BUTCHERS AND M'ANDREW.

Mr. Stroud Appears to Think the Alderman is a Little Off.

Lawyer Gauld Is Afraid He Will Not Have the Pleasure of a Fight in the Courts Over the Market Fees Bylaw—Was Dr. Montague After a Provincial Job?—General News From Hamilton.

Hamilton, March 31.—(Special.)—It was market day in the city to-day and butchers were to be seen everywhere. All alike shared the opinion that the hateful anti-butcher bylaw had received a death blow. Mr. George Stroud of the well-known firm of cattle dealers, while expressing respect for Ald. McAndrew's abilities, remarked: "He'd die if he couldn't raise some trouble. Ald. McAndrew wants to make Hamilton a vegetable garden, instead of an important business centre."

Lawyer J. E. Gould, legal adviser for the butchers, is as sanguine as his clients. "I am afraid," he laughingly said to-day, "that I shall not have the pleasure of fighting the bylaw in the courts. The aldermen see its gross injustice and will kill it in committee."

Was Dr. Montague After the Job?

The issue of the late political struggle in Ontario brought about the downfall of many a castle in the air. It leaked out to-day from a reliable source that the presence of Hon. Dr. Montague in Hamilton just before the elections was due to the fact that he had aspirations for the superintendency of the Hamilton Asylum, now held by Dr. Russell. Unfortunately, Mr. Whitney did not get the necessary majority, but there is no telling what the protests may do.

The Trouble Not Yet Over.

The vote in the council last Monday cutting down the salaries of the assessors from a recommended $800 to $600, and refusing to increase Commissioner Hall's salary of $1000, has not ended the matter. Ald. Carscallen said to-day that he will re-introduce the question at the next meeting of the Finance Committee. He believes $800 is the proper remuneration for the assessors and points to the fact that the Ottawa staff get $900, and its commissioner twice the salary received by Mr. Hall.

Ald. Hill says that he will, at the next council meeting, bring up as a question of privilege, Assessment Commissioner Hall's statement that he believed the aldermen knifed him on the question of salary because last year when an alderman he threw in his lot with Ald. Carscallen on a momentous occasion.

Liquor License Applications.

No new applications for liquor licenses have been received by the commissioners this year, but the 75 of last year are all in, 71 for taverns or hotels, and 5 for saloons. Last year there were 65 tavern licenses granted and 10 saloons.

Death of a Civil Servant.

Patrick Joseph O'Donnell, for a number of years clerk in the city postoffice, died at his residence this morning, aged 66. Deceased came to Canada from Ireland in 1861 and engaged in business at Port Hope. He then taught school until 1877, when he received the postoffice appointment. His widow and five children survive.

Fire Fighters Had a "Scrap."

John A. Martin, one of the city's stalwart firemen, is in the doctor's care as the outcome of a scrap at Victoria-avenue Fire Hall. The doctors don't know how the case will end. Martin had some words with Fireman J. Cole, and the latter ended it by striking his comrade over the head with a bridle, the bits of which inflicted a bad wound over the ear. How much provocation Cole received is not known. The Fire and Water Committee has decided to hold a rigid investigation.

General News Notes.

Nightwatchman Jamieson grants the city to give him $800 for the injury he received by his fall on a dilapidated sidewalk on Robert-street. Lawyer S. F. Washington served the notice to-day.

The East End Workingmen's Club last night passed a resolution endorsing Ald. McAndrew's municipal electric lighting proposition.

Have The World delivered to your house by our own route boys to any part of the city for 25 cents per month. Leave your order at the office, 70 King-street east, or telephone 964.

Stationer John McArthur of this city is a much-afflicted man. Friday last a brother died in New York and last night in Toronto another brother Henry. The funeral takes place to-morrow afternoon at 3 o'clock.

