ACTIVE BUYING LIFTS STOCK MARKET

New York, Nov. 6.—Under the lead of the Standard Railroad issues stocks were advanced again today. The movement was preceded by a period of hesitation in the early trading, when a majority of the active stocks sagged below Saturday close. Active buying lifted the market and during the remainder of the session prices wereheld firm.

Heavy realizing kept the market in check. Stocks were supplied plentifully on the advance. But the selling ceased when the market showed signs of weakening. It was assumed that owners of large amounts of stocks were taking advantage of the recent rise to reduce their holdings. The short interest was reported to have met with serious reverses. Large stop loss orders, especially in U. S. Steel, have been uncovered on the advance, and the attack on the bears was carried on again with success today. The Northwestern Railroads were the conspicuous points of strength. The trading in these stocks was stimulated by reports of increasing business, owing to the movement of crops. Gross earnings of the Great Northern in October showed an increase of more than $600,000. Among the eastern roads, Reading, Pennsylvania, LeHigh Valley and Baltimore and Ohio stood out prominently, with gains of a point or more. Baltimore and Ohio crossed for the first time in several weeks.

The speculation which have been prominent recently were in the back ground today, although a number of stocks, such as General Electric, National Biscuit and International Harvester made good gains. U. S. Steel rose to above 60, its highest point since the violent break after the filing of the government's dissolution suit. Texas Company dropped five points to 83¾, its lowest figure of the year, and a fall of more than 50 points from the year's high record.

Increased earnings for steel manufacturers even at the present low level of prices were foreshadowed in the report that railroads touching the steel and iron districts of Western Pennsylvania, Eastern Ohio would reduce freight rates on iron ore, coal and coke. Such a move, in conjunction with the reduction of rates on ore from the mines to the upper lake docks, might be extended to affect materially the cost of steel products. Steel makers estimated that the increase in orders during the last week amounted to nearly 10 per cent on the average. New business of the U. S. Steel Corporation since the latter part of October has been considerably larger.

London continued to sell stocks here. Transactions for the London account aggregated about 30,000 shares, of which 20,000 were sold on balance with the chief dealings in U. S. Steel and Reading. Paris again appeared as a bidder of the week's consignment of South African gold in London, obtaining $3,000,000 for replenishment of its reserve.

The bond market was firm with a good distribution of business. American Tobacco issues were heavy in the late trading. Total sales par value, $4,091,000.

U. S. bonds were unchanged on call.

CLOSING STOCK LETTER.

By Direct Private Wires to J. C. Mackintosh & Co.

New York, Nov. 6.—While the advance in today's stock market was only moderate the general underlying strength was perhaps more impressive than at any other time during the current upward movement for the fact that prices rose against a strong reactionary sentiment. Many stocks have risen from 8 to 10 points in as many days and many conservative interests believed movement called for some check to the bidding up of prices. As it was the general list became excessively dull on the fractional backs and fills closing about the best of the day. The revulsion of sentiment in high financial quarters which has been frequently noted of late appears to have been more depressed than the average observer imagined and while it is hardly to be expected that prices will continue to advance without interruption, there seems every reason to believe that the upward movement has not run its course. Many aspects of the situation at large have undergone changes for the better that are plainly apparent while new factors of importance are being disclosed from day to day. The fact that prices advanced upon the eve of important elections throughout the country would seem to attest to the fact that political influences have been discounted.

People who are usually well informed, are buying Lehigh Valley in expectation that a plan to segregate the road's coal properties will soon be announced and that stockholders will receive equities that will make present stock worth considerably more money.

Liquid Cough Mixtures Can't Cure Bronchitis
But the Healing Fumes of Catarrhozone, Which are Breathed to the Furthest Recesses of the Bronchial Tubes, Bring Quick Relief and Sure Cure.
Every sufferer from coughs, colds, bronchitis and all throat and chest ailments needs a soothing, healing medicine which goes direct to the breathing organs in the chest and lungs, attacks the trouble at the source, disperses the germs of disease, and cures the ailment thoroughly. And this medicine is "Catarrhozone."
The germ killing balsamic vapor mixes with the breath, descends through the throat, down the bronchial tubes, and finally reaches the deepest air cells in the lungs. All parts are soothed with rich, pure, medicinal essences, whereas with a syrup the affected parts could not be reached, and harm would result through benumbing the stomach with drugs.
"I have been a chronic sufferer from Catarrh in the nose and throat for over eight years. I think I have spent four hundred dollars trying to get relief. I have spent but six dollars on Catarrhozone, and have been completely cured, and, in fact have been well for some time. Catarrhozone is the only medicine I have been able to find that would not only give temporary relief, but will always cure permanently. Yours sincerely (Signed) WILLIAM RAGAN, Brockville, Ont.
For absolute, permanent cure use Catarrhozone. Two months' outfit costs $1.00; smaller size, 50c., at all dealers, or the Catarrhozone Company, Buffalo, N. Y., and Kingston, Canada.

BOOMING HOCKEY IN ST. JOHN

That hockey will boom in St. John this winter is assured by the fact that A Company, of the 62nd Fusiliers, will have first and second teams on the ice. The first team will play the cities, and the second team will play the colleges of the Maritime Provinces.

Arrangements have been made for a junior league among the different scout patrols the object being to teach the juniors to play good hockey, so that in a few years they will be able to step into the places of the senior players that we now have.

Games have been arranged for the first team with Fredericton, Moncton, Halifax, Sackville and Harvard. The Harvard game will be played in Boston, arrangements having been made with the Harvard team to that effect. The second team have dates to fill with Acadia, U. N. B., Dalhousie and Mt. Allison.

The management have hired the Queens rink and will fit it up with shower baths and lockers, and in every way making it more comfortable for the men than it has been for several seasons.

Among those who will try for places on the teams are: A. Tully, J. Philps, M. McAvity, B. Gilbert, D. Macaulay, R. Parker, Sweeny, Brinkman, L. McGowan, H. Clawson, Mooney, T. McAvity, P. McAvity, F. OPERATION HER ONLY CHANCE
Was Cured by Lydia E. Pinkham's Vegetable Compound
Lindsay, Ont.—"I think it is no more than right for me to thank Mrs. Pinkham for what her kind advice and Lydia E. Pinkham's Vegetable Compound has done for me. When I wrote to her some time ago I was a very sick woman, suffering from female troubles. I had inflammation of the female organs, and could not stand or walk any distance. At last I was confined to my bed, and the doctor said I would have to go through an operation, but this I refused to do. A friend advised Lydia E. Pinkham's Vegetable Compound, and now, after using three bottles of it, I feel like a new woman. I most heartily recommend this medicine to all women who suffer with female troubles. I have also taken Lydia E. Pinkham's Liver Pills and think they are fine."—Mrs. FRANK EMSLEY, Lindsay, Ontario.

We cannot understand why women will take chances with an operation or drag out a sickly half-hearted existence, missing three-fourths of the joy of living, without first trying Lydia E. Pinkham's Vegetable Compound.
For thirty years it has been the standard remedy for female ills, and has cured thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration.
