Public Meeting Held Last Night

Interesting Addresses Delivered in Board of Trade Rooms by W. F. Burditt of St. John and H. L. Seymour of Ottawa.

A joint meeting of the St. John Branch of the Engineering Institute of Canada, the Housing Committees of the Commercial Club, and the Board of Trade was held last evening at the Board of Trade Rooms. C. C. Kirby presided, and two clever and interesting papers were given, one by W. F. Burditt, chairman of the St. John Town Planning and City Expansion, and the other by H. L. Seymour, A. M. E. I. C., Engineer Assistant to the Dominion Housing and Town Planning Advisor of Ottawa.

Mr. Seymour pointed out that in town planning a most important matter was legislation and traced briefly the history of the various acts showing wherein that of Great Britain differed from the latest acts passed in Canada. Several of the acts passed made it possible not only to plan new areas but to correct old mistakes.

He showed how the zoning of a city helped in the work of town planning, stating that in St. Louis two or three million dollars might have been saved in the expenses of the sewerage system if the zone plan had been followed. This is a method of placing certain kinds of buildings within certain areas only.

Speaking of bridges, Mr. Seymour showed how the work of the engineer and the architect is so related and how each may help the other to make bridges an addition to the city and not merely something ugly but necessary.

In a most interesting way, the speaker told of procuring reports of the prevailing winds from D. L. Hutchinson, of the St. John Observatory, and finding out that in summer the prevailing winds are south or southwest, in winter northwest. This showed that, given other favorable conditions, all factories should be built in the east. He also showed that St. John in 1918 had 1,816 hours of sunlight, 700 in winter and 1,100 in summer, or 40 p. c. of the possible amount.

Comparing these figures, it was found that Fredericton had only 29 more hours of sunlight than St. John in winter and in summer 53, making a total of 82 hours more. In July of that year Fredericton had less sunshine than St. John. These statistics were used to prove that buildings should be of a certain height so as to get all the sunshine possible, and these heights were given. Charts illustrated various statements, and it was regretted that Mr. Seymour did not give a longer address

W. F. Burditt showed maps and charts, and in detail explained some of the plans for improving St. John, making roadways and sidewalks and opening up new districts. He pointed out the value of some land now thought of no use, as part of a Park system, and by means of views of other cities illustrated what could be made of waste spaces. How one sluggish stream had been turned into a lake, the banks made into a pleasure ground, was a splendid example of what can be accomplished.

Mr. Burditt laid great stress on the beauties of the water fronts about St. John and told how they might be kept beautiful while not sacrificing their commercial value. Lovely views of London, the Thames Embankment, of Budapest, Rouen and many other European cities were shown. Mr. Burditt spoke of the grouping of public buildings and of the better disposition of many buildings, and of overhead crossings which will be necessary in time.

At the close of both papers, interesting discussions were held. Mayor Hayes thanked both speakers, and Mr. Burditt voiced the gratitude of the Town Planning Commission to Thomas A. Adams and Mr. Seymour for the valuable assistance given them by these gentlemen.

WARD OFF INFLUENZA BY KEEPING IN BEST PHYSICAL CONDITION

Persons Who Catch Cold Easily and Who Are Weak and Run-Down Are Earliest Victims.

DANGER IS TOO GREAT TO TAKE ANY CHANCES

Build Up Your Bodily Powers of Resistance by Taking Tanlac and Fortify Against Attack.

Much of the difficulty experienced by health authorities in checking the spread of Influenza lies in the fact that it spreads with almost lightning rapidity. Although state and city authorities have succeeded in keeping it under control in some sections, the disease has gotten entirely beyond control in others.

It is universally agreed by all well-informed persons that the surest preventive is to get the system into the best possible physical condition, in order to be able to throw off the infection. It has been stated that it is possible to perfect the powers of human resistance so that it can throw off almost any infection, not excepting Spanish Influenza, which is generally supposed to be one of the most contagious diseases known.

Medical authorities agree that people who are weak and run-down are the earliest victims of the Influenza epidemic. If you find yourself weak and losing flesh, or if you are in a generally run-down condition you are really in danger if you should come in contact with the Influenza germ.

