USING SOAP SPOILS THE HAIR

Soap should be used very sparingly, if at all, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulsified cocoanut oil (which is pure and greaseless), its cheaper and better than soap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulsified cocoanut oil at any pharmacy, and a few ounces will supply every member of the family for months.

CANADIANS CRUCIFIED BY BRUTAL GERMAN CAPTORS

Letters Received by British Member of Parliament Confirm Stories of Crucifixion —Canadian Wounded Bayoneted by Enemy.

London, May 17.—Several letters from Canadian officers and men have been received by R. P. Houston, M. P., corroborating the charges that the Germans crucified Canadians. As a result of these, Mr. Houston intends putting further questions in the House of Commons. He will ask the Under Secretary for War if he has information that during a recent fight in which the Canadians were temporarily driven back, they were compelled to leave forty wounded in the barn, that on re-capturing the position they found that the Germans had bayonetted all the wounded, except a sergeant, and that the Germans had removed the figure of Christ from the village church, crucified and fastened the sergeant there while alive, and also if crucifixion is becoming a favorite practice of the enemy. Mr. Houston produced a letter from a lieutenant of the Fifteenth Battalion, which he showed to the Montreal Gazette correspondent, confirming these charges, and also another letter which asserted that a Canadian Highlander was crucified on a barn door, with bayonets through his hands, feet and throat. The writer avers that a chaplain took the statement, on oath, of the man who took down the body of the sergeant.

Mr. Houston is an active member of the Administrative Committee of the Second King Edward Horse, in which capacity he has come in contact with many Canadians. He is a prominent steamship owner.

The Globe reports today that a letter from an officer in the Leicester Regiment charges that not only a Canadian major, but a man from the Fifth Leicester Territorials had been crucified.

NOT ONE LIFE TAKEN BY BRITISH NAVY IN ITS WAR AGAINST ENEMY MERCHANT SHIPS

London, May 17.—Thomas J. MacNamara, parliamentary secretary of the Admiralty, announced in reply to a question in the House of Commons today that 460,628 tons of British shipping, other than warships, had been sunk or captured by the German navy since the outbreak of the war.

Mr. MacNamara added:

"The number of persons of all nationalities killed in connection with these sinkings is approximately 1,556.

"The tonnage of German shipping, not warships, sunk or captured by the British navy to May 15, is 314,465. So far as known, not one man or neutral subject has been killed in connection therewith."

REMNANT OF ARMY OF "OUT-OF-WORKS" REACH EMERSON, MAN., WORN OUT

Thousand of Them Left Winnipeg to Cross Into States But "Hike" Proved Long and Wearisome.

Emerson, Man., May 17.—A pitiable little band of 192 worn out and utterly dispirited foreigners limped into Emerson at dusk yesterday what was left of the mob of one thousand desperate men said to be descending on the United States.

It was an absurdly farcial ending to the adventure of these adventurers. After walking the last 25 miles yesterday on a diet of bread and water some of them were so exhausted that they staggered along, a picture of dejection and despair.

Two hundred Austrians, the remnant of the army of unemployed, numbering one thousand, which left Winnipeg last Friday, bound for the United States have found a temporary haven here, where they are being fed and housed comfortably, and as a result have signified their intention of making no immediate effort to cross the border. They were notified today by United States immigration officials they would not be permitted to cross the international line.

COALITION GOVERNMENT DISCUSSED IN COMMONS

London, May 18—The discussion of the possibility of a coalition ministry has been started anew by the statement of Frederick H. Booth in the House of Commons that a "large number of the members of the house favor a new united ministry, representing the whole house." Mr. Booth added:

"In my opinion a united government is coming before long."

"We give a list of those likely to come in and go out—outgoing—Viscount Haldane, Walter Runciman, Reginald McKenna, Sir John A. Simon, Lewis Harcourt, Earl Beauchamp, Augustine Birrell, and Baron Lucas; incoming—Andrew Bonar Law, the Marquis of Lansdowne, the Earle of Derby, Earl Curzon, Arthur J. Balfour, Austen Chamberlain, Walter Hume Long and Arthur Henderson, and possibly Sir Edward Carson and John E. Redmond. Winston Churchill, First Lord of the Admiralty will probably be shifted to another office."

THE CONGESTION FROM A BAD COLD LOOSENED UP IN ONE HOUR

Nerviline Rubbed On At Night—You're Well Next Morning.

Nerviline Never Fails

When that cold comes, how is it to be cured?

