"THE PARASITE" BANNED

Definite Action by Censor Prohibiting Sale and Circulation in Canada.

Ottawa, March 29.—Definite action has been taken prohibiting the sale and circulation in Canada of the book, "The Parasite," by Arthur Mee and Ben Spence, under a censorship notice which will appear in Saturday's Canada Gazette It will be recalled that exception was taken to this book because it contained extracts from "The Fiddlers" and "Defeat," two books previously denied the right of circulation in Canada.

The possession within Canada of any issue or copy of "The Parasite" has been prohibited. Any person guilty of an offence against the order will be liable to a penalty not exceeding $5000 or imprisonment for any term not exceeding five years, or to both such fine and imprisonment.

Wilson Congratulates Foch On Elevation to Command

Washington, March 29.—The first official reference to General Foch as being in supreme command of the allied forces on the western front is contained in a cablegram President Wilson sent the general today congratulating him on his "new authority." The president's message said: "May I not convey to you my sincere congratulations on your new authority? Such unity of command is a most hopeful augury of ultimate success. We are following with profound interest the bold and brilliant action of your forces."

WOODSTOCK WEDDING.

Woodstock, March 29.—The marriage took place here today of Marjorie Josephine, daughter of Mr. and Mrs. Malcolm S. Schell, ex-M.P., and C. R. Ankenman of Chesley.

ALL ITALIAN PAPERS LOOK FOR VICTORY

Express Full Confidence in Allies and Expect Powerful Counter-Thrust.

Washington, March 29. — Supreme confidence in the ability of the French and British armies to hold the Germans in check is freely expressed in Italy, both in political circles and by the newspapers, the Italian embassy was advised today by cable from Rome.

"The entire Italian press," said the message, "continues warm brotherly comment for the brave English and French troops. Opinion prevails that in view of large intact reserves of the allies, the present retirement will be followed at the right moment by a powerful counter-attack.

Will Wonders Ever Cease?

Finds Cure for Rheumatism After Suffering 50 Years!

Now 83 Years Old---Regains Strength and Laughs at "URIC ACID"

Goes Fishing, Back to Business, Feels Fine!

How Others May Do It

"I am eighty-three years old and I doctored for rheumatism ever since I came out of the army over fifty years ago. Like many others, I spent money freely for so-called 'cures,' and I have read about 'Uric Acid' until I could almost taste it. I could not sleep nights or walk without pain; my hands were so sore and stiff I could not hold a pen. But now I am again in active business and can walk with ease or write all day with comfort. Friends are surprised at the change."

HOW IT HAPPENED.

Mr. Ashelman is only one of thousands who suffered for years, owing to the general belief in the old, false theory that "Uric Acid" causes rheumatism. This erroneous belief induced him and legions of unfortunate men and women to take wrong treatments. You might just as well attempt to put out a fire with oil as to try and get rid of your rheumatism, neuritis and like complaints, by taking treatment supposed to drive "Uric Acid" out of your blood and body. Many physicians and scientists now know that "Uric Acid" never did, never can and never will cause rheumatism; that it is a natural and necessary constituent of the blood; that it is found in every new born babe, and that without it we could not live!

HOW OTHERS MAY BENEFIT FROM A GENEROUS GIFT.

These statements may seem strange to some folks, because nearly all sufferers have all along been led to believe in the old "Uric Acid" humbug. It took Mr. Ashelman fifty years to find out this truth. He learned how to get rid of the true cause of his rheumatism, other disorders and recover his strength from "The Inner Mysteries," a remarkable book that is now being distributed free by an authority who devoted over twenty years to the scientific study of this particular trouble. If any reader of The World wishes a copy of this book that reveals startling facts overlooked by doctors and scientists for centuries past, simply send a postcard or letter to R. P. Clearwater, 137, A, Water Street, Hallowell, Maine, and it will be sent, by return mail without any charge whatever. Send now! You may never get this opportunity again. If not a sufferer yourself, hand this good news to some friend who may be afflicted.

ANOTHER ITALIAN FOUND MURDERED

Dominic Zangarrie Shot to Death in His Bachelor Quarters.

MOTIVE STILL UNKNOWN

Police Have Clue, and Expect Soon to Clear Up Matter.

Lying face downwards on the floor, with three bullet wounds in the chest, the body of Dominic Zangarrie, an Italian, aged 38, living at 44 Henderson avenue, was found yesterday afternoon on the kitchen floor of the above address by a Chinaman who called at the house to deliver some laundry.

Police headquarters were immediately notified and Sergeant of Detectives Mackay, Detectives Twigg and Mulholland went to the house and started an investigation. The man had been dead for some time.

According to the story told by the Chinaman, getting no reply to his repeated knocks he walked thru to the kitchen, finding the body. He immediately ran out and informed the neighbors, who, in turn, notified the police.

Robbery Not Motive.

The man's clothes had not been disarranged in any way, the pockets had not been turned out or anything removed from them. The wounds are thought to have been inflicted by a .32 calibre automatic revolver, as two shells of that bore were found on the floor of the kitchen. One of the bullets entered the man's kidneys, one his right breast, and the third shot entered under the left arm pit, passed thru the body, broke the kitchen window and sped across the street, knocking a chip from the brickwork of the house on the opposite side of the street. Apparently the man had no chance whatever to defend himself.

Neighbors living in the district stated that he was a man who never "mixed"; in fact he was something of a "mystery" man. He purchased all his groceries at the corner store and always paid cash. He did all his own cooking and lived alone. A few weeks ago he refurnished the house on the instalment plan for some woman to come and live with him. The woman is said to be the wife of a man now in the Burwash Reformatory. She lived with Zangarrie for a few days, but left him following a quarrel.

Woman Knows Nothing.

Sergeant Mackay brought the woman into the detective office last night, but she was given her freedom after she had proved that she knew nothing whatever of the affair.

The police are of the opinion that the shooting was the sequel to a quarrel with another man, but the cause for the murder has not been definitely established. Several valuable papers and a large quantity of jewelry in the house were untouched. The motive was certainly not robbery. The police have a clue and are positive that the case can be brought to an early close. The body was removed to the Western Hospital for examination and later removed to the morgue.

To Sell Farmers Fertilizer At Wholesale Quotations

Washington, March 29.—Fertilizer manufacturers representing three fourths of the American industry have agreed to sell fertilizer in carload lots to individual farmers or farmers' associations at the same price made to dealers and jobbers.

GERMAN MILLS SEIZED.

Washington, March 29.—Six great German-owned New Jersey woolen mills, with a total valuation of more than $70,000,000, have been taken over by the alien property custodian, who has named governing boards of directors to assume control of them.