As a powerful re-constructive tonic and system builder Tanlac is without an equal. This is a statement of fact, and is fully supported by recognized authorities. According to all accepted reference works, including the U. S. Dispensatory, Encyclopedia Britanica, and the leading text-books used in the schools of medicine, the principal ingredients of Tanlac possess the most powerful, re-constructive properties known to science. This statement is further proven by the fact that millions of persons who have actually taken Tanlac have testified to its extraordinary powers as a medicine.

Tanlac restores health and strength to the weak and run-down system by enabling every organ of the body to perform its proper function in the way nature intended. It creates a good, healthy appetite for wholesome, nourishing food, and is an ideal strengthening tonic for persons who are suffering from the after-effects of hard winter colds, grippe, or bronchial troubles.

Irrefutable evidence of the reconstructive powers of Tanlac is shown by the fact that it was used by tens of thousands during last year's epidemic with splendid results. One well-known Texas physician stated that he had never found anything to equal Tanlac for building up his patients who had had influenza, and that he had treated over fourteen hundred cases in one month.

In connection with the Tanlac Treatment, keep the bowels open by taking Tanlac Laxative Tablets, samples of which are enclosed with every bottle of Tanlac.

Tanlac is sold in St. John by Ross Drug Company, F. W. Munro, John E. Porter, Wilson's Beach, Newton M. DeBow, Anagance, Jones Bros. Apohaqui, Z. Saunders & Son, Havelock, under the personal direction of a special Tanlac representative.—Advt.

GRAND FALLS WANTS VALLEY RAILROAD THERE

Government Informs Delegation There Will be Nothing Doing on R. R. Extension.

Fredericton, N. B., Feb. 10.—The extension of the St. John Valley Railway from its present northern terminus at Centreville through to Grand Falls as originally planned was demanded by a delegation headed by Thomas W. Caldwell, M. P., president of the United Farmers of New Brrunswick, who appeared before the Provincial Government this afternoon.

The delegation was told during the hearing that the Dominion subsidy for that portion of the route between Grand Falls and Andover had lapsed or been cancelled in 1912. It was also stated that of the monies in the hands of the Prudential Trust Company of Montreal from the sale of the Valley Railway bonds, which in part had unfortunately been badly invested in the West, $20,000 a mile for nearly twelve miles was all that was now available for railway construction purposes. The engineers, the delegation was told, had estimated that to build 23 miles of road from Centreville to Andover would cost $50,000 a mile, not including any possible Dominion subsidy, if available, of $6,400 a mile.

Plymouth, Feb. 10—Ard Str Noordam, New York for Rotterdam.

T. CARLETON ALLEN GRANTED LEAVE OF ABSENCE

Deputy Attorney General and Registrar of Supreme Court Forced to Relinquish Work for Six Months.

Fredericton, Feb. 10.—Dr. T. Carleton Allan, Deputy Attorney-General and Registrar of the Supreme Court, was granted six months leave of absence by the Provincial Government this morning. He has been in poor health for some time and recently visited specialists in Montreal. Since then he has been ordered to take a long period of complete rest. E. A. McKay, the deputy registrar, has been carrying on the work of the office during Dr. Allan's illness.

All the members of the government are here attending the meeting with the exception of Hon. Dr. Roberts, Minister of Public Health. Reports that he was ill with flu at home at St. John were denied by Premier Foster, who said Hon. Dr. Roberts was suffering from a severe cold. The government will probably be in session here until Thursday.

This afternoon the Board of Trade was in session.

N. B. BARRISTERS' SOCIETY HOLDS ITS ANNUAL

Special to The Standard.

Fredericton, Feb. 10.—The council of the New Brunswick Barristers' Society met last evening and admitted H. M. Groom, of St. Stephen; R. A. Murray, of Shediac; R. C. Clarke, of Moncton; T. Stanger Crocket and Charles T. Harrison, of this city; J. K. Trecarten, B. A., of St. Stephen; George Keirstead, B. A., of Moncton, Howe Cowan and Ervin E. Williams, of St. John, as student at law to date from December 9th, 1919.

