WEDNESDAY, MARCH 25th, 1891.

Nova Scotians as Bank Shareholders.

We have been in the receipt of a Dominion Blue Book, for a week or more, entitled Lists of Shareholders in the Chartered Banks of the Dominion of Canada, from which we have gleaned some facts which we think will prove of interest to our many readers, more especially as they may be considered as indications of the growing wealth of this section of the Dominion.

The value of the shares held by Nova Scotians in these banks will astonish those who are already not posted in the matter. In this article we shall confine ourselves to some of the banks of this province.

The Halifax Banking Company has a capital of $500,000, all paid in, and residents of the province own shares in that bank to the value of $484,000, leaving only the small sum of sixteen thousand dollars worth of shares in the hands of persons outside of Nova Scotia. A careful analysis of this establishment shows the very gratifying fact that not less than $122,840 is held by shareholders outside of Halifax and Dartmouth. It has been generally supposed that the shares in the banks having their head offices in the capital were men residing in that city, and who had made their capital there. The fact just stated, however, goes to prove that country shareholders have a large and probably increasing interest in their share lists, and the proportion now held in the country sections are in the ratio of a little more than one to four.

We take next the Merchants' Bank of Halifax, with its capital of $1,100,000, and we find that rather more than a million dollars worth of shares are in the hands of holders within the province, or to be more exact $1,068,700, of which $890,000 are held by Dartmouth and Halifax people, and $178,000 by holders residing in other sections of the country—the latter bearing the ratio to the former of 1 to 5. When it is remembered that a few years ago this ratio was less than 1 to 10, it must reasonably be conceded that money is becoming more and more the subject of accumulation in the towns, villages, and country sections of the province, and may be also taken as an evidence of general thrift and prosperity.

Let us now examine the return of the Bank of Nova Scotia, — one of the most healthy institutions of the kind in Canada. Its paid-up capital a little exceeds $1,100,000, of which $948,600 is the value of shares held by the people of this country, while only $165,000 worth is held by outsiders, while of the stock held by Nova Scotians no less than $188,600 worth is in the hands of parties outside of Halifax and Dartmouth, and here again the ratio of the shares held by the former to those held by the latter is almost precisely as 1 to 4.

Turning to the People's Bank, also of Halifax, similar results have been arrived at. The capital of this bank is $600,000, of which no less than $583,680 worth of stock is held by Nova Scotians, leaving only $16,320 worth of shares held by persons not residing in the province. Of the former sum $489,000 is in the hands of Halifax and Dartmouth parties, and $95,000 in those having homes elsewhere in the province, but the ratio of the latter to the former is a trifle under one fifth of the whole, or as 1 to 5.

Of the capital stock of the Union Bank of Halifax, which consists of $500,000, the sum held by others than Nova Scotians is only $42,100, which leaves $457,900 as the value of shares held in the province, and of this amount $372,000 is in the hands of Halifax and Dartmouth, and $85,950 in the hands of those domiciled in other parts of the province; and here again the proportion of the latter to the former is as 1 to 4½. These results, while they have excited our surprise, have also produced pleasure in our minds, for we find in the distribution of these shares a certain proof that the country towns and villages, their traders and dealers, manufacturers and ship builders and owners, are well up in the race of progress with their fellows in the capital, doing a fair share of profitable business in every section of the province. Want of space prevents us pursuing the subject further this week, but we can assure our readers of a still greater surprise, when we shall have summed up the results of our analysis of the contents of these lists.

An Immigration Movement.

We learn from Manitoba newspapers recently received that since the first of the current year the immigration into that province from the adjoining state of Dacotah has been greater up to this time than it was during the whole of the preceding year. The new incomers are chiefly of the farmer class, and the movement is said to be chiefly due to the loss, or partial loss, of their crops from drought, for the last three years. They report that a still larger number of the Dakotan settlers are to follow their example in seeking new homes in the more favored province of Manitoba, where we hope they will not be disappointed in their desire to better their condition. It is also said that a considerable augmentation in the population of the territories along the American border is being made from similar causes.

