THE MARKETS.

THE LOCAL MARKET.

London, Friday, Jan. 23.

The usual offerings for this day of the week were on the market, such as hay and oats.

There were 18 loads of hay; demand slow, owing to the large offerings during the past few days; sales were made at $7 to $9 25 per ton, according to quality.

Straw—Dull of sale, at $8 by the load and $5 50 per ton.

About 10 loads of oats were offered, which brought 90c to 92c per cwt; the demand in this line is fair.

The price for live hogs on Monday will be only $5 75 per cwt, instead of $5 85, as previously stated.

HAY MARKETS.

TORONTO.

Toronto, Jan. 21.—Baled Hay—The market is quiet, with no changes in prices; choice timothy, $10 to $10 25 on track, and mixed at $8 to $8 50.

LIVE STOCK MARKETS.

MONTREAL.

Montreal, Jan. 22.—There were about 500 head of butchers' cattle, 12 calves and 80 sheep and lambs offered for sale at the east end abattoir today, and some 350 cattle were sold yesterday. Trade was very dull today, and there was a sharp decline in the prices of common stock, and over 200 of these will not be sold today. Prime beeves sold at from 5c to 5¼c per lb; medium beasts at from 3½c to 4½c, and the common stock at from 2½c to 3¼c per lb; calves sold at from $3 to $8 each, or from 4c to 5c per lb; sheep sold at from 3c to 3½c and lambs at from 4c to 4½c per lb; good lots of fat hogs sold at about 6½c per lb, weighed off the cars.

TORONTO.

[Associated Press Report.]

Toronto, Jan. 22.—Trade was again slow at the cattle market today, prices, however, going no lower than Tuesday's quotations. Some cattle, however, were left over unsold. There is at present no demand for export, chiefly owing to lack of boat space. A few lots of exporters were offering, but the highest price paid today for export was $5 for good cattle weighing over 1,350 lbs. Prices were fairly well maintained for good butcher cattle, but the commoner sorts were a drug on the market. A few inquiries were made for feeders and light stockers, but the demand is not keen and some good feeders offering failed to secure tempting bids.

The sheep and lamb trade is dull, and prices are a little off; good export ewes are worth $3 50 to $3 75; lambs, $4 to $4 40.

Hogs are weak, though the quotations today were the same as Tuesday's, at $6 for the best, $5 75 for lights and fats, and $4 50 to $4 75 for sows.

The run was 84 loads, with 1,066 head of cattle, 1,321 sheep and lambs, 1,822 hogs and 25 calves.

William Levack bought 200 head of mixed butchers and export cattle; export, $4 50 to $5; mixed butchers, $3 85 to $4 25; good butchers' loads, $4 25 to $4 40; picked butchers, 1,050 to 1,150 lbs, $4 50 to $4 85. R. J. Collins bought 20 heifers, 931 lbs, at $4; 6 butchers' cows, 1,100 lbs, at $3 30; 2 cows, 1,110 lbs, at $3 10. Crawford & Co. bought about a couple of loads of mixed butchers and exporters at $3 90 to $4 15. William McClellan bought 3 loads of butchers' cattle, 980 to 1,175 lbs, at $3 70 to $4 25. Wesley Dunn bought 220 sheep at $3 65, 350 lambs at $4 40 and 12 calves at $8 each.

NEW YORK.

New York, Jan. 22.—Beeves—Receipts, 182; mainly consigned direct; no sales reported; cables steady. Exports today, 364 cattle. Calves—Receipts, 653; slow and weak; veals sold at $5 to $7 50; barnyards at $3 to $3 50; a car of westerns at $2 75.

Sheep—Receipts, 7,358; sheep about steady; lambs about ½c lower; sheep, $3 to $4 75; lambs, $5 50 to $6 25; one deck at $6 35; a deck of Canadas at $5 50.

Hogs—Receipts, 7,097; about steady; state hogs sold at $6 75 to $6 90.

CHICAGO.

Chicago, Jan. 22.—Cattle—Receipts, 10,000; good to prime steers, $4 80 to $6; poor to medium, $3 25 to $4 60; stockers and feeders, $2 25 to $4 40; cows, $1 40 to $4 60; heifers, $2 to $5; canners, $1 40 to $2 50; bulls, $2 10 to $4 25; calves, $3 50 to $7 50; Texas-fed steers, $3 50 to $4 50.

Hogs—Receipts, 34,000; slow; mixed and butchers, $6 20 to $6 60; good to choice heavy, $6 65 to $6 85; rough heavy, $6 35 to $6 65; light, $5 90 to $6 25; bulk of sales at $6 30 to $6 60.

Sheep—Receipts, 10,000; steady to strong; good to choice wethers, $4 40 to $4 75; fair to choice mixed, $3 25 to $4 40; native lambs, $4 to $5 25.

