Lucknow, Ont., Aug. 16.—Last night at half-past 8 fire started in the hotel stables of P. McDevitt. The progress of the fire was so rapid that the fire company could not save the buildings, but kept the flames from spreading to the hotel. Mr. McDevitt got all his horses out. He loses $300 on contents. The building is insured for about $500.

S. Ackerman, commercial traveler, Belleville, writes: "Some years ago I used Dr. Thomas' Eclectric Oil for Inflammatory Rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, and every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with rheumatism since. I, however, keep a bottle of Dr. Thomas' Oil on hand, and I always recommend it to others, as it did so much for me. ed

EACH BOARD STANDS FAST.

Deadlock Respecting Reopening of the Northern and Western Branch Libraries.

CONFERENCE AT THE CITY HALL.

Mayor Asks for Financial Statement—Library Board Wants Original Estimate.

Mr. Hugh Kelly, acting chairman of the Public Library Board, and Secretary Ryerson had an interview yesterday with the Mayor and Controller Woods respecting the branch libraries.

Mr. Kelly said the Library Board would meet on Friday night to consider the resolution passed by the City Council on Monday. Personally, he did not think the board would be satisfied with such an indefinite resolution. The assurance that enough money would be granted by the Board of Control to keep open the northern and western branches was not, he considered, sufficient to justify the Library Board in reopening these branches.

Object to Any Reduction.

The board, he said, wanted the definite sum of $4100. If the Library Board agreed to take merely an amount sufficient to cover the expenses of running these branch libraries, there would be a deficit for general maintenance, and the Central Library would suffer. Hence, he argued that the original estimate should be restored.

Should Have Reopened.

In the discussion, both the Mayor and Controller Woods asserted that the branch libraries should be at once reopened on the promise of the Board of Control that all the expense would be met. A statement should be submitted showing the financial position and needs of the library.

Mr. Kelly asked His Worship why he did not call a meeting of the Board of Control and have the grant passed in regular form.

The Mayor replied that such meeting would not be called till the Public Library Board took action in the line indicated.

Nothing, therefore, will be done in reference to reopening till after the meeting of the Library Board to-morrow evening.

Into Their New Quarters.

The City Clerk's Department moved into the new civic buildings yesterday, and the Assessment Department will follow suit to-day. In a day or two the City Solicitor's Department will be likewise transferred and next week will probably see the old City Hall deserted.

Commissioner Coatsworth, the first official to move into the new building, has written Architect Lennox respecting the delay in properly equipping the office.

Prompt in Payment.

Taxpayers were very much in evidence at the new quarters of the City Treasurer yesterday, and it looked as though the sum received would not fall far short of that on Monday, when $41,502 was paid in. There are but three more days within which taxes must be paid in order to secure the discount.

Inquiry Office Proposed.

Ald. Dunn, chairman of the Property Committee, is advocating the establishment of a civic enquiry office. The details will be decided at the next Council meeting, but the proposal was favorably regarded by those to whom it was mentioned around the City Hall yesterday. The idea is an enquiry counter opposite the main entrance, where information would be given to visitors and enquiries answered as to the location of the various departments.

Indications of Progress.

Building permits were yesterday granted by Commissioner Coatsworth to Seaman, Kent & Co. to erect a three-storey factory at West King-street and Atlantic-avenue, and to Hugh Glenn, for two semi-detached dwelling houses on East Gerrard-street.

Notes.

Disappointment was expressed around the hall at the announcement that the Grand Trunk Railway Company will not erect their new building at Exhibition Park until next year. It will cost $15,000.

City Engineer Rust returned yesterday from his holidays.

The Mayor and Controller Woods yesterday inspected what is known as the Hodgson entrance into High Park, north of the Sunnyside property.

The first person to sign for water in the new City Hall was Mr. M. J. McSweeny, who signed yesterday on behalf of Mr. A. H. Campbell.

TEMPLARS GO TO LAW.