—The *Methodist* is sound on the question of Imperial Federation. In an editorial on this subject in its issue of last week it remarks:—

"We trust to see Imperial Federationists more than ever active in the dissemination of their principles. Let branches be established in all our centres of population. Let our people be made acquainted with its objects and aims. And let all who appreciate the splendid heritage to which they have fallen heirs seek to preserve and perpetuate that heritage, and pass it down to their successors, not only unimpaired, but improved and enlarged by their earnest and loyal endeavors."

—The President of the United States has been memorialized by Mr. Blackstone, of Chicago, in behalf of the Russian Jews. The memorial is the result of a conference of Christians and Jews recently held in Chicago. There are 2,000,000 Jews in Russia, and she is beginning to regard them as a burden upon her resources as well as being prejudicial to the interests of her present population, and is anxious to get rid of them. The memorial asks President Harrison and the Secretary of State to use their influence with the Czar of Russia and the other European powers to give them possession of Palestine, the home of their fathers. The President has promised to give the matter his careful consideration. It is said by travellers in the Holy Land that rain is again falling in bountiful supply, and that the earth is becoming fruitful as in the olden time.

—The latest and most authentic returns of the late elections show the following results:—

	Con.	Lib.
Ontario	47	44
Quebec	30	31
New Brunswick	13	3
Nova Scotia	16	5
P. E. Island	2	4
Manitoba	4	1
British Columbia	5	0
Territories	4	0
Totals	121	88

The Adjourned Water Meeting.

The adjourned meeting of the Water District of Bridgetown was held in Dennison's Hall, March 19, 1891, H. Ruggles, Esq. in the chair and John L. Cox, Secretary.

The minutes of the previous meeting were read and approved.

The auditors appointed to examine the commissioners' books presented their report, which was read by W. M. Forsyth, Esq.

It was then moved by J. G. H. Parker and seconded by E. Bent and adopted, that the report which is below annexed be received.

After discussing the report at length it was moved by E. Ruggles and seconded by Burton Neily that the report be adopted. Passed.

Moved by L. D. Shafner and seconded by J. G. H. Parker that Albert Morse be appointed to carry out the provisions of the resolution, moved by John P. Murdoch and adopted by the annual meeting held on the second day of February last past. The following is the resolution:

"That a complete set of books be obtained, and all receipts of moneys and expenditure in connection with the water supply of the town be entered therein from the first loan to the present time by a competent accountant, said books to be audited by a committee appointed by this meeting."

Moved by Richard Shipley and seconded by O. T. Daniels that the books be finished not later than the first day of August. Adopted.

Mr. John E. Sancton, who was elected commissioner at the previous meeting, stated that he would not act unless he was paid for his services. It was moved by J. G. H. Parker and seconded by Edwin Ruggles that Mr. Sancton's resignation be accepted. Passed.

The meeting then proceeded to the election of a new commissioner, and on the ballots being counted Edwin Ruggles, Esq. was declared elected.

Moved by Mr. Ervin and seconded by Richard Shipley that the meeting adjourn *sine die*. Passed.

H. RUGGLES, *Chairman*,
J. L. COX, *Secretary*.

THE REPORT.

We, the committee appointed to audit the books of the commissioners of water supply for the town of Bridgetown for the year 1890 beg leave to submit the following report. We have examined said books and compared them with the accounts and vouches and so far as we are able to ascertain from the material placed in our hands believe them to be correct.

Said books show a balance in the Bank of Nova Scotia of one hundred and twenty-five dollars and seventy-seven cents and a loan to John L. Cox, Esq., Secretary and Treasurer, of one hundred and fifty-nine dollars and 67 cents, or a total in hand of two hundred and eighty-five dollars and forty-four cents. In addition to this we find five dollars and fifty-eight cents due from J. N. Rice and a note for thirty-two dollars and seventy cents from A. E. Sulis, both on sewerage account.

We find what appears to be an irregularity in the account of R. A. Crowe for laying sewer, as according to his contract he should make the catch-basins, and we find the commissioners have paid out the sum of seven dollars in making such catch-basins.

We would also bring to the notice of the commissioners the fact that their books do not show the amount of the stock on hand such as water pipe, sewer pipe, fire apparatus, etc., etc., which we think would be very desirable.

