General Agency and Commission Office,
No. 18, CORNHILL, LONDON, opposite the New Exchange.

To Merchants, Commercial News Rooms, Public Libraries, Agricultural Societies, Officers of the United Services, Printers, Publishers of Newspapers, & Colonists generally.

P. L. SIMONDS, General Agent and Commission Merchant, in offering his services to his friends and the Colonial Public in general, begs to acquaint them that he is ready to receive orders for supplies of any kind and quantity, and goods of every description of first rate quality, at the very lowest market prices of the day, and to transact business upon the most liberal terms, provided he is previously furnished with funds or drafts, at either long or short dates, or a reference to some London or Liverpool house for payment.

P. L. Simonds will receive consignments of any description of Merchandize to be sold on commission, and accept bills for two-thirds of the amount, on receipt of the bills of lading. Consignments entrusted to the care of the subscriber, with every possible despatch in their disposal, and sales be conducted with the greatest attention to the interests of the disposer. An extensive knowledge of general business, acquired during a long residence in the West Indies, and subsequent extensive courses of business with all the British Colonies, the experience of several years in London as a Colonial Agent, coupled with promptitude, attention, and judgment, will, he trusts, enable him to give satisfaction to those who may favor him with their commands.

N. B.—Parents sending home their children for education, may with confidence entrust them to the care of Mr. Simonds, who will undertake to see them placed in first rate and respectable establishments, where every attention shall be paid to their health, morals, improvement, and general comfort.

Cash Only.
M. O'DONELLY, BOOT AND SHOE MAKER,

WOULD beg to acquaint his friends and the Public generally, that he has commenced manufacturing Boots and Shoes, on the corner of Prince Wm. and Princess streets, adjoining the Grocery Establishment of Mr. J. O'Donelly, and having for many years previous to 1836 conducted the operative part of his Brother's business in the same line, (then established under the Commercial Bank now stands,) which with strictly adhering to the *cash system*, and a punctual attention to all orders intrusted to him, he hopes will receive for him selfa share of public patronage.
June 2, 1843.

J. B. White & Sons,
MILLBANK STREET, WESTMINSTER,
Patentees of
Keene's Marble Cement.

THIS CEMENT, which exceeds in hardness any yet offered to the Public, is intended for the Interiors of Buildings, and is of two kinds: *fine*, and *coarse*.

The *fine* quality is delicately white, and is susceptible when properly worked, of as high a polish, as Statuary Marble. Incorporated with colours to form Scagliola; the imitation of variegatied marble is effected with greater certainty, and less cost, than in any other material; and from the facility with which one colour is inlaid with another, very beautiful mosaic work for Tables, and architectural decorations, can be produced at small expense.

The *coarse*, or second quality, is available for Stucco, in situation where peculiar strength and durability are desired. Its adoption in place of wood, for skirtings, architraves and panel mouldings, with other internal fittings, is attended with a very considerable saving in expence: render buildings so stuccoed, to a great extent fire proof, and unassailable by vermin, or dry rot; added to which Rooms finished with this Cement, may be painted or papered at once, and thus fitted for immediate use.

KEENE'S Cement forms a beautiful in-door paving. For the floors of entrance halls, offices, churches, &c., it will be found to combine the durability and the appearance of Portland Stone at half the price.

SHARP'S COMPOUND
Concentrated Alkaline
Infusion of Sarsaparilla.

SARSAPARILLA has of late years been much used, and with great success in cases of Chronic Rheumatism, as an alterative in Scrofulous affections, Scurvy, Obstinate Cutaneous Eruptions, Indolent Ulcers, diseases of the Periostrum and bone, attended with obscure pains, wasting of the flesh, tenderness of the parts, tumours and nodes unconnected with Syphilis, and in that state of the habit known among medical men under the term *Cachexia*, but which it is not easy to define; in such cases Sarsaparilla proves a most valuable remedy, and often effects a cure when all other remedies have long been administered in vain, and when the diseased state of the system has been of many years duration.

It is also considered by the most eminent surgeons of the present day, to be the best medicine for re-establishing the constitution after it has undergone the effects of mercury.

The infusion contains all the properties of the Sarsaparilla, in a highly concentrated state, together with the addition of an alkali, which is strongly recommended by the late Abercrombie, also by professor Brande, who in a late edition of his valuable work on Pharmacy, says, "the addition of an alkali in the preparation of Sarsaparilla, seems greatly to facilitate the extraction of the soluble matter, and may be used with great advantage."

Amongst the advocates for this medicine, may be mentioned the names of sir B. C. Brodie, Bart., sir James Clarke, the late sir A. Cooper, Bart., Drs. J. A. Paris, M. Ryan, Graham, Marshall Hall, M.D. F. R. S. &c. &c. Prepared and sold in bottles, in 3s. 9d. each, by J. G. SHARP,