A Suit to Be Tried Next Month Arising Out of Suspension of Pioneer Council.

Officers of Pioneer Council No. 1, Royal Templars of Temperance, through McLean & McCallum, have entered suit in the Division Court against John White and John Dunlop, for $82.05, and an account of moneys received by the defendants on behalf of Council No. 1, as trustees of the funds. The action arises out of the suspension of Pioneer Council some mon ths ago by the Grand Council of the order, which resulted in the formation of the Veteran Council. It also resulted in a suit by the Pioneer Council against the Grand Council for the restoration of its rights, etc. But the plaintiffs claim that they have since been reinstated by the Grand Council.

This Division Court suit is over the funds of the Pioneer Council, the plaintiffs alleging that the defendants, who went over on the side of the Veterans, refuse to pay them over. The plaintiffs are: L. McCorkindale, W. F. Wolfe, May Thompson, Mrs. Rebecca Broom, Robert Wolfe, Mrs. E. S. Campbell, T. H. Wallis, Maggie Thompson and James Broom. The action will be tried early next month.

The Leland Hotel, Sault Ste. Marie.

The Leland House, Sault Ste. Marie, Ont., is situated on the main street, and commands a fine view of the Sault rapids and the ship canal. The house is especially well conducted, being clean and neat in every respect. Particular attention is paid to the comforts of the guests, and no pains are ever spared to make their stay at the Leland an enjoyable one. During this summer guests at the Leland have been very numerous, including many American visitors, who are all loud in their praise of the manner in which the house is conducted. Both Mr. Leland and his manager are always on the lookout to insure the comfort of their guests. Parties visiting the Sault should write to the Leland House for terms.

A meeting of ratepayers will be held in Euclid-avenue Hall on Friday evening, to protest against the pavement on Arthur-street.

Night-watchman John McCollum discovered a small fire in the flooring in Kelly Bros. butcher stall in St. Lawrence Market shortly after 4 o'clock Tuesday morning. The firemen extinguished the blaze before much damage had been done.

THE PROSPECTS ARE BRIGHT

For a Victory for the Conservatives in the Coming Elections in Manitoba.

PROPOSAL MADE FOR A SAW-OFF

By Which Hon. D. H McMillan Can Hold His Seat and Hugh John Get a Walk-Over.

Montreal, Aug. 16.—(Special.)—Important news has reached here from Winnipeg and it certainly indicates that the tide is running strongly in Hugh John's favor. It is stated that the appearances are so favorable to the return of the three Macdonald candidates in the City of Winnipeg, that some of Premier Greenway's leading henchmen have approached Mr. Macdonald's friends with a proposition to the effect that if Hon. D. H. McMillan is permitted to go in unopposed in Centre Winnipeg the leader of the Opposition will not be opposed in the South Division, and that Attorney-General Cameron will seek another constituency. It is said that Col. McMillan will go to Government House when Lieutenant-Governor Patterson's term of office expires, and that Sir Wilfrid Laurier has stated that he would not like to appoint a defeated candidate to such a high office. It is hardly necessary to say that the Conservatives will entertain no such cowardly proposition, and that they expect to carry the whole three divisions by sweeping majorities. The same advices say that Jim Gordon will certainly defeat Premier Greenway in Mountain. In a word the letter says Greenway is on the run.

THROUGH GERMAN SPECTACLES.

Samoan Islands Should Be Transferred to the Fatherland and the Trouble Would Cease.

Berlin, Aug. 16.—The National Zeitung, commenting upon the report of the Samoan commission, doubts that a satisfactory settlement of the Samoan question will be arrived at by the three powers while the tripartite condominium lasts. It considers that the best solution would lie in a transfer of the group to Germany. If this be impossible, then Germany should elect the Governor, thereby securing two votes, while the English and American interests should be changed, one vote from them being necessary to form a majority.

TROUBLE IN ALASKA.

