the Pan-American Exhibition.

The Finance Committee met last night at the Town Hall, under the presidency of Councillor Brown. The report of the Works Committee was received and concurred in, and referred to the Council. A communication from Mr. W. G. Ellis respecting the inconvenient times of the early morning cars was referred to a special committee. The Mayor stated that he had seen the president of the Railway Company, and that Mr. Warren had promised to look into it, and if possible re-arrange the time table as wished. The Mayor incidentally mentioned that the president had, said that a bonus of $60,000 or $80,000 would give the town a single fare. A number of accounts were passed on to the Council.

It is hoped that the Rev. Mr. Phillips, who has been in the Old Country for some months, will have returned to preach to-morrow at the Baptist Church, Eglinton. If he is not able to return in time the Rev. Mr. Roach will officiate.

The Board of Health met last night at the Town Hall. Mr. R. Rae, chairman, presided. Full reports of the cases of diphtheria were presented by the Medical Health Officer, and suggestions were made to the School Board to have some alterations made in their premises, so as to ensure better sanitary conditions. The only case of diphtheria in the town is now convalescent, and no further anxiety need be felt.

AURORA.

Dr. W. J. Stevenson and Mr. G. T. Smith returned home on Thursday from visiting the Pan-American Exhibition.

The Rifle Association continued their shooting yesterday, weather and other conditions being favorable. The scores are not yet completed, but the highest scorers are Messrs. E. Braund, W. H. Machell, C. A. Petch, Dr. Stevenson, J. W. Crossley, George Conley, W. Burchard and A. Love.

The Town Council meets on Monday evening, when Messrs. Brooksbank and G. A. Pollock will be sworn in as councillors, to succeed the late Mr. W. A. Hutt and T. H. Lennox. At the nomination Mr. Yule's name was also submitted, but that gentleman resigned, leaving Messrs. Brooksbank and Pollock elected by acclamation.

Mr. Thomas McGillicuddy delivered a lecture on "Our Neighbors, a Study of Humanity" on Thursday evening at the Baptist Church. There was a satisfactory attendance, and the lecture was interesting and instructive, and was much appreciated.

The Rev. Mr. Sprague will be the special speaker at Monday's meeting of the Epworth League.

To-morrow quarterly services in connection with the Methodist Church will be held, the Rev. E. A. Pearson, the pastor, officiating.

The shoe factory lately started in the town seems to be putting considerable vitality into the place. At the present time nearly 100 men are employed, and the amount of wages paid them for the last two weeks was nearly $1300. The factory has the electric light installed, and is running two hours daily overtime.

RICHMOND HILL.

A harvest thanksgiving service was held on Wednesday evening at St. Mary's Church. The church had been prettily and tastefully decorated, and the choir rendered the special harvest hymns and other music very creditably. The Rev. T. W. Powell, rector of St. Clement's, Eglinton, preached an eloquent sermon on "The Seed," his discourse being much appreciated. The offertory, which amounted to over $10, will be devoted to the fund for cleaning and decorating the interior of the church.

A PROCLAMATION.

We possess all the modern and up-to-date facilities for conducting a reliable and first-class drug business. When you favor us with your doctor's prescription, our best efforts are put forth to make that prescription what your physician intended it should be—professionally correct in the minutest details.

PAINE'S CELERY COMPOUND.

This medicine is giving marvelous results to sick people all over Canada. The wonderful cures effected by Paine's Celery Compound during the past year speak volumes in favor of the popular medicine. Thousands who have suffered from rheumatism, neuralgia, nervous troubles and dyspepsia now sing the praises of the medicine that has given them such happy results.

H. W. BURGESS, DRUGGIST.
278 Yonge Street, Toronto Ont.

NEWTONBROOK.

Quarterly meeting services will be held at Fairbank next Sabbath morning at 10.30.

The Ladies' Aid Society have expended $100 in painting and decorating the Methodist Church, Newtonbrook. Reopening services will be held next Sabbath, Nov. 3. Rev. A. C. Courtice, editor of Christian Guardian, will preach at 11 a.m., and Rev. A. G. Hudson of Davisville at 7 o'clock. A farewell offering will be taken at each service to pay expenses incurred.

PIONEER EXCURSION.