We as a committee feel really dissatisfied with the manner in which the books of the commissioners have been kept, as we think it is very necessary to have a Ledger account for each department of the service, thereby showing the cost of construction and maintenance of each more readily than at present.

We do not make these remarks for the purpose of finding fault with the commissioners, but merely that the accounts may be kept in a satisfactory manner to all concerned. Respectfully submitted,

W. M. FORSYTH,
L. D. SHAFNER,
R. SHIPLEY,
Auditors.

Bridgetown, March 18th, 1891.

Springfield Items.

A meeting was called on Friday the 13th inst. by Joseph F. Bent, vice-president for Ward No. 13, for the purpose of organizing a Ward S. S. Convention. After some deliberations, by a unanimous vote, it was thought best to have such an organization. The following officers were elected: Sidney Saunders, *President;* C. W. Saunders, of Dalhousie East, *Vice-President;* Joseph H. Freeman, *Secretary and Treasurer;* Rev. S. Langille, John Charlton, T. A. Wilson, N. P. Whitman, Mrs. D. Starratt, Miss Annie Saunders, Miss Stella Whitman, and Mrs. W. A. Mason, *Executive Committee.*

In the evening the following subjects were warmly discussed: "The best methods of educating a Sabbath-school." "The relation of the home to the Sabbath-school." "How far should help be used." "The teacher and class." Rev. S. Langille, H. P. Roop, C. Roop, Z. F. Saunders, C. W. Saunders, C. R. Marshall, J. F. Bent and N. B. Dunn entered heartily into the discussion. Some appropriate readings and recitations, together with the excellent music by the choir, added much to the interest of the occasion.

To the Rev. S. Langille, the pastor, and Mr. N. B. Dunn of Inglisville, the teacher, a large share of the credit is due for such a successful meeting. The Convention will meet again in Springfield the first Friday in June.

The people in this place have been much pleased with the manner in which you conducted the *Monitor* during the very exciting election campaign just ended.

DISASTERS IN JANUARY.—The administration of the *Bureau Veritas* has published the list of maritime disasters reported during the month of January, 1891, concerning ing all flags. Following are the statistical returns:—Sailing vessels—19 American, 2 Austrian, 31 British, 2 Danish, 7 French, 7 German, 2 Greek, 4 Italian, 17 Norwegian, 4 Russian, 2 Swedish—total 94. In this number are included 5 vessels missing. Steamer—19 British, 1 German, 2 Norwegian, 1 Russian—total 23. In this number are included 2 steamers missing.

—Good patterns in 5 cent Wall Paper at John Lockett's. 2i

—Lawrence Barrett, the well-known actor, died in New York last week from heart failure.

—Just opened at John Lockett's, 2 cases Ready-made Clothing. 2i

—EASTER BEEF.—Mr. Alfred Vidito yesterday purchased a very fine and fat pair of four-year old steers from Mr. John Murdoch, which will be killed for his easter trade. Mr. T. J. Eagleson has also called our attention to a very fine display he has on exhibition for the occasion.

Local and Other Matter.

—Lent is longest for the man who has no bills to pay at Easter.

—Spring Goods arriving daily at John Lockett's. 4i

—Our Springhill fund has been added to this week by a contribution of $5.00 from Mr. Leander Miller.

—Dr. J. Woodbury's Horse Liniment will cure the heaves sure. tf

—Farmers in need of good fertilizers should peruse the advertisements of Messrs. Pidgeon & Mosher and G. C. Miller.

—It will pay to see my samples Room Paper as they are new stock and prices right. Call at John P. Murdoch's. tf

—Among the contributors to the Springhill relief fund the names of Divisions of the Sons of Temperance frequently appear.

—Just opened, 3 bales Room Paper; a large selection from 5 cents a roll up. T. G. Bishop. 1i

—We are requested to call attention to the fact that as Friday of this week is Good Friday, the principal places of business in town will probably be closed, as usual.

—Wanted at John Lockett's a large quantity good Roll Butter, must be good color; and any quantity of Eggs. 4i

—Dominion Parliament will meet on the 29th of April. The latest date at which a session has ever been held previous to this was in 1867 when the House was called for April the 13th.