EAST BUFFALO.

East Buffalo, Jan. 22.—Cattle—Receipts, 175; fairly active and stronger. Veals—Receipts, 140; easier; tops, $8 50 to $9; common to good, $5 50 to $8 25.

Hogs—Receipts, 5,100; 5c higher; heavy, $6 80 to $6 85; a few at $6 90; mixed, $6 65 to $6 75; Yorkers, $6 50 to $6 55, mostly $6 50; pigs, $6 45; roughs, $5 75 to $6 05; stags, $4 75 to $5 25.

Sheep—Receipts, 10,400; sheep 15c to 25c higher; lambs 5c to 10c lower; top lambs, $5 90 to $5 95; culls to good, $4 25 to $5 85; yearlings, $5 to $5 25; ewes, $4 50 to $4 75; sheep, top mixed, $4 15 to $4 40; culls to good, $2 to $4.

J. J. McDonald, Cured by Dodd's Kidney Pills, Has Had No Return of His Rheumatism and Dropsy.

Windsor, Ont., Jan. 19—(Special).—The case of John J. McDonald, a well-known farmer now living at 130 Langlois avenue here, is one more striking proof that Dodd's Kidney Pills will not only cure Rheumatism and Dropsy, but that they will drive the diseases clean out of the system and keep them out.

For two years Mr. McDonald suffered terribly with Rheumatism and Dropsy. His legs were swollen and the pains he suffered were most acute. He used Dodd's Kidney Pills and was cured.

That was five years ago. Speaking recently, he says: "I have had no return of the trouble up to the present, and am not anxious for any. It is with pleasure I acknowledge that Dodd's Kidney Pills cured me."

Cure the Kidneys with Dodd's Kidney Pills and your Rheumatism will cure itself.

Canadian Flour for South Africa.

Vancouver, B. C., Jan. 23.—Before the expiration of 30 days the British ship Pythomene will be loading a full cargo of 3,000 tons of flour, wheat, oats and general merchandise in this port for South Africa. Orders for no less than 2,000 tons of Manitoba No. 1 hard wheat and hard wheat flour have been closed by the Brackman-Ker Milling Company, of Vancouver. It is a significant fact that although heretofore all consignments of Canadian wheat and flour for South Africa have been shipped through the port of New York, the order for shipment from Vancouver has come from a New York firm. This is the second big shipment of grain to go from here to South Africa, and demonstrates that the advantages of Vancouver is being realized by the outside world.

STILL ANOTHER DISASTER HAPPENED AT STRATFORD

William Lines, of Lucan, a G. T. R. Brakeman, Killed—No One Saw Accident.

Stratford, Ont., Jan. 23.—William Lines, a G. T. R. brakeman, met with an accident near Gad's Hill last night, which resulted in his death.

No one saw the accident, but the train broke loose, and on backing up Lines was found tangled up in the brake gear, badly injured about the head and body.

It is supposed that he was in the act of stepping from one car to another when the train broke and he fell between.

He was brought to the hospital here, but died in a couple of hours. Lines lived near Lucan, was about 22 years of age, and unmarried.

VENEZUELAN SITUATION HAS TAKEN A GRAVE TURN

Report of Bombardment of San Carlos Has Been Received at Berlin.

Maracaibo, Jan. 22.—The bombardment of Fort San Carlos by the German cruisers Vineta, Panther and Falke was continued yesterday afternoon until 6 o'clock, and was resumed this morning until daybreak.

TRIED TO LAND TROOPS.

The first two vessels at a range of four and a half miles poured in a continuous rain of shell upon the fort and only stopped firing with the advent of dusk at 6 o'clock. At this hour the German vessels retired seaward after making a second ineffectual attempt to land troops in the Village of San Carlos, at the base of the fort.

Berlin, Jan. 23.—A report of the bombardment of Fort San Carlos, Venezuela, was received at the navy department at noon today, but it is being communicated to the imperial chancellor before being published. The foreign office has not received any representations from United States Secretary Hay, relative to the bombardment.

Washington, Jan. 22.—A cablegram from Mr. Russell, American charge at Caracas, confirms the report to the effect that three German warships began to bombard Fort San Carlos yesterday. The dispatch does not indicate the result of the bombardment, and, in fact, contains no other detail.

There is a singular reticence on the part of the state department officials suddenly developed in connection with the Venezuelan situation, and especially with reference to the German bombardments, which may be significant of the gravity with which they view the situation. There is no longer any talk of exerting friendly influences to prevent these bombardments, but it is difficult for the department to answer congressional callers who are asked for a reasonable explanation.

An annoying feature of the situation is the probability that there may be a serious interference with Minister Bowen's mission, in which the United States, though not officially concerned, is deeply interested.

