Gneral Intelligence.

Summary of News.

ABSCONDED.—Among those who 'left,' this city on Saturday for Boston in the *Oriental*, was Louis Christian, the Deputy Sheriff of this County. A brief sketch of this man, under the circumstances, may be interesting. Christian was born in Dublin, Ireland, and very well educated; he possessed accomplishments that even many well-educated persons do not. He has a thorough knowledge of music, and a familiar acquaintance with several languages. When quite a youth he ran away from home, and enlisted in the British army. As he was about 6 feet in height, and of a fine figure he readily obtained admittance to the Guards, but was soon 'drummed out' of that corps for drunkenness. He then joined a regiment of Lancers, and soon managed, by dissipation, to get 'kicked' out of that. His next step was to enlist in the 15 h Brigade Royal Artillery, with which he came to this country. Here he bought his discharge, and soon after joined the police force. While acting as a policeman he behaved very scandalously, and frequent complaints of petty breaches of trust and of drunkenness were brought against him, until finally the authorities were forced to dismiss him. About that time, Deputy Sheriff Wilson 'left' with a considerable amount of money belonging to Sheriff Sawyer, and the Sheriff taking a fancy to Christian, gave him the situation thus vacated. This position he has filled for over a year, and until Saturday last, when, as related above, he went of in the *Oriental*. It is stated that he has taken with him a considerable sum of money belonging to Mr. Sawyer. The exact amount cannot be stated as yet, as the Sheriff has been absent for a week from the city, at Acton, but fears are entertained that the sum is very large.—*Acadian Recorder.*

FIRE AT ANTIGONISH.—The 'Casket' says a barn, near Antigonish, owned by Mr. Wm. Kell, was burned down on Wednesday night, together with a large quantity of hay and oats, and a fine pair of oxen.

A young man named James Yuill Blake, of Truro, was found dead in the street opposite his boarding house, in Cambridgeport, Mass., a few days ago. It is supposed he got up in his sleep and fell out of the window. The remains of the deceased have been conveyed to Truro.

The Trade of the Dominion in Exports and Imports ec mided for the year ending June 30 1868, amounted to over $131 000 000.

Of Exports:	
Ontario and Quebec sent	$47 499 876
Nova Scotia,	5 441 285
New Brunswick,	4 626 727
Total,	$57,567,888
Of Total Imports:	
Ontario and Quebec received	$57 248 229
Nova Scotia,	9 121 236
New Brunswick,	6 523,395
Total,	$72,902 860

MYSTERIOUS AFFAIR.—A short time ago the remains of a woman and child, both bodies in an advanced stage of decomposition, were found in the woods of Loch Lomond-road, about 12 miles from St. John, N. B. An examination of the skull of the woman has revealed a hole in the right side of the head, above and in front of the ear, evidently made by a pistol bullet.—There is little doubt the woman and child were murdered, but as yet there is no clue to the perpetrator of the crime.

A large number of draught horses have been purchased in P. E. Island recently by speculators from the United States.

The Charlottetown *Herald* says there is now a certainty of an abundant harvest throughout P E Island this season.

UNITED STATES.—The United States has suffered a great loss in the deaths of General Rawlings, Secretary of War, and the Hon. William Pitt Fessenden, of Maine, two gentlemen of high political reputation and prospects. Senator Fessenden was known as a chaste and effective orator as well as an able statesman. The portfolio of General Rawlins, who was a particular friend of the President's, is to be filled *ad interim* by General Sherman.

BRITISH SHIPPING.—The *Scottish American Journal* shows from official documents and by the authority of John Bright, that the sea-going shipping of Great Britain and her possessions is superior to that of *all the rest of the world*. It has increased 50 per cent since 1854. The tonnage now is 7,232 000. Tonnage of the same description of all other countries is about 7,150,000. The tonnage of her sea-going steamers is more than double that of all other countries. In the last 14 years British tonnage has increased 41 per cent. United States tonnage has decreased 50 per cent in ten years. That of France is nearly stationary. These figures show that "Britain rules the waves" now as in the days gone by.

There is some excitement in England over life assurance, one of the oldest and best established companies, the Royal Albert, having recently collapsed This company began business thirty years ago, and had about 23,000 policy holders. Greater restrictions upon companies are deemed necessary for the public safety, and various plans are proposed.

Book Steward's and Editor's Notices, &c.

We have devoted a large portion of our paper to the reports of the proceedings of the Patent Conference at Hull, for several weeks past, and even now there are reports which we have reluctantly omitted; we shall probably hereafter give the address of the Rev Dr Robinson Scott on behalf of the Wesleyan College at Belfast.—The following appointments were made for the Affiliated Conferences:—

To be President of the French Conference.—Rev Luc Pulsford.

To be President of the Australian Conference.—Rev George Hurst.

To be President of the Eastern British American Conference.—Rev Dr Pickard, with Rev J Hennigar, as Co-Delegate.

☞ We have received "The Nova Scotia Journal of Agriculture" for July and August.—This is published by Messrs A & W McKinlay, under the direction of the Board of Agriculture and ought to be taken by the Farmers of the Province generally.

KING'S COLLEGE AT WINDSOR.—We are glad to see, from the Calendar which has been sent to us, that this most ancient among our Collegiate Institutions is in so much prosperity. It would be greatly for the interest of our country if a far greater number of its young men could be enabled and induced to secure for themselves the advantages of a thorough Collegiate Education.

We have to acknowledge the receipt also of "The Journal of Education" for the Province of Ontario, for September. It contains President Nelles' address to the Ontario Teachers' Association, and various other articles of interest.

☞ We have received, as our list of *Monies received* shows, very satisfactory returns of some of the lists sent out to the different Circuits a short time since concerning balances due for the Provincial Wesleyan; but we hope similar returns will be much more numerous during the few remaining days of the current month Brethren and friends concerned for the Provincial Wesleyan should understand that their promptitude or *otherwise* in attending to these lists of unpaid subscriptions, will affect if not the life and existence, yet assuredly the health and prosperity of the official organ of our Conference and Connexion.

We are not a little encouraged, in the difficult task which has been assigned to us, by the interest which is evinced by many in it and by the successful efforts which they are making to assist us. If these will but persevere in their earnest efforts, and all others, who are equally responsible, will do as well, the task will be accomplished. Within the last month we have added nearly fifty names to our list of subscribers and had to drop only ten or twelve; so that there is a net gain of between thirty and forty. If the many who have not yet reported are doing as well as the few who have, the addition for which we ventured to ask, a week or two since, will be very nearly secured. Please Brethren, one and all, let us have your reports in regard to this matter at once.

☞ The Book Room is well supplied with with Books suitable for Sabbath School Libraries. A considerable addition to these was received by the last Steamer from England.—We are confident that we can satisfactorily fill all orders with which we may be favored from Wesleyan Sabbath Schools.

☞ Bro. Pitblado has called our attention to sundry typographical errors which were made in his sermon as given in our paper of the 8 h inst. "Charles V." was given as Charles X—"*Strange* new star," as *strong* new star,—'*Mary* saw the young angels,' as *Many* saw, &c. Under the fourth head—after 'There is no heaven on earth without Jesus,' the words—'Neither is there any heaven in eternity without Jesus' are left out; representing Bro. P. as speaking of the heaven on earth having streets paved with gold, &c. We are very sorry that these mistakes were made, although Bro. P. consoles himself modestly saying 'I don't suppose it makes much difference as few would read the sermon with much attention.'

☞ A meeting of the Executive Book Committee is to be held on Tuesday the 28th inst., at 11 o'clock, A. M.