Farewell Concert

St. George's Hall attracted quite a large and fashionable audience last night on the occasion of the farewell concert given for Herr Bernard Walther and his charming wife. Many of our most prominent local stars assisted, but not the least part of the success of the evening was due to the two artists who are leaving Toronto for Calgary, where Herr Walther's great artistic talents and those of his wife will undoubtedly win recognition. Among those taking part were: Miss Beverley Robinson, who sang "Come Dance the Romaika" (Lehmann), and in response to an encore responded very charmingly with "What Do Summer Fairies Do?" Signor Delasco and Monsieur F. X. Mercier contributed the duo from "Martha," which they sang in splendid style; Signor Delasco later on sang "Dio d' Amor" (Gounod), which was enthusiastically encored. Monsieur F. X. Mercier's numbers, "Les Trois Fleurs," "The Falling Tear" and the "Toreador" especially, won him quite a triumph. Miss Lillian Burns gave a very clever and intelligent reading of Browning's powerful poem, "Youth and Art," while the Rhapsodie No. 8 (Liszt) for the piano was rendered in Miss Ada Hart's usual brilliant and finished style.

The Suite, including two movements: (1) Allegro resoluto, and (2) Scherzo-Vivau, by Shuett, was played for the first time in Canada; it is a beautiful composition, arranged for the piano and violin, and was played most artistically by Herr Walther and Miss Hart. In a second number Herr Walther interpreted the beauty and pathos of Sarsati's "Romanza" with great skill and expression, and one of the finest numbers on the program was Godard's "Berceuse," with violin obligato and piano accompaniment, the vocal part being taken by Madame Walther, with much sweetness and expression.

Mrs. Garratt, who was to have sung, was, to the regret of the audience, seized with faintness, and unable to sing.

The Wabash Railroad

with its new and magnificent train service, is the admiration of Canadian travelers. Its reclining chair cars are literally palaces on wheels, splendidly upholstered and decorated with the costliest woods. The chairs, which are free to passengers, can, by the touch of a spring, be placed in any position desired, from a comfortable parlor chair through the various degrees of lounging to a perfect couch. Many prefer these cars to sleeping cars for night journeys, and for day trips they are the most comfortable and convenient cars that can be devised. Two of these reclining chair cars are attached to all through trains between Buffalo, Chicago, St. Louis and Kansas City. Full particulars from any railroad agent or J. A. Richardson, Canadian passenger agent, northeast corner King and Yonge-sts., Toronto, Ont. ed

Alleged Divorce Case From Toronto.

A despatch from Peterboro last evening said that a man named Elward of North Toronto was on his way to Ottawa to secure a divorce. He was accompanied by John Tytler, barrister, and Detective Harrison of Toronto. A Queen City barber is named as co-respondent. The police said Detective Harrison had gone to Ottawa, but they could not tell his mission.

Drink Sprudel

With your whiskey. 51

Still Discussing Gas Grievances.

A meeting of the More Light Association, which is composed of citizens using gas fixtures other than the Welsbach patents, was held last evening in Shaftesbury Hall. The grievances of the members were discussed.

HOUSE OF COMMONS.

Continued from Page 1.

understood that his reference to Dr. Dawson's report as being inconclusive as to the value of a gold mine was intended to refer to the topographical report; for no one more highly than he would value Dr. Dawson's opinion as a geologist upon any mine.

Mr. Quinn wanted to know if the Government would not take some steps to have the port of Belfast, in Ireland, opened to the importation of Canadian cattle, and was informed by Mr. Fisher that Lord Strathcona had been communicated with to that end.

The Color Line.

Mr. Foster enquired if it were true that all the colored porters on the Intercolonial had been dismissed. If so, whether it was the policy of the general manager to draw the color line in that service.

Mr. Blair replied that certainly he had authorized no such proceeding, and he had written the general manager about it.

"Perhaps the general manager is color blind," suggested Mr. La Riviere.

The Insolvency Bill.

Mr. Maclean asked if the Government would say whether it was intended to proceed with the Insolvency bill, to which Sir Richard Cartwright replied that the bill was not a Government measure.

Mr. Richardson moved that the House go into committee on his bill—"Respecting attachment of salaries out of moneys in the hands of the Government of the Dominion of Canada."

