By the new principles of Life Assurance and Deferred Annuities, established by this Society, many essential advantages besides that of securing a provision for a family or for old age, are gained by the Assured, and thereby an additional value is given to each Policy.

Arrangements are in progress for establishing a Branch of this Society, at this place, with a local Board of Directors, who will have power to sign Policies and transact all other business connected with the Institution. Until those arrangements are completed, applications for Life Assurances, Annuities, &c., will be received and forwarded to the Board in London, for approval.