—A very large assortment of New Millinery for spring. All the Novelties of the season at Mrs. Ansley's. Prices low. 1i

—A representative of the New York Steamship Company is expected here in a few days on business connected with placing a steamer on the route between Digby, Annapolis and Boston.

—I have a large stock Rubbers and Rubber Boots both Canadian and American make, at right prices. John P. Murdoch.

—The man who waits until he sees whether his business will pay or not before he decides to advertise will be sadly left. If ever business will flourish and prosper it is through advertising.

—Now opened at John Lockett's 4000 Rolls Wall Paper, good patterns and low prices. 4i

—Miss Anderson, of Lunenburg, is at present staying with her cousin, Mrs. H. D. deBlois, and the congregation of St. James on Sunday night had the benefit of her highly cultured voice.

—We are glad to hear that Mrs. John Wade, an old and respected inhabitant of Belleisle, who has been dangerously ill with pneumonia, is now better, and good hopes are entertained of her recovery.

—Parties desirous of purchasing a good yoke of working oxen should attend the sale of cattle belonging to Mr. James P. Mitchell, which takes place to-morrow at the homestead of Mr. Elias Whitman, Lawrencetown.

—There are evidently not many strong temperance men in Truro. At the recent elections the prohibition candidate only received 19 votes in the town of Truro, and only a total of 115 in the whole County of Colchester.

—Mr. Tarte, in *Le Canadien* says: "The despatch announcing the calling of Parliament says 'a short session is expected,' but certain events may prolong its duration. In any case there can be no prorogation before the end of June."

—There will be a special collection in St. James' Church, Bridgetown, next Sunday, towards defraying the debt on said church. The congregation did well last Easter, and it is to be hoped their efforts will be equally successful, if not more so, next Sunday.

—Oats have advanced in price from 10 to 15 cents on the bushel, bringing them up to about 63 to 65 cents wholesale, or a higher price than has been obtained for nine years. The price of other kinds of feed is advancing in proportion to the price on oats.

—The Hon. John Boyd, of St. John, delivered his lecture entitled "Kathrina and Arthur Bonnicastle" to a large and appreciative audience at Granville Ferry on Tuesday evening of last week. The proceeds were for the benefit of the Springhill sufferers.

—Great destruction of life and property has been caused by the fierce storm in Great Britain. It is known that 80 lives were lost by shipwreck, and the list is likely to be increased. Many have died on land from the cold. Farmers have lost heavily in live stock and other property.

—Instead of the regular service in the Baptist Church next Sabbath evening, there will be an Easter concert, given by the Sabbath School under the direction of Mr. Geo. H. Dixon, the superintendent of the Sabbath School. The above service is to be at eight o'clock instead of seven.

—Our friends who have so kindly favored us with news items from different sections of the county, have our sincere thanks for the same. We trust in a few days to secure the services of one or two more correspondents, which will tend to make the MONITOR a more complete gazetteer of Annapolis county than ever before.

—The late mild weather has started the frost to such an extent as to make travel by waggon very disagreeable and tedious. A gentleman living in Upper Clarence told us on Monday last that the roads under the mountain were almost impassable, and by far the worst he ever remembers seeing them so early in the season.

—Owing to the financial and commercial collapse in South America, and the large reduction in consumption of lumber, spruce, and white pine in the West Indies, consequent on using bags for sugar, and tank steamers for molasses, the prospects for paying prices for either spruce or pine lumber is discouraging.

—The Digby Brass Band has again been re-organized, with the following officers: President, J. Daley; Vice-President, H. B. Short; Treasurer, J. Bingay; Secretary, F. K. Tobin. E. W. McBride has been engaged as instructor, and intends having the "boys" in working order in a short time.

—Mr. G. C. Miller, the successful small fruit grower of Middleton, has furnished us with circulars of "Bradley's American Farmer" for 1891, and also of the "Field Force Pump Company's" latest improved outfits. They are both full of practical hints and suggestions and should be perused by every farmer in the country.