Donald Vaughan White, of Halifax, a member of the Nova Scotia Bar, was admitted an attorney and barrister at law of the Supreme Court of New Brunswick, under the reciprocal agreement between the Provinces of New Brunswick and Nova Scotia.

W. H. Teed, of St. John, and W. E. McMonagle, of Grand Falls, were admitted barristers at law.

Of these candidates six are returned soldiers who served overseas, one of them, Ervin E. Williams, of St. John, having had his right leg amputated as a result of a serious wound.

The annual meeting of the Barristers' Society will be held here tonight

Get Rid of Your Fat

Thousands of others have gotten rid of theirs WITHOUT DIETING OR EXERCISING often at the rate of over a pound a day and WITHOUT PAYMENT until reduction has taken place.

I am a licensed practising physician and personally select the treatment for each individual case, thus enabling me to choose remedies that will produce not only a loss of weight harmlessly, but which will also relieve you of all the troublesome symptoms of overstoutness such as shortness of breath, palpitation, indigestion, rheumatism, gout, asthma, kidney trouble and various other afflictions which often accompany overstoutness.

My treatment will relieve that depressed, tired, sleepy feeling, giving you renewed energy and vigor, a result of the loss of your superfluous fat.

You are not required to change in the slightest from your regular mode of living. There is no dieting or exercising. It is simple, easy and pleasant to take.

If you are overstout do not postpone but sit down right now and send for my FREE TRIAL TREATMENT and my plan whereby I am to be PAID ONLY AFTER REDUCTION HAS TAKEN PLACE if you so desire.

ST. JOHN CASES HEARD BEFORE APPEAL COURT

Special to The Standard

Fredericton, N. B., Feb. 10—Appeal Division Supreme Court continued this afternoon.

The King va the City of St. John, ex parte George Carvill, order nisi to quash and order nisi for mandamus argued together.

F. R. Taylor, K. C., read affidavits of George Carvill, Frank E. Williams and Fred R. Taylor. J. B. M. Baxter, K. C., showed cause against rules. F. R. Taylor supported rules Court considers.

The King vs. R. J. Ritchie, police magistrate of the City of St. John, ex parte E. J. Broderick. P. J. Hughes showed cause against a rule nisi to quash conviction. W. M. Ryan supported rule. Court considers.

Simple Way To Take Off Fat

There can be nothing simpler than taking a convenient little tablet four times each day until your weight is reduced to normal. That's all—just purchase a case of Marmola Prescription Tablets from your druggist (or if you prefer, send $1 to Marmola Co., 864 Woodward Ave., Detroit, Mich.) and follow directions. No dieting, no exercise. Eat what you want—be as lazy as you like and keep on getting slimmer. And the best part of Marmola Prescription Tablets is their harmlessness. That is your absolute safeguard.

PRESIDENT WILSON PRONOUNCED SOUND IN BODY AND MIND

Is Now Giving Splendid Attention to Affairs of State, According to Well Known Specialist.

Baltimore, Md., Feb. 10.—The Baltimore Sun today published a copyrighted despatch from Washington in which was given an interview with Dr. Hugh H. Young, of Johns Hopkins Hospital at Baltimore on the condition of President Wilson. Dr. Young has been one of the physicians in attendance upon the President.

Dr. Young in part said:

"From the very beginning the medical men associated with the case have never had anything to conceal. When I first saw the President in October, a crisis had arisen of such gravity owing to the development of prostatic obstruction, that an emergency operation to relieve this situation was contemplated, but by a fortuitous and wholly unexpected change in the President's condition, the obstruction began to disappear.

"The improvement in this respect which had been steady, is now complete. The President was organically sound when I saw him first, and I found him not only organically sound when I visited him last week but further all the organs were functioning in a perfectly normal, healthy manner.

"You can say that the President is able minded and able bodily and that he is giving splendid attention to affairs of state and that we have every assurance that he will become progressively more active in these matters with the advent of spring and sunshine, which cannot now be long delayed."