The remainder of the afternoon was devoted to discussion of a bill by Mr. Richardson (Liberal, Manitoba), to enable creditors to garnishe salaries of civil servants. The title of the act is, "Respecting the attachment of salaries out of moneys in the hands of the Government of the Dominion of Canada."

The first clause is so amended that according to the Solicitor-General, who was asked the question by Mr. Maclean, the salaries of the Ministers would come under the operation of the act.

At the suggestion of Sir Louis Davies, the debate was adjourned.

Mr. Britton's Bill.

The House next took up Mr. Britton's bill to amend the Criminal Code so as to deprive the Minister of Justice of the power to order a new trial in the case of a person committed for murder. Mr. Britton contended that the proceedings in the Sternaman case justified the doing away with this clause of the statute. The bill also provides for the repeal of the section of the Criminal Code requiring corroborative evidence in cases of seduction of girls between 14 and 16 years, and in cases of illicit connection with idiots.

Mr. Cameron made a pointed attack upon the bill, particularly upon the latter provision of it. Forty years' experience as a criminal lawyer, both as Crown prosecutor and counsel for defence, convinced him that fully 50 per cent. of the cases of the kind referred to were brought through resentment or for purposes of blackmail; while in nine cases out of ten the female succeeded with the jury. After some further observations in the same direction Mr. Cameron moved the six months' hoist.

Sir Louis Davies agreed that the one single case of an appeal for a new trial—the Sternaman case—did not warrant the movement for the repeal of the clause.

The Motion Carried.

The motion for the six months' hoist having been carried, the House proceeded to consider Mr. Charlton's motion for the second reading of his bill to amend the Criminal Code, providing for more efficient punishment of seduction and abduction.

Mr. Charlton explained that it was proposed to raise the age of consent from 16 to 18 years in the case of the female and reduce the age of the male from 21 to 18 for responsibility for seduction, also to make it a crime to abduct a female under 21 years of age.

Sir Louis Davies expressed the hope that Mr. Charlton would not press his bill; to which Mr. Charlton assented with a loud "Hear, hear."

Mr. Britton moved the adjournment of the debate, which carried.

Freights on Railways.

Mr. Reid's bill to regulate freight rates on railways was withdrawn at the request of the Minister of Railways, who promised to consider the matter during recess.

With that the House adjourned at 10.10 p.m.

TO-DAY.

Princess—"Ambition," 2 and 8 p.m.

Toronto Opera House—High-class vaudeville—Fred Hallen and Molly Fuller's First Prize Ideals, 2 and 8 p.m.

The Bijou—Continuous Vaudeville, 2 and 8 p.m.

Art Work at Moulton College.

The studio building of Moulton Ladies' College attracted quite a large number of visitors yesterday afternoon. The work shown was that done by the young ladies of the college during the term, and consisted of paintings from the head, flowers and objects in pastel, oil and water color, of charcoal drawings from life, objects and antique casts, sketches from the figure, in pen and ink and pencil, and wash drawing, all of which were admirable, showing that there is much ability and excellent teaching at the college. Among those receiving were Mrs. Dignan, Mrs. Thompson and Miss Margaret Dickson, and between 4 and 6 these ladies dispensed tea and cakes to the visitors.

S. Ackerman, commercial traveler, Belleville, writes: "Some years ago I used Dr. Thomas' Eclectric Oil for inflammatory Rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, and every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with rheumatism since. I, however, keep a bottle of Dr. Thomas' Oil on hand, and I always recommend it to others as it did so much for me." ed

Railroaders' Concert.

The following ladies and gentlemen contributed to the program in connection with the concert held by the Railroad Y.M.C.A., Spadina-avenue and Front-street, last evening: Mr. Colwell, Mr. A. Leslie, Mr. D. Dinmock, Miss Galbraith, Prof. Tissonett, Mr. Samuel Martin, Mr. R. G. Morgan, R. Aikin, J. Bruce and E. Marson. The proceeds of the entertainment go to the Railway Y.M.C.A. gymnasium.

One of the greatest blessings to parents is Mother Graves' Worm Exterminator. It effectually dispels worms and gives health in a marvelous manner to the little one. ed

Dumping in Canadian Waters.

