MOTHERS, WIVES AND SWEETHEARTS

A FEW REASONS WHY YOU SHOULD ENCOURAGE YOUR MEN-FOLK TO ENLIST.

Are you satisfied that you are doing your full duty to your King and Country in this, the time of great trial and crisis?—or, are you failing to meet your chief obligation as Canadians at such a critical time?

There is unfortunately too much reason to fear that this charge can be fairly brought against many Canadian women today. The officers of the various units in every branch of the service all tell the same story of how men, willing and ready to join the colors, are being discouraged from doing their duty by their mothers, wives or sweethearts.

We ask you in justice to those noble women who have already answered the call by giving their sons, husbands or sweethearts to the cause—is it reasonable or fair that you should keep your men-folk from doing their duty?

This fact is now so widely known throughout our country that many men who can and should respond to the call, are using it as an excuse to evade their responsibility. Recruiting officers on every hand are appealing to men to try and realize how they must feel after this terrible struggle for all that Christianity and civilization stand for, is over and victory assured, if they fail to do their full part now. Women of Canada, how will you feel about it afterward, if you too fail your King and Country now?

Many units in every branch of the service are unable to secure enough men to complete their establishments in order to enable them to go overseas quickly—and they are much needed. Will you not help in whatever way you can?

Men wishing information about the Artillery may obtain same without obligation on their part at the Toronto Offices of