This method is simplicity itself; rub the chest and throat vigorously with "Nerviline," rub it in good and deep; lots of rubbing can't do any harm. Then put some Nerviline in the water and use it as a gargle; this will ease the cough, cut out the phlegm, assist in breaking up the cold quickly. There is no telling how quickly Nerviline breaks up a hard racking cough, eases a tight chest, relieves a pleuritic pain. Why, there isn't any liniment with half the power, the penetrative qualities, the honest merit that has made Nerviline the most popular American household liniment.

A large 50 cent bottle of Nerviline cures ills of the whole family, and makes the doctor's bills small. Get it today. The large size is more economical than the small 25 cent size. Sold by dealers everywhere or direct from The Catarrhozone Co., Kingston, Canada.

BERLIN PRESS COMMENT ON AMERICAN NOTE

Local Anzeiger Says Germany Will Tell Mr. Wilson that War Must be Carried on as it is Being Done at Present.

Berlin, via London, May 17—The American note to Germany has not yet been officially given out. The afternoon papers, however, print the version of the document as telegraphed here by the Havas Agency. With the single exception of the Local Anzeiger all refrain from comment. The Local Anzeiger says:

"The German government certainly will not delay long with the answer requested, and probably will reply that in occupying itself with its 'sacred duties' it is not to be disturbed from any side.

"That the American government should consider the Lusitania as a harmless packet-boat, without taking notice of the fact that it was really an auxiliary cruiser and an ammunition steamer of the British navy, appears to us scarcely believeable. But the German answer to Washington will make it comprehensible to Mr. Wilson, in language as polite as it will be clear, that we must conduct the war as we are conducting it, and can conduct it with a clear conscience."

The Taglische Rundschau, commenting on the reports that the Lusitania incident has caused a "growing insight" in America, says:

"This insight probably will lead to the discovery that England really is the guilty party, because it took ammunition on board a passenger steamer in contravention of the American laws."

After quoting the statute, which it argues covers this point, the Rundschau concludes:

"According to the American laws the captain of the Lusitania ought to go to prison."

A confidential note to the editors of the newspapers, which reached them too late, says that nothing regarding the American note may be printed for the time being.

PRICE OF MEATS IN LONDON TO BE ADVANCED.

London, May 18.—Following a conference between the advisory committee of the Federation of Meat Traders and representatives of the government, announcement is made that an all-round advance of from three to four cents a pound in the retail price of all meats will be put into effect within a few days.

THE "BACK TO NATURE" FOOD

Under the leadership of Dr. Harvey Wiley, the famous pure food advocate, the people have learned that the real food value of grains lies in the darker portions—the parts which are eliminated by the modern millers. It is these which build muscle, bone, brain, blood. The white parts are not food—they only produce heat and stimulation. A steady diet of white bread, made of bleached "snow-white" flour, and of refined cereals, causes indigestion and is a prolific source of constipation. Dr. Jackson's "Roman Meal" is the only "back to nature" food. It contains all the dark, nourishing parts of wheat, rye and flaxseed, which is as odorless and tasteless as white flour. "Roman Meal" is the coarsest and darkest food known, and can be made into porridge, the most delicious pancakes, puddings and all baked products. It aids digestion and positively prevents constipation. Ask your doctor. At all grocers 10c. and 25c.

MIKADO'S SISTER MARRIED AT TOKIO

Wedding a Brilliant Affair — First Court Event Since Close of Mourning Period.

Tokio, May 18.—A brilliant court wedding took place here today, when Princess Yasu, the youngest sister of the Emperor, was united in marriage to Prince Naruhiko Higashi-Kuni, attached to the Second Army Division of the Empire.

This was the first great court event since the close of the mourning period for the late Empress Haruko. It was notable also as inaugurating a season of court and national gaiety, which will find its climax in the great accession ceremonies at Kyoto in November.

All the Imperial princes and princesses were present, and the American Charge D'Affaires, George P. Wheeler and Mrs. Wheeler, were among the guests. Subsequently the couple were escorted before the Emperor and Empress for felicitations. The Emperor later gave a wedding feast.

The couple will live at Sendai, where the Prince has his commission.

RUSSIA

Petrograd, May 16, via London May 18 (2.23 a. m.)—The following official communication was issued today:

"While the region east of the Rivers Windau and Dubyza is now free of the enemy, the Germans, who attempted several days ago to assume the offensive at Shavli were repulsed Friday with heavy loss.

"On the west Niemen Saturday the Russians gained a series of successes.

"On Friday and Saturday fighting began on the San, in the region of Lezakhow and Jarislau.

"On the River Pruth, Friday, the Russians continued their successes, reaching several points on the railroad between Delatyn and Kolomea."