—The Annapolis *Spectator* in speaking of the benefits to be derived from railway development, says: A gentleman in Bridgewater wanting some good hay left home in the morning and returned the same day, having come to Round Hill and purchased two carloads of commodity wanted, of Mr. W. C. Healy.

—It has been stated that the Spa Springs Co. will not be able to manufacture sufficient ginger ale and other beverages to meet the increasing demands for it. Thousands of bottles have been ordered from Montreal and other places. Seventeen carloads have been shipped during the past two months, and orders are coming in daily.

NOTICE.—Mr. W. H. Bannister, Optician, will be at the Revere House, Bridgetown, on Monday and Tuesday, March 30th and 31st, with a full line of Spectacles and Eye Glasses. Persons requiring a good pair of Glasses, properly fitted, should not neglect calling on him. Don't forget the dates, Monday and Tuesday, March 30th and 31st. 1i

—A good time and a sumptuous tea is in store for any one who may attend the pie social and apron and quilt sale to come off in Granville Hall to-morrow evening. The ladies who have the management of the affair have spared no pains to make the social a success, and the object being a most worthy one, should receive a hearty support.

—Information has reached us that the Rev. W. B. Bradshaw, the esteemed pastor of the Nictaux Baptist Church, recently passed a successful examination, after a course of study lasting about two years, and received the degree of Doctor of Philosophy from the National University of Chicago. The work, we understand, has been by correspondence. We congratulate Mr. Bradshaw, and believe he will do honor to the degree.

—John Lockett's stock of new spring Hats and Caps is something immense. 4i

—There are many cases of sickness in and about our town. Among the number, and one which has assumed a very serious type, is that of Mrs. Miner Tupper.

LECTURE.—Professor Anderson will give a lecture on the Tonic Sol-fa system of reading and teaching music at the school-house this evening. All interested are invited to attend.

—A despatch was received from Boston on Monday by the relatives of Miss Henrietta Rickerson, only daughter of the late Walter Rickerson, announcing her sudden and unexpected death in that city.

AN M. D.—We notice among other Nova Scotians who took the degree of M. D. at the University of New York Medical College last week, that of our fellow-townsman, Mr. Charles H. Miller, son of William Miller, Esq.

—The new millinery store of Mr. J. W. Beckwith's was opened on Monday evening. The B. B. Band was on hand to do honor to the occasion, and rendered some of its choicest selections, in appreciation of which their funds were added to by a V.

—I have received from leading manufacturers, and offer at low figures, 500 pairs loose Pin Butt Hinges, 250 Cottage and Thumb Latches, 5 gross' Hat and Coat Hooks, also Drawer Pulls, Shelf Brackets, Chain and Foot Bolts, Blind Hinges, Casters, Spiral Door Springs, Door Hangers (Stearns' Patent) Table Hinges and Hand Rail Screws. R. Shipley. 1i

MUSIC IN THE SCHOOLS.—Professor Anderson, employed by the government of Nova Scotia to instruct the teachers of the public schools in the Tonic Sol-fa system of teaching music, has been spending the past fortnight in Bridgetown and Annapolis. A class formed of the teachers of our schools and a few of the advanced pupils has been under his tuition here, and its members have proved enthusiastic and appreciative learners, and speak highly of Prof. Anderson's teaching and method.

—Probably one of the finest horses owned in Annapolis county is the beautiful seal-brown "Allright," the property of Mr. Fred L. Shaffner, proprietor and manufacturer of the different medicines advertised elsewhere in our columns. This handsome horse is much admired by turfmen, and, though it is seldom that Mr. Shaffner gives him a real sharp spurt, when a favorable opportunity presents itself, a dash at the rate of a three-minute clip is easily accomplished.

—We see by notice that there is to be a meeting of pew-holders and friends interested in the proposed new church for the Baptist congregation on Thursday afternoon at two o'clock for the purpose of disposing of the old house of worship. We understand that a tender has been accepted for the new building, and as there will be no objection from any, the old house will probably be offered for sale to be removed, so as to give place for the new.