There were rumors that the state department had taken steps to point out to the foreign offices at London, Berlin and Rome its views on this subject, but these could not be confirmed. It was stated that at present the attitude of the United States must be one of patient waiting.

Maracaibo, Jan. 22.—A fisherman from the village of San Carlos has arrived in Maracaibo with his family. Two of this man's children were killed by German shells. He reports that more than 25 Indian fishermen have been killed or wounded at San Carlos.

Twelve dead and fifteen badly wounded Venezuelan soldiers were counted in the fort by the correspondent of the Associated Press.

It is estimated by the commandant, General Bello, that the German ships fired more than 1,600 shells at Fort San Carlos. Although the damage inflicted upon the fort by the sustained fire of the German cruisers is very great, it is not all that could be expected from such a continuous fire from modern high-power guns.

The village of San Carlos suffered greatly. The aim of the German gunners appears to have been inaccurate, for more than 60 per cent. of their shells exploded in the village before reaching the fort. The canon mounted at San Carlos have not sufficient range to reach the Falke and the Vineta, so the fire from these vessels was not returned, as they kept out of reach of the Venezuelan artillery.

Some of the artillery on the fort has been destroyed by the German fire, but there are still five guns that can be used.

INCOMPREHENSIBLE.

Caracas, Jan. 22.—The German bombardment of Fort San Carlos is incomprehensible here. The shelling was begun without any warning whatever. All the foreign residents of Caracas are greatly dissatisfied with this action of the German warships, especially as the Venezuelan Government maintains a fair and generous attitude in the matter of claims.

Berlin, Jan. 22.—Gen. Bouguslawsky, retired, the well-known writer on military matters, discussing the press telegrams, says:

"The commander of the Panther in the first incident was merely making the blockade effective on his station by seeking to prevent the carriage of coffee through Colombia. The second bombardment was probably intended to chastise the insolence of the Venezuelans and their exultation over the first affair."

Trooper Baker Returns To Be Presented With a Gold Watch.

The town hall of Westminster Township was the scene of an interesting ceremony yesterday. This was the presentation of a gold watch and chain to Mr. Charles Baker, jun., by the Westminster township council. Mr. Baker, who is a son of Mr. Chas. Baker, the florist, served as a trooper in the second South African contingent, and it was because of his services in the war that the presentation was made. Mr. Baker saw much active service, at one time being in the column in close pursuit of Delarey.

HURON HOTEL SOLD

With Two Stores Adjoining, It Goes for $5,500.

Mr. James McCartney has purchased the old Huron Hotel property, on the corner of Richmond and Maple streets, with the two adjoining stores on Richmond street. This property has been the subject of considerable speculation as to what would be done with it. The deal having been closed by Mr. McCartney at a $5,500 consideration, it is understood that that gentleman plans to establish a large horse repository. It is believed that he made quite a fortune out of the contracting for horses for South Africa, and his intention it now appears is to continue in the horse business. The place is or can be well adapted for the purpose of a repository, and it is very probable that Mr. McCartney will commence operations at once towards making the necessary changes.

POLICE HERE COST LESS

Hamilton's Best Men Get $2.10 Per Day; London's Get $1.90.

The City of Hamilton has increased the pay of its 51 policemen by 20 cents a day. This applies to every member of the force, including Chief Smith, and the total increased cost to the city will be $3,723. This means that the best men on the force will now get $2 10 per day, hitherto they having been paid $1 90 per day, which is the same as paid the best men in London, the wages for the men here running from $1 45 to $1 90 per day. Here the force of 41 men last year managed to keep the law in authority at a cost, including necessary expenditures for the department, of $33,000, while it cost the City of Hamilton last year $50,000. Nevertheless the increase in the Ambitious City was urged by 300 petitioners, backed by a delegation to the board of police commissioners.

Liberal Elected by Acclamation to Represent Antigonish, N. S.

Halifax, N. S., Jan. 23. — F. R. Trotter, Liberal, was yesterday elected by acclamation to represent Antigonish, in the Local Legislature.

Toronto, Jan. 22. — Argument of the appeal in the South Oxford election case was concluded this afternoon, and judgment was reserved.

Beaverton, Ont., Jan. 22. — At a Liberal convention held here this afternoon, George E. Grant, barrister, son of Rev. Dr. Grant, of Orillia, was selected as the Liberal nominee to contest North Ontario in the coming bye-election for the Dominion House. The meeting was large and representative and much enthusiasm was displayed.

DEAFNESS

Its Cause, Treatment and Cure.

Many sufferers blame their poor hearing to the use of improper remedies for Catarrh such as sprays, douches, and atomizers. Perhaps the most common cause of ear troubles and deafness is a catarrhal condition of the Eustachian tube. Not infrequently the ear drum is broken or partially eaten away.