TORONTO REPORTS MANY DEATHS FROM INFLUENZA

Toronto, Feb. 10.—Ninety deaths, the largest number since this year's outbreak of the influenza epidemic, were reported yesterday in this city. Of the above number no fewer than fifty-seven were caused directly by influenza. The most susceptible age to mortality continues between twenty and forty.

Rhode Islanders Approve Bond Issue For Service Men

Providence, R. I., Feb. 10—Rhode Island voters at a special election today by an eight to one majority approved the issuance of $2,500,000 bonds to provide funds for the payment of a bonus of $100 to each of the 25,000 men and women who were in the country's military or naval service during the war.

Paris, Feb. 10—The council of ambassadors this afternoon considered the demand of the Germans and Austrians that they be allowed to preserve airplanes for aerial police service. The demand was rejected as contrary to the peace treaties.

LARGE DOCKET FOR SUPREME COURT APPEAL

Fredericton, Feb. 10.—The Supreme Court appeal, February sittings, opened here this morning, Sir Douglas Hazen, C. J., and Justices White and Grimmer presiding. There was a large docket and prior to taking this up there were a number of common motions.

In Comfer vs. Sydney Lumber Co., A. R. Slipp, K. C., moves for leave to enter case on appeal from Gloucester county court, and that same stand till the April session and for leave to file factums. Motion granted.

In Sullivan vs. Trustees School District No. 11, Parish of Kent, Carleton county, R. P. Hartley moved for leave to enter this appeal from King's Bench Division as in previous cases. Motion granted.

In Raymond vs. Thomas, L. A. Conlon moved for enlargement of time to enter appeal and file factum; reads affadavit of D. Mullin, K. C. Motion granted.

Ex part Farris and Moses, L. A. Conlon moved for an order nisi to compel the St. John County Court Judge to grant a further stay of proceedings, and certify the proceedings on appeal. Rule granted, returnable next term.

In Gagnon vs. Lagis, Mr. Slipp, K. C., moves for leave to enter case on appeal from Gloucester County Court with leave to file factum. Motion granted.

The King vs. Edgar Bareham. In this case the defendant Bareham broke jail and having escaped to the United States, extradition proceedings are in progress to bring him back to New Brunswick.

Under the circumstances Hon. Attorney General Byrne moved that the case stand over. Case stands until next term, but defendant being in contempt court did not engage to then hear argument on his behalf.

In Fournier vs. St. Laurent, E. Allison McKay moves to enter case, being a Restigouche county appeal and for time to file factum. Motion granted.

In the case, the only chancery appeal on the docket of Lourie vs. Barnett et al, Mr. Belyea, K. C., moved that the case be stood over till next term, with the consent of Mr. J. H. F. Teed, for appellant. Motion granted.

In the King vs. Ritchie, P. M., of St. John, ex parte Geo. Carvell. In this case which involves the right of defendant to erect a garage in St. John, now before the court, argument being upon the question of an order nisi to quash an order nisi for a mandamus to compel the City of St. John to grant applicant a permit. Mr. F. R. Taylor, K. C., for the applicant, and ex-Attorney-General J. B. M. Baxter for the City.

Ernest Dorion, the new Supreme Court reporter, who succeeds Lieut. Col. W. H. Harrison, who recently resigned the position, took up his duties today.

The following comprise the docket:

Crown Paper.

The King vs. The City of St. John, ex parte George Carvill—J. B. M. Baxter, K. C., to show cause against an order nisi to quash a by-law.

Ex-part George Carvill—J. B. M. Baxter, K. C., to show cause against an order nisi for mandamus.

The King vs. R. J. Ritchie, police magistrate, St. John, ex parte E. J. Broderick—P. J. Hughes, to show cause against a rule nisi to quash conviction.

Referred by Mr. Justice Crocket.

The King vs. E. Gesner, Justice of the Peace, Kent county, ex parte Judge Mallett—J. D. P. Lewin to show cause against order nisi to quash conviction; J. O. Sherron to support order.

In re Catherene E. A. Dean, an infant—B. L. Gerow, for W. E. Dean, to support appeal from decision of Chief Justice McKeown in habeas corpus proceedings.