Because American Troops Were Not Allowed to Cross Into British Territory in Uniform.

Seattle, Wash., Aug. 16.—There is trouble in Southeastern Alaska over an order recently issued by Governor Brady prohibiting members of the Alaskan militia from crossing White Pass summit in uniform. The matter came to a head when the Young Men's Christian Association of Skaguay gave an excursion to Bennett City, in British territory. In spite of the fact that British soldiers had appeared in uniform in Skaguay frequently, certain militiamen who tried to accompany the excursion across the summit were taken from the train by the officers. Several of the Congressmen who have recently been in Alaska are pronsed to take up the question of British troopers appearing in American cities in uniform.

Louis Frechette in Town.

The well-known Canadian journalist and litterateur, Louis Frechette, C.M.G., was in the city for a short time yesterday, in connection with the publication of his forthcoming book of short stories, entitled "Christmas in French Canada," which is to be shortly issued by the publishing house of George N. Morang & Co. In this volume the poet lauureate will depict to the life the customs, the faith and the Christmas jollity of the Quebeckers, ranging from lumbermen to the dwellers in cities, and from the delight of children in Christmas observances to the calmer joy of age. Several of the stories are said to recall the sympathetic touch of Dickens in dealing with Yuletide, while one of them in which he shows his whimsical humor and in manuscript depicts a snowstorm in a way calculated to make even an August thermometer sink. The book is to be lavishly illustrated by Mr. F. S. Coburn, who, it will be remembered, illustrated "The Habitant," of Dr. Drummond. It will be produced by Morang & Co. in French also, and the work will no doubt have a large sale not only in Canada but in the United States and Great Britain. Mr. Frechette returned by the afternoon boat.

A Short Sermon.

An eminent divine's thanks to Dr. Arnold's English Pills, the Great Medicine for Weak People.

One Box Brought Back Refreshing Sleep and Strong Appetite.

Thousand Island Park,
July 22nd, 1890.

S. Bassett & Co., Toronto:

Dear Sirs,—At the beginning of this month my constitution was so much run down that I had to get leave of absence from my congregation for four months. I left New York on the 10th inst., and while in Toronto I saw Dr. Arnold's English Pills advertised in The News and bought a box of them. When I commenced taking them my condition was such that I could not sleep, and my appetite was very poor, but before I had finished the box I could sleep well and enjoy a good meal, and now I feel like a new man. In the first place I feel indebted to The Toronto News for putting me on the right track. In the second place I think Dr. Arnold's English Pills are the best medicine I ever took.

Enclosed please find $2, for which you will please send me three boxes of your pills to the address below.

Yours most respectfully,
J. C. Glass.

THE INSURRECTION GAINING

In Negros and Cebu the Inhabitants Are Showing Bitterness Against Americans.

AN OUTBREAK FEARED IN CEBU.

Results of the Autonomist Government Are Disappointing — Insurgent Bands Are Operating.

Manila, Aug. 12, via Hong Kong, Aug. 16.—Arrivals and mail advices from Negros and Cebu agree that the insurrection is gaining strength remarkably in both those islands, which had hitherto been counted as the most friendly in the archipelago, and which received with the greatest cordiality Prof. Schurman, president of the U. S. Advisory Commission for the Philippines at the time of his memorable tour.

Outbreaks are feared, particularly in Cebu, where some of the leading men have gone over to the insurrection. Many of the wealthy inhabitants are preparing to leave the island.

Senores Llorente and Melliza, Supreme Court justices from Negros and Cebu, have gone thither from Manila to use their influence against the insurrection.

Results Are Disappointing.

The results of the autonomist Government in Negros are disappointing. Insurgent bands are operating there, as they did in Cuba, destroying much plantation property, claims for which are being presented to General Otis.

The bombardment of Paote, on the east side of Laguna de Bay, by the Napidan, whose commander was under the impression that the town had been re-occupied by the insurgents, aroused strong resentment among the natives of the whole lake region. It is asserted there that the officers and crew of the gunboat landed and looted the best buildings after the bombardment.

