Poetry.

THE THREE CALLS.

THIRD HOUR.

O, slumberer, rouse thee! Despise not the truth;
Give, give thy Creator the days of thy youth;
Why sleepest thou idle? The day breaketh—see!
Sweetest Spirit, by thy power
Grant me yet another hour;
Earthly pleasures I would prove,
Earthly joy, and earthly love;
Scarcely yet has dawned the day,
Sweetest Spirit, wait I pray.

SIXTH AND NINTH HOURS.

O, loiterer, speed thee! The morn wears apace,
Then squander no longer thy remnant of grace;
But haste while there's time! with thy master agree,
The Lord of the vineyard stands waiting for thee!
Gentle Spirit, pritheee stay,
Brightly beams the early day;
Let me linger in these bowers;
God shall have my noontide hours:
Chide me not for my delay,
Gentle Spirit, wait I pray!

ELEVENTH HOUR.

O, sinner, arouse thee! thy morning has past;
Already the shadows are lengthening fast;
Escape for thy life! from the dark mountains flee:
The Lord of the vineyard yet waiteth for thee!
Spirit, cease thy mournful lay:
Leave me to myself, I pray!
Earth hath flung her spell around me,
Pleasure's silken chain hath bound me;
When the sun his path hath trod,
Spirit, then I'll turn to God!
Hark! borne on the wind is the bell's solemn toll;
Tis mournfully pealing the knell of a soul—
Of a soul that despised the kind teachings of truth,
And gave to the world the best hours of its youth;
The Spirit's sweet pleadings and strivings are o'er;
The Lord of the vineyard stands waiting no more!

HEROISM OF A LADY AT THE LATE FIRE IN SAN FRANCISCO.—Mr. Pope, of the firm of Pope & Paul, who performed gallant service, says the Courier, has given us an instance of extraordinary efforts of a lady to put a stop to the flames on Washington street. The men who refused to work, she appealed to, if they had any humanity, to come forward and assist. Finding that she could not influence them, she denounced them as no better then a gang of Sidney convicts, and it was a disgrace to call them men. After giving them a contemptuous scowl she plunged into the water up to her waist, and stood for an hour and a half handing buckets of water. Chiefly by her cheering the men, and her own indomitable efforts, the southern parts of Washington street, between Montgomery and Sansome streets, was saved. Had the flames passed into Sansome street, no human power could have prevented this fire from effecting wider-spread ruin to our city then has befallen us from any of the previous ones. Before she was engaged in this severe works, she was engaged in carrying out bags of barley from the store of Pope & Paul. In fact, she was seen flying from house to house performing incessant labor. The man who could see her performing such work and refuse to assist, ought to be disowned and spurned by his fellow-citizens. She had in her pocket $900 in gold dust at the time, which she had saved from less, and after the fire had been stopped she was in greater anxity to restore the money to the owner, then she was to look after herself. We believe she lost every thing by the fire. A subscription ought to be taken up forthwith to remunerate this Lady. Her name, we here, is Miss Emily Edwards, of Louisiana.

HOW SHOULD CREAM BE KEPT.—This question is often asked, and is answered in different ways.—We say that cream is sweeter when kept out of a damp cellar or well than when kept in it. Cream is kept best in a cool back room above ground, or chiefly so. It ought to be stirred daily while it is kept, otherwise mouldy particles gather on the surface of the pots.

Milk also, set for cream, yields more cream when placed above ground, and it rises sooner also. Any one may prove this by a trial of both modes. Much is said about keeping cream sweet, but cream perfectly sweet is not easily churned. It should undergo a change in order to make good butter. The act of churning produces a chemical changed in the cream, and though the cream may have a sour taste, the butter is not necessarily sour. The nature of it is changed on churning.

A room above ground, on the north side a large building, well shaded with trees, is a better place for setting than any damp cellar we have seen. In such a room the cream will all rise in thirty-six hours that is really valuable.—*Mass. Ploughman.*

JUDSON'S
CHEMICAL EXTRACT OF

CHERRY AND LUNGWORT,
FOR THE CURE OF
Coughs, Colds, Hoarseness, Spitting of Blood, Night Sweats, Asthma, Liver Complaints, and
CONSUMPTION.
DO NOT NEGLECT.
CONSUMPTION
Can and has been cured in thousands of cases by this only certain remedy.
Judson's Chemical Extract of
CHERRY AND LUNGWORT,
and no remedy has ever before been discovered that will certainly CURE CONSUMPTION.
The most strongly marked and developed cases of Pulmonary Consumption, where the lungs have become diseased and ulcerated, and the case so utterly hopeless as to have been pronounced by physicians and friendsto be past all possibility of recovery, and at times thought to be dying, has been cured by this wonderful remedy, and are now as well and hearty as ever. It is a compound of medications which are peculiar adopted to and essentially necessary for the cure of
COUGHS AND CONSUMPTION.
Its operation is mild, yet efficacious; it loosens the phlegm which creates so much difficulty, relieves the cough, and assists nature to expel from the system all decessed matter by expectoration, producing a delightful change in the breathing and chest, and this after the prescriptions of the very best medical men, and the invention of kind and sorrowing friends and nurses have failed to give the smallest relief to the *Consumptive sufferer.*
THOUSANDS OF CONSUMPTIVE persons have been deceived repeatedly in buying medites which were said to be *infallible* cures, but which have proved only palliatives, but this medicine is not only a palliative but a *cure for ulcerated lungs.* It contains no deleterious Drugs, and one trial will prove its astonishing efficacy better than any assertions or certificates in curing consumption and all diseases of the Lungs, such as *Spitting of blood, Coughs, pain in the side, night-sweats, &c.*
About 1000 certificates of almost miraculous cures, performed by this medicine, from some of the first Doctors, Clergymen, and Merchants, have been sent us for this medicine but the publication of them looks too much like quackery, [will show them to any person, calling at our office.] This medicine will speak for itself, and enough in its own favour, wherever it is tried.
Caution—This medicine is put up in a large bottle, and you must find the name of Judson & Co., Proprietors, New-York, on the splendid wrapper around the bottle. All orders must be addressed to Comstock & Brother, No. 9, John St, New York.

To Owners of and Dealers in Horses.

CARLTON'S CONDITION POWDERS FOR HORSES AND CATTLE.
The changes of weather and season, with the change of use and feed, have a very great effect on the sinuous fluids of horses. It is at these changes they require an assistant to nature to throw off any disorder of the fluids of the body that may have been imbibed, and which, if not attended to, will result in the Yellow Water, Heaves, Worms, Botts, &c., all of which will be prevented by care, when any symptoms of disease appears, if used in time. They purify the blood, remove all inflammation and fever, loosen the skin, cleanse the water, and invigorate the whole body, enabling them to do more work with the same feed. The action of these powders is direct upon all the secretive glands, and therefore have the same effect upon the Horse, the Ox, the Ass, and all Herbiverous animals—all diseases arising from or producing a bad state of the blood, are speedily cured by them.