A few days' treatment with Catarrhozone always gives satisfactory relief. It is a certain cure for catarrh in any part of the system and there is no case of catarrhal deafness it will not cure in a few weeks.

Catarrhozone is very simple and pleasant to use. It promptly opens up the Eustachian tube, allays inflammation and improves the hearing day by day until a permanent cure is accomplished.

A well-known contractor living in St. Thomas, Ont., Mr. Thomas Riddle, was cured by Catarrhozone of deafness, and writes: "My hearing was always poor, and not long ago I became almost totally deaf. It was the result of catarrhal inflammation and nothing did me any good till I used Catarrhozone. It cured me, so I strongly recommend it to everyone suffering from deafness or poor hearing."

If you are troubled with impaired hearing, deafness, buzzing in the ears or head noises, don't fail to test Catarrhozone. If your case can possibly be cured, Catarrhozone will do the work. Two months' treatment costs only $1, and is sold everywhere by druggists or sent by mail from N. C. Polson & Co., Kingston, Ont., or Hartford, Conn., U. S. A.

They Take Weeks.

Ordinary remedies sometimes take weeks to even relieve cases that Catarrhozone cures at once.

Inhale Catarrhozone five minutes now and again and it cures a cold.

Associated Press Dispatch to the Globe, Toronto, January 12:

Raleigh's Great Oil Gushers.

A Second Big Flow Struck Near the First One.

FIVE PAYING WELLS.

Fields Expected To Have Permanent Value—Oil Is of Splendid Quality and a Good Illuminant—The Work Now Under Way.

Chatham, Jan. 10.—A little over two months ago Chatham was startled by the news that in Raleigh Township, eight miles south of the city, an oil gusher had been struck that gave the phenomenal flow of 1,000 barrels a day.

After the first month much had been done toward the establishment of what is expected one day to be a permanent oil field, and the discovery of more oil during the past week has started another stir. Four new paying wells have been struck since the Gurd Gusher. These, however, represent but a small amount of the work that is in progress. Early in November there was no sign of the present industry; today the farms in the neighborhood are dotted with derricks and little neighboring sheds that cover boilers and engines.

ANOTHER BIG GUSHER.

The Gurd Gusher was the first strike, and ITS LARGE YIELD KEEPS IT TODAY THE BIGGEST OF THE FIELD. Yesterday afternoon, however, a good strike was made, which would be considered a wonderful find if it had not to compare with the Gusher. Coryell and Gage struck oil last week on Lot 22, Concession 13, the well was "shot" in the afternoon, and after the operation produced a flow that will yield 25 barrels an hour. This is but one-half the capacity of the Gurd Gusher, but is greatly in advance of the other wells. A well on Lot 23, Concession 12, produces 30 barrels a day; the well on Lot 18, Concession 13, is producing 20 barrels a day, and one on Lot 20, Concession 10, is producing 20 barrels a day. Yesterday oil was struck on the Mills farm, a little south of the Gurd Gusher.

OIL OF GOOD QUALITY.

The most satisfactory feature of the Raleigh oil is its quality. The gravity is 34 degrees, which is 2 degrees higher than any Canadian oil. As an illuminant it can scarcely be excelled. Expert oil men who have examined the fields express hopeful views regarding their future. At present there are two flowing wells producing 75 barrels an hour between them, and there are three others producing oil in profitable quantities. As to permanency, it is believed that these wells and any others that may be found will compare favorably with any others in the world.

Our Petroleum Industry.

The recent oil discoveries will place the production of petroleum and its products in Ontario in a high place, probably the leading mineral product of the province.

The value of petroleum and products in 1901 was $1,467,940, in 1900 was $1,869,015; in 1899, $1,747,352, and in 1898, $1,970,534.

Above is the result of careful investigation upon the part of one of the leading Canadian newspapers, which during the week ending January 10 dispatched one of its special reporters to examine the field. It still further proves the Dominion Oil Co.'s claim to at least 1,000 acres of oil lands out of the 1,536 acres surrounding their "Gurd Gusher," and constitutes an extremely gratifying indorsement of the company's claims.

The oil we produce is bringing the HIGHEST PRICE of any on the North American continent.

A marked demonstration of the way in which the permanency of this field is regarded is shown by the Standard Oil Company having constructed a pipe line from the "Gurd Gusher" to the nearest railroad, and now erecting additional steel tankage and pumping stations.

A limited issue of the treasury stock is now offered at the exceptionally low price of 35 CENTS per share, this being the OPENING and the LOWEST price at which a share of the stock has ever been offered.

The present purchasers will be entitled to a divident of ONE PER CENT PER MONTH ON PAR commencing Feb. 1—36 PER CENT per annum on the investment at PRESENT PRICE.