—Now opened at John Lockett's, 10 cases Boots and Shoes, extra good value. 2i

SHATTERED ARM.—Mr. Louis Acker, proprietor of the well-known half-way house on the old Liverpool road was in town last week, and had with him a young lad named Frasil, whose arm required the services of doctors Primrose & deBlois. The unfortunate young boy was severely kicked by a vicious horse a few days previous, and though it was thought at the time no further injury than a serious bruise had been inflicted, subsequent developments proved that the boy's arm had been badly fractured.

Obituary.

This week we have to record the death of Mrs. Margaret Messenger, of Centreville, widow of the late Ebenezer Messenger. For some months past she has been feeling the infirmities of age, and on Thursday last, that for which she had been longing came and relieved her of her distress. For over thirty-five years the deceased has been a member of the Centreville Baptist Church, and held in universal esteem. She leaves behind her quite a family, among the number being Captain Daniel, of Barton, Digby county, who was present at the funeral. Mrs. Messenger died at the home of her daughter, Mrs. Saunders, to whom has come a double sorrow, as only within a few weeks we recorded the death of her husband, Capt. Joseph Saunders. We tender to bereaved friends our deep sympathy.

It is with the deepest regret we record the sudden and unexpected death of Mrs. Isaac Durling, of Lawrencetown, which occurred on Friday last, a lady well-known and beloved by all who had the pleasure of her acquaintance, and whose remains, with those of her infant babe was interred on Monday. Probably there is no man living in this county more popular than Mr. Durling, and we can assure him of the entire sympathy of this community in his sad bereavement, to which is added the grief of having his daughter lying very dangerously ill with pneumonia.

The large number of personal acquaintances and friends of Edward Morgan, Esq., who for many years past has kept a house of entertainment and conducted a general merchandise business at New Germany, will learn with deep regret of his death which occurred on Monday the 16th inst. The deceased was always to the front in everything of a public nature, and took an active part, during his life time, in everything pertaining to the welfare of the district in which he resided. He was about 80 years of age and leaves a large family of sons and daughters to mourn their loss.

Died at Annapolis, on Friday last, Norman Antonio Cavana, proprietor of the American House, after a long and severe illness, from which though known he could not recover, the end came suddenly at last. He leaves a widow, mother, and other relatives to mourn the loss of a kind son, husband, and brother.

1890. "A." No. 236.

IN THE SUPREME COURT.

BETWEEN
THE COMMERCIAL BANK OF WINDSOR, Plaintiff,
AND
CHARLES E. GATES, Defendant.

To be sold by the Sheriff of the county of Annapolis or his Deputy, on the premises at Melvern Square, in the County of Annapolis, on

Wednesday, 29th of April

next, at one o'clock in the afternoon,

Pursuant to an order of foreclosure and sale made herein by His Lordship the Chief Justice on the 9th day of September, A. D. 1890, unless before the sale the Defendant pay to the Plaintiff Bank or its solicitor the amount due on the mortgage, with interest and costs,

ALL the estate, right, title and interest of the said defendant, Charles E. Gates, at the time of the making of the mortgage sought to be foreclosed herein, or at any time since, of, in, to and out of, all that certain tract or parcel of

LAND,

situate in Melvern Square, in the county of Annapolis, bounded as follows: Beginning at the north-west corner bound of lands owned or occupied by Charles Jacques, at the Mountain Road, nearly opposite the dwelling of the late William Gates; thence easterly along the line of the said Charles Jacques, to a stake and stones set on the west line of land owned formerly by the late Jeremiah VanBuskirk; thence northerly along said west line to a stake and stones on the south line of lands owned by the heirs of the late Eric VanBuskirk; thence westerly along the south line of said VanBuskirk's land to the Mountain Road, to the north of the Gates Brothers' Organ Factory; thence southerly along said road to the place of beginning, and containing ten acres, more or less, as described in said mortgage, together with all the houses and buildings thereon and thereto belonging, and all easements, ways, appendages and appurtenances to said lot of land belonging or in anywise appertaining.

Terms—Ten per cent deposit at time of sale; remainder on delivery of deed.

J. AVARD MORSE,
Sheriff Co. of Annapolis.

JOHN W. OUSELEY,
Plaintiff's Solicitor.
Sheriff's Office, Bridgetown, March 24, '91.