A special request is made to friends and relatives of the early settlers of Newmarket to join in this excursion. Special cars will leave via Metropolitan Railway from the C.P.R. crossing on Tuesday, Nov. 5, at 2.40 p.m., at a return fare of 80c. A memorial service will be held at the resting place of departed friends at 4 p.m. At 5 p.m. a tea will be provided by the ladies of Newmarket, and at 7.30 p.m. a grand concert will be given in the Town Hall. Proceeds to pay for fencing burying ground. The following talent will take part in the concert: Miss Briggs, soprano; Miss Flora Langstaff, contralto; Mr. Napier Durand, A.T.C.M., pianist; Dr. Foster, elocutionist; Mr. George Sharpe, tenor; Mr. William Sharpe, baritone; Mr. A. Collins, violinist; Francesco Abate, harpist; Miss Flora Langstaff, accompanist.

The Clergy like it.—Here are a few names of clergymen of different creeds who are firm believers in Dr. Agnew's Catarrhal Powder to "live up to the preaching" in all it claims: Bishop Sweatman, Rev. Dr. Langtry (Episcopalian); Rev Dr. Withrow and Rev. Dr. Chambers (Methodist), and Dr. Newman, all of Toronto, Canada. Copies of their personal letters for the asking.—4

IT IS KNOWN EVERYWHERE.—There is not a city, town or hamlet in Canada where Dr. Thomas' Eclectric Oil is not known—wherever introduced it made a foothold for itself and maintained it. Some merchants may suggest some other remedy as equally beneficial. Such recommendations should be received with doubt. There is only one Eclectric Oil, and that is Dr. Thomas'. Take nothing else.

TAMPERED WITH REGISTER.

"Lord Sackville" Alleged to Have Married a Spanish Dancer at Madrid in 1853.

HIS NAME SCRATCHED FROM RECORD.

Son by the Marriage Asks Courts to Recognize His Legitimacy.

Madrid, Nov. 1.—The name of "Sackville" is figuring in strange investigations which are now occupying the attention of the courts here. A local lawyer has applied to the courts to recognize the legitimacy of a client, who claims to be a son of a certain "Lord Sackville," secretary of legation at Madrid about the year 1853. The claimant alleges that the diplomatist married a well-known Spanish dancer, Peppita Duran, and had three daughters and a son by the marriage. But the marriage register was subsequently tampered with, and the name of Peppita Duran's dancing-master, Antonio de la Oliva, was substituted for the original entry. The examining magistrate appointed experts to examine the register, and the experts have confirmed the statement that the original name of the husband, whatever it was, had been scratched out, and that the name of Olivia had been substituted.

London, Nov. 1.—In connection with the Madrid despatch referring to "Lord Sackville," it is pointed out that the present Lord Sackville, the former Minister of Great Britain at Washington, altho he was in the diplomatic service prior to 1853, was not attached to the British legation at Madrid until eleven years after that date. Moreover, he did not succeed to the title until 1888.

Important Change of Time.

On Sunday, Nov. 3, one of the greatest changes in time in the history of the Grand Trunk Railway and Canadian Pacific Railway takes effect. The time of the trains on every division of both lines has been altered completely. The most noticeable change, of course, is between Toronto and Buffalo. The Grand Trunk reduce their service to five trains a day, and the Canadian Pacific to three, this reduction being caused by the closing of the Pan-American Exposition. The service is also reduced to Montreal. Extra trains are going to be run by the C.P.R. to Teeswater direct via Streetsville Junction. This will do away with the tiresome wait at Streetsville. Extra trains will also run direct from Teeswater to Toronto. The Toronto Weekly Railway and Steamboat Guide, with their usual promptitude, will be first in the field with their up-to-date and reliable weekly sheet. Every subscriber is promised their Guide on Monday. This will mean a lot of extra work for the publishers, but in view of the great number of changes it has been decided to do this rather than have any of the subscribers wait until the next day for their Guide. Every figure of this great change of time will be given on the Guide. Besides showing over six hundred of the most important stations in Canada and the United States, fares, express rates, mileage and other valuable information is given. This Guide has now been before the public for about ten years, and has always been noted for its punctuality in delivery and correctness of time shown. The Guide is delivered to subscribers every Monday, and is placed in an oak frame. The cost of having it delivered to your address is only ten cents per week. If you are not a subscriber, 'phone Main 1475, and Guide complete will be promptly furnished you.

The Lake Simcoe's Trip.

Montreal, Nov. 2.—The Beaver Liner "Lake Simcoe" passed Fame Point early yesterday afternoon, and was due in Quebec last evening and Montreal this afternoon.