The crew of the Napidan has been transferred to other duty.

Officers of the United States gunboat Wheeling, which has returned here from a cruise along the northern coast of Luzon, report that the insurgent forces occupy every village.

ANOTHER SKIRMISH.

Two Americans Killed and Twelve Wounded—The Insurgents Were Driven Back.

Manila, Aug. 16.—The insurgents have been concentrating for two days about Angeles.

It is officially announced that Col. Smith, with 10 companies of the 12th Regiment and two guns of Battery E of the First Artillery, under Lieut. Kemley, this morning attacked 2500 strongly entrenched insurgents at the south approach to Angeles, and drove them back after a sharp fight, the American troops losing two men killed and 12 wounded. The insurgent loss was estimated at 200 men.

MOSETIG OWNS UP.

He Sold the Austrian Military Plans, But the Buyer Skipped Without Paying.

Vienna, Aug. 16.—August Mosetig (not Kosetig, as previously cabled), the Government railroad official who was arrested here, charged with stealing emergency mobilization plans and delivering them to a man named Zilboworski, who, it was alleged, communicated them to agents of France and Russia, has fully confessed. Mosetig says he sold the plans to Zilboworski for 200 florins, who fled without paying for them.

THE LATE REV. DR. KING'S WILL

Entered for Probate Yesterday — Owner of Havergal Hall.

In the Surrogate Court yesterday the will of the late John Mark King of Winnipeg, and owner of Havergal Hall, 350 Jarvis-street, was entered for probate. The estate, which is valued at $11,500, consists of Havergal Hall, $8300, and bank stocks and shares worth $3200. The entire estate is left to the daughter, Helen King, subject to a bequest of $300 to the Winnipeg General Hospital, $200 to the Winnipeg Children's Home, $200 yearly to Isabella Watt, sister of deceased, and four bequests of $30 and one of $50.

Letters of administration were granted in the estates of Robert Harrington Caddy, who died in Toronto in October, 1893, and in the estate of William Harrington Caddy, who died in Buffalo, November, 1895. Both estates amount to $800.

The Toronto and General Trusts Company is acting in behalf of Sarah Flynn and Agnes Caddy.

Nipissing District.

A committee has been formed at Mattawa for the purpose of insuring that the products of the Nipissing district are fully represented at the Paris Exposition, and that they receive as prominent a place as possible. The first meeting was held on Tuesday, when Mr. G. Smith was appointed secretary. The prominent lumbermen and miners and others have contributed largely to the funds, and arrangements are being made for a very interesting exhibit, consisting principally of mining products, lumber of various kinds and game of all kinds. Each member of the committee has his separate part of the exhibit to prepare, and in this way no duplicates will be made, but the whole exhibit secured.

Two Cases Disposed of.

Judge Morgan yesterday sent William Reid of Bradford to the Central Prison for three months on a charge of burglarizing a relative's house in Newmarket.

William Sinclair and John Connell of East Gwillimbury pleaded guilty to a charge of housebreaking. They were drunk at the time, and were allowed to go on suspended sentence after the judge had given them a sharp lecture.

For and Against.

The License Commissioners will meet this afternoon for the purpose of considering the request of Martin Wade for a transfer of his license from the corner of Portland and Adelaide-streets to 1068 West Queen-street. Petitions for and against the transfer have been sent in, each paper containing about 15 names.

A Small Fire on the Wharf.

The planking on Milloy's wharf, opposite the baggage room occupied by the Niagara Navigation Company, caught fire yesterday morning. The firemen were called out, and the blaze was extinguished without much damage being done.

To Consider the Resolution.

A special meeting of the Board of Management of the Library Board will be held on Friday next, the 18th inst., at 8 o'clock p.m., to consider what action should be taken in regard to the resolution adopted by the City Council on the 14th inst.