County Court.

International Stock Food Co., Ltd., vs. Elmer et al—J. A. Barry to support appeal from St. John County Court.

Lesser vs. Jones—B. L. Gerow, the like.

Probate Court.

In re Estate Martha C. McDonald, deceased—G. H. V. Belyea, K. C., to support appeal from Probate Court, Queens county.

Divorce Court.

FitzRandolph vs. FitzRandolph—J. B. M. Baxter, K. C., for defendant to move to set aside judgment of Divorce Court ordering new trial, and for an order directing a dismissing of libel.

King's Bench Division.

Keays vs. Doyle—E. A. Reilly, K. C., for plaintiff, to move to set aside for defendant and for a new trial.

LeBlanc vs. Moncton Tramways, etc., cold, E. A. Reilly, K. C., for defendant to move to set aside verdict for plaintiff, and for a new trial.

Eagles vs. Canadian Bank of Commerce,—E. P. Raymond for defendant to support appeal to set aside verdict for plaintiff and to enter verdict for defendant, or for a new trial.

Bank of British North America vs. St. John and Quebec Railway Co. et al.—W. P. Jones, K. C., for defendant St. John and Quebec Railway Co., to move to set aside or vary the order and judgment of Justice Chandler and to enter verdict for appellant.

Casey vs. Kennedy—M. G. Teed, K. C., for defendant, to move for a new trial.

Lupee vs. Hogan—D. Mullin, K. C., for plaintiff the like.

Fitzpatrick vs. McSorley—J. J. F. Winslow for plaintiff to move to set aside verdict for defendant and to enter verdict for plaintiff or for a new trial.

Chancery Division.

Lourie vs. Barnett et al—J. F. H. Teed for defendant John Barnett to support appeal to set aside or vary judgment of Mr. Justice Grimmer, or for a new trial.

The King vs. Edgar Bareham—The Attorney-General for the crown and D. Mullin, K. C., for defendant, to argue reserved case.

KEEP URIC ACID OUT OF JOINTS

Tells Rheumatism Sufferers to Eat Less Meat and Take Salts.

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat, but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which helps overcome uric acid and is beneficial to your kidneys as well.

Notice of funeral later.

DRINK COFFEE

If It Causes Indigestion, a Couple fo Stuart's Dyspepsia Tablets Will Promptly Give Relief.

Indigestion caused by coffee is the same as indigestion caused by anything else. If eating food or drinking coffee makes you dyspeptic, all you need is Stuart's Dyspepsia Tablets, because they act with an alkaline effect which is just what the stomach does in health.

"I Surely Do Enjoy My Coffee! I'm Not Afraid to Drink It, Either, for I Have a Box of Stuart's Dyspepsia Tablets."

Stuart's Dyspepsia Tablets mix with the food you eat. The stomach by its peristaltic action churns and moves the food around the stomach walls and the powerful ingredients in these tablets instantly begin digesting the food as they are forced through it and around it.

The use of one of these tablets after meals will in a very short time correct the faults of digestion and you will enjoy your coffee and food without the old time distress of indigestion.

Every drug store carries Stuart's Dyspepsia Tablets. Price 50 cents.

PRESIDENT HANNA DENIES RUMORS OF RESIGNATION

During His Fifteen Months as Head of National Railways There Has Been No Interference from Cabinet.

Toronto, Ont., Feb. 10—Denial of a rumor that he contemplated resigning as president of the C. N. R. was authorized here today by Mr. D. B. Hanna, who has just returned from a holiday trip south. There was no foundation for the report he declared. During the fifteen months in which he has filled his present position there had been no indication of any intention on the part of a cabinet minister or member of parliament to interfere with the management of the railway.

INFLUENZA ON INCREASE IN BOSTON

Boston, Mass., Feb. 10—The State Department of Health announced tonight that a total of 1898 new influenza cases had been reported today. Of this number, 401 were in Boston. Local health officials said that the 22 deaths from influenza and thirty from pneumonia reported for the twenty-four hours ending this morning were a record for the season.

Washing Won't Rid Head of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher

In Use For Over 30 Years