One Buffalo paper had a spasm on Tuesday over the friendly note sent by Dr. Bryce to Dr. Wende of the Health Department of that city, calling his attention to the fact that Buffalo dredges were again dumping in Canadian waters. The firm whose boats were caught at the work two years ago has communicated with Dr. Bryce, assuring him that they were not offenders again.

The Grip Printing and Publishing Company has just issued a new and pretty waltz entitled "Souvenirs of Rideau Hall." The author is Elmina Davis. The melody is original and pretty. It is written for the piano, but could easily be arranged for a band or orchestra.

Liver Ills

Like billousness, dyspepsia, headache, constipation, sour stomach, indigestion are promptly cured by Hood's Pills. They do their work

WITH A CAPITAL OF $850,000

Company Formed in London to Operate in Western Ontario.

It Means a lot to the Lake of the Woods, Shoal Lake and Saw Bill Regions—Toronto and Western Development Company Turns Over a Number of Properties to the New Concern—Toronto Men Interested.

The gold fields of Northwestern Ontario have been gradually developing for the past four years. At present these bullion producers in the Lake of the Woods, the Sultana, the Mikado and the Regina, send into Rat Portage over $50,000 per month, and properties which were in the prospect stage a year ago are gradually being turned into productive mines. It is conservatively estimated that when the returns from the Foley, the Olive, the Kandolph, the Ontario, Limited, the Cornucopia and others begin coming in regularly, that the monthly receipts of bullion at Rat Portage will run over $100,000.

The present season will see unusual activity in the Lake of the Woods and other regions. The most important deal yet negotiated and one that will send an impulse throughout the mining districts of the West was consummated yesterday afternoon, when the shareholders of the Toronto and Western Mines Development Company endorsed a contract entered into with the British Capital Corporation of London, Eng. This deal is twice the size of that engineered by the Engledue Company, as it is officially called, the Ontario Gold Concessions Company, and its final consummation will mean much to the northwestern country generally, as the whole region cannot fail to be advertised and benefitted by the active operations about to be inaugurated.

Took Over Conmee Claims.

The Toronto and Western Mines Development Company, organized a year and a half ago, took over what is known as the Conmee properties, a large number of locations acquired by Mr. James Conmee, M.L.A., before the change in the mining laws. A number of prominent Torontonians, among them being Fred Wyld, John Flett, A. A. Allan, A. W. Benjamin, Hon. Senator Cox, William McKenzie, S. F. McKinnon, Thos. Walmsley, Andrew Darling, James Carruthers, Ralph Burgess, Reuben Millichamp, Robert Davies, W. A. Charlton, M.L.A., and others, and several prominent men in Ontario took up the stock, and Mr. Frederick Wyld was elected president. Operations have been continued since and about 50 gold-bearing properties have been uncovered. The contract with the British Capital Corporation provides for the organization of a new company in London, with a capital of $850,000, $250,000 of which is to be available for carrying the properties to another stage, viz., that of mines to be floated and equipped with sufficient capital by subsidiary companies. The stock will be placed on the London market by the British Corporation at 100 per cent. premium. The Toronto and Western turn over to the new company a large part of its holdings, but withhold several properties, which are now looking promising, notably one lying north of the Mikado on Shoal Lake, which is now in an advanced stage of development.

Immediate Development.

The new company will send a corps of engineers into the field and will push operations with vigor during the season. From 15 to 20 properties will probably be opened up, and from these will be selected the most promising to float as mines in the London market.

Ample capital is provided for what is the stage between preliminary work and the individual mining company, and work will go forward with vigor.

The Toronto and Western will still work on its own account, and it is understood will push work on D 410, lying alongside the Mikado. The shaft is down now 60 feet and the vein at that level is eight feet wide. A stamp mill will in all likelihood be put upon this property by the Toronto and Western.

A Substantial Concern.

Much credit is due to the President, Mr. Wyld, who has given much time and exerted important influence in the consummation of a transaction that will be of benefit to the entire mining districts of the west. Under his direction this mining company has been managed on the prudent lines that characterize well managed mercantile concerns. The result is that much has been accomplished with its modest capital of $153,000, and its treasury is still possessed of ample funds.

The properties to be developed by the new company are chiefly located in the Shoal Lake, Lake of the Woods proper, and Saw Bill districts. Several of them lie near the Sultana.

THE SMUGGLER

Buys a 20 Stamp Mill.

At a meeting of the Board of Directors of the Smuggler Gold Mining and Milling Company, held yesterday afternoon, a contract was made with the Canadian Machine Company of Sherbrooke, Que., for installation of a 20-stamp gold mill complete, and an aerial tramway from the mine to the mill. An order for the timbers necessary for the stamp batteries has already been wired to Fairview, and no time will be lost in the construction of the plant. The mill will be in operation in 90 days from this date. A letter received by one of the directors this morning states that the Smuggler is the hope of Camp Fairview, and present negotiations indicate that that hope will not be long deferred.

IN POLITICAL CIRCLES.

Further information has shown the rumor that A. Grant, Registrar of the Court of Appeal, was to be relieved, to have been without foundation. The shuffle to make place for Mr. Richardson of East York will be otherwise accomplished.

Among the politicians, who were in the city yesterday, were Col Leys, MLA, London; F Pardee, MLA, of West Lambton; John Caven, ex-Patron member for Prince Edward Island; J R Stratton, MLA, of Peterboro; R J Wade, MP, of Brighton; W M German, MLA, for Welland.

Mr. J. P. Whitney left town for his home yesterday morning.

No San Jose Scale on These.

Our Spring consignment of Messrs. McGredy & Sons' Irish Rose Trees (two years old), insluding the finest varieties of Hybrid Perpetual Teas, Moss and Climbing Roses, will arrive in Toronto next week, and as our orders are fast filling up, it would be well for our friends to make their selection now, and we will deliver them in first-class order immediately on their arrival.

We have successfully grown Marechal Niel Roses outside, through three winters, and find them this spring in grand order.

Drop a postcard to my address and I will send catalogue and prices.

Alfred J. Doherty,
57 Colborne-st., Toronto,
Agent for McGredy & Sons, Portadown, Ireland. ed

Cucumbers and melons are "forbidden fruit" to many persons so constituted that the least indulgence is followed by attacks of cholera, dysentery, griping, etc. These persons are not aware that they can indulge to their heart's content if they have on hand a bottle of Dr. J. D. Kellog's Dysentery Cordial, a medicine that will give immediate relief, and is a sure cure for all summer complaints. ed

Eastertide Hints from Draper Shopper.

All the new duds are not for her ladyship for Eastertide. Man has his innings for the new things for spring, and many an order is going down from the splendid range of fine new suitings in fine imported woolens shown by Henry A. Taylor, draper, the Rossin Block. Consult him on styles this week.

H. & C. Blachford,

114 YONGE-STREET.

Object to the Change of Name.

The Dominion Building & Loan Association have made application to the Government for leave to change their name to the Dominion Permanent Loan & Savings Company. Yesterday J. Herbert Mason, Mr. Beverley Jones and Hon. S. H. Blake, representing the Canada Permanent, and Mr. Roaf, representing the Dominion Loan & Saving Company of London, waited upon the Cabinet to oppose the application. Mr. Stratton and Mr. McDonald appeared for the Dominion Building Society. It is claimed that the new name would cause confusion, and that the new company would be trading upon the names and reputations of the older concerns. The Government promised the matter its best consideration.

To those of sedentary occupation—Men who follow sedentary occupations, which make not expeditious, and they are sure to develop Kidney Troubles, Dyspepsia, Biliousness, Constipation—Dodd's Kidney Pills a restorative without question the most efficacious on the market. They are easily procurable, easily taken, act expeditiously, and they are surprisingly cheap considering their excellence.

Dominion Permanent Exhibition.

The leading dairy and agricultural societies, also the Department of Agriculture, have been notified of the intention of the London Exhibitions, Limited, to hold a Dominion Permanent Exhibition in Earl's Court, London, in 1899. The societies are asked to co-operate.
